Q: Extra Heaters

Posted On: 2/4/2019 1:41:38 PM

All of the Colonial buses show an extra heater on the seat diagram. The extra heater is not a listed option. So does it require the extra heater? If so what BTU requirements are needed?

A: Extra Heater request is not an Option Package

Q: Wheelchair restraints

Posted On: 2/5/2019 7:30:47 AM

Page 31, Lift Bus Specifications states: "Each wheelchair station must be provided with two pieces of track (forward and rear for each Wheelchair position) flush mounted..."

Would this be acceptable:
Wheelchair restraints fasten to four floor mounted tracks located parallel to wall. An additional track is located above passenger windows for passenger restraint.

A: Yes, this will be acceptable

Q: Unit 14

Posted On: 2/6/2019 8:53:04 AM

The picture shows 3 rows of seats with 2 rows of seats over w/c stations. Description states first four rows will be CEW seats and rows 4-5 will be l/s over w/c places. How many rows of seats do you want in this unit - 5 or 6? For clarity, if 5 rows, row 4 will be CEW over w/c place and row 5 will be l/s over w/c place. If 6 rows we will add a row of CEW seats and rows 5/6 will be l/s over w/c places. Which do you want?

A: It should be 3 rows of seats with 2 rows of seats over w/c positions. Row 4 will be CEW seats over w/c place and Row 5 will be l/s over w/c place.
