Q #	Question	Answer
10	How many records do you anticipate will be managed through this system?	We have approximately 1000 active licenses, the tax returns are submitted monthly. Approximately 12,000 Tax returns are filed plus any amendments. Our tax returns included all schedules.
9	Do you anticipate the FuelTRACS system to replace the Fuel TRACER system for data management by DeIDOT staff?	No, Vendor will do the data conversion, DeIDOT / DMV staff will work with vendor for Data mapping and may provide data files, Table layout etc from FuleTRACER.
8	Currently DeIDOT manages special fuel tax information through the Fuel TRACER application system. Could you provide what type of database management system is being used i.e. Oracle, SQL Server etc.?	Oracle 11.g
