ATTACHMENT 3

Plan Design for Optional Implant Coverage

The proposed dental implant coverage is noted by the following dental codes:

- D6010 - Surgical placement of a dental implant into the jawbone.
- D6013 – Surgical placement of a mini dental implant into the jawbone.
- D6056 – A prefabricated connection to an implant usually made by a laboratory and can be made of high noble metal, titanium allow or ceramic.
- D6057 – A prefabricated connection to an implant, usually made by a laboratory and can be made of noble or high noble metal for an individual case.
- D6101 – Cleaning of an implant defect surrounding a single implant.
- D6102 - Cleaning and osseous contouring of an implant defect(s) surrounding a single implant.

Coverage for implants would be covered at 50% under the PPO plan and would be covered at the following copayments for the HMO plan:

- D6010 – $507
- D6013 – $706
- D6056 – $250
- D6057 – $249
- D6101 – $115
- D6102 – $157
