

BID NO. CSD-2013-35, WYOMING ROAD EMPLOYEE PARKING REPAIRS

**CHRISTINA SCHOOL
DISTRICT
MEMORANDUM OF MEETING - ADDENDUM NO. 1
PRE-BID MEETING, July 8, 2013**

PLACE: Eden Support Services Center **TIME:** 3:00 P.M.
MEMORANDUM DATE: July 9, 2013 **PROJECT NO:** 23409.00

In attendance: See attached

The following is a summary of what was discussed:

1. The quantities listed on the Bid Form are approximate, and may be increased or decreased. The actual pay quantities will be measured in the field by the Engineer.
2. Bid due date has changed from what was listed in the Project Manual. The Bids will be due July 22, at 2:00 p.m.
3. It is expected that the School Board will approve the Contract Award at the August 13, 2013 meeting. Work is to begin as soon as possible after that date.
4. Successful contractor is to coordinate site access, timing of work, and traffic control with Christina School District Transportation Department.
5. Any requests for additional information, or questions about the Project Manual should be faxed or emailed to Neil Carlson at (302) 764-4170 by 3:00 PM July 12, 2013, so a written response can be returned to all prospective bidders. No requests for information received after July 12 will be answered. A written response to all questions received by the above deadline will be posted on the State procurement website by July 16, 2013 at 4:00 PM.
6. Prevailing wages for Highway Construction are in effect for this project.
7. Restoration of areas disturbed by paving operations and underdrain outlet is incidental, as is any work to relocate or adjust fence to route underdrain.
8. This memorandum is to be considered as Addendum No.1 to the Project Manual, and is to be listed on the ADDENDA page of the Bid Quotation Reply Section (page BF-24 in the Project Manual).
9. Contractor is responsible for contacting Miss Utility for markout. Miss Utility does not typically mark out private utilities, such as electric lines powering lights in school parking lots,

privately owned drainage facilities etc. No plans are available showing utilities at the sites. Contractor is advised to carefully inspect the area before excavation to locate any evidence of buried utilities, and urged to excavate carefully. If any utilities are damaged in the course of the work, contractor will be responsible for making repairs in strict accordance with the technical specifications of the utility concerned, or as directed by the Engineer, at no additional cost to the School District.
