**QUESTIONS AND ANSWERS**  
**DOT1901-TRAFFIC\_COUNT**  
**TRAFFIC COUNT PROGRAM**  
**Wednesday, December 12, 2018**

<b>Q #</b>	<b>Question</b>	<b>Answer</b>
1	The RFP states that all counts must be performed with no interference to passing traffic. If counts are requested on freeways, the only safe way to install count equipment is with lane closures which would impact passing traffic. Does this mean that none of the volume or classification counts would be on freeways (I-95, I-495 I-295, future US 301 or SR 1)?	No counts will be done along any section of road on I-95, I-495, I-295, RT1 or the new 301 project.
