CENTRAL BIDDING DEPARTMENT

ADDENDUM No. 2

Food Service – Prime Vendor Contract – RFP#5-13-34
ALL 19 DELAWARE SCHOOL DISTRICTS

Date of Addendum: April 10, 2013

OPENING DATE: **April 16, 2013 at 2:00 PM**

To all prospective bidders under the specifications and contract documents described above, this Addendum to Bid is being issued to:

To answer the following questions:

1. Please confirm that there is no surety of any kind required (performance, bid or payment) for this bid.

They are all waived.

2. Should a bidder indicate those provisions which are N/A to this agreement, (e.g. this is not a public works contract) on a separate document?

Yes, you can just indicate it on a separate paper.

3. The bid states that vendors must document all manufacturer rebates and provide reports on the rebates, please describe in detail what information is needed in the reports and confirm our understanding/interpretation that the manufacturer rebates contemplated under the Scope of Work and the section titled 'Rebates', are those rebates that the manufacture intends to be passed to the customer and not those that may be applicable between the vendor and manufacturer.

The successful bidder is responsible for tracking all NOI products and provide reports to manufactures and districts as required to receive NOI pricing. The successful bidder is also required to notify district of other manufacturer rebates or promotion programs applicable to child nutrition programs.

4. For items that don't have manufacturers specified, for example #532, would you rather have a Nardone's 8 slice pizza that meets spec or Schwann's 10 slice that meets spec?

We want a product that can fulfill the requirements specified in the bid. For that particular item, Nardone's would be favored, as not many schools would want to cut the pizza in 10 slices to meet specifications/requirements.
