Re: 1609 Rotomill & Bituminous Pavement Overlay Project – Central Middle School, Kent County, DE

Dear Mr. Gordon:

Your request for a category determination has been forwarded to me for a response. According to the information you provided, the renovation project, which includes the milling, overlay, and striping of the existing parking lot at Central Middle School in Kent County, Delaware, is estimated to cost \$32,400.00.

Delaware's Prevailing Wage law, 29 Del.C. §6960 and Regulation III.A., states that, every contract or aggregate of contracts relating to a public works project in excess of \$500,000 for new construction (including painting or decorating) or \$45,000 for alteration, repair, renovation, rehabilitation, demolition or reconstruction (including painting and decorating of building or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers.

Based on the information you provided, the total cost of the project does not meet the required threshold amount for renovations; therefore, this project is not subject to Delaware's Prevailing Wage law, 29 Del.C. §6960 and Regulations.

If you have any questions or I can provide any additional assistance, please do not hesitate to contact me at (302) 451-3409.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kyle Maguire'.
