

DEARNG - Seven (7) Converted Firing Ranges Lead Dust Remediation

New Castle and Sussex Counties, DE

H-11159

ADDENDUM 2.0

RFI #1

November 27, 2012

This document is associated with the Delaware Army National Guard Lead Dust Remediation Seven (7) Converted Firing Ranges Project, (Harvard Reference Number H-11159), and is considered incorporated into the Contract Documents.

- 2.1 The following questions were presented to Harvard via e-mail on 11/26/12 at 1130 hours. The answers are provided.
- 2.1.1 198th Regiment (1401) - Can you please provide dimensions of the ventilation louver (note 3)?
a) Not available. The attached Photos P6070001 and P6070005 are attached for reference only.
- 2.1.2 Duncan- Can you please provide dimensions of the O.A. exterior grill (note 16)?
b) Not available. The attached Photos 101_4173 is attached for reference only.
- 2.1.3 Georgetown- In schedule of lead contaminated components, 2nd PL JNN cage / removal and disposal of plywood cover and 2x8 wood framing / steel plate cover. Is this the opening behind the shelf that coincides with drawing note 14? Can you please provide dimensions of this opening?
c) Not available. The attached Photos 101_4088 is attached for reference only.
- 2.1.4 Pigman- Can you please provide dimensions for the roof top unit (approximate size) and the associated roof opening (note 7/15)?
d) Not available. The attached Photos 101_4079 and 101_4081 are attached for reference only.
- 2.1.5 Pigman- Can you provide a recommended practice to decontaminate this unit? Will this be a cleaning of exterior dust on the unit and then recycled, or will the contractor be required to dismantle the unit in containment?

e) This exhaust unit will be taken inside of the containment and decontaminated along with the grill; then recycled. The unit must be wrapped with poly sheeting or poly bags prior to carrying it into the building. At no point shall this unit be carried through the building, through the decon and into containment unwrapped.

2.1.6 Dagsboro/Milford- Dagsboro/ Milford – Can you please provide a square footage for these work areas. PDF schematics to scale would suffice also?

f) Dimensions/ Schematics not available – See attached aerial photos

2.2 Provided on Attachments 2.2 through 2.9 are the reference materials that can be used by the contractors to help estimate. **The contractors were responsible for field validation of the work areas and source component sizes during the walkthrough.**

2.3 Addendums will be provided to the contractor electronically via email. All addendums will be pdf format. Contractors must validate their receipt with signatures and fax of Attachment 2.1 in a timely manner.
