INTRODUCTION AND PURPOSE

The State of Delaware continues to be committed to providing comprehensive early childhood services to 4-year-old children who live in poverty, including services in support of their families. The State of Delaware, through legislation (Amended HB 483, Sub 1 - see Appendix B 1.g and Amended Title 14, Chapter 30, Section 3001 - see Appendix B 2.g), has established the State Early Childhood Assistance Program to support this effort. The Department of Education is authorized to provide such services through contracts with public and private providers (including, but not limited to, those programs administering Federal Head Start programs).

The Interagency Resource Management Committee has administrative responsibility for all appropriations supporting this program. The mission of the Interagency Resource Management Committee (IRMC) is to insure that all of Delaware's young children and their families have access to high quality, well coordinated early childhood services. The IRMC supports a partnership with families, government, schools and the private sector to meet the needs of young children.

The Department of Education (DOE) and the Interagency Resource Management Committee (IRMC) requires applications for Early Childhood Assistance Program (ECAP) to plan and implement comprehensive early childhood education programs for 4-year-old children living with families with incomes that meet federal Head Start eligibility requirements. The narrative section should include information on the following comprehensive services:

1. Target Population and Needs Assessment – (Head Start Performance Standard 1305.3) Identify the target population and the geographic service area to be covered

by the project. Describe projects separately if operating in different geographic locations. Include supporting information concerning the need for such services and changes. Refer to Head Start Performance Standard 1305.3 for minimum requirements for community assessment.

2. Eligibility, recruitment, selection and enrollment (Head Start Performance Standard 1305.5) To reach children and families most in need, describe how your program's recruitment process will be designed and implemented to actively inform all families within the recruitment area of the availability of services. Also describe the selection process for determining the selection criteria and the strategies to determine eligibility.

3. Program Philosophy and Mission Statement - Describe the proposed program's philosophy, vision, and/or mission statement that provide the guiding principles of the program. This description should include strategies for assuring a high quality program, support of families and their needs, array of comprehensive services; services that are integrated into existing community settings and programs, and services that are coordinated with other programs.

4. Program Goal/Objectives and Methods for Implementation - Identify the goals and objectives for the proposed project. The goals and objectives must address the designated Standards as listed in the Head Start Performance Standards document. The approach and methods section will need to outline how the program proposes to implement services for children. All policies and services should strive to assure a high level of quality in program development and delivery. Applicants must demonstrate successful management of an early childhood program serving young children living in poverty. Applications will only be considered for programs that are currently participating in the Delaware Stars Quality and Rating System and have attained at least a Star Level 3. A plan for providing a minimum of 20 program hours per week for a total of 640 contract hours per program year must be included in the application.

5. Education and Early Childhood Development (Head Start Performance Standard 1304.21). Describe the program's education program that includes the curriculum, assessment and individualization for children. Describe the curricular methodology to be followed in the classroom. Include curriculums to be used, strategies for instruction, and methodology for implementing and monitoring the assessment system for reporting on children's development and progress. Include a description of how the program will align curriculum with the Delaware Early Learning Foundations. Describe the strategies to be used in the classroom/program around child-level measurement. Identify measurement tools and how the information will be used for planning for children. Include professional development strategies the program will use to support the teachers' effective use of assessment information for instruction.

6. Child Health and Developmental Services (Head Start Performance Standards 1304.20) Describe the process of screening and ongoing monitoring of children's health status including developmental, sensory, dental and behavioral concerns. Provide information on preventative measures and systematic follow up and treatments. Include information on how the program will assist parents to become active partners in their children's health maintenance.

7. Child Health and Safety (Head Start Performance Standard 1304.20) Describe how the program will establish and monitor health and safety policies and procedures in the program following the Head Start Performance Standards.

8. Nutrition (Head Start Performance Standards 1304.23) – Describe how the program will work with families to identify children’s nutritional needs while respecting the family’s eating patterns and cultural preferences.

9. Transportation (Head Start Performance Standard 1310.1) Describe how the program will offer and provide assistance for transporting children who need early childhood services. Describe how the transportation services will meet the Head Start Performance Standards.

10. Services for Children with Disabilities; (Head Start Performance Standards 1308) Describe how universal child screening, and recruitment process for children with disabilities will be addressed in the program. Provide information how children with disabilities will be supported following the Head Start Performance Standards. Provide information how the program will work with the LEA to support children with disabilities. Provide information on how the program will work with the LEA and the family to incorporate the IEP goals into the child’s ECAP education plan. How will the program ensure that 10% of the children enrolled are children with disabilities?

11. Child Mental Health (Head Start Performance Standards 1304.24) Explain how mental health services will be provided in the program to support the positive behavioral health of children enrolled and provide services for children who are identified as having challenging behaviors following procedures included in the Head Start Performance Standards.

A transition process should be established between agencies referring children to community early childhood programs and/or their local school buildings. The transition process needs to also involve the family and include strategies to promote continued parent involvement in their children’s education. Describe the strategies and processes for transitioning children from the ECAP into their local public school kindergarten. The family is the primary influence in the child's life and the most knowledgeable source of information about his/her needs; programs and policies will enhance and build the capacity of the family to meet its own needs, and be sensitive to the family's right to privacy and multi-cultural differences. This includes the development of Family Partnership Agreements.

17. Community Partnerships (Head Start Performance Standards 1304.41) – Applicant must demonstrate a plan to provide services for the diverse needs of children and their families requiring varying resources and supports from different agencies; therefore, services will need to be planned using a collaborative, interagency approach. Existing services and programs, both private and public, should be supported and appropriate linkages should be promoted. Applicants must include two letters of support from existing community and/or family partners. These partners could include the local school district or family governing board.

18. Monitoring and Self-Assessment - Describe how the goals and objectives will be evaluated by the project staff. Evaluation methodology should include a plan for evaluating the agency's (1) compliance with Head Start Performance Standards (2) strategies for assessing family satisfaction with program services, (3) strategies for evaluating goals and objectives for the services provided. Programs are required to establish some formal process for management of program data. Programs may utilize a DOE approved data management system to maintain program information on the children and families involved with their program.

19. Training and Quality Improvement - Describe the goal(s) and objective(s) targeted for staff training and quality improvement. Include the timelines for training, how the training relates to the program approach and methods and how the determination will be made as to the effectiveness of the staff development activities. facilities, materials and equipment will contribute to the learning and development of the children and families.

Include **all** the sources of revenue that support this program on the budget form. The budget form and justification must provide a clear picture of the need for the requested funds and the utilization of all resources to conduct the proposed project. Please identify sufficient funds for an audit of program financial records if this had not been previously accounted for in prior grant applications

Applicants submitting proposals must assure their ability to meet those criteria established in the federal Head Start Performance Standards and State of Delaware DELACARE Child Care Center licensing regulations. Each funded classroom must meet the DELACARE criteria, enclosing a copy of the most recent license(s) in the appendix if appropriate. These guidelines are available at <http://kids.delaware.gov/occl/occl.shtml>. Applicants must include documentation of a current comprehensive monitoring report for a state or federal program assessment.

Several program options will be considered for funding. These options will include providing services within school district center-based classrooms, family child care settings, and/or community early education programs in which children are placed and receive services. In all options, children and families are expected to receive the full range of services that are in compliance with Head Start Performance Standards.

Grant awards will be for a three year period provided there is sufficient funding contained within the annual appropriations act and the contractor adheres to the required Head Start Performance Standards.

Priority for ECAP applications will be given to those applicants who propose:

- 1) To serve the unserved and underserved communities.
- 2) To collaborate with existing community-level early care programs to facilitate access to or provide full day/full year early care and education services where needed.
- 3) To assure commitment to a process of program standard and quality improvement that ensures the provision of comprehensive, high quality early education services.
- 4) To actively work towards cooperative activities among and between programs that assures the delivery of services to children and families and meets the standards as required by programs.
- 5) Demonstrates knowledge of the implementation of the Head Start Performance Standards.

The Department of Education will support this initiative through programmatic technical assistance, facilitation of community collaborative initiatives, cooperative and coordinated training, transition facilitation, program evaluation/feedback and management. The other members of the IRMC (Department of Health and Social Services, Department of Children Youth and their Families, The Budget Office, and the Controller General's Office) will also support this program through technical assistance.

Grantees will be monitored by the Department of Education (DOE) on a triennial basis. **New grantees will receive two reviews, including a comprehensive annual program review visit conducted by the DOE at the end of the first operating year.** All reviews will be guided by the Office of Head Start Monitoring Protocol, a tool designed to evaluate a program's compliance with the Head Start Performance Standards.

There will be no public opening of proposals but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed to competing vendors prior to contract award.

8. Non-Conforming Proposals

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within DDOE.

9. Concise Proposals

DDOE discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. DDOE's interest is in the quality and responsiveness of the proposal.

10. Realistic Proposals

It is the expectation of DDOE that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

DDOE shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

All documents submitted as part of the vendor's proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by anyone other than DDOE/Proposal Evaluation Team or its designated agents. DDOE is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 *Del. C.* Ch. 100. Under the law, all DDOE's records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by DDOE and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.

Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate, sealed envelope labeled "Proprietary Information" with the RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 *Del. C.* § 10002(d), and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, DDOE will open the envelope to determine whether the procedure described above has been followed.

12. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the “**prime contractor**”. The “**prime contractor**” must be the joint venture’s contact point for DDOE and be responsible for the joint venture’s performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendors’ systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by DDOE, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to DDOE caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

DDOE expects to negotiate and contract with only one “prime vendor”. DDOE will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit DDOE from the full exercise of its options under Section IV.B.16 regarding multiple source contracting.

b. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** Any sub-contractors must be approved by DDOE.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

13. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by DDOE.

14. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify DDOE's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

a. RFP Question and Answer Process

DDOE will allow written requests for clarification of the RFP. All questions will be consolidated into a single set of responses and posted on DDOE's website at <http://www.doe.k12.de.us/rfplisting/> by 12:00 PM each Friday. Vendors' names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

Questions received after that time will not be considered. A copy of the questions and answers will be posted on <http://bids.delaware.gov>

15. State's Right to Reject Proposals

DDOE reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in DDOE's specifications or vendor's response), to sit and act as sole judge of the merit

and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as DDOE may deem necessary in the best interest of the State of Delaware.

16. State's Right to Cancel Solicitation

DDOE reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. DDOE makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by DDOE. Vendor's participation in this process may result in DDOE selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by DDOE to execute a contract nor to continue negotiations. DDOE may terminate negotiations at any time and for any reason, or for no reason.

17. State's Right to Award Multiple Source Contracting

Pursuant to 29 *Del. C.* § 6986, DDOE may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of DDOE.

18. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by DDOE prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of DDOE at the proposal submission deadline. All proposals received are considered firm offers at that time.

19. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on DDOE's website at <http://www.doe.k12.de.us/rfplisting/> and <http://bids.delaware.gov>. DDOE is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

20. Exceptions to the RFP

Any exceptions to the RFP, or DDOE's terms and conditions, must be highlighted and included in writing in the proposal. Acceptance of exceptions is within the sole discretion of the evaluation committee.

21. Award of Contract

The final award of a contract is subject to approval by DDOE. DDOE has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by DDOE and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, DDOE will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that DDOE is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to DDOE. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with DDOE; remaining vendors will be notified in writing of their selection status.

C. RFP EVALUATION PROCESS

An evaluation team composed of representatives of DDOE will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

DDOE reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in timely manner any and all information that DDOE may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of DDOE. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in *29 Del. C. §§ 6981 and 6982*. The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to Delaware Secretary of Education, who shall have final authority, subject to the provisions of this RFP and *29 Del. C. § 6982*, to award a contract to the successful vendor in the best interests of the State of Delaware.

2. Proposal Selection Criteria

The Proposal Evaluation Team shall assign up to the maximum number of points for each evaluation item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals all contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by DDOE to be essential for use by the Team in the bid evaluation and award process.

Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team’s consideration for award.

Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to 29 Del. C. §6986.

a. Criteria Weight

Proposals will be evaluated using the following criteria and scoring process:

Criteria	Weight
Experience and reputation operating a quality EC program	20
Capacity to meet comprehensive requirements of Early Childhood Assistance Program, following Head Start Performance Standards	20
Location – Community assessment validates need for program in geographic area	20
Demonstrated ability to operate successful Program	20
Budget	10
Evidence of successful monitoring report (OCCL, HS)	10

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, DDOE may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, DDOE will pay travel costs only for State of Delaware personnel for these visits.

5. Oral Presentations

Selected vendors may be invited to make oral presentations to the Evaluation Team. The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for DDOE are the vendor's responsibility.

D. Contract Terms and Conditions

1. General Information

- a. The term of the contract between the successful bidder and DDOE shall be for 1 year based on availability of state funding, with 2 possible extensions, based on availability of state funding for a period of 1 year for each extension.
- b. The selected vendor will be required to enter into a written agreement with DDOE. DDOE reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by DDOE. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c. The selected vendor or vendors will be expected to enter negotiations with DDOE, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. DDOE's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.

- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP. No vendor is to begin any service prior to receipt a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

2. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

3. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, DDOE shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

4. Solicitation of State Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

5. General Contract Terms

a. Independent contractors

The parties to the contract shall be independent contractors to one another, and nothing herein shall be deemed to cause this agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

An application may be requested in writing to: Division of Revenue, Carvel State Building, P.O. Box 8750, 820 N. French Street, Wilmington, DE 19899 or by telephone to one of the following numbers: (302) 577-8200—Public Service, (302) 577-8205—Licensing Department.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively "Products") is or in vendor's reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

- (a) Procure the right for DDOE to continue using the Product(s);
- (b) Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- (c) Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that DDOE agrees to and accepts in writing.
