October 21, 2019

Q #	Question	Answer
1	DeIDOT has recently advertised Requests for Professional Services that have indicated the possibility of more than one award. Is RFP No. 1965F restricted to only one successful firm?	Yes, only one firm may be awarded from this solicitation.
2	Can you estimate the number of tasks and the value of the agreement for RFP No. 1965F? What were the number of task and value of the previous Asbestos Management agreement?	There is no guarantee of the number of tasks or contract value for agreement 1965F. The current agreement had minimal usage. Usage of this agreement is dependent upon the need for services, which we are unable to predict.
