**DELAWARE STATE LOTTERY SELECTS SGI-888 AS PRIMARY VENDOR
FOR iGAMING SYSTEMS AND SERVICES SOLUTION**

Dover, Del. (May 2, 2013) – The Delaware State Lottery announced today that it will begin negotiations with Scientific Games International–888 Holdings as the apparent successful Primary Vendor selected under a Request for Proposal (RFP) issued by the Lottery Office earlier this year. Upon contract award, the successful vendor will deliver systems and services that will allow Delaware to become the first U.S. State to offer Internet-based, casino-style gaming to adult players who are present within the State's boundaries.

888 Holdings is a worldwide Internet gaming leader offering best of breed poker and casino products across 150 global markets. Scientific Games offers an array of experience in the gaming industry with a distinctive history in Delaware's land based environment.
