MINORITY AND WOMEN BUSINESS DEFINITION

A Minority and Women Business Enterprise is a business that is at least 51 percent owned, controlled and actively managed by minority group members who are United States citizens or persons lawfully admitted to the United States for permanent residence. The business must currently be performing a useful function. A useful business function is one, which results in the provision of materials, supplies, equipment or services to consumers in the state. A business acting as a conduit to transfer funds to a non-minority business does not constitute a useful business function unless doing so is a normal industry practice. A minority group member is one of the following:

- a. **AMERICAN INDIAN** means a person who is enrolled as a member of federally recognized American Indian tribe or band, and who possesses documentation of at least one-fourth American Indian ancestry, and documentation of tribal recognition as an America Indian;
- b. **ASIAN-INDIAN** means a person whose ancestors originated in India, Pakistan or Bangladesh;
- c. **AFRICAN AMERICAN** means a person whose ancestors originated in any of the black racial groups of Africa;
- d. **HISPANIC** means a person of any race whose ancestors originated in Mexico, Puerto Rico, Cuba, Central America or South America or whose cultural origin is Spanish;
- e. **ASIAN-PACIFIC** means a person whose ancestors originated in Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, Guam, the U.S. Trust Territories of the Pacific or the Northern Marinas;
- f. **NATIVE HAWAIIANS AND POLYNESIANS;**
- g. **ESKIMOS**

OWNERSHIP AND CONTROL

“Owned and controlled” means:

- A. A sole proprietorship legitimately owned by and individual who is a minority person;
- B. A corporation, a limited liability corporation, a partnership or joint venture controlled by minority persons and in which at least 51 percent of the beneficial ownership interests are legitimately held by minority persons, and in which at least 51 of the voting interests are legitimately held by minority person.
- The minority ownership; interest in the firm must be real, substantial and continuing. Such interest may include:
 - a. A risk of loss/share of profit commensurate with the proportional ownership;
 - b. Receipt of the customary incidents of ownership, such as salary and/or intangible benefits.
- A minority owner must have and exercise the authority to independently control the business. The minority owner need not be continually present to be deemed in control. Characteristics of control may include:
 - Authority to sign bids and contracts
 - a. Making decisions in price negotiations;
 - b. Incurring liabilities for the firm;
 - c. Making final staffing decisions;
 - d. Policy-making; and
 - e. Making general company management decisions.
- The minority or women owners must possess the power to make to make day-to-day and long-standing decisions on matters of management, policy and operations. The firm must be under formal or informal restrictions (such as bylaws, partnership agreement, etc.) that limit authority of the minority and/or women owners to make decision and determine the future of the business. Minority or women owners must hold the highest officer position in their companies, example chief executive officer or president.
- Only those firms performing a useful business function according to custom and practice in the industry are qualified as M/WBE. Acting merely as a passive conduit of funds to some other, non-minority firm where such activity is unnecessary to accomplish the project does not constitute a “useful business function according to custom and practice in the industry”.
- The minority and women owners shall also possess the power to direct or cause the direction of the management and policies of the firm and make day-to-day as well as major decisions on matters of management, policy and operations. The firm shall not be subject to any formal or informal restrictions through, for example through, by-laws provisions, partnership agreements, or charter requirements for cumulative voting rights or otherwise that prevents the minority and women owners, without the cooperation or vote of any owner who is not a minority or women for making a business decision of the firm.
- The minority and/or women must demonstrate that they possess the experience, expertise and knowledge to operate their particular types of business. Generally, expertise limited to office management, administration, or bookkeeping functions unrelated to the principal business activities of the company is insufficient to demonstrate control. Women and/or minority owners must also verify that they hold any licenses or certification required by the type of business in which they are engaged. While persons other than the owner(s) may have supervisory responsibilities within the company, ultimate supervision must rest in the hands of the minority and/or women owner.
- If the owners of the firm who are not minorities or women are disproportionately responsible for the operation of the firm, then the firm is not controlled by minorities and shall not be considered as M/WBE within the meaning of the definition. Where the actual management of the firm is contracted out to individuals other than the owner, those person who have the ultimate power to hire and fire the managers, can, for the purpose of this definition be considered as controlling the business.

All securities, which constitute ownership and/or control of a corporation for the purpose of establishing it as a M/WBE, shall be held directly by minorities or women. No securities held in trust, or by a guardian for a minor, shall be considered as held by a minority or women in determining the ownership or control of a corporation.

The contributions of capital or expertise by the minority and women owners to acquire their interests in the firm shall be real and substantial.

- C. A business located in a state other than Delaware must first obtain state-level certification in its home state, if such certification is available. "Home state" is defined as the state the company's headquarters are located.
- D. Even when the company documents support the basic certification criteria, certification can be denied if the business operations do not reflect the ownership shown on paper.
- E. a) Be a for-profit business (non-profits cannot become certified)
b) Provide and be qualified to provide the goods and services for which it is being certified.
- F. If your business does not supply OMWBE with the required documentation for certification, in other words the application was submitted incomplete, the office will contact you by phone and send you a letter requesting required documentation. If you do not respond within 30 days your application will be placed in a pending file for 6 months and returned to your business as inactive. A business may resubmit the certification application at any time.
- G. If your business is certified through another Certifying organization such as the Department of Transportation, you need to complete #'s 1-7 and #14 on the Delaware Certification Application and complete page 6. You must also attach a copy of your certification and mail all documents to the OMWBE.
