

**Delaware Department of Transportation**  
**QUESTIONS AND ANSWERS**  
**Erosion and Sediment Control Inspection**  
**Agreement 1838-1839**  
**June 16, 2017**

Q #	Question	Answer
1	For SF330 Part I, Section E. Resumes of Key Personnel, is there a limit to the number of resumes? Section G.26 has 20 lines available to list Key Personnel, so is 20 the maximum number of Key Personnel and Resumes that can be submitted?	There is no limit according to the RFP and SF330 instructions.
2	Scope Item 9 of the RFP indicates that the consultant may need to hire and manage a subcontractor to install and maintain erosion and sediment control measures if requested by the Department. Are these subcontractors that perform general contractor work required to be identified on the proposal or is the intent that the consultant will solicit multiple contractors at the time of the task request?	These services will be addressed with the selected firms as it pertains to an assigned task after agreement award.
3	In section 5B of the RFP, it states that firms may include a "Rating Criteria Support Information" Section limited to 4 pages on 2 sheets of paper formatted using Times New Roman, 12 pt font within Section H. Can the Department clarify the requirements of the Section H in reference to page length, font type, font size and single/double sided?	The question is unclear. Vendor states the requirements in the question: Firms may include a "Rating Criteria Support Information" Section limited to four (4) pages on two (2) sheets of paper formatted using Times New Roman, 12pt. font within Section H that covers any information that directly relates to your ability to meet the specific rating criteria cited within the RFP document.
