Re: Brandywine School District - Facilities Relocation, New Castle County DE

Dear Mr. Skibicki:

I am responding to your request for a category determination for the Brandywine School District - Facilities Relocation, which is a state funded construction project located in New Castle County, DE. The work consists of installing a new roof, repairing exterior skin, extend utilities, and new MEP equipment, as well as building a 2800 square foot addition. You estimate the total cost of construction for this project to be \$1,687,950.00.

Based upon the information you provided the Department of Labor has determined that this project is a Building Construction project.

Delaware's Prevailing Wage Regulations provide that the rates applicable to a project are the rates in effect on the date of publication of the specifications for that project. I have enclosed a certified copy of the March 15, 2017, prevailing wage rates for Building Construction to be included in your bid specification. However, please be advised that, in the event that a contract for a project is not executed within one hundred and twenty (120) days from the earliest date the specifications were published, the rates in effect at the time of the execution of the contract shall be the applicable rates for the project. Please be advised on March 15, 2018 the Department will issue its annual "Prevailing Wage Determination".

This determination is directed solely to the parties identified herein. It is based on the unique facts relevant to this matter. It does not constitute precedent and should not be cited as such by future parties.

Lastly, please see the enclosed debarment list. Entities/individuals listed shall not be permitted to bid on, be awarded or work on Delaware State funded construction projects, in the timeframe specified, as provided for under 29 Del.C. §6960 or other applicable State statutes.

If you have any questions or I can provide any additional assistance, please do not hesitate to contact me at 302 761 8326.

Sincerely,

Michael Hopkins
