7. Proposal Opening

The Delaware State University will receive proposals until the date and time shown in this RFP. Proposals will be opened in the presence of Delaware State University personnel.

8. Non-Conforming Proposals

Non-conforming proposals will not be considered. Non-conforming proposals are defined as those that do not meet the requirements of this RFP. The determination of whether an RFP requirement is substantive, or a mere formality shall reside solely within the Delaware State University.

9. Concise Proposals

The Delaware State University discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The Delaware State University's interest is in the quality and responsiveness of the proposal.

10. Realistic Proposals

It is the expectation of the Delaware State University that vendors can fully satisfy the obligations of the proposal in the manner and timeframe defined within the proposal. Proposals must be realistic and must represent the best estimate of time, materials and other costs including the impact of inflation and any economic or other factors that are reasonably predictable.

The Delaware State University shall bear no responsibility or increase obligation for a vendor's failure to accurately estimate the costs or resources required to meet the obligations defined in the proposal.

11. Confidentiality of Documents

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor's proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the Delaware State University/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The Delaware State University wishes to create a business-friendly environment and procurement process. As such, the University respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed

unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the University to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the Delaware State University will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the University. The University shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the University's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

13. Price Not Confidential

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

13. Multi-Vendor Solutions (Joint Ventures)

Multi-vendor solutions (joint ventures) will be allowed only if one of the venture partners is designated as the "**prime contractor**". The "**prime contractor**" must be the joint venture's contact point for the Delaware State University and be responsible for the joint venture's performance under the contract, including all project management, legal and financial responsibility for the implementation of all vendor systems. If a joint venture is proposed, a copy of the joint venture agreement clearly describing the responsibilities of the partners must be submitted with the proposal. Services specified in the proposal shall not be subcontracted without prior written approval by the Delaware State University, and approval of a request to subcontract shall not in any way relieve Vendor of responsibility for the professional and technical accuracy and adequacy of the work. Further, vendor shall be and remain liable for all damages to the Delaware State University caused by negligent performance or non-performance of work by its subcontractor or its sub-subcontractor.

Multi-vendor proposals must be a consolidated response with all cost included in the cost summary. Where necessary, RFP response pages are to be duplicated for each vendor.

a. Primary Vendor

The Delaware State University expects to negotiate and contract with only one "prime vendor". The Delaware State University will not accept any proposals that reflect an equal teaming arrangement or from vendors who are co-bidding on this RFP. The prime vendor will be responsible for the management of all subcontractors.

Any contract that may result from this RFP shall specify that the prime vendor is solely responsible for fulfillment of any contract with the University as a result of this procurement. The University will make contract payments only to the awarded vendor. Payments to any-subcontractors are the sole responsibility of the prime vendor (awarded vendor).

b. Sub-contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and major subcontractors must be identified by name. **The prime vendor shall be wholly responsible for the entire contract performance whether subcontractors are used.** Any sub-contractors must be approved by Delaware State University.

c. Multiple Proposals

A primary vendor may not participate in more than one proposal in any form. Sub- contracting vendors may participate in multiple joint venture proposals.

14. Sub-Contracting

The vendor selected shall be solely responsible for contractual performance and management of all subcontract relationships. This contract allows subcontracting assignments; however, vendors assume all responsibility for work quality, delivery, installation, maintenance, and any supporting services required by a subcontractor.

Use of subcontractors must be clearly explained in the proposal, and subcontractors must be identified by name. Any sub-contractors must be approved by Delaware State University.

15. Discrepancies and Omissions

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the Delaware State University's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, at least ten (10) calendar days prior to the time set for opening of the proposals.

a. RFP Question and Answer Process

The Delaware State University will allow written requests for clarification of the RFP. All questions shall be received no later than due date and time. All questions will be consolidated into a single set of responses and posted on the State's website at www.bids.delaware.gov. Vendor names will be removed from questions in the responses released. following format. Deviations from this format will not be accepted.

16. University's Right to Reject Proposals

The Delaware State University reserves the right to accept or reject any or all proposals or any part of any proposal, to waive defects, technicalities or any specifications (whether they be in the Delaware State University's specifications or vendor's response), to sit and act as sole judge of the merit and qualifications of each product offered, or to solicit new proposals on the same project or on a modified project which may include portions of the originally proposed project as the Delaware State University may deem necessary in the best interest of the University.

17. University's Right to Cancel Solicitation

The Delaware State University reserves the right to cancel this solicitation at any time during the procurement process, for any reason or for no reason. The Delaware State University makes no commitments expressed or implied, that this process will result in a business transaction with any vendor.

This RFP does not constitute an offer by the Delaware State University. Vendor's participation in this process may result in the Delaware State University selecting your organization to engage in further discussions and negotiations toward execution of a contract. The commencement of such negotiations does not, however, signify a commitment by the Delaware State University to execute a contract nor to continue negotiations. The Delaware State University may terminate negotiations at any time and for any reason, or for no reason.

18. University's Right to Award Multiple Source Contracting

Pursuant to 29 Del. C. [§ 6986](#), the Delaware State University may award a contract for a professional service to two or more vendors if the University makes a determination that such an award is in the best interest of the University.

19. Potential Contract Overlap

Vendors shall be advised that the University, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its departments and as it serves the best interest of the University. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The University reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the Delaware State University.

20. Notification of Withdrawal of Proposal

Vendor may modify or withdraw its proposal by written request, provided that both proposal and request is received by the Delaware State University prior to the proposal due date. Proposals may be re-submitted in accordance with the proposal due date in order to be considered further.

Proposals become the property of the Delaware State University at the proposal submission deadline. All proposals received are considered firm offers at that time.

21. Revisions to the RFP

If it becomes necessary to revise any part of the RFP, an addendum will be posted on the State of Delaware's website at www.bids.delaware.gov. The Delaware State University is not bound by any statement related to this RFP made by any Delaware State University employee, contractor or its agents.

22. Exceptions to the RFP

Any exceptions to the RFP, or the Delaware State University's terms and conditions, must be recorded on Attachment 2. Acceptance of exceptions is within the sole discretion of the evaluation committee.

23. Business References

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Attachment 4. Include business name, mailing address, contact name and phone number, number of years doing business with, and type of work performed. Personal references cannot be considered.

24. Award of Contract

The final award of a contract is subject to approval by the Delaware State University. The Delaware State University has the sole right to select the successful vendor(s) for award, to reject any proposal as unsatisfactory or non-responsive, to award a contract to other than the lowest priced proposal, to award multiple contracts, or not to award a contract, as a result of this RFP.

Notice in writing to a vendor of the acceptance of its proposal by the Delaware State University and the subsequent full execution of a written contract will constitute a contract, and no vendor will acquire any legal or equitable rights or privileges until the occurrence of both such events.

a. RFP Award Notifications

After reviews of the evaluation committee report and its recommendation, and once the contract terms and conditions have been finalized, the Delaware State University will award the contract. The contract shall be awarded to the vendor whose proposal is most advantageous, taking into consideration the evaluation factors set forth in the RFP.

It should be explicitly noted that the Delaware State University is not obligated to award the contract to the vendor who submits the lowest bid or the vendor who receives the highest total point score, rather the contract will be awarded to the vendor whose proposal is the most advantageous to the Delaware State University. The award is subject to the appropriate Delaware State University approvals.

After a final selection is made, the winning vendor will be invited to negotiate a contract with the Delaware State University; remaining vendors will be notified in writing of their selection status.

25. Cooperatives

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

V. RFP Evaluation Process

An evaluation team composed of representatives of the Delaware State University will evaluate proposals on a variety of quantitative criteria. Neither the lowest price nor highest scoring proposal will necessarily be selected.

The Delaware State University reserves full discretion to determine the competence and responsibility, professionally and/or financially, of vendors. Vendors are to provide in timely manner any and all information that the Delaware State University may deem necessary to make a decision.

1. Proposal Evaluation Team

The Proposal Evaluation Team shall be comprised of representatives of the Delaware State University. The Team shall determine which vendors meet the minimum requirements pursuant to selection criteria of the RFP and procedures established in 29 Del. C. §§ [6981](#) and [6982](#). The information required to be submitted in response to this RFP has been determined by the Delaware State University to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The University reserves the right to apply the above criteria in any manner that it deems necessary, and to evaluate each firm separately or comparatively, using these criteria as it sees fit. The University also reserves the right to seek clarification for prospective firms on any issue in the proposal, invite specific firms for site visits or oral presentations, or take any other action it feels necessary to evaluate properly the proposals and construct a solution in the University's best interest.

The proposals shall contain the essential information on which the award decision shall be made. The information required to be submitted in response to this RFP has been determined by the Delaware State University to be essential for use by the Team in the bid evaluation and award process. Therefore, all instructions contained in this RFP shall be met in order to qualify as a responsive and responsible contractor and participate in the Proposal Evaluation Team's consideration for award. Proposals which do not meet or comply with the instructions of this RFP may be considered non-conforming and deemed non-responsive and subject to disqualification at the sole discretion of the Team.

The Team reserves the right to:

- Select for contract or for negotiations a proposal other than that with lowest costs.
- Reject any and all proposals or portions of proposals received in response to this RFP or to make no award or issue a new RFP.
- Waive or modify any information, irregularity, or inconsistency in proposals received.
- Request modification to proposals from any or all vendors during the contract review and negotiation.
- Negotiate any aspect of the proposal with any vendor and negotiate with more than one vendor at the same time.

Vendors are encouraged to review the evaluation requirements and to provide a response that addresses each of the items. Evaluators will not be able to make assumptions about a vendor's capabilities so the responding vendor should be detailed in their proposal responses.

3. Proposal Clarification

The Evaluation Team may contact any vendor in order to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Proposals may not be modified as a result of any such clarification request.

4. References

The Evaluation Team may contact any customer of the vendor, whether or not included in the vendor's reference list, and use such information in the evaluation process. Additionally, the Delaware State University may choose to visit existing installations of comparable systems, which may or may not include vendor personnel. If the vendor is involved in such site visits, the Delaware State University will pay travel costs only for Delaware State University personnel for these visits.

5. Oral Presentations

After initial scoring and a determination that vendor(s) are qualified to perform the required services, selected vendors may be invited to make oral presentations to the Evaluation Team. All vendor(s) selected will be given an opportunity to present to the Evaluation Team.

The selected vendors will have their presentations scored or ranked based on their ability to successfully meet the needs of the contract requirements, successfully demonstrate their product and/or service, and respond to questions about the solution capabilities.

The vendor representative(s) attending the oral presentation shall be technically qualified to respond to questions related to the proposed system and its components. All of the vendor's costs associated with participation in oral discussions and system demonstrations conducted for the Delaware State University are the vendor's responsibility.

D. Contract Terms and Conditions

1. General Information

- a. The contract resulting from this RFP shall be valid for the time period prescribed in this RFP.
- b. The selected vendor will be required to enter into a written agreement with the Delaware State University. The Delaware State University reserves the right to incorporate standard University contractual provisions into any contract negotiated as a result of a proposal submitted in response to this RFP. Any proposed modifications to the terms and conditions of the standard contract are

subject to review and approval by the Delaware State University. Vendors will be required to sign the contract for all services and may be required to sign additional agreements.

- c. The selected vendor or vendors will be expected to enter negotiations with the Delaware State University, which will result in a formal contract between parties. Procurement will be in accordance with subsequent contracted agreement. This RFP and the selected vendor's response to this RFP will be incorporated as part of any formal contract.
- d. The Delaware State University's standard contract will most likely be supplemented with the vendor's software license, support/maintenance, source code escrow agreements, and any other applicable agreements. The terms and conditions of these agreements will be negotiated with the finalist during actual contract negotiations.
- e. The successful vendor shall promptly execute a contract incorporating the terms of this RFP within twenty (20) days after award of the contract. No vendor is to begin any service prior to receipt of a Delaware State University purchase order signed by two authorized representatives of the University requesting service, properly processed through the Delaware State University.
- f. If the vendor to whom the award is made fails to enter into the agreement as herein provided, the award will be annulled, and an award may be made to another vendor. Such vendor shall fulfill every stipulation embraced herein as if they were the party to whom the first award was made.
- g. The University reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.

2. Collusion or Fraud

Any evidence of agreement or collusion among vendor(s) and prospective vendor(s) acting to illegally restrain freedom from competition by agreement to offer a fixed price, or otherwise, will render the offers of such vendor(s) void.

By responding, the vendor shall be deemed to have represented and warranted that its proposal is not made in connection with any competing vendor submitting a separate response to this RFP, and is in all respects fair and without collusion or fraud; that the vendor did not participate in the RFP development process and had no knowledge of the specific contents of the RFP prior to its issuance; and that no employee or official of the Delaware State University participated directly or indirectly in the vendor's proposal preparation.

Advance knowledge of information which gives any vendor advantages over any other interested vendor(s), in advance of the opening of proposals, whether in response to advertising or an employee or representative thereof, will potentially void that proposal.

3. Lobbying and Gratuities

Lobbying or providing gratuities shall be strictly prohibited. Vendors found to be lobbying, providing gratuities to, or in any way attempting to influence a Delaware State University employee or agent of the Delaware State University concerning this RFP or the award of a contract resulting from this RFP shall have their proposal immediately rejected and shall be barred from further participation in this RFP.

The selected vendor will warrant that no person or selling agency has been employed or retained to solicit or secure a contract resulting from this RFP upon agreement or understanding for a commission, or a percentage, brokerage or contingent fee. For breach or violation of this warranty, the Delaware State University shall have the right to annul any contract resulting from this RFP without liability or at its discretion deduct from the contract price or otherwise recover the full amount of such commission, percentage, brokerage or contingent fee.

All contact with Delaware State University employees, contractors or agents of the Delaware State

University concerning this RFP shall be conducted in strict accordance with the manner, forum and conditions set forth in this RFP.

4. Solicitation of University Employees

Until contract award, vendors shall not, directly or indirectly, solicit any employee of the Delaware State University to leave the Delaware State University's employ in order to accept employment with the vendor, its affiliates, actual or prospective contractors, or any person acting in concert with vendor, without prior written approval of the Delaware State University's contracting officer. Solicitation of Delaware State University employees by a vendor may result in rejection of the vendor's proposal.

This paragraph does not prevent the employment by a vendor of a Delaware State University employee who has initiated contact with the vendor. However, Delaware State University employees may be legally prohibited from accepting employment with the contractor or subcontractor under certain circumstances. Vendors may not knowingly employ a person who cannot legally accept employment under state or federal law. If a vendor discovers that they have done so, they must terminate that employment immediately.

Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

SCOPE OF WORK

Delaware State University is seeking Proposals from qualified firms to provide Auditing Services. Following are some details of the scope of work.

A. General

DSU is soliciting the services of qualified firms of certified public accountants to audit its financial statements for the fiscal years ending June 30, 2020, 2021 and 2022, with the option to audit DSU's financial statements for two (2) one-year extensions (subsequent fiscal years). These audits are to be performed in accordance with the provisions contained in this request for proposals.

B. Scope of Work to be Performed

DSU desires the auditor to express an opinion on the fair presentation of its basic financial statements in conformity with generally accepted accounting principles.

DSU also desires the auditor to express an opinion on the statement of net position and the related statements of revenues, expenses, and changes in net position and cash flows. The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. Certain limited procedures should be applied which consist principally of inquiries of management regarding the measurement and presentation of the supplemental information. The auditor is not required to audit this information.

DSU also desires an audit of federal programs, NCAA compliance and preparation of tax returns (990).

C. Auditing Standards to Be Followed

To meet the requirements of this request for proposals, the audit shall be performed in accordance with: Auditing standards generally accepted in the United States of America as set forth by the American Institute of Certified Public Accountants, the Public Company Accounting Oversight Board (PCAOB), the standards for financial audits set forth in the U.S. General Accounting Office's Government Auditing Standards (2003), and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133/ Single Audit, Audits of States, Local Governments, and Non-Profit Organizations.

D. Reports to be Issued

Following the completion of the audit of the fiscal year's financial statements, the auditor shall issue:

1. **A report on the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America, including an opinion on the fair presentation of the supplementary schedule of expenditures of federal awards in relation to the audited financial statements.**
2. **A report on compliance and internal control over financial reporting based on an audit of the financial statements.**
3. **A report on compliance and internal control over compliance applicable to each major federal program.**
4. **A schedule of expenditures of federal awards is required by the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.**
5. **Management letter, if applicable, should be submitted on matters which relate to the system of internal controls that come to your attention during the course of your examination.**

In the required report(s) on compliance and internal controls, the auditor shall communicate any reportable conditions found during the audit. A reportable condition shall be defined as a significant deficiency in the design or operation of the internal control structure, which could adversely affect the organization's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements.

Reportable conditions that are also material weaknesses shall be identified as such in the report. Non-reportable conditions discovered by the auditors shall be reported in a separate letter to management, which shall be referred to in the report(s) on compliance and internal controls.

The report on compliance and internal controls shall include all material instances of non-compliance. All non-material instances of non-compliance shall be reported in a separate management letter, which shall be referred to in the report on compliance and internal controls.

Irregularities and illegal acts. All situations or transactions that come to the auditor's attention that could be indicative of fraud, abuse, illegal acts, material errors, defalcations, or other irregularities shall be promptly reported to DSU and DSU will determine the appropriate course of action.

Reporting to the Audit Committee and VP for Finance or equivalent. Auditors shall ensure that the DSU's Audit Committee is informed of each of the following.
