ADDENDUM NO. 4

1.0 NOTICE TO ALL BIDDERS:

1.1. Bidders are hereby notified that this Addendum shall be and hereby becomes part of their Contract Documents, and shall be attached to the Project Manual for this project.

1.2. The following items are intended to revise and clarify the Contract Documents, and shall be included by the Bidder in their proposal.

1.3. Bidders shall verify that their sub-bidders are in full receipt of the information contained herein. Bidders shall acknowledge receipt of each addendum on their Bid Form.

1.4. The final date for substitution requests has expired. No requests were submitted prior to the deadline and no future requests will be considered.

1.5. The final date for questions has expired. All questions received by the deadline have been addressed, and no further questions will be considered.

2.0 CLARIFICATIONS:

2.1. Drawings and specifications provided on the State of Delaware procurement website for advertisement purposes should not be used for bidding. Only the documents issued at the Pre-bid Meeting or via download link provided directly by F-C Architects should be used for bidding purposes.

2.2. This and all future addenda will be emailed to all pre-bid attendees at the addresses given on the sign-in sheet.

3.0 QUESTIONS:

3.1 Q: Please clarify intent of Construction Notes 7 and 8 on sheet A10-01.

A: The intent of notes 7 and 8 is to provide for cutting new openings, modifying existing openings, and closing large abandoned openings in existing partitions.
where ductwork penetrations are modified. This is primarily of concern in fire- and smoke-rated partitions as identified in the drawings, or where security or sound rating is an issue. Please note that this only applies where existing partitions and wall finishes extend all the way to deck above. The majority of partitions throughout the building extend to just above the ceiling, but the complete extent is not known.

3.2 Q: *Is the domestic water system to be monitored and / or controlled by the building automation system? If so, please provide BAS diagram, sequence of operations, and specified points.*

A: No, domestic water monitoring / control is not part of this project.

4.0 CHANGES TO THE DRAWINGS:

4.1 None at this time.

5.0 CHANGES TO THE PROJECT MANUAL:

5.1 None at this time.

END OF ADDENDUM NO. 4
