Q #	Question	Answer
2	Is there an interested vendors list and is it available to other firms? If not, will there be a list of vendors submitting responses to the RFQ and if not already available, when would a list of vendors be released?	No listing of vendors is available.
1	Is this agreement similar to or identical to Agreement 1772 advertised earlier this year? Is Agreement 1772 still being considered for selection?	Agreement 1772 has been cancelled. Agreement 1801 is separate and should be treated as a separate procurement.
