

Delaware Department of Transportation
QUESTIONS AND ANSWERS
HIGHWAY SAFETY PROGRAM
1675 Request For Proposals
Monday, December 2, 2013

Q #	Question	Answer
3	What certifications would the state require our company to have to draw up Traffic Management Plans for the state?	A State of Delaware Professional Engineer's license.
2	What certifications would our individual employees actually drawing up the Traffic Management Plans need?	See response to question #1. In addition, interested firms are encouraged to review the Department's Work Zone Safety and Mobility Guidelines available on our website at www.mutcd.deldot.gov to get a better understanding of the Transportation Management Plan requirements.
1	Our company traditionally supplies flaggers and sets up traffic control for road and utility construction for several companies across the State of Delaware. Would this effect our eligibility to be a considered for a contract?	No. All <i>qualified</i> firms are encouraged to apply. Temporary traffic control makes up about 10 percent of the overall potential tasks covered under this Agreement.
