Q: expected hours and location

Posted On: 10/27/2017 11:12:03 AM

Good morning, I see the yearly budget for this contract is \$70,000.00. What are the anticipated weekly hours needed to fulfill contract expectations? I understand weekly visits are expected but was wondering if there a primary work location or can some of the work be completed at the contractor's office and/or via skype?

A: The hours can fluctuate from week to week but on average the expectation would be 30-35. Work location will primarily be off site at early learning centers and contractors own location. However, meetings with DDOE Education Associate/Executive Director will be monthly and be held in Dover.
