RFP # DOE 2011-11

I. Overview

The State of Delaware Department of Education (DDOE) seeks a professional services provider to create and implement an alternative-route to certification pathway for aspiring teachers. This request for proposals (“RFP”) is issued pursuant to 29 *Del. C.* §§ 6981 and 6982.

The proposed schedule of events subject to the RFP is outlined below:

Public Notice	Date: November 24, 2010
Cut-Off Date for Questions	Date: December 1, 2010
Deadline for Receipt of Proposals	Date: December 8, 2010
Notification of Award	Date: December 20, 2010

Each proposal must be accompanied by a transmittal letter which briefly summarizes the proposing firm’s interest in providing the required professional services. The transmittal letter must also clearly state and justify any exceptions to the requirements of the RFP which the applicant may have taken in presenting the proposal. Furthermore, the transmittal letter must attest to the fact that no activity related to this proposal contract will take place outside of the United States. The State of Delaware reserves the right to deny any and all exceptions taken to the RFP requirements.

II. Scope of Services

A. Background

Delaware's K-12 educational system has the following characteristics:

- Statewide enrollment of more than 126,000 students, including diverse student populations and high mobility rates among some groups
- 40 Local Education Agencies (LEAs), including 19 districts and 21 state-approved charter schools, with enrollments ranging from several hundred students to over 17,000
- 204 rural, urban and suburban schools
- More than 9,000 teachers, including over 7,000 in core subjects

In July of 2009, President Barack Obama announced \$4.35 billion in competitive funds known as the Race to the Top Fund to spark transformational improvements to America's public schools. Among the 41 initial applications for funding, Delaware's plan for reform was selected as the best, and the State became one of just two first round winners.

Governor Markell's reform agenda

Delaware is now implementing its four year plan to become the best performing school system in the country. The State will achieve rapid, significant gains in student achievement through the following strategy:

- Set high standards for college- and career- readiness, and measure progress with high quality assessments and excellent data systems
- Recruit, retain, develop, and support great teachers and leaders who can help all students meet high standards
- Build core capabilities to promote great teaching and leadership
- Accelerate improvements in the State's high-need schools
- Build capacity to deliver against goals

Promoting great teaching

A centerpiece of Delaware's overall reform strategy is an investment in new statewide initiatives that build core capabilities in recruiting talent and promoting great teaching and school leadership. One of pledges that the state of Delaware made in its Race to the Top application was to build new and innovative pipelines to the teaching career. The recruitment, selection, training, placement, professional development and certification of new individuals seeking to enter the teaching profession is at the core of that pledge. Historically, there have not been pipelines nationwide with a specific focus on preparing teachers to serve in high-need schools in hard-to-staff subject areas, therefore building new pipelines with that specific focus is crucial to statewide reform.

One of the most readily identifiable best practices to accomplish this is to conduct a nationwide search for an established vendor that has a proven track record of recruiting, selecting, preparing, placing and supporting a cohort of teachers seeking to serve in high-need schools in hard-to-staff subject areas. As noted, this new pathway is most needed for schools that the state and LEAs have identified as high-need, and thus any new program/pathway will need to specifically address that need. This new pathway to these open teaching positions, in hard-to-staff subjects and schools throughout the state, will become an official Delaware-approved alternative-route to certification pathway as part of our state education agenda.

It will be imperative for any alternative-route to certification pathway for teachers to embed itself into the culture of Delaware's school system that has already been committed to school reform for decades. The program pathway must integrate Delaware's state-of-the-art longitudinal data system, its new computer-adaptive system of formative and summative assessments (called the Delaware Comprehensive Assessment System or "DCAS") and its statewide performance evaluation system (called DPAS-II) into its training regimen. The program should also brand itself as a Delaware-specific initiative and incorporate feedback from DDOE into all core program components.

The alternative-route to certification pathway for aspiring teachers will operate throughout the state serving both high-need traditional public and high-need charter schools. The list of "high-need" schools will be determined by the Department of Education in collaboration with LEAs, but will likely include traditional criteria such as poverty and performance indexes and input from LEAs on hard-to-staff subject areas.

B. Overview of services requested

In order to build upon the track record of traditional professional services providers and further promote the recruitment, selection, preparation, placement, professional development, certification and retention of our teachers DDOE is now issuing this Request for Proposals for vendors to create and implement an alternative-route to certification pathway for aspiring teachers. The program envisioned is further described below:

The State seeks a vendor/partner to provide a cohort (approx. 25-50, based on need and timeline) annually of new teachers to Delaware's high-need schools over the next four years. The first cohort would begin pre-service training in the summer of 2011 and begin teaching in the fall of 2011. The fourth cohort would begin pre-service training in the summer of 2014 and begin teaching in the fall of 2014. Following this period, dependent upon results as determined by rigorous program monitoring and evaluation by DDOE, the State will work with LEAs to explore continuing the initiative beyond its Race to the Top obligation. Further, an in-depth annual evaluation and renewal process will occur for this service, with successful annual evaluation being critical to program continuation.

The role of the teacher is multi-faceted and complex, but at the core of DDOE's program evaluation will be measurable teacher and student outcomes. Professional services providers applying for the RFP should therefore have a proven track record of setting and measuring qualitative and quantitative teacher and student outcomes.

Program Components for this pathway should include:

- An intensive pre-service summer training program
- Ongoing professional development sessions, ongoing assessment of participant progress, and participant exposure to other teachers in high-need schools
- The selection of a statewide certification provider for all participating teachers
- Ongoing support and coaching through the early years of the participants' tenures to facilitate reflection upon their teaching practice.
- A clearly-designed curricular scope and sequence for all program participants that includes integration of existing Delaware performance evaluation systems
- Ambitious measures of success set in partnership with DDOE
- Training and development throughout the participant experience that is designed to meet the needs of teachers working in high-need schools including, but not limited to:
 - Lesson and Unit Planning to achieve dramatic results
 - Classroom Management in challenging classroom environments
 - Engaging Parents and Families in low-income communities
 - Working with youth with diverse and complex needs

While the vendor will have responsibility for providing the aforementioned services, it should again be noted that the State will play an active role in the selection, training placement, and removal of participants from the Delaware program as needed, and may accept or reject candidates provided by the vendor during designated review periods.

C. Detail on services requested – participant eligibility requirements

The spirit of participant eligibility requirements under state regulation, where applicable, will govern participant eligibility unless otherwise noted in the contract between DDOE and a chosen vendor:

1. Program participants shall be U.S. citizens that have earned a bachelor's degree in a coherent major, or its equivalent, in the instructional field they will teach (with no less than 30 credit hours in that field of study);
2. Demonstrate the prescribed knowledge and skills for a particular content area by passing an examination of content knowledge such as the Praxis II in the instructional field the desire to teach, prior to first day of teaching service;

3. Program participants shall receive training from the alt-route provider in topics such as Classroom Management, Instructional Design, and other critical pedagogical areas for teaching in high-needs schools (*training program will be state approved*);
4. Program participants shall pass an examination of general knowledge, such as Praxis I, prior to beginning their teaching service;
5. Obtain acceptance into a certification program to be completed during their first two years of teaching service;

Note the aforementioned “participant eligibility requirements” will be discussed and reviewed in further detail with any selected vendor for this initiative in consultation with the Delaware Department of Education and the Professional Standards Board.

D. Duration of contract

This contract may be awarded to, or split among, multiple vendors. The contract will be approximately 48-months. DDOE will conduct a detailed analysis, review and decision-making process each year before the recruitment of an additional cohort, basing their decision on whether or not to continue the partnership upon progress, status reports and adherence to the principles laid out in this document. The selected program would be monitored and supervised as needed by the Department of Education.

The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

3. Proposal Modifications

Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment or modification to a previously submitted proposal. Changes, amendments or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

7. Proposal Opening

DDOE will receive proposals until the date and time shown in this RFP. Proposals will be opened only in the presence of the DDOE personnel. Any unopened proposals will be returned to Vendor.

There will be no public opening of proposals but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed to competing vendors prior to contract award.

8. Non-Conforming Proposals

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within DDOE.

9. Concise Proposals

DDOE discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. DDOE's interest is in the quality and responsiveness of the proposal.

10. Realistic Proposals

It is the expectation of DDOE that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

DDOE shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

11. Confidentiality of Documents

All documents submitted as part of the vendor's proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by anyone other than DDOE/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract.

DDOE is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 *Del. C.* Ch. 100. Under the law, all of DDOE's records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by DDOE and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.

Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate,

sealed envelope labeled “Proprietary Information” with the RFP number. The envelope must contain a letter from the Vendor’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not “public record” as defined by 29 *Del. C.* § 10002(d), and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, DDOE will open the envelope to determine whether the procedure described above has been followed.

12. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the “**prime contractor**”. The “**prime contractor**” must be the joint venture’s contact point for DDOE and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor’s systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by DDOE, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to DDOE caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The DDOE expects to negotiate and contract with only one “prime vendor”. DDOE will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit DDOE from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

b. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting

assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** Any sub-contractors must be approved by DDOE.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

13. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by DDOE.

14. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify DDOE's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

a. RFP Question and Answer Process

DDOE will allow written requests for clarification of the RFP. All questions will be consolidated into a single set of responses and posted on the State's website at <http://bids.delaware.gov> by 12:00 PM each Friday. Vendors' names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

Section number

Paragraph number
Page number
Text of passage being questioned
Question

Questions not submitted electronically shall be accompanied by a CD and questions shall be formatted in Microsoft Word. Questions must be filed no later than midnight on December 1, 2010. Questions received after that time will not be considered.

15. State’s Right to Reject Proposals

DDOE reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in DDOE’s specifications or vendor’s response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as DDOE may deem necessary in the best interest of the State of Delaware.

16. State’s Right to Cancel Solicitation

DDOE reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. DDOE makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP DDOEs not constitute an offer by DDOE. Vendor’s participation in this process may result in DDOE selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations DDOEs not, however, signify a commitment by DDOE to execute a contract nor to continue negotiations. DDOE may terminate negotiations at any time and for any reason, or for no reason.

17. State’s Right to Award Multiple Source Contracting

Pursuant to *29 Del. C. § 6986*, DDOE may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of DDOE.

18. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by DDOE prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of DDOE at the proposal submission deadline. All proposals received are considered firm offers at that time.

19. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on at <http://bids.delaware.gov> DDOE is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

20. Exceptions to the RFP

Any exceptions to the RFP, or DDOE's terms and conditions, must be highlighted and included in writing in the proposal. Acceptance of exceptions is within the sole discretion of the evaluation committee.

21. Award of Contract

The final award of a contract is subject to approval by DDOE. DDOE has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by DDOE and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, DDOE will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that DDOE is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to DDOE. The award is subject to the appropriate DDOE approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with DDOE; remaining vendors will be notified in writing of their selection status.

C. RFP Evaluation Process

An evaluation team composed of representatives of DDOE will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

DDOE reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide, in a timely manner, any and all information that DDOE may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of DDOE. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in *29 Del. C. §§ 6981 and 6982*. The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to the Delaware Secretary of Education, who shall have final authority, subject to the provisions of this RFP and *29 Del. C. § 6982*, to award a contract to the successful vendor in the best interests of the State of Delaware.

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each Evaluation Item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals all contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by DDOE to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to *29 Del. C. §6986*.

a. Criteria Weight

All proposals shall be evaluated using the same criteria and scoring process. A scoring rubric will be provided to members of the RFP commit to aid in the

calibration of the scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

Criteria	Weight
1. Quality of program plan	35
2. Evidence of effectiveness	20
3. Evidence of capacity	15
4. Evidence of organizational expertise	15
6. Budget narrative and cost-effectiveness	15
Total	100

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, DDOE may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, DDOE will pay travel costs only for State of Delaware personnel for these visits.

5. Oral Presentations

Selected vendors may be invited to make oral presentations to the Evaluation Team. The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for DDOE are the vendor's responsibility.

D. Contract Terms and Conditions

1. General Information

- a.** This contract may be awarded to, or split among, multiple vendors. The selected vendor or vendors will enter into a one-year initial contract. After a detailed review and analyses of the initial term, contract(s) will be renewable for 3 possible extensions for a period of 1 year for each extension. The initial term of the contract begin in the winter 2010-2011.

- b. The selected vendor will be required to enter into a written agreement with DDOE. DDOE reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by DDOE. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c. The selected vendor or vendors will be expected to enter negotiations with DDOE, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. DDOE's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP. No vendor is to begin any service prior to receipt a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

2. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

3. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, DDOE shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

4. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph DDOEs not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

5. General Contract Terms

a. Independent contractors

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party

shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party, or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at DDOE's discretion as to the location of work for the contractual support personnel during the project period. DDOE shall provide working space and sufficient supplies and material to augment the Contractor's services.

b. Non-Appropriation

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

c. Licenses and Permits

In performance of the contract, the vendor will be required to comply with all applicable federal, state and local laws, ordinances, codes, and regulations. The cost of permits and other relevant costs required in the performance of the contract shall be borne by the successful vendor. The vendor shall be properly licensed and authorized to transact business in the State of Delaware as provided in 30 *Del. C.* § 2301.

Prior to receiving an award, the successful vendor shall either furnish DDOE with proof of State of Delaware Business Licensure or initiate the process of application where required. An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

Information regarding the award of the contract will be given to the Division of Revenue. Failure to comply with the State of Delaware licensing requirements may subject vendor to applicable fines and/or interest penalties.

Any notice to DDOE required under the contract shall be sent by registered mail to:

401 Federal Street, Suite #2
Dover, DE 19901-3639**

e. Indemnification

1) General Indemnification.

2) Proprietary Rights Indemnification

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware or DDOE, the State of Delaware or DDOE shall promptly notify the vendor in writing and vendor shall defend such claim, suit or action at vendor's expense, and vendor shall indemnify the State of Delaware or DDOE against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively "Products") is or in vendor's reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

- (a) Procure the right for DDOE to continue using the Product(s);
- (b) Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- (c) Modify the Product(s) to make it or them non-infringing, provided that the modification DDOEs not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that DDOE agrees to and accepts in writing.

f. Insurance

- 1) Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses,

attorney’s fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor’s negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.

- 2) The vendor shall maintain such insurance as will protect against claims under Worker’s Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.

a.	Automotive Liability (Bodily Injury)	\$100,000/\$300,000
b.	Automotive Property Damage (to others)	\$ 25,000

- 4) The vendor shall provide a certificate of insurance as proof that the vendor has the required insurance.

g. Performance Requirements

The selected Vendor will warrant that its possesses, or has arranged through subcontractors, all capital and other equipment, labor, materials, and licenses necessary to carry out and complete the work hereunder in compliance with any and all Federal and State laws, and County and local ordinances, regulations and codes.

h. Warranty

The warranty shall require the Vendor correct, at its own expense, the setup, configuration, customizations or modifications so that it functions according to the State’s requirements.

i. Costs and Payment Schedules

All contract costs must be as detailed specifically in the Vendor's cost proposal. No charges other than as specified in the proposal shall be allowed without written consent of DDOE. The proposal costs shall include full compensation for all taxes that the selected vendor is required to pay.

DDOE will require a payment schedule based on defined and measurable milestones. Payments for services will not be made in advance of work performed. DDOE may require holdback of contract monies until acceptable performance is demonstrated (as much as 25%).

j. Penalties

DDOE may include in the final contract penalty provisions for non-performance, such as liquidated damages.

k. Termination for Cause

If for any reasons, or through any cause, the Vendor fails to fulfil in timely and proper manner his obligations under the contract, or if the Vendor violates any of the covenants, agreements or stipulations of the contract, DDOE shall thereupon have the right to terminate the contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination, In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Vendor under the contract shall, at the option of DDOE, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is useable to DDOE.

l. Termination for Convenience

DDOE may terminate the contract at any time by giving written notice of such termination and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Vendor under the contract shall, at the option of DDOE, become its property, and the Vendor shall be entitled to compensation for any satisfactory work completed on such documents and other materials which is useable to DDOE. If the contract is terminated by DDOE as so provided, the Vendor will be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of the Vendor as covered by the contract, less payments of compensation previously made. Provided however, that if less than 60 percent of the services covered by the contract have been performed upon the effective date of termination, the Vendor shall be reimbursed (in addition to the above payment) for that portion of actual out of pocket expenses (not otherwise reimbursed under the contract) incurred by the Vendor during the contract period

which are directly attributable to the uncompleted portion of the services covered by the contract.

m. Non-discrimination

In performing the services subject to this RFP the vendor will agree that it will not discriminate against any employee or applicant for employment because of race, creed, color, sex or national origin. The successful vendor shall comply with all federal and state laws, regulations and policies pertaining to the prevention of discriminatory employment practice. Failure to perform under this provision constitutes a material breach of contract.

n. Covenant against Contingent Fees

The successful vendor will warrant that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement of understanding for a commission or percentage, brokerage or contingent fee excepting bona-fide employees, bona-fide established commercial or selling agencies maintained by the Vendor for the purpose of securing business. For breach or violation of this warranty DDOE shall have the right to annul the contract without liability or at its discretion to deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

o. Vendor Activity

No activity is to be executed in an off shore facility, either by a subcontracted firm or a foreign office or division of the vendor. The vendor must attest to the fact that no activity will take place outside of the United States in its transmittal letter. Failure to adhere to this requirement is cause for elimination from future consideration.

p. Work Product

All materials and products developed under the executed contract by the vendor are the sole and exclusive property of the State. The vendor will seek written permission to use any product created under the contract.

q. Contract Documents

The RFP, the purchase order, the executed contract and any supplemental documents between DDOE and the successful vendor shall constitute the contract between DDOE and the vendor. In the event there is any discrepancy between any of these contract documents, the following order of documents governs so that the former prevails over the latter: contract, State of Delaware's RFP, Vendor's response to the RFP and purchase order. No other documents shall be considered. These documents will constitute the entire agreement between DDOE and the vendor.

A copy of the purchase order and the Notification of the Grant Award Notice (NOTOG) will be mailed to the grant recipient. Payments will be issued on a monthly basis following the submission of an itemized invoice to the office of the grant manager. Payments will continue on a monthly basis after receipt of a midpoint expenditure report and a midpoint progress report as prescribed by the DDOE program manager. All payment amounts and scheduling are based on the discretion of the DDOE program manager based upon information contained in the midpoint expenditure and progress reports. The final invoice must be dated and received before the end date of the grant period in order to receive payment. At the end of the grant period as noted on the NOTOG, a final expenditure report will be required. Failure to comply will jeopardize any and all future funding opportunities from DDOE.
