Vendors are asked to provide pricing for the seventy (70) classroom furniture items listed in the Appendix A, School Classroom. If bidding on this section, vendors are required to either provide pricing based on an exact match as stated in the specifications, or on a suitable/comparable substitute item. The pricing for these items will remain firm for the term of the contract. Vendors are also asked to provide discounts off list pricing by manufacturer and series for items that are not contained in this list that State agencies might want to purchase. These discounts will be based on the list pricing in effect as of the contract start date of January 1, 2010 and shall also remain firm for the initial two (2) year term of the contract.
