Re: 35157-12001 DTCC - Terry Campus - SET Lab Expansion, Kent County, DE

Dear Mr. Skibicki:

I am responding to your request for a category determination for the 35157-12001 DTCC - Terry Campus - SET Lab Expansion, which is a state funded construction project located in Kent County, DE. The work consists of building an addition to the S.E.T. building. The addition will include two laboratories with an associated prep room. The work will also consist of renovating the existing restrooms and modification to mechanical room. You estimate the total cost of construction for this project to be \$2,774,131.00.

Based upon the information you provided the Department of Labor has determined that this project is a Building Construction project.

Delaware's Prevailing Wage Regulations provide that the rates applicable to a project are the rates in effect on the date of publication of the specifications for that project. I have enclosed a certified copy of the March 15, 2012, prevailing wage rates for Building Construction to be included in your bid specification. However, please be advised that, in the event that a contract for a project is not executed within one hundred and twenty (120) days from the earliest date the specifications were published, the rates in effect at the time of the execution of the contract shall be the applicable rates for the project.

If you have any questions or I can provide any additional assistance, please do not hesitate to contact me at (302) 451-3409.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kyle Maguire'.
