PROJECT INFORMATION

This Request for Proposal (RFP) issued by the Delaware Transportation Authority for the purpose of acquiring Proposals from interested firms to provide information to the traveling public at the Visitor’s Center facility located within Delaware Welcome Center Travel Plaza on I-95 in Newark, Delaware.

PROJECT DESCRIPTION

The selected vendor will be permitted to sell tourism based marketing on the flat screen monitor, the display racks, and via web access, including, but not limited to special displays and special promotion days. Marketing cannot conflict with any of the Welcome Center operator’s (HMS Host Tollroads, Inc.,) programs within the Welcome Center Travel Plaza.

The selected vendor and the Delaware Transportation Authority (DTA) will determine operating hours while guaranteeing coverage during peak travel times, such times to include but not limited to weekends and encompassing state holidays.

The Delaware Transportation Authority (DTA) is not responsible for the cost of operating the visitor center. Costs for operating the visitors center will need to be covered by the selected vendor through the sale of tourism based marketing functions approved by the Department.

The Visitors Center space is 500 square feet, with an additional 150 square feet of storage space located within the Welcome Center Travel Plaza located in Newark, De. There are a total of six (6) 42” color monitors; four on the back wall, one behind the desk for DE Lottery advertisement, and one for the JFK display. One telephone, four small (approximately 13”) touch screen monitors, and one lap top computer that is supplied by the contractor. The selected vendor will assume all computer systems, kiosks, hardware and monitors and be responsible for their replacement and maintenance support costs.

Delaware’s Welcome Center/Visitor’s Center forms an integral part of the Delaware Highway System. The Visitor’s Center further acts as integral part of the safe roadway travel by offering traveler information and enhancements to the tourism and travel industry of the State of Delaware. The Delaware
Transportation Authority (DTA) therefore, places significant value on services to highway travelers that visit the Visitor’s Center and is committed to supporting the economic growth in the State of Delaware. All travelers are considered customers and guests at the Visitor’s Center and must be treated with respect, courtesy, and fairness. The delivery of services reflects on the Delaware Transportation Authority (DTA) and ultimately the citizens of Delaware.

Services include but are not limited to the following:

- Provide knowledgeable, engaging, customer focused employee staffing at the Delaware Visitor Center located at the Delaware Welcome Center on I-95 in Newark, DE.
- Provide current information about Delaware and its many attractions, events, hotels, restaurants, arts organizations, universities and companies for the travelers, via brochures and other marketing materials. Vendor will also promote DMV services and EZ Pass utilization.
- Ensure State of Delaware official marketing materials (guides, maps, etc.) in the racks and that they are stocked at all times.
- Promote Delaware tourism initiatives through the Visitor Center.
- Ensure State of Delaware official commercials will be on the TV/computer screens where applicable.
- Attend quarterly meetings scheduled and facilitated by the Delaware Transportation Authority (DTA) for an Operations Review.

The Welcome Center is equipped with a hotel reservation phone board located outside of the confines of the Visitor Center. While the system is not functional at this time, the Department is interested in offering this service to the traveling public. Interested vendors should be prepared to propose a solution to assist in providing this service.

OVERVIEW OF SELECTION PROCESS – PROJECT SPECIFIC

- This is a project specific agreement where the services as described in this RFP will be provided over the life of the project.
- This is a single phase solicitation process with the option for discussions with three (3) the most highly qualified firms. Based upon the listed criteria and evaluation of each firm’s submitted proposal, the Selection Committee may decide if a small sample task and/or discussions will be held with the most highly qualified consultants. If discussions are held, they will serve to clarify the technical approach, qualifications, and capabilities provided in response to the RFP, after which the committee will determine the ranking of the candidate firms.
- Selection Committee members will individually score each firm’s submitted proposal which determines individual ranking. The Department’s ranking is the combined ranking of all Committee members. Awarded firms, in order of ranking, will have the opportunity to negotiate an agreement with the Department. If the Department cannot reach agreement with the highest ranked firm(s), the Department terminates negotiations and begins negotiations with the next highest ranked firm, and so on until an agreement is reached. The Department notifies via email the awarded firm(s) of the opportunity to enter into an agreement with the Department. This notification also includes information on the next steps for the agreement process.
- Selection Committee membership appointments are confidential.
