Q: Cohort 16 & Title I Schools

Posted On: 10/24/2017 10:09:28 AM

Good afternoon Ms. Brennan,

Students Motivated Through The Arts (SMARTS) will be submitting a grant application for the 21st Century Learning Center funding. Are all Title I schools who do not currently have a 21st Century Learning Center eligible to be a school partner? Also, what is Cohort 16? Please define.

I look forward to your response.

A: Not all Title I schools are eligible. All Delaware public schools (including charter schools) with 40% or more low-income rate are eligible to apply as the school partner.

Smith Elementary is on the list of eligible schools. (Not all Title I schools are eligible. Schools must have 40% or more low-income rate.)

Q: 12/1/17 Deadline

Posted On: 12/1/2017 8:42:51 AM

Campus Community School has just been added to the eligibility list and we are just becoming aware of this today. Will there be a date extension in regard to today's deadline to ask questions? Our admin team has a planning day scheduled for 12/4/17. Thank you for any assistance you can provide. Carolin

A: The deadlines that were in the original RFP will be maintained.

Q: Program session requirements

Posted On: 12/1/2017 2:43:27 PM

This inquiry is about the total number of program sessions required per the RFP.

From my understanding of the RFP language, Cohort 16 21st CCLC Programs should offer a minimum of:

- Approx. 4 weeks/4 days per week (16 days) in the summer, and
- Approx. 33 weeks/4 days per week (132 days) in the after school program.
- For a total of at least 37 weeks and 150 sessions minimum

Is there any room for flexibility on the total number of sessions that should be offered in the summer months and after school, and/or combined across each grant year?

Thank you for any insight you can provide.

A: The RFP in Section 2 of Appendix B fillable application lists the minimum hours and days of operation. All minimum hours and days of operation must be met for successful Cohort 16 subgrant applicant programs to receive 21st CCLC funding. In total, Cohort 16 programs must offer a minimum of 37 weeks; 150 sessions; 360 hours of operation. For the afterschool portion of the program, there is a requirement for 4 sessions per week; 2 hours per session. For the summer portion of the program, there is a requirement for a minimum of 4 weeks of programming, with 4 sessions per week, 3 hours per session.
