TO PROVIDE FOR THE DEVELOPMENT  
OF COMMON INTEGRATED WORLD LANGUAGE PERFORMANCE  
ASSESSMENTS  
ISSUED BY DELAWARE DEPARTMENT OF EDUCATION  
RFP # DOE 2012-02**

**I. Overview**

The State of Delaware Department of Education seeks to develop common integrated world language performance assessments for students in middle and high school language programs. This request for proposals (“RFP”) is issued pursuant to *29 Del. C. §§ 6981 and 6982*.

The proposed schedule of events subject to the RFP is outlined below:

Public Notice	Date: September 9, 2011
Cut-off Date for Questions	Date: September 16, 2011
Deadline for Receipt of Proposals	Date: September 23, 2011
Notification of Award	Date: October 14, 2011

Each proposal must be accompanied by a transmittal letter which briefly summarizes the proposing firm’s interest in providing the required professional services. The transmittal letter must also clearly state and justify any exceptions to the requirements of the RFP which the applicant may have taken in presenting the proposal. Furthermore, the transmittal letter must attest to the fact that no activity related to this proposal contract will take place outside of the United States. The State of Delaware reserves the right to deny any and all exceptions taken to the RFP requirements.

## **II. Scope of Services**

The State of Delaware strives to provide every opportunity for all of its public school students to become more competitive in an ever increasingly global economy. One way to ensure that Delaware students have a significant edge in the job market is to ensure that all students exit our K-12 educational system with functional competency in world languages in addition to English.

The first step in ensuring that students are exiting our world language programs with high levels of proficiency is to evaluate their current level of proficiency.

As a Race to the Top Round 1 winner, the State of Delaware is also committed to developing measures of student growth to better evaluate the effectiveness of its teaching staff.

To meet both of these goals, the State of Delaware will

- Create assessment specifications applicable to each of nine commonly taught world languages in Delaware (American Sign Language, Arabic, Chinese, French, German, Italian, Japanese, Latin and Spanish).
- Develop reliable, valid, standardized common integrated performance assessments in each of these languages across five levels of proficiency.
- Provide rigorous professional development for Delaware world language teachers to refocus their instruction on helping students attain higher levels of language proficiency.
- Provide professional development to teachers on how to use, score and analyze the assessments.

The purpose of this RFP is to secure the partner to develop these assessments, establish a blueprint for implementation of assessments, establish performance standards, and deliver the professional development necessary to ensure fidelity of implementation, scoring and reporting.

### **A. Requirements**

The Common Integrated Performance Assessments must:

1. Align with the Standards, Proficiency-Level Expectations and Grade-Level Expectations as outlined in the Delaware Recommended Curriculum for World Languages
2. Be deliverable as both pre- and post-assessments
3. Reflect a common taxonomy of learning objectives in each mode for each of the languages
4. Address the interpretive mode (either reading or listening), presentational writing and either presentational speaking or interpersonal speaking for each integrated performance assessment
5. Be able to be administered within a 90-minute or shorter time-frame

6. Allow for recording of student responses
7. Be scored using a proficiency-rubric aligned to the ACTFL K-12 Performance Guidelines and the Performance-Level Expectations outlined in the Delaware Recommended Curriculum for World Languages
8. Be cost-effective in its development and administration
9. Meet the criteria outlined in the Delaware Department of Education's DPAS II Component 5 Internally Developed Measures Quality Assurance Rubric [See Appendix]

## **B. Tasks**

All of the following tasks apply for the 2011-2012 school year:

1. Develop a taxonomy of all learning objectives in each mode at each level of instruction for each language (Levels 1-5).
2. Map the learning objectives to the standards and GLEs outlined in the Delaware Recommended Curriculum for World Languages
3. Deliver a set of pre- and post-integrated performance assessment measures for each level of eight languages. Each level assessments must be developmentally-appropriate, real-world and culturally-relevant and include an interpretive mode task (either reading or listening), one presentational writing task and either one interpersonal speaking or presentational speaking task. Each set of tasks must be able to be completed by students within a 90-minute timeframe.
4. Deliver performance-based scoring rubrics to score each of the tasks.
5. Deliver professional development to a select group of Delaware teachers who represent all of the commonly taught languages in the state on how to develop appropriate integrated performance assessment according to established protocols.
6. Deliver professional development to all Delaware world language teachers on proficiency measures, how to use and score the pre and post-assessments.
7. Provide on-going technical support as the assessments are being implemented, scored and reported.
8. Develop administration and technical guides to accompany the assessments.

Any proposal submitted by US Mail shall be sent by either certified or registered mail. Proposals must be received at the above address no later than **3:00 PM EST on September 23, 2011**. Any proposal received after this date shall not be considered and shall be returned unopened. The proposing vendor bears the risk of delays in delivery. The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

### **3. Proposal Modifications**

Any changes, amendments or modifications to a proposal must be made in writing, submitted in the same manner as the original response and conspicuously labeled as a change, amendment or modification to a previously submitted proposal. Changes, amendments or modifications to proposals shall not be accepted or considered after the hour and date specified as the deadline for submission of proposals.

### **4. Proposal Costs and Expenses**

The DDOE will not pay any costs incurred by any Vendor associated with any aspect of responding to this solicitation, including proposal preparation, printing or delivery, attendance at vendor’s conference, system demonstrations or negotiation process.

### **5. Proposal Expiration Date**

Prices quoted in the proposal shall remain fixed and binding on the bidder at least through **June 30, 2012**. The DDOE reserves the right to ask for an extension of time if needed.

**6. Late Proposals**

Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

**7. Proposal Opening**

DDOE will receive proposals until the date and time shown in this RFP. Proposals will be opened only in the presence of DDOE personnel. Any unopened proposals will be returned to Vendor.

There will be no public opening of proposals but a public log will be kept of the names of all vendor organizations that submitted proposals. The contents of any proposal shall not be disclosed to competing vendors prior to contract award.

**8. Non-Conforming Proposals**

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive or a mere formality shall reside solely within DDOE.

**9. Concise Proposals**

DDOE discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. DDOE's interest is in the quality and responsiveness of the proposal.

**10. Realistic Proposals**

It is the expectation of DDOE that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

DDOE shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

**11. Confidentiality of Documents**

All documents submitted as part of the vendor's proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by

anyone other than DDOE/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract.

DDOE is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, *29 Del. C. Ch. 100*. Under the law, all DDOE's records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by DDOE and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.

Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate, sealed envelope labeled "Proprietary Information" with the RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by *29 Del. C. § 10002(d)*, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, DDOE will open the envelope to determine whether the procedure described above has been followed.

## **12. Multi-Vendor Solutions (Joint Ventures)**

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the "**prime contractor.**" The "**prime contractor**" must be the joint venture's contact point for DDOE and be responsible for the joint venture's performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendors' systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by DDOE, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to DDOE caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

### **a. Primary Vendor**

DDOE expects to negotiate and contract with only one “prime vendor”. DDOE will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the State as a result of this procurement. The State will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

Nothing in this section shall prohibit DDOE from the full exercise of its options under *Section IV.B.16* regarding multiple source contracting.

**b. Sub-Contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether or not subcontractors are used.** Any sub-contractors must be approved by DDOE.

**c. Multiple Proposals**

A primary vendor may not participate in more than one proposal in any form. Sub-contracting vendors may participate in multiple joint venture proposals.

**13. Sub-Contracting**

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by DDOE.

**14. Discrepancies and Omissions**

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify DDOE’s Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening

of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

**a. RFP Question and Answer Process**

DDOE will allow written requests for clarification of the RFP. All questions will be consolidated into a single set of responses and posted on the State's website at <http://www.doe.k12.de.us/rfplisting/> by 12:00 PM each Friday. Vendors' names will be removed from questions in the responses released. Questions should be submitted in the following format. Deviations from this format will not be accepted.

Section number  
Paragraph number  
Page number  
Text of passage being questioned  
Question

Questions not submitted electronically shall be accompanied by a CD and questions shall be formatted in Microsoft Word.

Questions must be submitted no later than **3 PM EST on September 16, 2011**. Questions received after that time will not be considered.

**15. State's Right to Reject Proposals**

DDOE reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in DDOE's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as DDOE may deem necessary in the best interest of the State of Delaware.

**16. State's Right to Cancel Solicitation**

DDOE reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. DDOE makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by DDOE. Vendor's participation in this process may result in DDOE selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by DDOE to execute a contract nor to continue

negotiations. DDOE may terminate negotiations at any time and for any reason, or for no reason.

**17. State’s Right to Award Multiple Source Contracting**

Pursuant to *29 Del. C. § 6986*, DDOE may award a contract for a particular professional service to two or more vendors if the agency head makes a determination that such an award is in the best interest of DDOE.

**18. Notification of Withdrawal of Proposal**

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by DDOE prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of DDOE at the proposal submission deadline. All proposals received are considered firm offers at that time.

**19. Revisions to the RFP**

If it becomes necessary to revise any part of the RFP, an addendum will be posted at <http://bids.delaware.gov> and <http://www.doe.k12.de.us/rfplisting/>. DDOE is not bound by any statement related to this RFP made by any State of Delaware employee, contractor or its agents.

**20. Exceptions to the RFP**

Any exceptions to the RFP, or DDOE’s terms and conditions, must be highlighted and included in writing in the proposal. Acceptance of exceptions is within the sole discretion of the evaluation committee.

**21. Award of Contract**

The final award of a contract is subject to approval by DDOE. DDOE has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by DDOE and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

**a. RFP Award Notifications**

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, DDOE will award the contract.

The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that DDOE is not obligated to award the contract to the vendor who submits the lowest bid of the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to DDOE. The award is subject to the appropriate State of Delaware approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with DDOE; remaining vendors will be notified in writing of their selection status.

### **C. RFP Evaluation Process**

An evaluation team composed of representatives of DDOE will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

DDOE reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in timely manner any and all information that DDOE may deem necessary to make a decision.

#### **1. Proposal Evaluation Team**

The Proposal Evaluation Team shall be comprised of representatives of DDOE. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in *29 Del. C. §§ 6981 and 6982*. The Team may negotiate with one or more vendors during the same period and may, at its discretion, terminate negotiations with any or all vendors. The Team shall make a recommendation regarding the award to Delaware Secretary of Education, who shall have final authority, subject to the provisions of this RFP and *29 Del. C. § 6982*, to award a contract to the successful vendor in the best interests of the State of Delaware.

#### **2. Proposal Selection Criteria**

The Proposal Evaluation Team shall assign up to the maximum number of points for each evaluation item to each of the proposing vendor's proposals. All assignments of points shall be at the sole discretion of the Proposal Evaluation Team.

The proposals all contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by DDOE to be essential for use by the Team in the bid evaluation and award process.

Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award.

Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.
- Select more than one vendor pursuant to *29 Del. C. §6986*.

a. **Criteria Weight**

All proposals shall be evaluated using the same criteria and scoring process. The following criteria shall be used by the Evaluation Team to evaluate proposals:

<b>Criteria</b>	<b>Weight</b>
<b>Project Plan—Experience, Reputation, and Demonstrated Ability to Deliver</b> <i>(IIA1, 2, 3; IIB1, 2)</i>	<b>20%</b>
<b>Methodology—Capacity to Meet the Project Requirements</b> <i>(IIA3, 4, 5, 6, 7; IIB2, 4, 8)</i>	<b>20%</b>
<b>Alignment to Delaware World Language Standards</b> <i>(IIA1; IIB2)</i>	<b>10%</b>
<b>Professional Development and Support</b> <i>(IIB5, 6)</i>	<b>10%</b>
<b>Technical Assistance</b> <i>(IIB7, 8)</i>	<b>10%</b>
<b>Alignment to DPAS II Component 5 Quality Assurance Rubric</b> <i>(IIA9)</i>	<b>25%</b>
<b>Cost</b> <i>(IIA8)</i>	<b>5%</b>
<b>Total</b>	<b>100%</b>

**3. Proposal Clarification**

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

**4. References**

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, DDOE may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, DDOE will pay travel costs only for State of Delaware personnel for these visits.

**5. Oral Presentations**

Selected vendors may be invited to make oral presentations to the Evaluation Team and other selected stakeholders that the state may choose. The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components.

All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for DDOE are the vendor's responsibility.

**D. Contract Terms and Conditions**

**1. General Information**

- a. The term of the contract between the successful bidder and DDOE the State shall be for one year with possible extensions for a period of one year for each extension.
- b. The selected vendor will be required to enter into a written agreement with DDOE. DDOE reserves the right to incorporate standard State contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are subject to review and approval by DDOE. Vendors will be required to sign the contract for all services, and may be required to sign additional agreements.
- c. The selected vendor or vendors will be expected to enter negotiations with DDOE, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. DDOE's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.

- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP. No vendor is to begin any service prior to receipt a State of Delaware purchase order signed by two authorized representatives of the agency requesting service, properly processed through the State of Delaware Accounting Office and the Department of Finance. The purchase order shall serve as the authorization to proceed in accordance with the bid specifications and the special instructions, once it is received by the successful vendor.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.

## **2. Collusion or Fraud**

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the State of Delaware participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any particular vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that particular proposal.

## **3. Lobbying and Gratuities**

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a State of Delaware employee or agent of the State of Delaware concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, DDOE shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with State of Delaware employees, contractors or agents of the State of Delaware concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

**4. Solicitation of State Employees**

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the State of Delaware to leave the State of Delaware's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the State of Delaware's contracting officer. Solicitation of State of Delaware employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a State of Delaware employee who has initiated contact with the vendor. However, State of Delaware employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

**5. General Contract Terms**

**a. Independent contractors**

Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party, or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

It may be at DDOE's discretion as to the location of work for the contractual support personnel during the project period. DDOE shall provide working space and sufficient supplies and material to augment the Contractor's services.

**b. Non-Appropriation**

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

**e. Indemnification**

**1) General Indemnification.**

By submitting a proposal, the proposing vendor agrees that in the event it is awarded a contract, it will indemnify and otherwise hold harmless the State of Delaware, DDOE, its agents and employees from any and all liability, suits, actions, or claims, together with all costs, expenses for attorney's fees, arising out of the vendor's its agents and employees' performance work or services in connection with the contract, regardless of whether such suits, actions, claims or liabilities are based upon acts or failures to act attributable, in whole or part, to the State, its employees or agents.

**2) Proprietary Rights Indemnification**

Vendor shall warrant that all elements of its solution, including all equipment, software, documentation, services and deliverables, do not and will not infringe upon or violate any patent, copyright, trade secret or other proprietary rights of any third party. In the event of any claim, suit or action by any third party against the State of Delaware or DDOE, the State of Delaware or DDOE shall promptly notify the vendor in writing and vendor shall defend such

claim, suit or action at vendor’s expense, and vendor shall indemnify the State of Delaware or DDOE against any loss, cost, damage, expense or liability arising out of such claim, suit or action (including, without limitation, litigation costs, lost employee time, and counsel fees) whether or not such claim, suit or action is successful.

If any equipment, software, services (including methods) products or other intellectual property used or furnished by the vendor (collectively “Products”) is or in vendor’s reasonable judgment is likely to be, held to constitute an infringing product, vendor shall at its expense and option either:

- (a) Procure the right for DDOE to continue using the Product(s);
- (b) Replace the product with a non-infringing equivalent that satisfies all the requirements of the contract; or
- (c) Modify the Product(s) to make it or them non-infringing, provided that the modification does not materially alter the functionality or efficacy of the product or cause the Product(s) or any part of the work to fail to conform to the requirements of the Contract, or only alters the Product(s) to a degree that DDOE agrees to and accepts in writing.

**f. Insurance**

- 1) Vendor recognizes that it is operating as an independent contractor and that it is liable for any and all losses, penalties, damages, expenses, attorney’s fees, judgments, and/or settlements incurred by reason of injury to or death of any and all persons, or injury to any and all property, of any nature, arising out of the vendor’s negligent performance under this contract, and particularly without limiting the foregoing, caused by, resulting from, or arising out of any act of omission on the part of the vendor in their negligent performance under this contract.
- 2) The vendor shall maintain such insurance as will protect against claims under Worker’s Compensation Act and from any other claims for damages for personal injury, including death, which may arise from operations under this contract. The vendor is an independent contractor and is not an employee of the State of Delaware.

**i. Costs and Payment Schedules**

1. All contract costs must be as detailed specifically in the Vendor’s cost proposal. No charges other than as specified in the proposal shall be allowed without written consent of DDOE. The proposal costs shall include full compensation for all taxes that the selected vendor is required to pay.

If the contract is terminated by DDOE as so provided, the Vendor will be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of the Vendor as covered by the contract, less payments of compensation previously made. Provided however, that if less than 60 percent of the services covered by the contract have been performed upon the effective date of termination, the Vendor shall be reimbursed (in addition to the above payment) for that portion of actual out of pocket expenses (not otherwise reimbursed under the contract) incurred by the Vendor during the contract period which are directly attributable to the uncompleted portion of the services covered by the contract.

## STRAND 1: DESIGN AND STANDARDS

Task ID	Descriptor	Addressed*	Evidenced By:
1.1	The purpose of the performance measure is explicitly stated (e.g., who will be tested, what is the content of the test, what are the uses of the results).		
1.2	The performance measure has underlying content standards representing a range of knowledge and skills students are expected to know and demonstrate.		
1.3	The performance measure's design is developmentally appropriate for the intended audience and reflects challenging material needed to develop higher-order thinking skills.		
	<b><i>Strand 1 Summary</i></b>	<b>__ out of 3</b>	

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

## STRAND 2: SPECIFICATIONS

Task ID	Descriptor	Addressed*	Evidenced By:
2.1	A specification table articulates the number of items <sup>1</sup> , item types, and other information for each performance measure. For test generators, information details the number of items, item types, and other information contained within the item bank (used to create the performance measure).		
2.2	A test blueprint is developed and used to align items to targeted content standards. For test generators, an automated or manual selection process is used to select items aligned to targeted content standards.		
2.3	The performance measure’s design is sufficient to measure the depth and breadth of the targeted content standards.		
	<b><i>Strand 2 Summary</i></b>	<b><i>__ out of 3.0</i></b>	

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

<sup>1</sup> The term “item” is used generically for any stimuli presented to the examinee in order to seek a reaction/response.

## STRAND 3: DEVELOPMENT

Task ID	Descriptor	Addressed*	Evidenced By:
3.1	An item development committee creates a specification table and blueprint for each performance measure; and then develops, modifies, or selects items using a standardized procedure.		
3.2	An item development committee creates an answer key and/or scoring guide for each item, including the value each item contributes to the overall raw score.		
3.3	An item review committee reviews all drafted items in terms of the following: <ul style="list-style-type: none"> <li>• alignment to the blueprints</li> <li>• developmental appropriateness</li> <li>• content accuracy</li> <li>• sensitivity, fairness, and accessibility</li> </ul>		
	<b><i>Strand 3 Summary</i></b>	<b><i>__ out of 3</i></b>	

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

## STRAND 4: LOGISTICS AND ADMINISTRATION

Task ID	Descriptor	Addressed*	Evidenced By:
4.1	Procedures outline the steps needed to obtain the necessary score sheets, administrative guidelines, and other testing materials. Software and hardware information/requirements for PC/internet-based measures are available prior to administration.		
4.2	For externally scored performance measures, procedures used for returning testing materials (including scored items) after administration are both timely and secure. For self-scored measures, guidelines for accurately scoring and reporting results are made available to end-users.		
4.3	Procedures are used to ensure security of personally identifiable information (PII).		
4.4	Guidelines for administering the performance measure are provided in either an electronic or paper format. Procedures also address the handling of secure materials and testing irregularities (e.g., cheating).		
4.5	<p>The performance measure training materials necessary to support educators in using the performance measures. These materials include the step-by-step procedures necessary to administer the measure in a consistent manner. The procedures include such things as:</p> <ul style="list-style-type: none"> <li>• scripts for teachers to orally communicate guidelines</li> <li>• time considerations for each session</li> <li>• allowable accommodations</li> <li>• how to distribute and collect testing materials</li> </ul>		
4.6	For PC/web-based formats, the performance measure contains several		

Task ID	Descriptor	Addressed*	Evidenced By:
	<p>of the following attributes:</p> <ul style="list-style-type: none"> <li>• allows students to split administration sessions</li> <li>• contains adjustable font sizes</li> <li>• provides notifications if a student attempt to exit the test prior to completing all items</li> <li>• saves responses after each item is completed</li> <li>• allows for non-sequential movement through items</li> <li>• provides a view of all answer choices at once without scrolling</li> </ul>

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

## STRAND 5: TECHNICAL PROPERTIES

Task ID	Descriptor	Addressed*	Evidenced By:
5.1	Performance level descriptors (PLDs) are written to describe the achievement continuum using content-based competencies for each assessed content area. Cut scores are established for each performance level (PL).		
5.2	Procedures are used to verify that the proper answer key is used to score multiple-choice items. Processes are used to “calibrate” raters when scoring student responses (e.g., human-scored responses have item/task scoring guidelines).		
5.3	Multiple test forms used within a single year are comparable in terms of content sample, difficulty, length, format, and cognitive load, while concurrently adhering to applicable specification table and blueprint.		
5.4	Analyses are conducted to examine item performance, scale functioning, score distribution, and content alignment at the end of each assessment cycle.		
5.5	<p>The performance measure collects score validity evidence demonstrates the following:</p> <ul style="list-style-type: none"> <li>• item responses are consistent with content specifications</li> <li>• data suggest the test measures the intended construct</li> <li>• items and test forms represent an adequate sample of the targeted content standards</li> <li>• construct irrelevant factors are minimized</li> </ul>		

Task ID	Descriptor	Addressed*	Evidenced By:
	<ul style="list-style-type: none"> <li>• interrelationship exists among strand scores</li> <li>• alternate forms measure the same targeted content standards</li> </ul>		
5.6	Reliability coefficients are reported (may include measures of internal consistency). Standard errors of measurements are calculated and reported.		
	<b><i>Strand 5 Summary</i></b>	<b><i>__ out of 6</i></b>	

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

## STRAND 6: DATA AND REPORTING

Task ID	Descriptor	Addressed*	Evidenced By:
6.1	Performance data are reported as raw scores, scaled scores, performance levels, and/or other technically sound metrics. When applicable, performance scores are linked to performance level descriptors.		
6.2	An interpretative guide is available to assist parents, teachers, and others in understanding the reported scores.		
6.3	The performance measure has a student and classroom-level set of reports. The student report provides information that is free of technical jargon, yet explains the performance of the individual. The classroom report is designed to assist educators in planning future instruction.		
	<b><i>Strand 6 Summary</i></b>	<b><i>__ out of 3.0</i></b>	

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

## STRAND 7: QUALITY CONTROLS

Task ID	Descriptor	Addressed*	Evidenced By:
7.1	<p>Measurement developers consider quality aspects such as the:</p> <ul style="list-style-type: none"> <li>• content coverage/match to test design: initial sorting of items into sets based on a balance of content categories</li> <li>• item difficulty and complexity: utilization of item statistics from previously administered items</li> <li>• relationship between forms: length, format, item type, etc.</li> </ul>		
7.2	<p>Editorial reviews use techniques that:</p> <ul style="list-style-type: none"> <li>• ensure all materials are edited and processed according to agreed professional standards</li> <li>• identify words, text, reading passages, or graphics that need copyright acknowledgements and authorization/permission</li> <li>• ensure consistency and accuracy of all performance measure components (e.g., guide documents, directions for administration, response booklets, etc.)</li> </ul>		
7.3	<p>Scoring procedures ensure (a) students are assigned the correct results for all administration of the measure; and (b) student and classroom-level reports accurately reflect scored performances of students.</p>		
	<b><i>Strand 7 Summary</i></b>	<b><i>__ out of 3.0</i></b>	

\* Rating scale = full circle = 1 (supporting evidence located); half circle = .5 (support evidence is incomplete, vague, or unclear); open circle = 0 (supporting evidence could not be located)

## STRAND 8: COSTS

Task ID	Descriptor	Addressed*	Evidenced By:
8.1	The total administration time to administer the measure is developmentally appropriate for the test-taker. Generally, this is 30 minutes for young children and up to 60 minutes per session for older students (high school).		
8.2	The unit cost (in dollars) is provided for administering the measure, including ancillary materials for each test-taker. Scoring costs, if applicable, are provided for the measure.		
8.3	The performance measure does not require additional fiscal resources (e.g., licensing fees, set-up fees, etc.) prior to implementation and the data becomes the property of the individual purchasing the measure.
