CONTRACT ADDENDUM #4

CONTRACT NO.:	DOC1426-HEALTH
CONTRACT NAME:	Correctional Health Care Services
VENDOR NAME:	Connections Community Support Programs, Inc. (CCSP)
ADDRESS:	3821 Lancaster Pike, Wilmington, DE 19805
VENDOR REPRESENTATIVE NAME:	Ms. Catherine McKay

TERMS OF CONTRACT ADDENDUM:

Effective January 1, 2018, the undersigned hereby agree to amend the existing Correctional Health Care Services Contract No. DOC1426-HEALTH as follows:

Whereas, Delaware Department of Correction (DOC) desires to provide education, identification, planning for care, and treatment of Sickle Cell Disease at designated Probation & Parole (P&P) Regional Field Offices throughout Delaware; and

Whereas, Delaware Department of Health and Social Services have agreed to provide funding to DOC for said services; and

Whereas, Connections Community Support Programs (CCSP) agrees to provide said services as further described below;

Now, Therefore, in consideration for the mutually agreed amendment contained herein, DOC and CCSP have accepted the terms of this contract addendum as follows:

1. As described below, CCSP shall provide education, testing and referral for treatment at designated P&P Regional Field Offices for individuals on community supervision, to include testing that can be completed with men and women who enter probation. The designated P&P Regional Field Offices include Hare's Corner, Cherry Lane, Dover, and Georgetown. This may also fold into re-entry planning around the conversation of family planning exercises. This will help each individual to know if they are a carrier of the sickle cell trait.
 - a. Obtain a Provider to develop an education program to facilitate education sessions at the P&P Regional Field Offices. Once approved by Connections and DOC, the Provider will have the material developed through a professional printer.
 - b. A schedule will be developed by the Provider with the Directors of each P&P Regional Field Office to provide these education sessions that will include days of the week and duration of session.
 - c. Provider will have access to an office at each P&P Regional Field Office to conduct private screening sessions. The Provider will use Sickledex screen to test for the presence of the sickle disease of trait.
 - d. If the person screens positive, the provider can provide one visit of information and counseling to be paid for by this agreement. During such time, the provider will provide referral information for follow up care.
