Contracts awarded under this Information Technology Solicitation will have variable contract periods; i.e., contracts will be in effect for an initial period of five years from the date of award. 7. BEFORE SUBMITTING YOUR eOFFER:

a. Complete the mandatory Readiness Assessment free self evaluation, available on the Vendor Support Center website at <https://vsc.gsa.gov>. From the VSC home page, click on Toolbox in the upper left corner and complete the Research, Analyze, and Decide modules.

b. Complete the free registration with System for Award Management (SAM.gov) in its entirety. The information is current, accurate, and complete, and reflects the North American Industrial Classification System (NAICS) code(s) for this solicitation. The web address for SAM is <https://www.sam.gov>. Offers will be rejected if the System for Award Management (SAM) registration has not been completed or has expired.

c. Obtain an Open Ratings report. You must provide the required Open Ratings report with the initial submission of your offer. You may go on line at www.ppereports.com to obtain your Open Ratings report. An offer submitted without a current Open Ratings report will be rejected as non-responsive. An Open Ratings report is considered current for 1 (one) year from the date of issuance. See the Past Performance Evaluation attachment to this solicitation for additional information.

d. Offerors must submit a copy of the certificate signifying that one of its current employees who is listed in the authorized negotiator section, has completed the Pathway to Success training within the past year. Pathway to Success training is available through the Vendor Support Center website at <http://vsc.gsa.gov>. Click on the tab Training to access this free, web-based training. The training session is less than two hours total and covers the major factors your organization should consider prior to submitting an offer to GSA. NOTE: Pathway to Success training certifications will not be accepted from Consultants or Agents completing the training on behalf of their clients.

8. SUBMISSION OF OFFER. Information about this particular solicitation can be obtained from the issuing

office address shown herein.

- a. Your offer must be submitted electronically via the e-Offer website (<http://eoffer.gsa.gov>).
- b. By using the e-Offer system, submitting a signed copy of the SF1449 is NOT necessary due to the digital certificate required to submit an e-Offer. All other documents, including but not limited to Letter of Supply, Past Performance Evaluation and Subcontracting Plan requiring signature must be signed and dated before uploading to the eOffer system.
- c. NOTE: CSP-1 Commercial Sales Practices form is only required with contracts that are NOT PARTICIPATING in the Transactional Data Reporting (TDR) Pilot. Complete CSP-1 Commercial Sales Practices, which is an attachment to the solicitation, in accordance with the instructions provided with the clause, in its entirety. Additionally, you must provide a copy of the Commercial Pricelist in effect during the period for which you reported commercial sales on the CSP-1 form. Failure to provide the completed CSP-1 may result in rejection of the offer as non-responsive.
- d. Provide your current Commercial Price list. This is the price list you provide your commercial customers, and NOT a GSA price list or price proposal. This price list must reflect the company name and/or logo and must have an effective date. This price list should not have any reference to GSA other than to have the applicable Special Item Number (SIN) annotated by the offered items.
- e. If special catalogs or price lists are printed for the purpose of this offer, such descriptive catalogs or price lists shall include a statement indicating the special catalog or price list represents a verbatim extract from the contractors commercial catalog and/or price list.
- f. Provide discount information to include the basic and/or quantity/volume discount offered from your commercial pricing in accordance with Clause 552.212-70 Preparation of Offer located in the solicitation document. See the Discount Proposal Spreadsheet attachment for required information. Note regarding Manufacturers Part Numbers: Offeror must ensure the Original Equipment Manufacturer (OEM), Manufacturer Part Number or Wholesaler Number for each product proposed reflects the actual part number assigned. If the OEM, Manufacturer, or Wholesaler Part Number is submitted incorrectly or not submitted, the product offering will not be awarded.
- g. If you are not the manufacturer of the product(s) you are offering, an acceptable Letter of Commitment/Supply must be provided. See Clause I-FSS-644 Dealers and Suppliers in the Basic Solicitation and the letter requirements. Failure to provide acceptable Letters of Commitment/Supply may result in rejection of the offer as non-responsive. See Letter of Supply template for required language.
- h. Any products offered must comply with the Trade Agreements Act (TAA). It is the responsibility of the offeror to determine TAA compliance. When an item consists of components from various countries and the components are assembled in an additional country, the test to determine country of origin is substantial transformation (reference FAR 25.001(c)). Offerors can go to The Office of Regulations and Rulings within U.S. Customs and Border Protection, which is the Federal Agency responsible for making substantial transformation determinations. CBPs determinations or opinions are based upon tariff laws. The offeror may also request an opinion from a third party expert or make the determination himself. The internet address for the U.S. Customs and Border Protection is: <http://www.cbp.gov/>. Reference 19 CFR 177.23. Offerors should keep this in mind when completing the TAA certification section of the SAM registration. When evaluating offers, the Contracting Officer will rely solely on the representations and certifications of the offeror and will not make substantial transformation determinations.
- i. In accordance with FAR 4.102(e), you must complete K-FSS-1 Authorized Negotiator if you have authorized an Agent/Consultant to act on your behalf.
- j. If you are classified as other than small business (or are owned by or affiliated with a large business), your offer will be valued in excess of \$700,000 for the basic contract period. Therefore, a Small Business Subcontracting Plan MUST be submitted with your offer. See the Small Business Subcontracting Plan attachment for a sample format for the plan. Failure to provide an acceptable Subcontracting Plan (if required) may result in rejection of the offer as non-responsive.
- k. Applicable only to offers ultimately bound for overseas destinations: Offer must maintain an order tracking system that permits ordering agencies to obtain the location of an order from the time the order is shipped to the

time/point of delivery and acceptance at end point of point of delivery. Offeror must also demonstrate understanding of an order bound for an international end point delivery and provide a sample electronic version of an appropriately marked label in accordance with the FED-STD-123 and MIL-STD-129 edition in effect at the date of issuance of the solicitation. Offer will not be accepted for OCONUS delivery if offer does not demonstrate a proper tracking system and a sample packaging label for international delivery.

l. Pursuant to Clause 552.238-74, Industrial Funding Fee and Sales Reporting, the IFF is a separate collection mechanism and any increase or decrease in the fee does not change the price/discount relationship established at the time of award pursuant to 552.238-75, Price Reductions. Please note there is a base (non-TDR) and an alternate (TDR) clause in this solicitation. If a vendor is participating in the TDR pilot, the alternate clause applies. If a vendor is not participating in TDR Pilot, then the base clause applies.

m. The IFF is a separate collection mechanism. The discounts and pricing you offer to the Government may not include the IFF. The IFF shall be added to the net GSA price. Discounted price divided by .9925 equals the final GSA Advantage price.

9. DIGITAL CERTIFICATES. Offerors must obtain a Level 3 Digital Authentication Certificate in order to access the eOffer system. In order to facilitate the timely processing of your offer and administration of the resultant contract, it is highly recommend that you have at least two (2) persons with digital certificates listed as Authorized Negotiators in your offer and authorized to sign, at least one of which is an employee of the offering company. For information and instructions on obtaining digital certificates, visit the eOffer website (<http://eoffer.gsa.gov>). Include a screen shot or copy of the digital certificates with your offer.

10. Vendors must submit offers through the GSA eOffer system (<http://eoffer.gsa.gov/>). Please note that Digital Certificates are required when using the eOffer system. For assistance, please visit the Vendor Support Center (<http://vsc.gsa.gov>).

11. TERMS & CONDITIONS. For your convenience, the standard Terms and Conditions of each SIN have been replicated in the attachment entitled "Critical Information Specific to Schedule 70". Thoroughly read the attachment for additional critical information and requirements specific to the Schedule under which you are submitting your offer. The Offeror is still obligated to complete and return their Offered Pricing / Price List Document which includes the Terms and Conditions applicable to each SIN. These additional Terms and Conditions will be part of your awarded contract.

12. In order to fully evaluate your offer, all elements of the solicitation must be completed. You should pay close attention to the requirements noted below. Failure to provide any element of these requirements may result in rejection of your offer as substantially incomplete or insufficient to evaluate.

a. The www.acquisition.gov site links you to all sites prospective Offerors might need (SAM, e-SRS, FedBizOpps).

13. In an effort to raise the standards for the GSA Multiple Award Schedules to ensure the customer agencies and the MAS contractors receiving and providing services that are in the best interest of Government, the following language has been incorporated into the solicitations:

a. AbilityOne Language

Offeror must be an authorized AbilityOne distributor by the Committee for Purchase from People Who Are Blind or Severely Disabled. Contractor shall meet the AbilityOne Exclusivity Requirement by blocking orders of commercial products that are identified as being identical to or Essentially the SAME (ETS) as AbilityOne offered products. Please note: An authorized AbilityOne distributor is discretionary not mandatory. Offerors are not required to be an authorized AbilityOne distributor in order to be a Schedule 70 vendor.

b. Manufacturers Part Number

Offeror must ensure the Original Equipment Manufacturer (OEM), Manufacturer Part Number or Wholesaler Number for each product proposed reflects the actual part number assigned. If the OEM, Manufacturer, or Wholesaler Part Number is submitted incorrectly or not submitted, the product offering will not be awarded.

c. Frustrated Freight

Applicable only to offers ultimately bound for overseas destinations: Offer must maintain an order tracking system that permits ordering agencies to obtain the location of an order from the time the order is shipped to the time/point of delivery and acceptance at end point of point of delivery.

Offeror must also demonstrate understanding of an order bound for an international end point delivery and provide a sample electronic version of an appropriately marked label in accordance with the FED-STD-123 and MIL-STD-129 edition in effect at the date of issuance of the solicitation.

Offer will not be accepted for OCONUS delivery if offer does not demonstrate a proper tracking system and a sample packaging label for international delivery.

d. Full Products and Broad Services Offerings

Offeror must provide a full and broad offering on services and/or products. Offers will not be accepted with only limited item/offering (product, labor category, training course, or fixed-price service) unless it represents a total solution for the Special Item Numbers (SINs).

e. Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA Contracting Officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers which provide Most Favored Customer pricing, but which are not highly competitive will not be found fair and reasonable and will not be accepted.

14. INCORPORATED BY REFERENCE (IBR). Many of the provisions and clauses cited in this solicitation are incorporated by reference to the appropriate section of the Federal Acquisition Regulation (FAR) or the General Services Administration Acquisition Manual (GSAM). A review of these clauses and provisions will be necessary for you to understand all aspects of the solicitation. The full text of any FAR and GSAM clauses which are incorporated by reference in this solicitation may be found in the electronic file titled 'Regulations Incorporated by Reference', or they can be accessed at the following URLs:

FAR: <https://www.acquisition.gov/far/>

GSAM: <https://www.acquisition.gov/gsam/gsam.html>

15. Copies of FAR may be purchased from:

Superintendent of Documents
Government Printing Office (GPO)
Washington, DC 20402

16. RECEIPT OF OFFERS/SCHEDULE CONTRACT PERIOD. This standing solicitation will remain in effect until replaced by an updated solicitation. There will be no closing date for receipt of offers. Therefore, offers may be submitted for consideration at any time. See A-FSS-11 CONSIDERATION OF OFFERS UNDER STANDING SOLICITATION.

17. SOLICITATION FORMAT/CONTENTS. This solicitation has been prepared in accordance with FAR Part 12, Acquisition of Commercial Items, which implements Title VIII of the Federal Acquisition Streamlining Act (FASA) of 1994 (Public Law 103-355), the Clinger-Cohen Act of 1996 (Public Law 104-106), and the final rule, published as General Services Administration Acquisition Regulation (GSAR) Change 76, regarding commercial item acquisitions under the Multiple Award Schedules Program. The contract format and data requirements in this solicitation differ somewhat from previous solicitations. Offerors are strongly advised to carefully review the entire solicitation document.

18. INTERNET PROTOCOL VERSION 6 (IPv6). All Information Technology offers at the time of submission dealing with Internet Protocol (IP) are self certifying offerings as Internet Protocol Version 6 (IPv6) compliant.

19. MANDATORY ACCEPTANCE OF CREDIT CARD. Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Contractors are encouraged to accept credit cards for orders above the micro-purchase threshold. See GSAR 552.232-79 PAYMENT BY CREDIT CARD, VARIATION.

20. PAST PERFORMANCE. In order to assist the Government in assessing an Offeror's past performance, each company responding to this solicitation will be required to have Dun & Bradstreet (D&B) c/o Open Ratings, a strategic partner with D&B, complete a Past Performance Evaluation Report on that firm. For companies with less than two-years of corporate experience: the Past Performance Evaluation Report may include customer

references and feedback from the key personnel's past performance. The request must be made prior to the submission of a proposal. Each Offeror must submit, with its proposal, a completed copy of the past performance evaluation form sent, by the Offeror, to Open Ratings. Any charges associated with the Past Performance Evaluation Report will be paid by the Offeror. SEE PAST PERFORMANCE EVALUATION.

21. FINANCIAL RESPONSIBILITY DETERMINATION. Please be aware that a financial responsibility determination will be completed on your firm. Please ensure that your Dun and Bradstreet information is up to date. Financial documentation (Income Statement and Balance Sheet) from your firms last 2 fiscal years must be submitted (if applicable; see Critical Information Specific to Schedule 70).

22. PROFESSIONAL SERVICE. If offering professional services (as defined by 29 CFR 541) (SINs 132-51 and/or 132-60f and/or 132-56, and/or 132-40 and/or, 132-45A, 132-45B, 132-45C, 132-45D and/or 132-41). Offeror shall submit a Professional Compensation Plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract in accordance with Clause 52.222.-46 Evaluation of Compensation for Professional Employee. Individual compensation disclosure is not required. Only one Professional Compensation plan is required for a vendor per schedule contract and not with each SIN offering professional services. Submission of general compensation practices often printed in an employee handbook is sufficient. PLEASE REFER to SCP-FSS-004 General Proposal Submission Instructions for additional guidance.

23. COOPERATIVE PURCHASING. Section 211 of the E-Government Act of 2002 amended the Federal Property and Administrative Services Act to allow for cooperative purchasing. Cooperative Purchasing authorizes State and local government entities to purchase Information Technology (IT) supplies/products and services from the GSA IT Schedule 70 and the Consolidated Schedule contracts containing Information Technology (IT) Special Item Numbers (SINs).

a. State and local government entities means: the states of the United States, counties, municipalities, cities, towns, townships, tribal governments, public authorities (including public or Indian housing agencies under the United States Housing Act of 1937), school districts, colleges and other institutions of higher education, council of governments (incorporated or not), regional or interstate government entities, or any agency or instrumentality of the preceding entities (including any local educational agency or institution of higher education), and including legislative and judicial departments. The Final Rule regarding Cooperative Purchasing was issued in the Federal Register on May 18, 2004, and was incorporated via Refresh 14.

b. When submitting an Offer, please INDICATE IN YOUR COVER LETTER, which Special Item Numbers (SINs) are to include COOPERATIVE PURCHASING.

24. DISASTER RECOVERY. This provides for state and local governments to use GSA's schedules for Disaster Recovery as provided for in Section 833 of the National Defense Authorization Act of Fiscal Year 2007, commonly known as the John Warner National Defense Authorization Act (P.L. 109-364). Specifically, it authorizes the use of Federal Supply Schedules by state and local governments to facilitate recovery from major disaster, terrorism, nuclear, biological, chemical, or radiological attacks. The disaster must be declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.)

NOTE: If the Offeror chooses to participate in Disaster Recovery (GSAR 552.238-80), the program then applies to ALL SINs listed under the offer. Please respond to the Disaster Recovery option when submitting your offer.

25. 00CORP - CONSOLIDATED SCHEDULE (Formerly Corporate Contracts Schedule). The Consolidated Schedule adds value by simultaneously reducing administrative costs, shortening lead times and ensuring quality services and related supplies. This Schedule covers a broad spectrum of services for various functional domains, including engineering, information technology, logistics, and management/organizational business improvement services.

This Schedule is a tool for federal agencies to issue task orders to a single company to perform a requirement that includes services falling within the scope of several individual Schedules. If you feel that your company would better benefit from a Consolidated Schedule, please submit your offer under 00CORP - CONSOLIDATED SCHEDULE (Formerly Corporate Contracts Schedule) instead of Schedule 70.

26. DANGER PAY. Contractor personnel may be required to perform services in areas designated by the Department of State as Danger Pay or Hardship Posts for a variety of reasons, including contingency operations, humanitarian or peacekeeping operations, military exercises and/or operations, or diplomatic missions. The Department of State Standardized Regulations (DSSR) provides for additional compensation for

service in foreign locations where conditions of environment differ substantially from conditions of environment in the continental U.S. that additional compensation is warranted and necessary as a recruitment or retention incentive.

Danger Pay and Hardship Post differential rates must be negotiated at the MAS contract level. The Contractor may request these rates upon award or via contract modification any time after award. Applicable SINs under Schedule contracts may include a Danger Pay or Hardship Post differential. If it is included, it is a rate differential. The Ordering Agency Contracting Officer has the authority to determine whether or not it is appropriate for an individual order. For more information on Danger Pay, please see the Department of State's website: <http://www.state.gov>.

27. FOREIGN VENDORS. Offerors from foreign countries are obligated to the same rules and regulations as domestic offerors, however there are some minor differences. The requirements for Foreign Vendors include but are not limited to the items listed below. The list is simply an aid and may not be complete. Additional documentation or certifications may be required by the Contracting Officer at anytime.

Foreign Vendors:

- Must submit a Small Business Plan only if the offeror has physical offices located with the United States.
- Are still obligated to obtain a DUNS #
- Must submit all prices in US Dollars
- Must perform the currency conversion at the time the order is placed
- Be TAA compliant

Please read the entire Solicitation for the full list of requirements for Foreign Vendors.

28. FEDERAL ASSETS SALES. An executive agency may sell personal property (including on behalf of another agency when so requested) only if it is a designated Sales Center (SC), or if the agency has received a waiver from the eFAS Planning Office. An SC may engage contractor support to sell personal property. Only a duly authorized agency official may execute the sale award documents and bind the United States. CITATION: Code of Federal Regulations 41CFR102-38.40.

29. PROPOSED ECONOMIC PRICE ADJUSTMENT (EPA) MECHANISM. EPA is described in detail in Clauses I-FSS-969 and 552.216-70. Please note there is a base (non-TDR) and an alternate (TDR) clause in this solicitation. If a vendor is participating in the TDR pilot, the alternate clause applies. If a vendor is not participating in TDR Pilot, then the base clause applies.

30. GSA ADVANTAGE. An electronic information and ordering system, known as GSA Advantage! encompasses all of the products and services under this schedule (I-FSS-597). Contractors are required to display product, service and pricing information on GSA Advantage! within 6 months after the contract award.

31. RE-REPRESENTATION OF SIZE STATUS FOR OPTION PERIODS. Prior to the time the Contracting

Officer exercises an option, the Contractor will be required to re-represent business size status and 8(a) program eligibility to the Contracting Officer. Refer to Clause 52.219-28 (JUN 2007).

32. **ADVISORY ASSISTANCE SERVICES.** Offerors are advised that nongovernment consultants may assist the Government during the Government's evaluation of proposals. These persons shall be authorized access to only those portions of the proposal data and discussions that are necessary to enable them to provide specific technical advice on specialized matters or on particular problems. They shall be expressly prohibited from scoring, ranking, or recommending the selection of a source. All nongovernment consultants have signed a Non-Disclosure Agreement. Each nongovernment consultant has expressly agreed to maintain the confidentiality of all documents, data and other information provided, obtained, or accessed from the General Services Administration (GSA) and among other attestations, agreed to the following:

- (a) The contractor assumes full responsibility for and guarantees the security and confidentiality of all documents, data, and other information supplied or gleaned from GSA; and
- (b) The contractor will prevent any person from disclosing the contents or description of documents, data, or information, including proprietary information maintained by the Government to any person not authorized by GSA or to have access to such documents or information.

33. **SECTION 508 COMPLIANCE.** Section 508 is a part of the Rehabilitation Act of 1973 which requires that electronic and information technology (EIT) developed, procured, maintained, or used by the Federal government be accessible to people with disabilities. On August 7, 1998, the President signed into law the Workforce Investment Act of 1998, which includes the Rehabilitation Act Amendments of 1998. Section 508 was originally added to the Rehabilitation Act in 1986; the 1998 amendments significantly expand and strengthen the technology access requirements in Section 508.

Section 508 requires that when Federal agencies develop, procure, maintain, or use electronic and information technology, they shall ensure that the electronic and information technology allows Federal employees with disabilities to have access to and use of information and data that is comparable to the access to and use of information and data by Federal employees who are not individuals with disabilities, unless an undue burden would be imposed on the agency. Section 508 also requires that individuals with disabilities, who are members of the public seeking information or services from a Federal agency, have access to and use of information and data that is comparable to that provided to the public who are not individuals with disabilities, unless an undue burden would be imposed on the agency.

Offerors are required to self-certify that their products or services are in compliance with Section 508 technical standards. Therefore, the offeror is required to submit with its offer a designated area on its website that outlines the Voluntary Product Accessibility Template (VPAT) or equivalent qualification, which ultimately becomes the Government Product Accessibility Template (GPAT). The purpose of the VPAT is to assist Federal contracting officials and other buyers in making preliminary assessments regarding the availability of commercial EIT products and services with features that support accessibility.

The Offeror must comply with all required Federal or agency standards as specified in the scope of Work for each Task Order. Section 508, the Federal Information Technology Accessibility Initiative (36 CFR 1194), is incorporated into and made a part of this solicitation. Compliance with the applicable Section 508 standards is a material requirement of this solicitation.

All EIT deliverables resulting from task orders placed against this solicitation, inclusive of electronic documents, must meet all minimum accessibility requirements as well as Section 508 technical standards at a minimum. The offeror must reference the Section 508 technical standards below as a resource for meeting compliance of deliverables:

- 1194.21 Software applications and operating systems
- 1194.22 Web-based Intranet and Internet Information and Applications
- 1194.23 Telecommunications Products
- 1194.24 Video and multimedia products
- 1194.25 Self contained, closed products
- 1194.26 Desktop and portable computers
- 1194.31 Functional Performance Criteria
- 1194.41 Information, Documentation and Support
- World Wide Web Consortium (W3C) www.w3c.org

34. **SUBMISSION OF MODIFICATIONS.** Vendors must submit their modifications to current contracts using the

eOffer/eMod system (<http://eoffer.gsa.gov/>). Please note that Digital Certificates are required when using the eOffer/eMod system. For technical issues or concerns with the eMod system, please send an email to eoffer@gsa.gov.

- (d) If the offeror was previously awarded a Schedule contract that was cancelled or allowed to expire due to low or no sales, a new offer for the same Schedule will not be considered unless a minimum of 12 months have passed since the effective date of the cancellation or the expiration date of the previous contract. Any offer submitted prior to the completion of this 12-month period will be rejected.
- (e) By submission of an offer, the offeror attests that it understands and agrees to comply with the requirements of clause 552.238-74 *Industrial Funding Fee and Sales Reporting*.
- (f) In addition to full compliance with the requirements of this provision (SCP-FSS-001-N), the offeror must also comply with the following provisions, as applicable. Failure to comply with an applicable provision will result in rejection of the offer.

Solicitation provisions and their applicability are detailed below:

- (2) SCP-FSS-003 *Specific Proposal Submission Instructions for Products* – Applies to all offers that propose products, with the exception of offers under Schedule 70.

(i) The proposal instructions in SCP-FSS-001-N are common to all solicitations. Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. Please review the solicitation attachments “Read Me First” and/or “Critical Information” for specific Schedule or SIN requirements.

(j) All offerors must comply with the following:

(1) Section I – Administrative/Contract Data

i. A designated Authorized Negotiator who is also a company officer (i.e., President, CEO, CFO, etc.) must complete (or have completed within one year of the date of offer submission) the *Pathway to Success* training. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the “Education” tab and then “Pathway to Success.” The training session is less than two hours total and covers the major factors vendors should consider prior to submitting an offer to GSA. eOffer will verify the name of the person that completed the *Pathway to Success* training and the date of completion.

ii. The offeror must complete and submit the *Readiness Assessment for Prospective Offerors*. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the “Education” tab and then “Vendor Toolbox (Readiness Assessment).” The Readiness Assessment must be completed by a company officer (i.e., President, CEO, CFO, etc.) and completed/dated within the past one-year period. This tool is designed to assist vendors in determining whether they are ready to pursue a Schedule contract and prepares them to navigate the Schedule proposal process.

iii. The offeror must be registered with the System for Award Management (SAM) at <http://www.sam.gov>. The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the SINs proposed. SAM consolidates the information previously contained in the Central Contractor Registration (CCR), Excluded Parties List System (EPLS), and Online Representations and Certifications Application (ORCA) databases.

iv. The offeror must provide the following, as applicable:

(A) A copy of any cancellation letters received within the preceding two-year period for previously awarded Schedule contracts,

(B) A copy of any rejection notices received within the preceding two-year period for previously submitted Schedule offers,

(C) If a contract was previously awarded under THIS Schedule, and it was subsequently cancelled or allowed to expire due to low sales, a detailed description of the steps the offeror plans to take to generate sales through a new contract that includes the following:

1) A copy of the cancellation letter or notification of determination not to exercise an option,

2) Current Federal sales in excess of \$25,000, as evidenced by copies of contractual documents that identify the Federal entity and the date and value of the product or services provided,

3) Demonstration that there is a reasonable expectation that any future award will comply with clause I-FSS-639 *Contract Sales Criteria*,

4) A marketing plan detailing the steps you plan to take to generate sales through a new GSA Schedule contract.

(D) Information regarding any pending offers under other Schedules, to include the name and phone number of the assigned GSA contract specialist,

(E) Information regarding any currently awarded GSA Schedule contracts, to include the awarded contract number and price list.

v. The offeror must provide financial statements for the previous two-year period (audited, if available). At a minimum, each financial statement must consist of a balance sheet and income statement. GSA will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available. In accordance with Federal Acquisition Regulation (FAR) 9.103(a), contracts will only be awarded to responsible prospective contractors. To be determined responsible, an offeror must have adequate financial resources to perform the contract or the ability to obtain them. Note that 1.) submission of a GSA Form 527 does not meet the aforementioned requirements, and 2.) offerors are NOT to submit tax returns.

vi. The offeror must prepare and submit a Small Business Subcontracting Plan, if applicable. The offeror is to complete the Small Business Subcontracting Plan module in eOffer if, pursuant to the applicable NAICS codes and size standards, the offeror is determined to be other than a small business concern for purposes of this solicitation. Large businesses, nonprofit organizations, and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan as detailed in clause 552.219-72 *Preparation, Submission, and Negotiation of Subcontracting Plans*, incorporated by reference. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the contracting officer

prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer.

Note: GSA's subcontracting goals can be found at the following website:
<https://www.sba.gov/contracting/contracting-officials/goaling>.

vii. Unless otherwise requested, the offeror shall not submit brochures, newsletters, or other marketing materials.

viii. An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre- and post-award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (e.g., removing an authorized negotiator that only has pre-award delegations).

(2) Section II – Technical Proposal

The offeror must address the three technical proposal factors below.

i. Factor One - Corporate Experience: The offeror must submit a narrative description of its corporate experience. This narrative cannot exceed two pages and must address the following:

(A) The number of years of corporate experience in providing the products/services described under this Schedule, regardless of the specific products/services being proposed – a minimum of two (2) years of corporate experience is required,

(B) Organization's number of employees, experience in the field, and resources available to enable it to fulfill requirements,

(C) Brief history of the offeror's activities contributing to the development of expertise and capabilities related to this requirement,

(D) Information that demonstrates the offeror's organizational and accounting controls,

(E) A description of the resources presently in-house or the ability to acquire the type and kinds of personnel/products proposed,

(F) A description of how the offeror intends to market the proposed products/services to Federal clients,

(G) A discussion regarding the intended use of subcontractors.

ii. Factor Two - Past Performance: The offeror must order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(A) Past Performance Evaluations are valid for a period of one year from the date of issuance by ORI. If the evaluation was issued more than one year prior to the date of proposal submission via eOffer, the proposal will be rejected.

(B) The order form must be completed with a minimum of six (6) customer references submitted. A "customer reference" is defined as a person or company that has purchased relevant products/services from the offeror. The offeror is advised to use references from projects involving products/services related to this solicitation and/or those performed under NAICS code(s) applicable to

proposed products/services.

(C) The offeror must submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form with its proposal. Failure to submit the completed evaluation and order form will result in rejection of the proposal.

(D) The offeror must address any negative feedback for each of the feedback categories contained in the ORI report, to include actions taken to minimize the problems that resulted in negative feedback.

iii. Factor Three - Quality Control: The offeror is to submit a single narrative for this factor, regardless of the number of products/services offered. This narrative cannot exceed two (2) pages and must address the following:

(A) A description of internal review procedures that facilitate high-quality standards,

(B) Identification of individuals responsible for ensuring quality control,

(C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance,

(D) How potential problem areas and solutions are handled,

(E) The procedures for ensuring quality performance when meeting urgent requirements,

(F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously.

(3) Section III – Price Proposal

i. GSA's pricing goal is to obtain equal to or better than the offeror's Most Favored Customer (MFC) pricing under the same or similar terms and conditions. GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. However, offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

ii. Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror's commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

(A) If the MFC is a Federal agency, but sales exist to commercial customers, identify which, if any, of the commercial customers receive the offeror's best price. This will allow the Government to establish a "basis of award" customer in accordance with paragraph (a) of clause 552.238-75 *Price Reductions*.

(B) Proposed prices must include the 0.75% Industrial Funding Fee (IFF) (see contract clause 552.238-74 *Industrial Funding Fee and Sales Reporting*). This fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

iii. Provide supporting documentation for EACH proposed product/service price.

Supporting pricing documentation may consist of published and publicly-available commercial catalogs/price lists, copies of invoices, contracts, quote sheets, etc., and must be submitted with the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed product/service.

iv. The offeror must submit a detailed price narrative containing sufficient information for each of the products/services offered to enable the contracting officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the offeror's designated Most Favored Customer, the narrative must explain the rationale for proposing such a price in a manner sufficient to enable the contracting officer to determine that the rate is fair and reasonable. Any deviation from the offeror's commercial sales practices must be explained, including the specific circumstances and frequency of the deviations.

The offeror must also propose a mechanism for future price adjustments, as detailed below:

(A) If pricing proposed in the Price Proposal Template is based on a commercial price list, submit a copy of the company's current, dated price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 *Economic Price Adjustment – Multiple Award Schedule Contracts*.

OR

(B) If pricing proposed in the Price Proposal Template is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 *Economic Price Adjustment – FSS Multiple Award Schedule*. The offeror must either propose a fixed annual escalation rate or identify a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index).

v. Travel will be handled in accordance with clause C-FSS-370 *Contractor Tasks/Special Requirements*. Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

vi. Complete the Commercial Sales Practices Format (CSP-1) in eOffer in accordance with instructions provided. Provide a rationale for the given estimate of GSA contract annual sales.

(k) Raising the Bar

In an effort to raise standards under the FSS program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

(1) AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission.

Certain commercial products are considered “essentially the same” (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, the offeror is required to remove any ETS items from its FSS proposal. This applies only to the following Schedules: 73 - Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals and Services; 75 - Office Products/Supplies and Services and New Products/Technology; 51V - Hardware Superstore; and 70 - General Purpose Commercial Information Technology

Equipment, Software, and Services.

For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov/, or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/ 703-603-2117.

(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The offeror must also demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offer does not demonstrate a proper tracking system and provide a sample packaging label for international delivery.

(4) Full-Product and Broad-Service Offerings

The offeror must provide a full and broad array of proposed products/services. An offer will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted.

Note: Regulation SCP-FSS-001

(i) The proposal instructions in SCP-FSS-001-N are common to all solicitations. Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. (j) All offerors must comply with the following:

(1) Section I – Administrative/Contract Data

i. A designated Authorized Negotiator who is also a company officer (i.e., President, CEO, CFO, etc.) must complete (or have completed within one year of the date of offer submission) the *Pathway to Success* training. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the "Education" tab and then "Pathway to Success." i. Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror's commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

ii. The offeror must propose a mechanism for future price adjustments, as detailed below —

(A) If pricing proposed in Price Proposal Template is based on a commercial price list, submit a copy of the company's current, dated price list, catalog, or standard rate sheet (note that this must be an existing, stand-alone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 *Economic Price Adjustment – FSS Multiple Award Schedule Contracts*.

OR

(B) If pricing proposed in the Price Proposal Template is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 *Economic Price Adjustment – FSS Multiple Award Schedule*. The offeror must either propose a fixed annual escalation rate or identify a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index).

iii. Travel will be handled in accordance with clause C-FSS-370 *Contractor Tasks/Special Requirements*. Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

(k) Raising the Bar

In an effort to raise standards under the FSS program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

(1) AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission.

Certain commercial products are considered "essentially the same" (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, the offeror is required to remove any ETS items from its FSS proposal. This applies only to the following Schedules: 73 - Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals and Services; 75 - Office Products/Supplies and Services and New Products/Technology; 51V - Hardware Superstore; and 70 - General Purpose Commercial Information Technology Equipment, Software, and Services.

For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov/, or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/ 703-603-2117.

(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The offeror must also demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offer does not demonstrate a proper tracking system and provide a sample packaging label for international delivery.

(4) Full-Product and Broad-Service Offerings

The offeror must provide a full and broad array of proposed products/services. An offer will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues.

Note: Regulation SCP-FSS-001-N

This provision APPLIES to offerors that elect to participate in the TDR pilot.

If elect to NOT participate in the TDR pilot, then provision SCP-FSS-001-N - INSTRUCTIONS APPLICABLE TO NEW OFFERORS (OCT 2015) (ALTERNATE I - MAR 2016) applies.

(2) Sales under the existing contract have averaged a minimum of \$25,000 per year for the previous five years of reported sales.

(3) There is a demonstrated pattern of satisfactory past performance under the existing contract.

(e) By submission of an offer, the offeror attests that it understands and agrees to comply with the requirements of clause 552.238-74 *Industrial Funding Fee and Sales Reporting*.

(f) In addition to full compliance with the requirements of this provision (SCP-FSS-001-S), the offeror must also comply with the following provisions, as applicable. Failure to comply with an applicable provision will result in rejection of the offer.

(1) SCP-FSS-002 *Specific Proposal Instructions for Services* – Applies to all offers that propose services, with the exception of Schedule 70. The offeror must comply with all requirements under this provision with the exception of (d)(2) Section II - Technical Proposal (Factor Four - Relevant Project Experience), which is not applicable to streamlined offers.

(5) SCP-FSS-006 *Special Proposal Instructions for Products and Services for Schedule 23V* – Applies only to offers submitted under Schedule 23V - Automotive Superstore. The offeror must comply with all requirements under this provision.

Offerors proposing both products and services must comply with the streamlined requirements of SCP-FSS-002 and SCP-FSS-003, as detailed above. Offers submitted under Schedule 70 are required to comply with the streamlined requirements of SCP-FSS-004 only, regardless of whether products and/or services are offered.

(g) The following documentation requirements are completed directly through the eOffer application:

- (1) Active System for Award Management (SAM) registration verification,
- (2) Small Business Subcontracting Plan (if applicable),
- (3) Commercial Sales Practices (CSP) disclosure.

The offeror must complete and upload the following documents to the eOffer application:

- (1) Previous FSS cancellations and rejections, pending offers for other Schedule contracts, and awarded Schedule contracts,
- (2) Agent Authorization Letter (if applicable),
- (3) Technical Proposal,
- (4) Price Proposal Template,
- (5) Supporting Pricing Documentation,
- (6) Price Narrative,
- (7) Commercial Price List or Market Rate Sheet (if applicable).

(h) **Withdrawal of Offer:** The offeror may withdraw its offer from consideration at any time prior to award or rejection by withdrawing it in eOffer. If an offer is withdrawn, a new offer can be resubmitted at a later date. Information saved from the previous withdrawn offer can be copied over to the new offer, excluding uploaded documents.

(i) The streamlined proposal instructions in SCP-FSS-001-S are common to all solicitations. Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. Please review the solicitation attachments “Read Me First” and/or “Critical Information” for specific Schedule or SIN requirements.

(j) All offerors must comply with the following:

(1) Section I – Administrative/Contract Data

(i.) The offeror must be registered with the System for Award Management (SAM) at <http://www.sam.gov>. The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the SINs proposed. SAM consolidates the information previously contained in the Central Contractor Registration (CCR), Excluded Parties List System (EPLS), and Online Representations and Certifications Application (ORCA) databases.

(ii.) The offeror must provide the following, as applicable:

(A) A copy of any cancellation letters received within the preceding two-year period for previously awarded Schedule contracts,

(B) A copy of any rejection notices received within the preceding two-year period for previously submitted Schedule offers,

(C) Information regarding any pending offers under other Schedules, to include the name and phone number of the assigned GSA contract specialist,

(D) Information regarding any currently awarded GSA Schedule contracts, to include the awarded contract number and price list.

(iii.) The offeror must prepare and submit a Small Business Subcontracting Plan, if

applicable. The offeror is to complete the Small Business Subcontracting Plan module in eOffer if, pursuant to the applicable NAICS codes and size standards, the offeror is determined to be other than a small business concern for purposes of this solicitation. Large businesses, nonprofit organizations, and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan as detailed in clause 552.219-72 *Preparation, Submission, and Negotiation of Subcontracting Plans*, incorporated by reference. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the contracting officer prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer. Note: GSA's subcontracting goals can be found at the following website: <https://www.sba.gov/contracting/contracting-officials/goaling>.

(iv.) Unless otherwise requested, the offeror shall not submit brochures, newsletters, or other marketing materials.

(v.) An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre- and post-award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (*e.g.*, removing an authorized negotiator that only has pre-award delegations).

(2) Section II – Technical Proposal

The two technical proposal factors are below. The offeror is required to address Quality Control. The submission of data in support of Past Performance is optional.

(i.) Quality Control: The offeror is to submit a single narrative for this factor, regardless of the number of products/services offered. This narrative cannot exceed two (2) pages and must address the following:

(A) A description of internal review procedures that facilitate high-quality standards,

(B) Identification of individuals responsible for ensuring quality control,

(C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance,

(D) How potential problem areas and solutions are handled,

(E) The procedures for ensuring quality performance when meeting urgent requirements,

(F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously.

(ii.) Past Performance: The offeror is not required to address this factor, as past performance will be evaluated based on existing information available to the contracting officer. The offeror may submit relevant past performance references if desired but is not required to. If submitting relevant past performance references please include point of contact information for each.

(3) Section III - Price Proposal

(i.) GSA's pricing goal is to obtain equal to or better than the offeror's Most Favored Customer (MFC) pricing under the same or similar terms and conditions. GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. However, offers that propose Most

Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

(ii.) Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror's commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

(A) If the MFC is a Federal agency, but sales exist to commercial customers, identify which, if any, of the commercial customers receive the contractor's best price.

(B) Proposed prices must include the 0.75% Industrial Funding Fee (IFF) (see contract clause 552.238-74 *Industrial Funding Fee and Sales Reporting*). This fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

(iii.) Provide supporting documentation for EACH proposed product/service price. Supporting pricing documentation may consist of published and publicly available commercial catalogs/price lists, copies of invoices, contracts, quote sheets, *etc.*, and must be submitted with the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed product/service.

(iv.) The offeror must submit a detailed price narrative containing sufficient information for each of the products/services offered to enable the contracting officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the offeror's designated Most Favored Customer, the narrative must explain the rationale for proposing such a price in a manner sufficient to enable the contracting officer to determine that the rate is fair and reasonable. Any deviation from the offeror's commercial sales practices must be explained, including the specific circumstances and frequency of the deviations.

The offeror must also propose a mechanism for future price adjustments, as detailed below:

(A) If pricing proposed in the Price Proposal Template is based on a commercial price list, submit a copy of the company's current, dated price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 *Economic Price Adjustment – Multiple Award Schedule Contracts*.

OR

(B) If pricing proposed in the Price Proposal Template is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 *Economic Price Adjustment – FSS Multiple Award Schedule*. The offeror must either propose a fixed annual escalation rate or identify a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index).

(v.) Travel will be handled in accordance with clause C-FSS-370 *Contractor Tasks/Special Requirements*. Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

(vi.) Complete the Commercial Sales Practices Format (CSP-1) in eOffer in accordance with the instructions provided. Provide a rationale for the given estimate of GSA contract annual sales.

(k) Raising the Bar

In an effort to raise standards under the FSS program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

(1) AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. or more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov/, or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/ 703-603-2117.

(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. (4) Full-Product and Broad-Service Offerings

The offeror must provide a full and broad array of proposed products/services. Offers will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted.

Note: Regulation SCP-FSS-001-S

This provision DOES NOT apply to offerors that elect to participate in the TDR Pilot.

Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

(k) Raising the Bar

In an effort to raise standards under the FSS program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

(1) AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission.

Certain commercial products are considered “essentially the same” (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, the offeror is required to remove any ETS items from its FSS proposal. This applies only to the following Schedules: 73 - Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals and Services; 75 - Office Products/Supplies and Services and New Products/Technology; 51V -Hardware Superstore; and 70 - General Purpose Commercial Information Technology Equipment, Software, and Services.

For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov/, or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/ 703-603-2117.

(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The offeror must also demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offer does not demonstrate a proper tracking system and provide a sample packaging label for international delivery.

(4) Full-Product and Broad-Service Offerings

The offeror must provide a full and broad array of proposed products/services. Offers will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers that are not highly competitive will not be determined fair and reasonable and will not be accepted.

Note: Regulation SCP-FSS-001-S

This provision APPLIES to offerors that elect to participate in the TDR pilot.

If elect to NOT participate in the TDR pilot, then provision SCP-FSS-001-S - INSTRUCTIONS APPLICABLE TO SUCCESSFUL FSS PROGRAM CONTRACTORS (MAR 2016) applies.

- (c) OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price.
- (d) Offerors proposing the Order-Level Materials Special Item Number (SIN) are not required to propose items or pricing at the contract level, since by definition OLMs are *unknown* at the time of FSS contract award. The ordering activity contracting officer is responsible for defining OLMs and determining proposed OLM pricing fair and reasonable for a particular order.
- (e) OLMs are purchased under the authority of the FSS Program and are not “open market items.”
- (f) Items awarded under ancillary supplies/services and other direct cost (ODC) SINs are not OLMs. These SINs are reserved for items that can be defined and priced *up-front* at the FSS contract level.
- (g) The Order-Level Materials SIN cannot be the only SIN awarded on a contract. The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN.
- (h) The Order-Level Materials SIN is exempt from CSP-1 *Commercial Sales Practices* disclosure requirements.
- (i) The Order-Level Materials SIN is exempt from the following clauses:

552.216-70 Economic Price Adjustment - FSS Multiple Award Schedule Contracts

*I-FSS-969 Economic Price Adjustment - FSS Multiple Award Schedule**552.238-71 Submission and Distribution of Authorized FSS Schedule Pricelists**552.238-75 Price Reductions*

(j) Terms and conditions that otherwise apply to the FSS contract also apply to the Order-Level Materials SIN. Examples include but are not limited to:

Trade Agreements Act (TAA)

Sales reporting and Industrial Funding Fee (IFF) remittance

Environmental Attributes clauses

AbilityOne Program Essentially the Same (ETS) compliance

(k) Prices for items provided under the Order-Level Materials SIN must be inclusive of the IFF. The value of order-level materials in a task or delivery order [or the cumulative value of order-level materials in orders against an FSS BPA] awarded under an FSS contract, shall not exceed 33.33% .

(l) There are no administrative, technical, or price proposal requirements for the Order-Level Materials SIN (i.e., Section I - Administrative/Contract Data, Section II - Technical Proposal, and Section III - Price Proposal). The Order-Level Materials SIN will be awarded when proposed by an offeror, provided that (1) the Schedule is authorized for inclusion of OLMs, and (2) the Order-Level Materials SIN will not be the only awarded SIN under the contract.

(i) The proposal instructions in SCP-FSS-001-N are common to all solicitations. Some Schedules and SINs have additional requirements specific to that particular Schedule or SIN. Please review the solicitation attachments “Read Me First” and/or “Critical Information” for specific Schedule or SIN requirements.

(j) All offerors must comply with the following:

(1) Section I – Administrative/Contract Data

i. A designated Authorized Negotiator who is also a company officer (i.e., President, CEO, CFO, etc.) must complete (or have completed within one year of the date of offer submission) the *Pathway to Success* training. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the “Education” tab and then “Pathway to Success.” The training session is less than two hours total and covers the major factors vendors should consider prior to submitting an offer to GSA. eOffer will verify the name of the person that completed the *Pathway to Success* training and the date of completion.

ii. The offeror must complete and submit the *Readiness Assessment for Prospective Offerors*. This free, web-based self-assessment is available through the Vendor Education Center (VEC), which can be accessed directly at <https://gsafas.secure.force.com/MASTrainingHome> or through the Vendor Support Center (<http://vsc.gsa.gov>) by selecting the “Education” tab and then “Vendor Toolbox (Readiness Assessment).” The Readiness Assessment must be completed by a company officer (i.e., President, CEO, CFO, etc.) and completed/dated within the past one-year period. This tool is designed to assist vendors in determining whether they are ready to pursue a Schedule contract and prepares them to navigate the Schedule proposal process.

iii. The offeror must be registered with the System for Award Management (SAM) at <http://www.sam.gov>. The information provided must be current, accurate, and complete, and reflect the North American Industrial Classification System (NAICS) code(s) for this solicitation and the SINs proposed. SAM consolidates the information previously contained in the Central Contractor Registration (CCR), Excluded Parties List System (EPLS), and Online Representations and Certifications Application (ORCA) databases.

iv. The offeror must provide the following, as applicable:

(A) A copy of any cancellation letters received within the preceding two-year period for previously awarded Schedule contracts,

(B) A copy of any rejection notices received within the preceding two-year period for previously submitted Schedule offers,

(C) If a contract was previously awarded under THIS Schedule, and it was

subsequently cancelled or allowed to expire due to low sales, a detailed description of the steps the offeror plans to take to generate sales through a new contract that includes the following:

- 1) A copy of the cancellation letter or notification of determination not to exercise an option,
- 2) Current Federal sales in excess of \$25,000, as evidenced by copies of contractual documents that identify the Federal entity and the date and value of the product or services provided,
- 3) Demonstration that there is a reasonable expectation that any future award will comply with clause I-FSS-639 *Contract Sales Criteria*,
- 4) A marketing plan detailing the steps you plan to take to generate sales through a new GSA Schedule contract.

(D) Information regarding any pending offers under other Schedules, to include the name and phone number of the assigned GSA contract specialist,

(E) Information regarding any currently awarded GSA Schedule contracts, to include the awarded contract number and price list.

v. In accordance with Federal Acquisition Regulation (FAR) 9.103(a), contracts will only be awarded to responsible prospective contractors. To be determined responsible, an offeror must have adequate financial resources to perform the contract or the ability to obtain them. Note that 1.) submission of a GSA Form 527 does not meet the aforementioned requirements, and 2.) offerors are NOT to submit tax returns.

(A) For offerors with more than two years of corporate experience, the Offeror must provide financial statements for the previous two-year period (audited, if available). At a minimum, each financial statement must consist of a balance sheet and income statement. GSA will use this information to determine financial responsibility. Provide an explanation for any negative financial information disclosed, including negative equity or income. Offerors may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available.

(B) For Offerors with less than two years of corporate experience, the Offeror shall submit any form of financial documentation that will prove financial responsibility. If no financial statements exist, the Contracting Officer, after offer submission, may request additional documentation.

vi. The offeror must prepare and submit a Small Business Subcontracting Plan, if applicable. The offeror is to complete the Small Business Subcontracting Plan module in eOffer if, pursuant to the applicable NAICS codes and size standards, the offeror is determined to be other than a small business concern for purposes of this solicitation. Large businesses, nonprofit organizations, and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan as detailed in clause 552.219-72 *Preparation, Submission, and Negotiation of Subcontracting Plans*, incorporated by reference. The Government will review each plan to ensure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiation, along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the contracting officer prior to award. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your offer.

Note: GSA's subcontracting goals can be found at the following website:
<https://www.sba.gov/contracting/contracting-officials/goaling>.

vii. Unless otherwise requested, the offeror shall not submit brochures, newsletters, or other marketing materials.

viii. An Agent Authorization Letter must be completed and submitted as part of the offer if a consultant or third-party agent assisted in the preparation of the offer, will be involved in any part of the negotiation of the offer, or will be involved in any post-award actions. The template for the Agent Authorization Letter can be found as an attachment to the solicitation. The Agent Authorization Letter has both pre- and post-award delegations. For any resultant contract, the contractor is responsible for initiating a modification to ensure all authorized negotiators and delegations are up-to-date (e.g., removing an authorized negotiator that only has pre-award delegations).

(2) Section II – Technical Proposal

The offeror must address the three technical proposal factors below.

i. Factor One - Corporate Experience: The offeror must submit a narrative description of its corporate experience. This narrative cannot exceed two pages and must address the following:

(A) The number of years of corporate experience in providing the products/services described under this Schedule, regardless of the specific products/services being proposed. Companies with less than two years of corporate experience shall submit the additional information:

1) Relevant corporate experience of key personnel;

(a) Key personnel, proposed by the Contractor and accepted by the Contracting Officer during contract award, are expected to remain dedicated to the contract. The resume(s) of the initially proposed key personnel shall become the minimum requirement for qualifications for the duration of the total contract term. If the originally proposed key personnel change, the Contractor is required to substitute personnel with equal ability and qualifications and update resume(s) according. Such a change shall require approval from the Contracting Officer.

2) Resumes of key personnel; and

3) Organizational chart illustrating clear lines of authority.

(B) Organization's number of employees, experience in the field, and resources available to enable it to fulfill requirements.

(C) Brief history of the offeror's activities contributing to the development of expertise and capabilities related to this requirement.

(D) Information that demonstrates the offeror's organizational and accounting controls.

(E) A description of the resources presently in-house or the ability to acquire the type and kinds of personnel/products proposed.

(F) A description of how the offeror intends to market the proposed products/services to Federal clients.

(G) A discussion regarding the intended use of subcontractors.

ii. Factor Two - Past Performance: The offeror must order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(A) Past Performance Evaluations are valid for a period of one year from the date of issuance by ORI. If the evaluation was issued more than one year prior to the date of proposal submission via eOffer, the proposal will be rejected.

(B) The order form must be completed with a minimum of six (6) customer references submitted. A "customer reference" is defined as a person or company that has purchased relevant products/services from the offeror. The offeror is advised to use references from projects involving products/services related to this solicitation and/or those performed under NAICS code(s) applicable to proposed products/services.

(C) The offeror must submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form with its proposal. Failure to submit the completed evaluation and order form will result in rejection of the proposal.

(D) The offeror must address any negative feedback for each of the feedback categories contained in the ORI report, to include actions taken to minimize the problems that resulted in negative feedback.

iii. **Factor Three - Quality Control:** The offeror is to submit a single narrative for this factor, regardless of the number of products/services offered. This narrative cannot exceed two (2) pages and must address the following:

(A) A description of internal review procedures that facilitate high-quality standards,

(B) Identification of individuals responsible for ensuring quality control,

(C) Whether or not subcontractors are used and, if so, the quality control measures used to ensure acceptable subcontractor performance,

(D) How potential problem areas and solutions are handled,

(E) The procedures for ensuring quality performance when meeting urgent requirements,

(F) How quality control will be managed when completing multiple projects for multiple agencies simultaneously.

(3) Section III – Price Proposal

i. GSA's pricing goal is to obtain equal to or better than the offeror's Most Favored Customer (MFC) pricing under the same or similar terms and conditions. GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. However, offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

ii. Submit proposed pricing using the attached Price Proposal Template. The Price Proposal Template MUST be submitted in Microsoft Office Excel format. The proposed pricing structure must be consistent with the offeror's commercial practices. Pricing must be clearly identified as based either on a "Commercial Price List" or a "Commercial Market Price," as defined in FAR 2.101 (see "Catalog Price" and "Market Prices" under the definition of "Commercial Item").

(A) If the MFC is a Federal agency, but sales exist to commercial customers, identify which, if any, of the commercial customers receive the offeror's best price. This will allow the Government to establish a "basis of award" customer in accordance with paragraph (a) of clause 552.238-75 *Price Reductions*.

(B) Proposed prices must include the 0.75% Industrial Funding Fee (IFF) (see contract clause 552.238-74 *Industrial Funding Fee and Sales Reporting*). This fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

iii. Provide supporting documentation for EACH proposed product/service price. Supporting pricing documentation may consist of published and publicly-available commercial catalogs/price lists, copies of invoices, contracts, quote sheets, etc., and must be submitted with the offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be clearly labeled with the name of the corresponding proposed product/service.

iv. The offeror must submit a detailed price narrative containing sufficient information for each of the products/services offered to enable the contracting officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the offeror's designated Most Favored Customer, the narrative must explain the rationale for proposing such a price in a manner sufficient to enable the contracting officer to determine that the rate is fair and reasonable. Any deviation from the offeror's commercial sales practices must be explained, including the specific circumstances and frequency of the deviations.

The offeror must also propose a mechanism for future price adjustments, as detailed below:

(A) If pricing proposed in the Price Proposal Template is based on a commercial price list, submit a copy of the company's current, dated price list, catalog, or standard rate sheet (note that this must be an existing, standalone document, and not prepared for purposes of this solicitation). Future price adjustments for pricing based on a commercial price list are subject to clause 552.216-70 *Economic Price Adjustment – Multiple Award Schedule Contracts*.

OR

(B) If pricing proposed in the Price Proposal Template is based on commercial market prices, future price adjustments are subject to clause I-FSS-969 *Economic Price Adjustment – FSS Multiple Award Schedule*. The offeror must either propose a fixed annual escalation rate or identify a relevant market indicator (e.g., the Bureau of Labor Statistics Employment Cost Index).

v. Travel will be handled in accordance with clause C-FSS-370 *Contractor Tasks/Special Requirements*. Costs for transportation, lodging, meals and incidental expenses are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. These costs should not be included in proposed prices, as they are to be coordinated at the order level.

vi. Complete the Commercial Sales Practices Format (CSP-1) in eOffer in accordance with instructions provided. Provide a rationale for the given estimate of GSA contract annual sales.

(k) Raising the Bar

In an effort to raise standards under the FSS program, the following requirements have been highlighted in all solicitations and are relevant to this Schedule, as applicable:

(1) AbilityOne Program Products

The AbilityOne Program is a Federal procurement program that generates jobs for individuals who are blind or have another significant disability. In order to distribute AbilityOne products, a vendor must be an authorized AbilityOne Program distributor as designated by the U.S. AbilityOne Commission.

Certain commercial products are considered “essentially the same” (ETS) as AbilityOne products. Because AbilityOne products are mandatory purchases for Federal customers, the offeror is required to remove any ETS items from its FSS proposal. This applies only to the following Schedules: 73 - Food Service, Hospitality, Cleaning Equipment and Supplies, Chemicals and Services; 75 - Office Products/Supplies and Services and New Products/Technology; 51V -

Hardware Superstore; and 70 - General Purpose Commercial Information Technology Equipment, Software, and Services.

For more information on the AbilityOne Program, ETS products, and becoming an authorized AbilityOne distributor, please visit www.abilityone.gov/, or contact Mr. Mike Jurkowski at mjurkowski@abilityone.gov/ 703-603-2117.

(2) Manufacturer Part Number and Universal Product Code Data

Manufacturer Part Number (MPN) data must be submitted for all products. The offeror must ensure that the MPN for each proposed product reflects the actual number assigned. Universal Product Code Type A (UPC-A) data must also be submitted for all products for which this information is commercially available. If MPN (and UPC-A data, if commercially available) is submitted incorrectly or not submitted, the associated product may not be awarded.

(3) Frustrated Freight (applicable only to overseas delivery)

The offeror must maintain an order tracking system that permits ordering agencies to track the location of an order at any time, from the moment the order is shipped, to the point of delivery and acceptance. The offeror must also demonstrate understanding of orders bound for an international end-point delivery by providing a sample electronic version of a label appropriately marked in accordance with the FED-STD-123 and MIL-STD-129 edition in effect as of the date of solicitation issuance. An offer for OCONUS delivery will not be accepted if the offer does not demonstrate a proper tracking system and provide a sample packaging label for international delivery.

(4) Full-Product and Broad-Service Offerings

The offeror must provide a full and broad array of proposed products/services. An offer will not be accepted with limited product/service offerings unless it represents a total solution for the proposed SINs.

(5) Fair and Reasonable Pricing

To determine fair and reasonable pricing, the GSA contracting officer may consider many factors, including pricing on competitor contracts, historical pricing, and currently available pricing in other venues. Offers that propose Most Favored Customer pricing but are not highly competitive will not be determined fair and reasonable and will not be accepted.

Note: Regulation SCP-FSS-001-N

This provision DOES NOT apply to offerors that elect to participate in the TDR Pilot.

If elect to participate in the TDR pilot, then provision SCP-FSS-001-N - INSTRUCTIONS APPLICABLE TO NEW OFFERORS (OCT 2015) (ALTERNATE VI - JUL 2016) applies.

Begin Regulation

SCP-FSS-004 SPECIFIC PROPOSAL INSTRUCTIONS FOR SCHEDULE 70 (FEB 2019)

(a) Read the entire solicitation document prior to preparation of an offer.

(b) CRITICAL INFORMATION - See attachment "Critical Information Specific to Schedule 70." Thoroughly read the attachment for additional information, requirements, and terms and conditions specific to Schedule 70.

(c) The Offeror must comply with the instructions outlined in either SCP-FSS-001-N *Instructions Applicable to New Offerors (Alternate I – MAR 2016)* or SCP-FSS-001-S *Instructions Applicable to*

Successful FSS Program Contractors, as applicable.

(d) Offerors submitting an offer under Schedule 70 must also comply with the following:

I Section I Administrative/Contract Data

(1) All proposed products must comply with the Trade Agreements Act (TAA). It is the responsibility of the Offeror to determine TAA compliance. When an item consists of components from various countries and the components are assembled in an additional country, the test to determine country of origin is “substantial transformation” (reference FAR 25.001(c)(2)). The Offeror may also request an opinion from a third-party expert or make the determination itself. Offerors can go to The Office of Regulations and Rulings within U.S. Customs and Border Protection (CBP), which is the Federal agency responsible for making final substantial transformation determinations(reference 19 CFR Part 177 Subpart B). CBP’s determinations or opinions are based upon tariff laws . The Internet address for CBP is: <https://www.cbp.gov/>. The Offeror should keep this requirement in mind when completing the TAA certification section of its SAM registration. When evaluating offers, the contracting officer will rely on the representations and certifications of the Offeror and will not make substantial transformation determinations.

(2) If the Offeror is not the manufacturer of the product(s) being proposed, an acceptable Letter of Commitment/Supply must be provided. See clause I-FSS-644 Dealers and Suppliers in the Basic Solicitation and the letter requirements. Failure to provide acceptable Letters of Commitment/Supply may result in rejection of the offer. See Letter of Supply Template for required language.

(3) If offering Commercial Supplier Agreement (CSA)Terms (e.g. standard terms of sales or lease, Terms of Service (TOS), End User License Agreements (EULA), or other similar legal instruments or agreements) – Often ordering activities will decline to place an order because of Federally non-compliant terms (e.g., customer indemnification). This results in a loss of business for the Schedule holder. In order to facilitate GSA’s review and negotiation of each individual set of terms for compliance with Federal law, the Offeror is required to submit its CSA in an editable format, and preferably with the Federally non-compliant terms and conditions already removed. Such submissions may help GSA avoid delays in reviewing and negotiating each individual agreement. “Clickwrap” submissions or links to agreements are not acceptable. The Offeror must clearly define what additional products, services, and prices are included with its CSA.

II Section II Technical Proposal:

The Offeror shall address the technical factors as described below for specific Special Items Numbers (SINs), where applicable:

(1) FACTOR 1: Corporate Experience: See SCP-FSS-001-N

Evaluation time slots will be assigned on a first-come-first-served basis. The Government reserves the right to reschedule any offeror's oral technical evaluation at its sole discretion. The oral technical evaluation will be held at facilities designated by the TEB. The exact location, seating capacity, and any other relevant information will be provided when the evaluations are scheduled. The government may make accommodations for vendors to participate in the oral evaluations virtually, if they are unable to participate in-person.

(C) PROHIBITION OF ELECTRONIC RECORDING OF THE ORAL TECHNICAL EVALUATION: The offeror may not record or transmit any of the oral evaluation process. All offeror's electronic devices shall be removed from the room during the evaluation. The offeror is permitted to have a timer in the room during the evaluation, provided by the TEB.

The rating definitions provided below will be used for the evaluation of the offeror's responses to questions during the oral evaluation.

TECHNICAL RATINGS	
Rating	Definition
Acceptable	The proposal clearly meets the minimum requirements of the solicitation.
Unacceptable	The proposal does not clearly meet the minimum requirements of the solicitation.

(6) Factor 6 Product Qualification Requirements for SIN 132-44 CDM Tools SIN

(i) SIN 132-44 CDM Tools SIN Background

(a) General Services Administration (GSA) is providing a Continuous Diagnostics and Mitigation (CDM) Tools SIN as part of the CDM Program to safeguard, secure, and strengthen cyberspace and the security posture of networks. The CDM Tools SIN is a government-wide contracting solution to provide a consistent set of continuous diagnostics and mitigation tools. The SIN enhances the ability of offerors to bring new and innovative solutions to the CDM Program through continuous technology refresh.

(ii) Product Qualification Requirements

(a) The hardware and software products, and associated services under SIN 132-44 shall undergo a product qualification process, outside the solicitation, by a third party to be added to the CDM Approved Products List (APL). Qualification requirements and procedures for the evaluation of products and associated services are set forth in a separate document posted at <http://gsa.gov/cdm> (along with the CDM APL Submission Form to be completed by the offeror for APL submission). In addition to the evaluation of other technical and non-technical factors, only items on the approved CDM APL (received by GSA) shall be included as part of offering for this SIN. New offers for hardware, software, and associated services are required to go through the product qualification process prior to submission to GSA for Schedule 70 contract or modification consideration. Offerors must submit Commercial Supplier Agreement Terms (e.g. standard terms of sales or lease, Terms of Service (TOS), End User License Agreements (EULA), or other similar legal instruments or agreements) for approval prior to submitting an offer or modification for CDM APL approval.

The SIN offerings are organized by CDM capabilities into 5 subcategories. Offerings may be in more than one category. Offerors should identify the subcategory (on the CDM APL Submission Form and Price Proposal Template for the offer and/or modification).

GSA is responsible for the final approval to add the CDM Tools SIN and associated offerings or offer award of the SIN and associated offerings. This includes Commercial Supplier Agreement Terms, and Letters of Supply (LOS) if not the original manufacturer, and in accordance with GSA's solicitation requirements. Offerors and existing contractors applying under this SIN must submit for Commercial Supplier Agreement Terms approval prior to submitting an offer or modification to GSA. Commercial Supplier Agreement Terms shall be sent to schedule70cdmsin@gsa.gov for review and approval.

(7) FACTOR 7: Cloud and Cloud-Related IT Professional Services Qualification Requirements for SIN 132-40.

(i) SIN 132-40 Cloud and Cloud-Related IT Professional Services SIN Background

(a) This SIN presents a solution for Contractors to provide cloud computing services and cloud-related IT professional services that comply with NIST definitions and principles within the scope of today's technology and standards with a secondary goal of accommodating ongoing technical advances in cloud computing. SIN 132-40 Cloud Computing Services and Cloud-Related IT Professional Services is designed to cover core Cloud Services including Infrastructure as a Service, Platform as a Service, and Software as a Service, as well as the Cloud-related IT Professional Services required to assess, prepare, refactor, migrate, integrate, develop new native cloud applications (DevOps) or govern a Cloud implementation.

(b) Offerors may propose:

1. Cloud Services only (i.e. SaaS, etc.);
2. Cloud-computing related IT professional services only; or
3. Cloud Services (i.e. SaaS, etc.) and supporting cloud computing-related IT professional services.

(c) Cloud-type IT Professional Services can stay on SIN 132 51. The Cloud IT professional services on SIN 132-40 will be Cloud specific as the service titles and description will need to be cloud-centric. The relevant past performance projects must demonstrate that the IT professional services were utilized in the IAAS, PAAS, and/ or SAAS environment. NOTE: Identical labor categories cannot be on both SINs 132 51 and 132 40.

(d) Sub-categories in scope for this SIN are the three NIST Service Models: Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Offerors may optionally select a single sub-category that best fits a proposed cloud service offering. Only one sub-category may be selected per each proposed cloud service offering. Offerors may elect to submit multiple cloud service offerings, each with its own single sub-category. The selection of one of three sub-categories does not prevent Offerors from competing for orders under the other two sub-categories.

Sub-category selection within this SIN is optional for any individual cloud service offering, and new cloud computing service (i.e. IaaS, etc.) technologies that do not align with the aforementioned three sub-categories may be included without a sub-category selection so long as they comply with the essential characteristics of cloud computing as outlined by NIST.

(e) All current pricing requirements for IT Schedule 70, including provision SCP-FSS-001-N (Section III Price Proposal), SCP-FSS-001-S, SCP-FSS-004 (Section III Price Proposal), and clause I-FSS-600 Contract Price Lists, apply. At the current time, there is no provision for reducing or eliminating standard price list posting requirements to accommodate rapid cloud price fluctuations.

(f) All pricing models must have the core capability to meet the NIST Essential Cloud Characteristics, particularly with respect to on-demand self-service, while allowing alternate variations at the task order level at agency discretion, pursuant to the guidance on NIST Essential Characteristics.

(g) The NIST "Measured Service" characteristic requires a minimal "pay as you go" unit of measurement appropriate for the service. In the case of SaaS, the appropriate maximum measured increment of service shall be no more than one month per user, or some other equivalent discrete measurement that provides the Government with the advantage of frequent (approximately every 30 days) "pay as you go" metering cycles. SaaS products, where consumption is only measured on an annual basis, may better fit under "Term Licenses" SIN 132-32. Likewise, offers

of any combinations of IaaS, PaaS or any other cloud product services in a bundle or other fashion that do not meet the frequency requirements of approximately 30-day measurement and billing cycles, will not be accepted as complying with the NIST Measured Service characteristic.

(ii) Cloud Computing Products (IAAS, PAAS, SAAS) Qualification Requirements

A. FACTOR - Cloud Computing Services Adherence to Essential Cloud Characteristics

Within a two page limitation for each cloud service submitted, provide a description of how the cloud computing service meets each of the five essential cloud computing characteristics as defined in National Institute of Standards and Technology (NIST) Special Publication 800-145 and subsequent versions of this publication. This standard specifies the definition of cloud computing for the use by Federal agencies. The cloud service must be capable of satisfying each of the five NIST essential Characteristics as follows:

- On-demand self-service
- Broad network access
- Resource Pooling
- Rapid Elasticity
- Measured Service

Refer to the 'Guidance for Contractors' section of the Terms & Conditions for Cloud and Cloud-Related IT Professional Services SIN for guidance on meeting the NIST characteristics. For the purposes of the Cloud Computing Services SIN, meeting the NIST essential characteristics is concerned primarily with whether the underlying capability of the commercial service is available, whether or not an Ordering Activity actually requests or implements the capability

B. FACTOR – Cloud Computing Services Deployment Model

For each cloud service submitted, provide a written description of how the proposed service meets the NIST definition of a particular deployment model (Public, Private, Community, or Hybrid), within a one half (1/2) page limitation for each designated deployment model of each cloud service submitted. Multiple deployment model selection is permitted, but at least one model must be indicated. Refer to the 'Guidance for Contractors' section of the Terms & Conditions for the Cloud Computing Services SIN for guidance on identifying the appropriate deployment model according to the NIST service model definitions.

C. FACTOR - Cloud Computing Services Service Model

For each cloud computing service proposed to be categorized under a specific sub-category (IaaS, PaaS or SaaS), provide a written description of how the proposed service meets the NIST definition of that service model, within a half (1/2) page limitation for each cloud service submitted. Refer to the 'Guidance for Contractors' section of the Terms & Conditions for the Cloud Computing Services SIN for guidance on categorizing the service into a sub-category according to the NIST service model definitions.

Note that it is not mandatory to select a sub-category, and therefore this factor for evaluation applies ONLY to cloud services proposed to fall under a specific sub-category. If no sub-category is selected, this factor does not need to be addressed. The two other factors ('Adherence to Essential Cloud Characteristics' and 'Cloud Computing Services Deployment Model') apply to all cloud services.

III Section III - Price Proposal

The Offeror must address additional pricing requirements as described below:

(i) The Offeror must address additional pricing requirements below as described below: The offeror has the option to propose separate rates for “domestic” versus “overseas” and/or “customer facility” versus “contractor facility” if there are variations in costs that depend on where the work is performed. Rates proposed in this manner must be clearly labeled as such.

(A) For each proposed labor category, the offeror must provide a detailed position description. Position descriptions are to be uploaded to eOffer, and must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the offeror’s standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years of experience equates to a BA/BS degree). Once the contract is awarded, these descriptions will become part of the Authorized Federal Supply Schedule Price List. It is the responsibility of the Offeror to post the approved descriptions to GSA *Advantage!*®.

(B) Proposed prices for services must represent fully-burdened rates inclusive of all cost factors (e.g., direct labor, indirect labor, G&A, profit, and IFF). (See Proposal Price Template – Labor Categories spreadsheet tab.)

(ii) The Offeror must submit a Professional Compensation Plan in accordance with clause 52.222-46 *Evaluation of Compensation for Professional Employees*. Submission of the general compensation practices printed in the offeror’s employee handbook is often sufficient. Individual compensation disclosure (by Employee Name) is not required.

(iii) The Offeror must submit a copy of its policy that addresses uncompensated overtime, in accordance with clause 52.237-10 *Identification of Uncompensated Overtime*.

(iv) The Offeror must submit a copy of its proposed Authorized Federal Supply Schedule Pricelist for the General Purpose Commercial Information Technology, Equipment, Software and Services Schedule (see clause I-FSS-600 *Contract Price Lists*).

(v.) Service Contract Act: Applicable to this solicitation (Service Contract Act 52.222-41, and related clauses 52.222-42, 52.222-43, and 52.222-49).

(A) The Service Contract Act (SCA) applies to all nonprofessional services to be provided under this Schedule except for any pricing offered for services outside of the United States. The SCA index of applicable wage determinations for this solicitation and resultant contract are shown in FedBizOpps document, “SCA Index of Wage Determinations.” The full-text version of each wage determination can be viewed at <https://www.wdol.gov>. Some of the proposed labor categories may be subject to the SCA (usually nonprofessional categories). As such, the offeror should verify that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCA wage determination rates and fringe benefits for the areas included in the geographic scope of the contract (i.e., nationwide); the offeror will be required to comply with applicable SCA wage determination rates and fringe benefits regardless of the price proposed and awarded on any resultant Schedule contract. The offeror may be required to submit supporting documentation for the proposed rates that will allow the contracting officer to conduct cost analysis to determine that offered prices are fair and reasonable.

(B) Schedule contractors must comply with the base rate and fringe benefit rate requirements of the prevailing rate SCA Wage Determination (WD) Revision Number currently incorporated into the GSA Schedule contract. No prevailing rate WD may be incorporated into a task order as the order may then be in conflict with the Schedule contract terms and conditions. However, WDs based on collective bargaining agreements (CBAs) may be incorporated into a task order if the task order is found to be a successor contract as used in FAR Subpart 22.10; a CBA WD would be applicable only to the task order it is incorporated into and no other

orders under that Schedule contract.

(C) In the price proposal, indicate which proposed labor categories are subject to the SCA by placing a double asterisk (**) next to the labor category name.

(D) The following paragraph is meant to be instructive and NOT to be copied as part of proposed Schedule pricing:

For all the offeror's identified SCA-eligible labor categories, map them to the SCA-equivalent labor category title (titles/descriptions available at <https://www.wdol.gov> - click on the "library" link, then download the SCA Directory of Occupations, 5th Edition). Also identify the WD# that the labor categories in your offer are predicated on. Note that the applicable revision number for any Wage Determination number is the revision number identified in the solicitation index of wage determinations.

(E) There are two possible strategies for determining price adjustments under SCA-eligible labor categories. All price adjustments under SCA-eligible labor categories shall be in accordance with clause 52.222-43.

52.222-43 Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts). Price adjustments for SCA-applicable labor categories shall be in accordance with clause 52.222-43 Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts). When a modification is issued to all contract holders incorporating a revised index of wage determinations, contractors shall notify the contracting officer of any increase/decrease claimed under clause 52.222-43 within 30 calendar days after receipt of the modification.

In addition to clause 52.222-43, one of the following two methods of escalation will be awarded.

Method 1: An escalation method is negotiated prior to award in accordance with the clause I-FSS-969 *Economic Price Adjustment - FSS Multiple Award Schedule*, utilizing any of the methods available in the solicitation under that clause.

OR

Method 2: When the offered prices are based upon a commercial price list, only revisions in the commercial price list will enable the contractor to revise Schedule contract prices. Schedule contract price increases will be allowed only in accordance with clause 552.216-70 *Economic Price Adjustment - FSS Multiple Award Schedule Contracts*.

Regardless of the method used, the contractor must ensure that within 30 calendar days after the effective date of any contract modification to revise pricing based on changes in the applicable wage determination(s), the contractor's electronic catalog is updated on GSA *Advantage!*®.

Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations.

Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D Compensation Standards, paragraph 4.161 Minimum monetary wages under contracts exceeding \$2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

(F) Utilize the module in eOffer to submit SCA information in the following format

(labor categories shown are for example purposes only):

SCA Matrix		
SCA Eligible Contract Labor Category	SCA Equivalent Code Title	WD Number
Secretary	01115 General Clerk I	052059
Driver	31361 Truckdriver, Light Truck	052059
Engineering Technician	29081 Engineering Technician I	052059
Administrative Assistant	01011 Accounting Clerk I	052059

(G) Insert the following language below the above SCA matrix and insert both (matrix and language) at the end of the proposed GSA price list.

“The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (**) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e. nationwide).”

70 500 --- Order-Level Materials (OLMs) - SUBJECT TO COOPERATIVE PURCHASING

Order-Level Materials (OLMs) are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA). OLMs are not defined, priced, or awarded at the FSS contract level. They are unknown before a task or delivery order is placed against the FSS contract or FSS BPA. OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price. OLMs include direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs (separate from those under ODC SINs), and indirect costs. OLMs are purchased under the authority of the FSS Program and are not open market items.

Items awarded under ancillary supplies/services or other direct cost (ODC) SINs are not OLMs. These items are defined, priced, and awarded at the FSS contract level, whereas OLMs are unknown before an order is placed. Ancillary supplies/services and ODC SINs are for use under all order type CLINs (Fixed-Price (FP), T&M, and LH), whereas the Order-Level Materials SIN is only authorized for use under T&M and LH order CLINs.

The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN. Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs. OLMs are defined and priced at the ordering activity level in accordance with GSAR clause 552.238-82 Special Ordering Procedures for the Acquisition of Order-Level Materials. Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF). The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

132 53 --- Wireless Mobility Solutions - SUBJECT TO COOPERATIVE PURCHASING

The IT Schedule 70 SIN for Wireless Mobility Solutions includes a variety of services that address the mobility needs of government agencies. The following sub-categories associated with the Wireless & Mobile Services SIN 132-53 include but are not limited to:

Sub-Category Descriptions

1. Wireless Carrier Services (including, but not limited to, Wireless Telecommunications Carriers and Telecommunication Resellers of Wireless Services) which support mobile communications in CONUS and OCONUS locations
 - a. Voice Service plans and Features that enable mobile voice communications such as Voicemail, Three-way calling, etc.
 - b. Data Service plans and Features that provide connectivity and communications for data-capable mobile devices.
 - c. Service Enabling Devices (SEDs) mobile devices bundled with voice and data service plans which are included at no cost to the ordering entity.
 - d. Wireless infrastructure components (which do not include a service plan or features but may include labor) offered under a monthly lease arrangement or recurring charge to ordering entities.
2. Other Mobility End-Point Infrastructure - Mobility infrastructure
Includes mobile infrastructure equipment for implementing mobile solutions or enhancing wireless communications. Also includes user interfaces and miscellaneous hardware included with a mobile solution(s) or service.
3. Mobility-as-a-Service (MaaS)
A subscription-based, mobile management service suite enabling mobile endpoints, including SEDs to be managed, and utilized as a service. In this context a mobile endpoint is a user interface that requires wireless connectivity to communicate with an enterprise or carrier network. The service provider retains asset ownership of the endpoint(s) and provides service regarding asset issuance, endpoint performance management, service plan management, that mobility management software, and support services into a full solution that minimizes prior device-centric costs and operations. MaaS includes end-to-end management with respect to:
 - a. Planning and Management of Agency MaaS Needs and Solutions
 - b. Provisioning, Kitting, and Delivery
 - c. Enterprise Mobility Management and SED Refresh
 - d. Ongoing Helpdesk Support
 - e. Logistics for end-of-life disposal / recycling
4. Enterprise Mobility Management (EMM)
Is a collective set of tools, software, and service capabilities required for the provision, management, security, and control of mobile device functionality, its applications, features

and content that are delivered to government (or contractor) owned or employee owned (BYOD) mobile devices. The three main EMM areas include mobile device management (MDM), mobile application management (MAM), and mobility content management (MCM).

5. Mobile Backend-as-a-Service (MBaaS)

Represents mobile application delivery solutions that provide mobile application developers with a platform, tools, and libraries to develop, integrate, test and publish their applications to backend cloud storage and processing resources while also providing common features such as user management, push notifications, social networking integration, and other features demanded by mobile users.

6. Telecom Expense Management Services (TEMS)

Enterprise solutions which support the full lifecycle management of mobility and telecommunications assets. TEMS functions include cataloging, ordering, deployment, workflow management, inventory control, invoicing, disposition, and reporting of an enterprise's mobility resources. TEMS providers may offer standalone solutions and other support services, such as data and system integration services, to implement and maintain their solution.

7. Mobile Application Vetting

Application Vetting or "app" vetting (also referred to as app threat intelligence or threat protection services) refers to software, processes, and tools required to test, validate, and verify mobile apps against a baseline of security, privacy, and organization-specific requirements and policies. Vendors may provide on premise, cloud-based, or outsourced app vetting solutions that run static and/or dynamic analysis tests and reporting on apps to detect security vulnerabilities and malicious or privacy violating behaviors.

8. Mobile Threat Protection (MTP)

MTP is a component of a layered Mobile Endpoint Protection Strategy that covers the major areas not addressed by EMM/MDM or App Vetting. MTP solutions monitor the mobile device in real-time to identify mobile threats that may compromise the device, mobile applications, or data residing on the device. MTP integrates with an EMM system deployed on devices resulting in remediation or quarantining of the threat. The MTP solution evaluates an application threat and compliance against a set of pre-defined agency policies based upon acceptable risks, it validates operating system (OS) integrity against any compromise, it detects network threats such as MITM (Man-in-the-Middle) attacks and will detect device configuration risks.

9. Mobile Identity Management (MIM)

MIM is the secure integration of the attributes that unerringly identify a person in the physical and online environments, within the mobile device. MIM is a set of complementary products and solutions that issue and maintain certificates, which may include Derived PIV Credential (DPC) usage. A valid PIV card is required to issue a DPC. Once issued, credentials on a mobile device will support:

- a. Wifi authentication
- b. Virtual Private Networking
- c. User authentication to Commercial off the Shelf (COTS), Software-as-a-Service (SaaS), and other applications and services
- d. Data in Transit
- e. Data Encryption
- f. Signing of individual documents and records

10. Internet of Things (IoT)

Internet of Things (IoT) service providers engage with those who design, develop, operate or maintain an infrastructure of networked components comprised of computing resources, digital sensors, actuators, and human interfaces that are combined into systems to achieve specific goal(s).

11. Other/Mobile Services

Wireless communication services not commonly used across agency enterprises due to unique usage, features, niche application or legacy technology requirements. Examples include paging, short term rental/disposable endpoint component, and satellite-only communications providers.

Considerations for Wireless Carrier Services:

Telecommunications network service is one of several services excluded from the World Trade Organization (WTO) Government Procurement Agreement and the other Free Trade Agreement executed by the United States Government. See FAR 25.401(b). The wireless service offered under this contract has been determined by the GSA Schedule Contracting Officer to be CONUS and OCONUS in origin. See FAR 25.402(a)(2).

Wireless service plans offered by contractors may include no-cost Service Enabling Devices (SEDs) bundled together and offered to the ordering government agency for a monthly recurring charge (MRC). A SED is a unit of, or directly associated with, contractor-provided and contractor-owned equipment used to meet the interface requirements for an individual service. A SED may also be a unit of, or directly associated with, contractor-provided and contractor-owned equipment or software used to enable the requirements associated with the services. A SED shall be provided only as needed to deliver a service that is acquired under an order. The SEDs are offered on an as available basis and may or may not be domestic end products or end products of a designated country. As mobile wireless service is excluded from TAA coverage, GSA has used the group offer analysis provided by FAR 25.503(c)(1) to determine that for the bundled wireless service with a SED, the value of the domestic end product exceeds 50 percent of the total proposed price of the group, therefore the bundled cellular service and SED group offer is evaluated as domestic and eligible for award. The SEDs are not available through this contract apart from ordering the services under this SIN.

Ordering activities may request from IT Schedule 70 contractors their awarded End User License

Agreements (EULAs) or Terms of Service (TOS) Agreements, which will assist the ordering activities with reviewing the terms and conditions as well as reviewing additional products, services, and prices which may be included.

NOTE 1: Commercially-available products under this solicitation may be covered by the Energy

Star or Electronic Product Environmental Assessment Tool (EPEAT) programs. For applicable products, offerors are encouraged to offer Energy Star-qualified products and EPEAT-registered products, at the Bronze level or higher. If offerors opt to offer Energy Star or Electronic Product Environmental Assessment Tool (EPEAT) products then they shall identify by model which products offered are Energy Star-qualified and EPEAT-registered, broken out by registration level of bronze, silver, or gold. Visit the Green Procurement Compilation, www.sftool.gov/greenprocurement for a complete list of products covered by these programs.

NOTE 2: The Transactional Data Reporting (TDR) Rule requires vendors to report the price the Federal Government paid for an item or service purchased through GSA acquisition vehicles. The TDR PILOT DOES NOT APPLY TO THIS SIN, EXCEPT if a

TDR-covered SIN(s) is proposed as part of your total offering to GSA (e.g. offer 132-51 and 132-8). If both TDR and NON-TDR SINs are offered, then the entire contract is subject to TDR and the Price Reduction Clause (PRC) and Commercial Sales Practice (CSP) requirements are removed for the entire contract. If NON-TDR SIN(s) are offered only, then the offering will be subject to the PRC and CSP.

NOTE 3: Exception: According to SBA standards NAICS code 541519 has the dollar value standard of \$27.5 million except if you are a Value-Added Reseller (150 employee standard). For more information, please visit - http://www.naics.com/naicswp2014/wp-content/uploads/2014/10/2014-Size_Standards_Table.pdf

Note 4: Please see the additional terms and conditions applicable to this Special Item Number (SIN) found in attachment to solicitation [#_Critical Information Specific to Schedule 70]. Terms and conditions described above do not contain specific and negotiated contractual language for this SIN. The Schedule contractor may have submitted additional information to complete the "fill-in" to the terms and conditions. The ordering activities shall request the Schedule contractors to submit these additional contract terms and conditions for this applicable SIN when responding to an order.

52.203-6 RESTRICTIONS ON SUBCONTRACTOR SALES TO THE GOVERNMENT (SEP 2006) (ALTERNATE I—OCT 1995)

- (a) Except as provided in (b) below, the Contractor shall not enter into any agreement with an actual or prospective subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such subcontractors directly to the Government of any item or process (including computer software) made or furnished by the subcontractor under this contract or under any follow-on production contract.
- (b) The prohibition in paragraph (a) of this clause does not preclude the Contractor from asserting rights that are otherwise authorized by law or regulation. For acquisitions of commercial items, the prohibition in paragraph (a) applies only to the extent that any agreement restricting sales by subcontractors results in the Federal Government being treated differently from any other prospective purchaser for the sale of the commercial item(s).
- (c) The Contractor agrees to incorporate the substance of this clause, including this paragraph (c), in all subcontracts under this contract which exceed the simplified acquisition threshold.

52.204-10 REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS (OCT 2016)

- (a) *Definitions.* As used in this clause:

“Executive” means officers, managing partners, or any other employees in management positions.

“First-tier subcontract” means a subcontract awarded directly by the Contractor for the purpose of acquiring supplies or services (including construction) for performance of a prime contract. It does not include the Contractor’s supplier agreements with vendors, such as long-term arrangements for materials or supplies that benefit multiple contracts and/or the costs of which are normally applied to a Contractor’s general and administrative expenses or indirect costs.

“Month of award” means the month in which a contract is signed by the Contracting Officer or the month in which a first-tier subcontract is signed by the Contractor.

“Total compensation” means the cash and noncash dollar value earned by the executive during the Contractor’s preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):

(1) *Salary and bonus.*

(2) *Awards of stock, stock options, and stock appreciation rights.* Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Financial Accounting Standards Board’s Accounting Standards Codification (FASB ASC) 718, Compensation-Stock Compensation.

(3) *Earnings for services under non-equity incentive plans.* This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

(4) *Change in pension value.* This is the change in present value of defined benefit and actuarial pension plans.

(5) *Above-market earnings on deferred compensation which is not tax-qualified.*

(6) Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

(b) Section 2(d)(2) of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), requires the Contractor to report information on subcontract awards. The law requires all reported information be made public, therefore, the Contractor is responsible for notifying its subcontractors that the required information will be made public.

(c) Nothing in this clause requires the disclosure of classified information.

(d) (1) Executive compensation of the prime contractor. As a part of its annual registration requirement in the System for Award Management (SAM) database (FAR provision 52.204-7), the Contractor shall report the names and total compensation of each of the five most highly compensated executives for its preceding completed fiscal year, if –

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the ordering activity deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

52.219-16 LIQUIDATED DAMAGES—SUBCONTRACTING PLAN (JAN 1999)

(a) "Failure to make a good faith effort to comply with the subcontracting plan", as used in this clause, means a willful or intentional failure to perform in accordance with the requirements of the subcontracting plan approved under the clause in this contract entitled "Small Business Subcontracting

Plan,” or willful or intentional action to frustrate the plan.

(b) Performance shall be measured by applying the percentage goals to the total actual subcontracting dollars or, if a commercial plan is involved, to the pro rata share of actual subcontracting dollars attributable to Government contracts covered by the commercial plan. If, at contract completion or, in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer decides in accordance with paragraph (c) of this clause that the Contractor failed to make a good faith effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled “Small Business Subcontracting Plan,” the Contractor shall pay the Government liquidated damages in an amount stated. The amount of probable damages attributable to the Contractor's failure to comply shall be an amount equal to the actual dollar amount by which the Contractor failed to achieve each subcontract goal.

(c) Before the Contracting Officer makes a final decision that the Contractor has failed to make such good faith effort, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate what good faith efforts have been made and to discuss the matter. Failure to respond to the notice may be taken as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (b) of this clause.

(d) With respect to commercial plans, the Contracting Officer who approved the plan will perform the functions of the Contracting Officer under this clause on behalf of all agencies with contracts covered by the commercial plan.

(e) The Contractor shall have the right of appeal, under the clause in this contract entitled Disputes, from any final decision of the Contracting Officer.

(f) Liquidated damages shall be in addition to any other remedies that the Government may have.

52.219-28 POST-AWARD SMALL BUSINESS PROGRAM REREPRESENTATION (JUL 2013)

(a) *Definitions.* As used in this clause –

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause. Such a concern is “not dominant in its field of operation” when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily engaged. In determining whether dominance exists, consideration shall be given to all appropriate factors, including volume of business, number of employees, financial resources, competitive status or position, ownership or control of materials, processes, patents, license agreements, facilities, sales territory, and nature of business activity.

(b) If the Contractor represented that it was a small business concern prior to award of this contract, the Contractor shall rerepresent its size status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon the occurrence of any of the following:

(1) Within 30 days after execution of a novation agreement or within 30 days after modification of the contract to include this clause, if the novation agreement was executed prior to inclusion of this clause in the contract.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts –

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code assigned to this contract. The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update. (f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

**52.222-17 NONDISPLACEMENT OF QUALIFIED WORKERS
(MAY 2014)**

(a) “Service employee”, as used in this clause, means any person engaged in the performance of a service contract other than any person employed in a bona fide executive, administrative, or professional capacity, as those terms are defined in 29 CFR part 541. The term “service employee” includes all such persons regardless of any contractual relationship that may be alleged to exist between a contractor or subcontractor and such persons.

(b) The Contractor and its subcontractors shall, except as otherwise provided herein, in good faith offer those service employees employed under the predecessor contract whose employment will be terminated as a result of award of this contract or the expiration of the contract under which the service employees were hired, a right of first refusal of employment under this contract in positions for which the service employees are qualified.

(1) The Contractor and its subcontractors shall determine the number of service employees necessary for efficient performance of this contract and may elect to employ fewer employees than the predecessor Contractor employed in connection with performance of the work.

(2) Except as provided in paragraph (c) of this clause, there shall be no employment opening under this contract, and the Contractor and any subcontractors shall not offer employment under this contract, to any person prior to having complied fully with this obligation.

(i) The successor Contractor and its subcontractors shall make a bona fide express offer of employment to each service employee as provided herein and shall state the time within which the service employee must accept such offer, but in no case shall the period within which the service employee must accept the offer of employment be less than 10 days.

(ii) The successor Contractor and its subcontractors shall decide any question concerning a service employee’s qualifications based upon the individual’s education and employment history, with particular emphasis on the employee’s experience on the predecessor contract, and the Contractor may utilize employment screening processes only when such processes are provided for by the contracting agency, are conditions of the service contract, and are consistent with Executive Order 13495.

(iii) Where the successor Contractor does not initially offer employment to all the predecessor contract service employees, the obligation to offer employment shall continue for 90 days after the successor contractor’s first date of performance on the contract.

(iv) An offer of employment will be presumed to be bona fide even if it is not for a position similar to the one the employee previously held, but is one for which the employee is qualified, and even if it is subject to different employment terms and conditions, including changes to pay or benefits. (See 29 CFR 9.12 for a detailed description of a bonafide offer of employment).

(c) (1) Notwithstanding the obligation under paragraph (b) of this clause, the successor Contractor and any subcontractors (i) may employ under this contract any service employee who has worked for the contractor or subcontractor for at least three months immediately preceding the commencement of this contract and who would otherwise face lay-off or discharge, (ii) are not required to offer a right of first refusal to any service employee(s) of the predecessor contractor who are not service employees within the meaning of the Service Contract Labor Standards statute, 41 U.S.C. 6701(3), and (iii) are not required to offer a right of first refusal to any service employee(s) of the predecessor contractor whom the Contractor or any of its subcontractors reasonably believes, based on the particular service employee’s past performance, has failed to perform suitably on the job (see 29 CFR 9.12(c)(4) for additional information). The successor Contractor bears the responsibility of demonstrating the appropriateness of claiming any of these

exceptions.

(2) In addition, any Contractor or subcontractor that has been certified by the U.S. Small Business Administration as a HUBZone small business concern must ensure that it complies with the statutory and regulatory requirements of the HUBZone Program (*e.g.*, it must ensure that at least 35 percent of all of its employees reside within a HUBZone). The HUBZone small business Contractor or subcontractor must consider whether it can meet the requirements of this clause and Executive Order 13495 while also ensuring it meets the HUBZone Program's requirements.

(3) Nothing in this clause shall be construed to permit a Contractor or subcontractor to fail to comply with any provision of any other Executive order or law. For example, the requirements of the HUBZone Program (see FAR subpart 19.13), Executive Order 11246 (Equal Employment Opportunity), and the Vietnam Era Veterans' Readjustment Assistance Act of 1974 may conflict, in certain circumstances, with the requirements of Executive Order 13495. All applicable laws and Executive orders must be satisfied in tandem with, and if necessary prior to, the requirements of Executive Order 13495, 29 CFR part 9, and this clause.

- (d) (1) The Contractor shall, not less than 30 days before completion of the Contractor's performance of services on the contract, furnish the Contracting Officer with a certified list of the names of all service employees working under this contract and its subcontracts at the time the list is submitted. The list shall also contain anniversary dates of employment of each service employee under this contract and its predecessor contracts with either the current or predecessor contractors or their subcontractors. Where changes to the workforce are made after the submission of the certified list described in this paragraph, the Contractor shall, in accordance with paragraph (e) of this clause, not less than 10 days before completion of the services on this contract, furnish the Contracting Officer with an updated certified list of the names of all service employees employed within the last month of contract performance. The updated list shall also contain anniversary dates of employment, and, where applicable, dates of separation of each service employee under the contract and its predecessor contracts with either the current or predecessor Contractors or their subcontractors.

(2) Immediately upon receipt of the certified service employee list but not before contract award, the contracting officer shall provide the certified service employee list to the successor contractor, and, if requested, to employees of the predecessor contractor or subcontractors or their authorized representatives.

(3) The Contracting Officer will direct the predecessor Contractor to provide written notice (Appendix B to 29 CFR chapter 9) to service employees of their possible right to an offer of employment with the successor contractor. Where a significant portion of the predecessor Contractor's workforce is not fluent in English, the notice shall be provided in English and the language(s) with which service employees are more familiar. The written notice shall be —

(i) Posted in a conspicuous place at the worksite; or

(ii) Delivered to the service employees individually. If such delivery is via email, the notification must result in an electronic delivery receipt or some other reliable confirmation that the intended recipient received the notice.

- (e) (1) If required in accordance with 52.222-41(n), the predecessor Contractor shall, not less than 10 days before completion of this contract, furnish the Contracting Officer a certified list of the names of all service employees working under this contract and its subcontracts during the last month of contract performance. The list shall also contain anniversary dates of employment of each service employee under this contract and its predecessor contracts either with the current or predecessor Contractors or their subcontractors. If there are no changes to the workforce before the predecessor contract is completed, then the predecessor Contractor is not required to submit a revised list 10 days prior to completion of performance and the requirements of 52.222-41(n) are met. When there are changes to the workforce after submission of the 30-day list, the predecessor Contractor shall submit a revised certified list not less than 10 days prior to performance

completion.

(2) Immediately upon receipt of the certified service employee list but not before contract award, the contracting officer shall provide the certified service employee list to the successor contractor, and, if requested, to employees of the predecessor contractor or subcontractors or their authorized representatives.

(f) The Contractor and subcontractor shall maintain the following records (regardless of format, e.g., paper or electronic) of its compliance with this clause for not less than a period of three years from the date the records were created.

(1) Copies of any written offers of employment or a contemporaneous written record of any oral offers of employment, including the date, location, and attendance roster of any service employee meeting(s) at which the offers were extended, a summary of each meeting, a copy of any written notice that may have been distributed, and the names of the service employees from the predecessor contract to whom an offer was made.

(2) A copy of any record that forms the basis for any exemption claimed under this part.

(3) A copy of the service employee list provided to or received from the contracting agency.

(4) An entry on the pay records of the amount of any retroactive payment of wages or compensation under the supervision of the Administrator of the Wage and Hour Division to each service employee, the period covered by such payment, and the date of payment, and a copy of any receipt form provided by or authorized by the Wage and Hour Division. The Contractor shall also deliver a copy of the receipt to the service employee and file the original, as evidence of payment by the Contractor and receipt by the service employee, with the Administrator or an authorized representative within 10 days after payment is made.

(g) Disputes concerning the requirements of this clause shall not be subject to the general disputes clause (52.233-1) of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR part 9. Disputes within the meaning of this clause include disputes between or among any of the following: The Contractor, the contracting agency, the U.S. Department of Labor, and the service employees under the contract or its predecessor contract. The Contracting Officer will refer any service employee who wishes to file a complaint, or ask questions concerning this contract clause, to the: Branch of Government Contracts Enforcement, Wage and Hour Division, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. Contact email: displaced@dol.gov.

(h) The Contractor shall cooperate in any review or investigation by the Department of Labor into possible violations of the provisions of this clause and shall make such records requested by such official(s) available for inspection, copying, or transcription upon request.

(i) If it is determined, pursuant to regulations issued by the Secretary of Labor (Secretary), that the Contractor or its subcontractors are not in compliance with the requirements of this clause or any regulation or order of the Secretary, appropriate sanctions may be imposed and remedies invoked against the Contractor or its subcontractors, as provided in Executive Order 13495, the regulations, and relevant orders of the Secretary, or as otherwise provided by law.

(j) The Contractor shall take such action with respect to any such subcontract as may be directed by the Secretary of Labor as a means of enforcing such provisions, including the imposition of sanctions for noncompliance. However, if the Contractor, as a result of such direction, becomes involved in litigation with a subcontractor, or is threatened with such involvement, the Contractor may request that the United States, through the Secretary, enter into such litigation to protect the interests of the United States.

(k) The Contracting Officer will withhold, or cause to be withheld, from the prime Contractor under this or any other Government contract with the same prime Contractor, such sums as an authorized

official of the Department of Labor requests, upon a determination by the Administrator, the Administrative Law Judge, or the Administrative Review Board, that there has been a failure to comply with the terms of this clause and that wages lost as a result of the violations are due to service employees or that other monetary relief is appropriate. If the Contracting Officer or the Administrator, upon final order of the Secretary, finds that the Contractor has failed to provide a list of the names of service employees working under the contract, the Contracting Officer may, in his or her discretion, or upon request by the Administrator, take such action as may be necessary to cause the suspension of the payment of contract funds until such time as the list is provided to the Contracting Officer.

(l) *Subcontracts*. In every subcontract over the simplified acquisition threshold entered into in order to perform services under this contract, the Contractor shall include a provision that ensures —

(1) That each subcontractor will honor the requirements of paragraphs (b) through (c) of this clause with respect to the service employees of a predecessor subcontractor or subcontractors working under this contract, as well as of a predecessor Contractor and its subcontractors;

(2) That the subcontractor will provide the Contractor with the information about the service employees of the subcontractor needed by the Contractor to comply with paragraphs (d) and (e) of this clause; and

(3) The recordkeeping requirements of paragraph (f) of this clause.

(1) Canada, and the anticipated value of the acquisition is \$25,000 or more;

(2) Israel, and the anticipated value of the acquisition is \$50,000 or more;

- (4) The Contractor has furnished under the contract end products or components that have been mined, produced, or manufactured wholly or in part by forced or indentured child labor. 52.222-41 SERVICE CONTRACT LABOR STANDARDS (AUG 2018)

(a) *Definitions.* As used in this clause –

Contractor when this clause is used in any subcontract, shall be deemed to refer to the subcontractor, except in the term "Government Prime Contractor."

Service employee means any person engaged in the performance of this contract other than any person employed in a bona fide executive, administrative, or professional capacity, as these terms are defined in Part 541 of Title 29, Code of Federal Regulations, as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist between a Contractor or subcontractor.

(b) *Applicability.* This contract is subject to the following provisions and to all other applicable provisions of 41 U.S.C. chapter 67, Service Contract Labor Standards, and regulations of the Secretary of Labor (29 CFR Part 4). This clause does not apply to contracts or subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 6702, as interpreted in Subpart C of 29 CFR Part 4.

(c) *Compensation.* (1) Each service employee employed in the performance of this contract by the Contractor or any subcontractor shall be paid not less than the minimum monetary wages and shall be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor or authorized representative, as specified in any wage determination attached to this contract.

- (2) (i) If a wage determination is attached to this contract, the Contractor shall classify any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees shall be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this paragraph (c).

(ii) This conforming procedure shall be initiated by the Contractor prior to the performance of contract work by the unlisted class of employee. The Contractor shall submit Standard Form (SF) 1444, Request for Authorization of Additional Classification and Rate, to the Contracting Officer no later than 30 days after the unlisted class of employee performs any contract work. The Contracting Officer shall review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employees' authorized

representatives or the employees themselves together with the agency recommendation), and all pertinent information to the Wage and Hour Division, U.S. Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within 30 days of receipt or will notify the Contracting Officer within 30 days of receipt that additional time is necessary.

(iii) The final determination of the conformance action by the Wage and Hour Division shall be transmitted to the Contracting Officer who shall promptly notify the Contractor of the action taken. Each affected employee shall be furnished by the Contractor with a written copy of such determination or it shall be posted as a part of the wage determination.

(iv) (A) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System and the General Schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.

(B) In the case of a contract modification, an exercise of an option or extension of an existing contract, or in any other case where a Contractor succeeds a contract under which the classification in question was previously conformed pursuant to paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to the conformed classification by indexing (i.e., adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the contract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of contract work by the unlisted class of employees, the Contractor shall advise the Contracting Officer of the action taken but the other procedures in subdivision (c)(2)(ii) of this clause need not be followed.

(C) No employee engaged in performing work on this contract shall in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.

(v) The wage rate and fringe benefits finally determined under this paragraph (c)(2) of this clause shall be paid to all employees performing in the classification from the first day on which contract work is performed by them in the classification. Failure to pay the unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Service Contract Labor Standards statute and this contract.

(vi) Upon discovery of failure to comply with subparagraphs (b)(2) of this clause, the Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be retroactive to the date such class or classes of employees commenced contract work.

(3) Adjustment of Compensation. If the term of this contract is more than 1 year, the minimum

monetary wages and fringe benefits required to be paid or furnished thereunder to service employees under the contract shall be subject to adjustment after 1 year and not less often than once every 2 years, under wage determinations issued by the Wage and Hour Division.

(d) *Obligation to Furnish Fringe Benefits.* The Contractor or subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or determined under subparagraph (c)(2) of this clause by furnishing equivalent combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with Subpart D of 29 CFR Part 4.

(e) *Minimum Wage.* In the absence of a minimum wage attachment for this contract, neither the Contractor nor any subcontractor under this contract shall pay any person performing work under this contract (regardless of whether the person is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938. Nothing in this clause shall relieve the Contractor or any subcontractor of any other obligation under law or contract for payment of a higher wage to any employee.

(f) *Successor Contracts.* If this contract succeeds a contract subject to the Service Contract Labor Standards statute under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this contract setting forth such collectively bargained wage rates and fringe benefits, neither the Contractor nor any subcontractor under this contract shall pay any service employee performing any of the contract work (regardless of whether or not such employee was employed under the predecessor contract), less than the wages and fringe benefits provided for in such collective bargaining agreement, to which such employee would have been entitled if employed under the predecessor contract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. No Contractor or subcontractor under this contract may be relieved of the foregoing obligation unless the limitations of 29 CFR 4.1b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative finds, after a hearing as provided in 29 CFR 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in 29 CFR 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and Parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor Contractor's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor contract was not entered into as a result of arm's length negotiations, the Department will issue a new or revised wage determination setting forth the applicable wage rates and fringe benefits. Such determination shall be made part of the contract or subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a contract or subcontract (53 Comp. Gen. 401 (1973)). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination shall be effective as of the date of the final administrative decision.

(g) *Notification to employees.* The Contractor and any subcontractor under this contract shall notify each service employee commencing work on this contract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this contract, or shall post the wage determination attached to this contract. The poster provided by the Department of Labor (Publication WH 1313) shall be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of 41 U.S.C. 6703 and of this contract.

(h) *Safe and Sanitary Working Conditions.* The Contractor or subcontractor shall not permit any part of the services called for by this contract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Contractor or subcontractor which are unsanitary or hazardous or dangerous to the health or safety of the service employee. The Contractor or subcontractor shall comply with the safety and health standards applied under 29 CFR Part 1925.

(i) *Records.* (1) The Contractor and each subcontractor performing work subject to the Service Contract Labor Standards statute shall make and maintain for 3 years from the completion of the work, and make them available for inspection and transcription by authorized representatives of the Wage and Hour Division, a record of the following:

(i) For each employee subject to the Service Contract Labor Standards statute —

(A) Name and address and social security number;

(B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;

(C) Daily and weekly hours worked by each employee; and

(D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.

(ii) For those classes of service employees not included in any wage determination attached to this contract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the terms of paragraph (c) of this clause. A copy of the report required by subdivision (c)(2)(ii) of this clause will fulfill this requirement.

(iii) Any list of the predecessor Contractor's employees which had been furnished to the Contractor as prescribed by paragraph (n) of this clause.

(2) The Contractor shall also make available a copy of this contract for inspection or transcription by authorized representatives of the Wage and Hour Division.

(3) Failure to make and maintain or to make available these records for inspection and transcription shall be a violation of the regulations and this contract, and in the case of failure to produce these records, the Contracting Officer, upon direction of the Department of Labor and notification to the Contractor, shall take action to cause suspension of any further payment or advance of funds until the violation ceases.

(4) The Contractor will permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.

(j) *Pay Periods.* The Contractor shall unconditionally pay to each employee subject to the Service Contract Labor Standards statute all wages due free and clear and without subsequent deduction (except as otherwise provided by law or regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments shall be made no later than one pay period following the end of the regular pay period in which the wages were earned or accrued. A pay period under this statute may not be of any duration longer than semi-monthly.

(k) *Withholding of Payments and Termination of Contract.* The Contracting Officer shall withhold or cause to be withheld from the Government Prime Contractor under this or any other Government contract with the Prime Contractor such sums as an appropriate official of the Department of Labor requests or such sums as the Contracting Officer decides may be necessary to pay underpaid employees employed by the Contractor or subcontractor. In the event of failure to pay any employees subject to the Service Contract Labor Standards statute all or part of the wages or fringe benefits due under the Service Contract Labor Standards statute, the Contracting Officer may, after authorization or by direction of the Department of Labor and written notification to the Contractor, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or arrangements for completion of the work, charging the Contractor in default with any additional cost.

(l) *Subcontracts*. The Contractor agrees to insert this clause in all subcontracts subject to the Service Contract Labor Standards statute.

(m) *Collective Bargaining Agreements Applicable to Service Employees*. If wages to be paid or fringe benefits to be furnished any service employees employed by the Government prime Contractor or any subcontractor under the contract are provided for in a collective bargaining agreement which is or will be effective during any period in which the contract is being performed, the Government prime Contractor shall report such fact to the Contracting Officer, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the contract, and a copy of the collective bargaining agreement. Such report shall be made upon commencing performance of the contract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of contract performance such agreements shall be reported promptly after negotiation thereof.

(n) *Seniority List*. Not less than 10 days prior to completion of any contract being performed at a Federal facility where service employees may be retained in the performance of the succeeding contract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a Contractor (predecessor) or successor (29 CFR 4.173), the incumbent prime Contractor shall furnish to the Contracting Officer a certified list of the names of all service employees on the Contractor's or subcontractor's payroll during the last month of contract performance. Such list shall also contain anniversary dates of employment on the contract either with the current or predecessor Contractors of each such service employee. The Contracting Officer shall turn over such list to the successor Contractor at the commencement of the succeeding contract.

(o) *Ruling and Interpretations*. Rulings and interpretations of the Service Contract Labor Standards statute are contained in Regulations, 29 CFR Part 4.

(p) *Contractor's Certification*. (1) By entering into this contract, the Contractor (and officials thereof) certifies that neither it nor any person or firm who has a substantial interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed under 41 U.S.C. 6706.

(2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract under 41 U.S.C. 6706.

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(q) *Variations, Tolerances, and Exemptions Involving Employment*. Notwithstanding any of the provisions in paragraphs (b) through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to 41 U.S.C. 6707 prior to its amendment by Pub. L. 92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:

(1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by 41 U.S.C. 6703(1) without diminishing any fringe benefits or cash payments in lieu thereof required under 41 U.S.C. 6703(2), in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, persons with disabilities, and disabled clients of work centers under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR parts 520, 521, 524, and 525).

(2) The Administrator will issue certificates under the statute for the employment of apprentices, student-learners, persons with disabilities, or disabled clients of work centers not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two statutes, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures

prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR parts 520, 521, 524, and 525).

(3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in 29 CFR Parts 525 and 528.

(r) *Apprentices.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Office of Apprenticeship Training, Employer, and Labor Services (OATELS), U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program shall be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices shall not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the contract work in any craft classification shall not be greater than the ratio permitted to the Contractor as to his entire work force under the registered program.

(s) *Tips.* An employee engaged in an occupation in which the employee customarily and regularly receives more than \$30 a month in tips may have the amount of these tips credited by the employer against the minimum wage required by 41 U.S.C. 6703(1), in accordance with section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR Part 531. However, the amount of credit shall not exceed \$1.34 per hour beginning January 1, 1981. To use this provision —

(1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;

(2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);

(3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Labor Standards minimum wage through the combination of direct wages and tip credit;

(4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of 41 U.S.C. 6707(c).

(t) *Disputes Concerning Labor Standards.* The U.S. Department of Labor has set forth in 29 CFR Parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

**52.222-43 FAIR LABOR STANDARDS ACT AND SERVICE
CONTRACT LABOR STANDARDS—PRICE ADJUSTMENT
(MULTIPLE YEAR AND OPTION CONTRACTS) (AUG 2018)**

(a) This clause applies to both contracts subject to area prevailing wage determinations and contracts subject to collective bargaining agreements.

(b) The Contractor warrants that the prices in this contract do not include any allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(c) The wage determination, issued under the Service Contract Labor Standards statute, (41 U.S.C. chapter 67), by the Administrator, Wage and Hour Division, U.S. Department of Labor, current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract. If no such determination has been made applicable to this contract, then the Federal minimum wage as established by section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended, (29 U.S.C. 206) current on the anniversary date of a multiple year contract or the beginning of each renewal option period, shall apply to this contract.

(d) The contract price, contract unit price labor rates, or fixed hourly labor rates will be adjusted to reflect the Contractor's actual increase or decrease in applicable wages and fringe benefits to the extent that the increase is made to comply with or the decrease is voluntarily made by the Contractor as a result of:

(1) The Department of Labor wage determination applicable on the anniversary date of the multiple year contract, or at the beginning of the renewal option period. For example, the prior year wage determination required a minimum wage rate of \$4.00 per hour. The Contractor chose to pay \$4.10. The new wage determination increases the minimum rate to \$4.50 per hour. Even if the Contractor voluntarily increases the rate to \$4.75 per hour, the allowable price adjustment is \$.40 per hour;

(2) An increase or decrease wage determination otherwise applied to the contract by operation of law; or

(3) An amendment to the Fair Labor Standards Act of 1938 that is enacted after award of this contract, affects the minimum wage, and becomes applicable to this contract under law.

(e) Any adjustment will be limited to increases or decreases in wages and fringe benefits as described in paragraph (d) of this clause, and the accompanying increases or decreases in social security and unemployment taxes and workers' compensation insurance, but shall not otherwise include any amount for general and administrative costs, overhead, or profit.

(f) The Contractor shall notify the Contracting Officer of any increase claimed under this clause within 30 days after receiving a new wage determination unless this notification period is extended in writing by the Contracting Officer. The Contractor shall promptly notify the Contracting Officer of any decrease under this clause, but nothing in the clause shall preclude the Government from asserting a claim within the period permitted by law. The notice shall contain a statement of the amount claimed and the change in fixed hourly rates (if this is a time-and-materials or labor-hour contract), and any relevant supporting data, including payroll records, that the Contracting Officer may reasonably require. Upon agreement of the parties, the contract price, contract unit price labor rates, or fixed hourly rates shall be modified in writing. The Contractor shall continue performance pending agreement on or determination of any such adjustment in its effective date.

(g) The Contracting Officer or an authorized representative shall have access to and the right to examine any directly pertinent books, documents, papers and records of the Contractor until the expiration of 3 years after final payment under the contract.

The contractor shall provide the return transportation or pay the cost of return transportation in a way that does not obstruct the victim services, legal redress, or witness activity. For example, the contractor shall not only offer return transportation to a witness at a time when the witness is still needed to testify. This paragraph does not apply when the exemptions at paragraph (b)(7)(ii) of this clause apply.

(8) Provide or arrange housing that fails to meet the host country housing and safety standards; or

(9) If required by law or contract, fail to provide an employment contract, recruitment agreement, or other required work document in writing. Such written work document shall be in a language the employee understands. (2) Take appropriate action, up to and including termination, against employees, agents, or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.*

(1) The Contractor shall inform the Contracting Officer and the agency Inspector General immediately of —

(ii) Any actions taken against a Contractor employee, subcontractor, subcontractor employee, or their agent pursuant to this clause.

(2) If the allegation may be associated with more than one contract, the Contractor shall inform the contracting officer for the contract with the highest dollar value.

(2) *Aggravating factors.* The Contractor failed to abate an alleged violation or enforce the requirements of a compliance plan, when directed by the Contracting Officer to do so.

(g) *Full cooperation.*

(1) The Contractor shall, at a minimum —

(i) Disclose to the agency Inspector General information sufficient to identify the nature and extent of an offense and the individuals responsible for the conduct;

(ii) Provide timely and complete responses to Government auditors' and investigators' requests for documents;

(iii) Cooperate fully in providing reasonable access to its facilities and staff (both inside and outside the U.S.) to allow contracting agencies and other responsible Federal agencies to conduct audits, investigations, or other actions to ascertain compliance with the Trafficking Victims Protection Act of 2000 (22 U.S.C. chapter 78), E.O. 13627, or any other applicable law or regulation establishing restrictions on trafficking in persons, the procurement of commercial sex acts, or the use of forced labor; and

(iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(i) Require the Contractor to waive its attorney-client privilege or the protections afforded by the attorney work product doctrine;

(ii) Require any officer, director, owner, employee, or agent of the Contractor, including a sole proprietor, to waive his or her attorney client privilege or Fifth Amendment rights; or

(iii) Restrict the Contractor from —

or

(B) Defending a proceeding or dispute arising under the contract or related to a potential or disclosed violation.

(ii) Has an estimated value that exceeds \$500,000.

(2) The Contractor shall maintain a compliance plan during the performance of the contract that is appropriate —

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) *Minimum requirements.* The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. Additional information about Trafficking in Persons and examples of awareness programs can be found at the Web site for the Department of State's Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/j/tip/>.

(ii) A process for employees to report, without fear of retaliation, activity inconsistent with the policy prohibiting trafficking in persons, including a means to make available to all employees the hotline phone number of the Global Human Trafficking Hotline at 1-844-888-FREE and its email address at help@befree.org.

(iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employee, and ensures that wages meet applicable hostcountry legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing, that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) *Posting.*

(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(5) *Certification.* Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that —

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either —

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) *Subcontracts.*

(1) The Contractor shall include the substance of this clause, including this paragraph (i), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that —

(A) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(B) Has an estimated value that exceeds \$500,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h)(5) of this clause.

(b) The services shall be furnished at prices which are, or are based on, established catalog or market prices for the maintenance, calibration, or repair of equipment.

(1) An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public.

- (b) The contract services are furnished at prices that are, or are based on, established catalog or market prices. An "established catalog price" is a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or the Contractor, is either published or otherwise available for inspection by customers, and states prices at which sales currently, or were last, made to a significant number of buyers constituting the general public. - (e) (1) Except for services identified in FAR 22.1003-4(d)(1)(iv), the subcontractor for exempt services shall be selected for award based on other factors in addition to price or cost with the combination of other factors at least as important as price or cost; or
- (2) A subcontract for exempt services shall be awarded on a sole source basis.
- (f) The Contractor is responsible for compliance with all the conditions of this exemption by its subcontractors. The Contractor shall determine in advance, based on the nature of the subcontract requirements and knowledge of the practices of likely subcontractors, that all or nearly all likely subcontractors will meet the conditions in paragraphs (a) through (d) of this clause. If the services are currently being performed under a subcontract, the Contractor shall consider the practices of the existing subcontractor in making a determination regarding the conditions in paragraphs (a) through (d) of this clause. If the Contractor has reason to doubt the validity of the certification, the requirements of the Service Contract Labor Standards statute shall be included in the subcontract.
- (g) If the Department of Labor determines that any conditions for exemption at paragraphs (a) through (e) of this clause have not been met, the exemption shall be deemed inapplicable, and the contract shall become subject to the Service Contract Labor Standards statute. In such case, the procedures in at 29 CFR 4.123(e)(2)(iii) and 29 CFR 4.5(c) will be followed.

The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) *Option to verify employment eligibility of all employees.* The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. (b) *Executive Order minimum wage rate.*

(1) The Contractor shall pay to workers, while performing in the United States, and performing on, or in connection with, this contract, a minimum hourly wage rate of \$10.10 per hour beginning January 1, 2015.

(2) The Contractor shall adjust the minimum wage paid, if necessary, beginning January 1, 2016, and annually thereafter, to meet the applicable annual E.O. minimum wage. The Administrator of the Department of Labor's Wage and Hour Division (the Administrator) will publish annual determinations in the **Federal Register** no later than 90 days before the effective date of the new E.O. minimum wage rate. The Administrator will also publish the applicable E.O. minimum wage on www.wdol.gov (or any successor Web site), and a general notice on all wage determinations issued under the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, that will provide information on the E.O. minimum wage and how to obtain annual updates. The applicable published E.O. minimum wage is incorporated by reference into this contract.

(3) (i) The Contractor may request a price adjustment only after the effective date of the new annual E.O. minimum wage determination. Prices will be adjusted only for increased labor costs (including subcontractor labor costs) as a result of an increase in the annual E.O. minimum wage, and for associated labor costs (including those for subcontractors). Associated labor costs shall include increases or decreases that result from changes in social security and unemployment taxes and workers' compensation insurance, but will not otherwise include any amount for general and administrative costs, overhead, or profit.

(ii) Subcontractors may be entitled to adjustments due to the new minimum wage, pursuant to paragraph (b)(2). Contractors shall consider any subcontractor requests for such price adjustment.

(iii) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (b)(3)(i) of this clause, and will not provide duplicate price adjustments with any price adjustment under clauses implementing the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute.

(4) The Contractor warrants that the prices in this contract do not include allowance for any contingency to cover increased costs for which adjustment is provided under this clause.

(5) A pay period under this clause may not be longer than semi-monthly, but may be shorter to comply with any applicable law or other requirement under this contract establishing a shorter pay period. Workers shall be paid no later than one pay period following the end of the regular pay period in which such wages were earned or accrued.

(6) The Contractor shall pay, unconditionally to each worker, all wages due free and clear without subsequent rebate or kickback. The Contractor may make deductions that reduce a worker's wages below the E.O. minimum wage rate only if done in accordance with 29 CFR 10.23, Deductions.

(7) The Contractor shall not discharge any part of its minimum wage obligation under this clause by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Labor Standards statute, the cash equivalent thereof.

(8) Nothing in this clause shall excuse the Contractor from compliance with any applicable Federal or State prevailing wage law or any applicable law or municipal ordinance establishing a

minimum wage higher than the E.O. minimum wage. However, wage increases under such other laws or municipal ordinances are not subject to price adjustment under this subpart.

(9) The Contractor shall pay the E.O. minimum wage rate whenever it is higher than any applicable collective bargaining agreement(s) wage rate.

(10) The Contractor shall follow the policies and procedures in 29 CFR 10.24(b) and 10.28 for treatment of workers engaged in an occupation in which they customarily and regularly receive more than \$30 a month in tips.

(ii) Workers with disabilities whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(c) are covered; and

(iii) Workers who are registered in a bona fide apprenticeship program or training program registered with the Department of Labor's Employment and Training Administration, Office of Apprenticeship, or with a State Apprenticeship Agency recognized by the Office of Apprenticeship, are covered.

(2) This clause does not apply to –

(i) Fair Labor Standards Act (FLSA)-covered individuals performing in connection with contracts covered by the E.O., *i.e.* those individuals who perform duties necessary to the performance of the contract, but who are not directly engaged in performing the specific work called for by the contract, and who spend less than 20 percent of their hours worked in a particular workweek performing in connection with such contracts;

(ii) Individuals exempted from the minimum wage requirements of the FLSA under 29 U.S.C. 213(a) and 214(a) and (b), unless otherwise covered by the Service Contract Labor Standards statute, or the Wage Rate Requirements (Construction) statute. These individuals include but are not limited to –

(A) Learners, apprentices, or messengers whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(a).

(B) Students whose wages are calculated pursuant to special certificates issued under 29 U.S.C. 214(b).

(C) Those employed in a bona fide executive, administrative, or professional capacity (29 U.S.C. 213(a)(1) and 29 CFR part 541).

(d) *Notice.* The Contractor shall notify all workers performing work on, or in connection with, this contract of the applicable E.O. minimum wage rate under this clause. With respect to workers covered by the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, the Contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers whose wages are governed by the FLSA, the Contractor shall post notice, utilizing the poster provided by the Administrator, which can be obtained at www.dol.gov/whd/govcontracts, in a prominent and accessible place at the worksite. Contractors that customarily post notices to workers electronically may post the notice electronically provided the electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

(e) *Payroll Records.*

(1) The Contractor shall make and maintain records, for three years after completion of the work, containing the following information for each worker:

- (i) Name, address, and social security number;
- (ii) The worker's occupation(s) or classification(s);
- (iii) The rate or rates of wages paid;
- (iv) The number of daily and weekly hours worked by each worker;
- (v) Any deductions made; and
- (vi) Total wages paid.

(2) The Contractor shall make records pursuant to paragraph (e)(1) of this clause available for inspection and transcription by authorized representatives of the Administrator. The Contractor shall also make such records available upon request of the Contracting Officer.

(3) The Contractor shall make a copy of the contract available, as applicable, for inspection or transcription by authorized representatives of the Administrator.

(4) Failure to comply with this paragraph (e) shall be a violation of 29 CFR 10.26 and this contract. Upon direction of the Administrator or upon the Contracting Officer's own action, payment shall be withheld until such time as the noncompliance is corrected.

(5) Nothing in this clause limits or otherwise modifies the Contractor's payroll and recordkeeping obligations, if any, under the Service Contract Labor Standards statute, the Wage Rate Requirements (Construction) statute, the Fair Labor Standards Act, or any other applicable law.

(f) *Access.* The Contractor shall permit authorized representatives of the Administrator to conduct investigations, including interviewing workers at the worksite during normal working hours.

(g) *Withholding.* The Contracting Officer, upon his or her own action or upon written request of the Administrator, will withhold funds or cause funds to be withheld, from the Contractor under this or any other Federal contract with the same Contractor, sufficient to pay workers the full amount of wages required by this clause.

(h) *Disputes.* Department of Labor has set forth in 29 CFR 10.51, Disputes concerning contractor compliance, the procedures for resolving disputes concerning a contractor's compliance with Department of Labor regulations at 29 CFR part 10. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this contract. These disputes include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the Department of Labor, or the workers or their representatives.

(i) *Antiretaliation.* The Contractor shall not discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to compliance with the E.O. or this clause, or has testified or is about to testify in any such proceeding.

(j) *Subcontractor compliance.* The Contractor is responsible for subcontractor compliance with the requirements of this clause and may be held liable for unpaid wages due subcontractor workers.

(k) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (k) in all subcontracts, regardless of dollar value, that are subject to the Service Contract Labor Standards statute or the Wage Rate Requirements (Construction) statute, and are to be performed in whole or in part in the United States.

The Contracting Officer shall consider documentation as to the specific costs and workers impacted in determining the amount of the adjustment.

(d) The Contracting Officer will not adjust the contract price under this clause for any costs other than those identified in paragraph (c) of this clause, and will not provide price adjustments under this clause that result in duplicate price adjustments with the respective clause of this contract implementing the Service Contract Labor Standards statute (formerly known as the Service Contract Act) or the Wage Rate Requirements (Construction) statute (formerly known as the Davis Bacon Act).

This definition does not include server computers, gaming consoles, mobile telephones, portable hand-held calculators, portable digital assistants (PDAs), MP3 players, or any other mobile computing device with displays less than 4 inches, measured diagonally.

Computer display means a display screen and its associated electronics encased in a single housing or within the computer housing (*e.g.*, notebook or integrated desktop computer) that is capable of displaying output information from a computer via one or more inputs such as a VGA, DVI, USB, DisplayPort, and/or IEEE 1394–2008TM, Standard for High Performance Serial Bus. Examples of computer display technologies are the cathode-ray tube (CRT) and liquid crystal display (LCD).

Desktop computer means a computer where the main unit is intended to be located in a permanent location, often on a desk or on the floor. Desktops are not designed for portability and utilize an external computer display, keyboard, and mouse. Desktops are designed for a broad range of home and office applications.

Integrated desktop computer means a desktop system in which the computer and computer display

function as a single unit that receives its AC power through a single cable. Integrated desktop computers come in one of two possible forms:

- (1) A system where the computer display and computer are physically combined into a single unit; or
- (2) A system packaged as a single system where the computer display is separate but is connected to the main chassis by a DC power cord and both the computer and computer display are powered from a single power supply. As a subset of desktop computers, integrated desktop computers are typically designed to provide similar functionality as desktop systems.

Notebook computer means a computer designed specifically for portability and to be operated for extended periods of time either with or without a direct connection to an AC power source. Notebooks must utilize an integrated computer display and be capable of operation off of an integrated battery or other portable power source. In addition, most notebooks use an external power supply and have an integrated keyboard and pointing device. Notebook computers are typically designed to provide similar functionality to desktops, including operation of software similar in functionality to that used in desktops. Docking stations are considered accessories for notebook computers, not notebook computers. Tablet PCs, which may use touch-sensitive screens along with, or instead of, other input devices, are considered notebook computers.

Personal computer product means a computer, computer display, desktop computer, integrated desktop computer, or notebook computer.

(b) Under this contract, the Contractor shall deliver, furnish for Government use, or furnish for Contractor use at a Federally controlled facility, only personal computer products that, at the time of submission of proposals and at the time of award, were EPEAT[®] bronze-registered or higher.

52.227-14 RIGHTS IN DATA--GENERAL (MAY 2014)

(a) *Definitions.* As used in this clause –

“Computer database” or “database” means a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

“Computer software” –

(1) Means

(i) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(ii) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and related material that would enable the computer program to be produced, created, or compiled.

(2) Does not include computer databases or computer software documentation.

“Computer software documentation” means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

“Data” means recorded information, regardless of form or the media on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

“Form, fit, and function data” means data relating to items, components, or processes that are sufficient to enable physical and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics, functional characteristics, and performance requirements. For computer software it means data identifying source, functional characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

“Limited rights” means the rights of the Government in limited rights data as set forth in the Limited Rights Notice of paragraph (g)(3) if included in this clause.

“Limited rights data” means data, other than computer software, that embody trade secrets or are commercial or financial and confidential or privileged, to the extent that such data pertain to items, components, or processes developed at private expense, including minor modifications.

“Restricted computer software” means computer software developed at private expense and that is a trade secret, is commercial or financial and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

“Restricted rights” as used in this clause, means the rights of the Government in restricted computer software, as set forth in a Restricted Rights Notice of paragraph (g) if included in this clause, or as otherwise may be provided in a collateral agreement incorporated in and made part of this contract, including minor modifications of such computer software.

“Technical data” means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases (See 41 U.S.C. 116).

“Unlimited rights” means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) Allocation of rights.

(1) Except as provided in paragraph (c) of this clause, the Government shall have unlimited rights in--

- (i) Data first produced in the performance of this contract;
- (ii) Form, fit, and function data delivered under this contract;
- (iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and
- (iv) All other data delivered under this contract unless provided otherwise for limited rights data or restricted computer software in accordance with paragraph (g) of this clause.

(2) The Contractor shall have the right to--

- (i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c)(1) of this clause;
- (ii) Use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, unless provided otherwise in paragraph (d) of this clause;
- (iii) Substantiate the use of, add, or correct limited rights, restricted rights, or copyright notices and to take other appropriate action, in accordance with paragraphs (e) and (f) of this clause; and
- (iv) Protect from unauthorized disclosure and use those data that are limited rights data or restricted computer software to the extent provided in paragraph (g) of this clause.

(c) Copyright--

(1) Data first produced in the performance of this contract.

- (i) Unless provided otherwise in paragraph (d) of this clause, the Contractor may, without prior approval of the Contracting Officer, assert copyright in scientific and technical articles based on or containing data first produced in the performance of this contract and published in academic, technical or professional journals, symposia proceedings, or similar works. The prior, express written permission of the Contracting Officer is required to assert copyright in all other data first produced in the performance of this contract.
- (ii) When authorized to assert copyright to the data, the Contractor shall affix the applicable copyright notices of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number).
- (iii) For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public) by or on behalf of the Government.

(2) *Data not first produced in the performance of this contract.* The Contractor shall not, without the prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract unless the Contractor--

(i) Identifies the data; and

(ii) Grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause or, if such data are restricted computer software, the Government shall acquire a copyright license as set forth in paragraph (g)(4) of this clause (if included in this contract) or as otherwise provided in a collateral agreement incorporated in or made part of this contract.

(3) *Removal of copyright notices.* The Government will not remove any authorized copyright notices placed on data pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

(d) *Release, publication, and use of data.* The Contractor shall have the right to use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, except--

(1) As prohibited by Federal law or regulation (e.g., export control or national security laws or regulations);

(2) As expressly set forth in this contract; or

(3) If the Contractor receives or is given access to data necessary for the performance of this contract that contain restrictive markings, the Contractor shall treat the data in accordance with such markings unless specifically authorized otherwise in writing by the Contracting Officer.

(e) Unauthorized marking of data.

(1) Notwithstanding any other provisions of this contract concerning inspection or acceptance, if any data delivered under this contract are marked with the notices specified in paragraph (g) (3) or (g) (4) if included in this clause, and use of the notices is not authorized by this clause, or if the data bears any other restrictive or limiting markings not authorized by this contract, the Contracting Officer may at any time either return the data to the Contractor, or cancel or ignore the markings. However, pursuant to 41 U.S.C. 4703, the following procedures shall apply prior to canceling or ignoring the markings.

(i) The Contracting Officer will make written inquiry to the Contractor affording the Contractor 60 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings;

(ii) If the Contractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 60-day period (or a longer time approved in writing by the Contracting Officer for good cause shown), the Government shall have the right to cancel or ignore the markings at any time after said period and the data will no longer be made subject to any disclosure prohibitions.

(iii) If the Contractor provides written justification to substantiate the propriety of the markings within the period set in paragraph (e)(1)(i) of this clause, the Contracting Officer will consider such written justification and determine whether or not the markings are to be cancelled or ignored. If the Contracting Officer determines that the markings are authorized, the Contractor will be so notified in writing. If the Contracting Officer determines, with concurrence of the head of the contracting activity, that the markings are not authorized, the Contracting Officer will furnish the Contractor a written determination, which determination will become the final agency decision regarding the appropriateness of the markings unless the Contractor files suit in a court of competent

jurisdiction within 90 days of receipt of the Contracting Officer's decision. The Government will continue to abide by the markings under this paragraph (e)(1)(iii) until final resolution of the matter either by the Contracting Officer's determination becoming final (in which instance the Government will thereafter have the right to cancel or ignore the markings at any time and the data will no longer be made subject to any disclosure prohibitions), or by final disposition of the matter by court decision if suit is filed.

(2) The time limits in the procedures set forth in paragraph (e)(1) of this clause may be modified in accordance with agency regulations implementing the Freedom of Information Act (5 U.S.C. 552) if necessary to respond to a request thereunder.

(3) Except to the extent the Government's action occurs as the result of final disposition of the matter by a court of competent jurisdiction, the Contractor is not precluded by paragraph (e) of the clause from bringing a claim, in accordance with the Disputes clause of this contract, that may arise as the result of the Government removing or ignoring authorized markings on data delivered under this contract.

(f) Omitted or incorrect markings.

(1) Data delivered to the Government without any restrictive markings shall be deemed to have been furnished with unlimited rights. The Government is not liable for the disclosure, use, or reproduction of such data.

(2) If the unmarked data has not been disclosed without restriction outside the Government, the Contractor may request, within 6 months (or a longer time approved by the Contracting Officer in writing for good cause shown) after delivery of the data, permission to have authorized notices placed on the data at the Contractor's expense. The Contracting Officer may agree to do so if the Contractor--

(i) Identifies the data to which the omitted notice is to be applied;

(ii) Demonstrates that the omission of the notice was inadvertent;

(iii) Establishes that the proposed notice is authorized; and

(iv) Acknowledges that the Government has no liability for the disclosure, use, or reproduction of any data made prior to the addition of the notice or resulting from the omission of the notice.

(3) If data has been marked with an incorrect notice, the Contracting Officer may--

(i) Permit correction of the notice at the Contractor's expense if the Contractor identifies the data and demonstrates that the correct notice is authorized; or

(ii) Correct any incorrect notices.

(g) Protection of limited rights data and restricted computer software.

(1) The Contractor may withhold from delivery qualifying limited rights data or restricted computer software that are not data identified in paragraphs (b)(1)(i), (ii), and (iii) of this clause. As a condition to this withholding, the Contractor shall--

(i) Identify the data being withheld; and

(ii) Furnish form, fit, and function data instead.

(2) Limited rights data that are formatted as a computer database for delivery to the Government

shall be treated as limited rights data and not restricted computer software.

(3) [Reserved]

(h) *Subcontracting*. The Contractor shall obtain from its subcontractors all data and rights therein necessary to fulfill the Contractor's obligations to the Government under this contract. If a subcontractor refuses to accept terms affording the Government those rights, the Contractor shall promptly notify the Contracting Officer of the refusal and shall not proceed with the subcontract award without authorization in writing from the Contracting Officer.

(i) *Relationship to patents or other rights*. Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government.

**52.232-34 Payment by Electronic Funds Transfer—Other than
SYSTEM FOR AWARD MANAGEMENT (JUL 2013) (DEVIATION –
FEB 2007)**

(a) Method of payment.

(1) All payments by the ordering activity under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.

(2) In the event the ordering activity is unable to release one or more payments by EFT, the Contractor agrees to either—

(i) Accept payment by check or some other mutually agreeable method of payment; or

(ii) Request the ordering activity to extend payment due dates until such time as the ordering activity makes payment by EFT (but see paragraph (d) of this clause).

(b) Mandatory submission of Contractor's EFT information.

(1) The Contractor is required to provide the ordering activity with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information (hereafter: "designated office") by 52.232-34. If not otherwise specified in this contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

(c) Mechanisms for EFT payment. The ordering activity may make payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR Part 210.

(d) Suspension of payment.

(1) The ordering activity is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.

(2) If the EFT information changes after submission of correct EFT information, the ordering activity shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(e) Liability for uncompleted or erroneous transfers.

(1) If an uncompleted or erroneous transfer occurs because the ordering activity used the Contractor's EFT information incorrectly, the ordering activity remains responsible for—

- (i) Making a correct payment;
- (ii) Paying any prompt payment penalty due; and
- (iii) Recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of ordering activity release of the EFT payment transaction instruction to the Federal Reserve System, and—

- (i) If the funds are no longer under the control of the payment office, the ordering activity is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or
- (ii) If the funds remain under the control of the payment office, the ordering activity shall not make payment and the provisions of paragraph (d) shall apply.

(f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the ordering activity, is incorrect EFT information within the meaning of paragraph (d) of this clause.

(h) Liability for change of EFT information by financial agent. The ordering activity is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.

(i) Payment information. The payment or disbursing office shall forward to the Contractor available

payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The ordering activity may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the ordering activity does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the ordering activity. If the ordering activity makes payment by check in accordance with paragraph (a) of this clause, the ordering activity shall mail the payment information to the remittance address in the contract.

(j) EFT information. The Contractor shall provide the following information to the designated office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause).

The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

- (1) The contract number (or other procurement identification number).
- (2) The Contractor's name and remittance address, as stated in the contract(s).
- (3) The signature (manual or electronic, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.
- (4) The name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.
- (5) The Contractor's account number and the type of account (checking, saving, or lockbox).
- (6) If applicable, the Fedwire Transfer System telegraphic abbreviation of the Contractor's financial agent.
- (7) If applicable, the Contractor shall also provide the name, address, telegraphic abbreviation, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment if the Contractor's financial agent is not directly on-line to the Fedwire Transfer System; and, therefore, not the receiver of the wire transfer payment.

**52.232-36 PAYMENT BY THIRD PARTY (MAY 2014) (DEVIATION
– MAY 2003)**

(a) *General.*

(1) Except as provided in paragraph (a)(2) of this clause, the Contractor agrees to accept payments due under this contract, through payment by a third party in lieu of payment directly from the ordering activity, in accordance with the terms of this clause. The third party and, if applicable, the particular credit card to be used are identified elsewhere in this contract.

(2) The credit card is not authorized as a method of payment during any period of the System for Award Management (SAM) indicates that the Contractor has delinquent debt that is subject to collection under the Treasury Offset Program (TOP). Information on TOP is available at <http://fms.treas.gov/debt/index.html>. If the SAM subsequently indicates that the Contractor no longer has delinquent debt, the Contractor may request the Contracting Officer to authorize payment by credit card.

(b) *Contractor payment request.*

(1) Except as provided in paragraph (b)(2) of this clause, the Contractor shall make payment

requests through a charge to the ordering activity account with the third party, at the time and for the amount due in accordance with those clauses of this contract that authorize the Contractor to submit invoices, contract financing requests, other payment requests, or as provided in other clauses providing for payment to the Contractor.

(2) When the Contracting Officer has notified the Contractor that the credit card is no longer an authorized method of payment, the Contractor shall make such payment requests in accordance with instructions provided by the Contracting Officer during the period when the purchase card is not authorized.

(c) *Payment.* The Contractor and the third party shall agree that payments due under this contract shall be made upon submittal of payment requests to the third party in accordance with the terms and conditions of an agreement between the Contractor, the Contractor's financial agent (if any), and the third party and its agents (if any). No payment shall be due the Contractor until such agreement is made. Payments made or due by the third party under this clause are not payments made by the ordering activity and are not subject to the Prompt Payment Act or any implementation thereof in this contract.

(d) *Documentation.* Documentation of each charge against the ordering activity's account shall be provided to the Contracting Officer upon request.

(e) *Assignment of claims.* Notwithstanding any other provision of this contract, if any payment is made under this clause, then no payment under this contract shall be assigned under the provisions of the assignment of claims terms of this contract or the Assignment of Claims Act of 1940 (31 U.S.C. 3727, 41 U.S.C. 6305).

(f) *Other payment terms.* The other payment terms of this contract shall govern the content and submission of payment requests. If any clause requires information or documents in or with the payment request, that is not provided in the third party agreement referenced in paragraph (c) of this clause, the Contractor shall obtain instructions from the Contracting Officer before submitting such a payment request.

(b) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

(c) Include the substance of this clause, including this paragraph (c), in all subcontracts with small business concerns, including subcontracts with small business concerns for the acquisition of commercial items.

**52.237-3 CONTINUITY OF SERVICES (JAN 1991) (DEVIATION –
MAY 2003)**

(a) The Contractor recognizes that the services under this contract are vital to the ordering activity and

must be continued without interruption and that, upon contract expiration, a successor, either the ordering activity or another contractor, may continue them. The Contractor agrees to-

(1) Furnish phase-in training; and

(2) Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

(b) The Contractor shall, upon the Contracting Officer's written notice, (1) furnish phase-in, phase-out services for up to 90 days after this contract expires and (2) negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the Contracting Officer's approval. The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this contract are maintained at the required level of proficiency.

(c) The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

(d) The Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract.

**552.211-78 COMMERCIAL DELIVERY SCHEDULE (MULTIPLE
AWARD SCHEDULE) (FEB 1996)**

(a) Time of Delivery. The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO) in the case of F.O.B. Destination prices; or to place of shipment in transit in the case of F.O.B. Origin prices, as set forth below. Offerors shall insert in the "Time of Delivery (days ARO)" column in the schedule of Items a definite number of calendar days within which delivery will be made. In no case shall the offered delivery time exceed the Contractor's normal commercial practice. The Government requires the Contractor's normal commercial delivery time, as long as it is less than the "stated" delivery time(s) shown below. If the Offeror does not insert a delivery time in the schedule of items, the Offeror will be deemed to offer delivery in accordance with the Government's stated delivery time, as stated below:

(b) Expedited Delivery Times. For those items that can be delivered quicker than the delivery times in paragraph (a), above, the Offeror is requested to insert below, a time (hours/days ARO) that delivery can be made when expedited delivery is requested.

(c) Overnight and 2-Day Delivery Times. Ordering activities may require overnight or 2—day delivery. The Offeror is requested to annotate its price list or by separate attachment identify the items that can be delivered overnight or within 2 days. Contractors offering such delivery services will be required to state in the cover sheet to its FSS price list details concerning this service.

_____ **Begin Regulation** _____

**552.212-4 CONTRACT TERMS AND CONDITIONS –
COMMERCIAL ITEMS (JAN 2017) (DEVIATION – FEB 2007)
(DEVIATION - FEB 2018)**

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the ordering activity may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The ordering activity must exercise its post-acceptance rights —

- (1) Within a reasonable time after the defect was discovered or should have been discovered; and
- (2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the credit card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the ordering activity in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) *Invoice.*

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include —

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on an ordering activity bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and

(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if

required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, *Payment by Electronic Funds Transfer — System for Award Management*, or 52.232-34, *Payment by Electronic Funds Transfer—Other Than System for Award Management*), or applicable agency procedures.

(C) EFT banking information is not required if the ordering activity waived the requirement to pay by EFT.

(2) The due date for making invoice payments by the designated payment office is the later of the following two events:

(i) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(ii) The 10th day after ordering activity acceptance of supplies delivered or services-performed by the Contractor.

(h) *Patent indemnity.* The Contractor shall indemnify the ordering activity and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) *Payment.*

(1) *Items accepted.* Payment shall be made for items accepted by the ordering activity that have been delivered to the delivery destinations set forth in this contract.

(2) *Prompt payment.* The ordering activity will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(3) *Electronic Funds Transfer (EFT).* If the ordering activity makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(4) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the ordering activity has otherwise overpaid on a contract financing or invoice payment, the Contractor shall —

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the —

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the ordering activity under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The ordering activity may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if —

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on —

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of an ordering activity check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would

otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the ordering activity upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the ordering activity at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the ordering activity's convenience.* The ordering activity reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the ordering activity using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the ordering activity any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The ordering activity may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the ordering activity, upon request, with adequate assurances of future performance. In the event of termination for cause, the ordering activity shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the ordering activity for any and all rights and remedies provided by law. If it is determined that the ordering activity improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the ordering activity upon acceptance, regardless of when or where the ordering activity takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other compliances.* The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 41 U.S.C. 4712 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

(s) *Order of precedence.* Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, Unauthorized Obligations, and Commercial Supplier Agreements – Unenforceable Clauses paragraphs of this clause.
- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any commercial supplier agreements as amended by the Commercial Supplier Agreements – Unenforceable Clauses provision.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.
- (8) Other documents, exhibits, and attachments.
- (9) The specification.
- (t) System for Award Management (SAM).

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the ordering activity's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2) (i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of Subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be

considered to be incorrect information within the meaning of the “Suspension of payment” paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in 502.101) that includes any language, provision, or clause requiring the ordering activity to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such language, provision, or clause is unenforceable against the ordering activity.

(ii) Neither the ordering activity nor any ordering activity authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the ordering activity or any ordering activity authorized end user to such clause.

(iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the ordering activity that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(w) Commercial supplier agreements – unenforceable clauses. When any supply or service acquired under this contract is subject to a commercial supplier agreement (as defined in 502.101), the following language shall be deemed incorporated into the commercial supplier agreement. As used herein, “this agreement” means the commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the ordering activity, the following shall apply:

(i) *Applicability.* This agreement is a part of a contract between the commercial supplier and the ordering activity for the acquisition of the supply or service that necessitates a license (including all contracts, task orders, and delivery orders under FAR Part 12).

(ii) *End user.* This agreement shall bind the ordering activity as end user but shall not operate to bind an ordering activity employee or person acting on behalf of the ordering activity in his or her personal capacity.

(iii) *Law and disputes.* This agreement is governed by Federal law.

(A) Any language purporting to subject the ordering activity to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is

different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) *Continued performance.* The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the ordering activity except as allowed by this contract. If the supplier or licensor believes the ordering activity to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

(v) *Arbitration; equitable or injunctive relief.* In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the ordering activity only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) *Updating terms.*

(A) After award, the contractor may unilaterally revise commercial supplier agreement terms if they are not material. A material change is defined as:

- (1) Terms that change the ordering activity's rights or obligations;
- (2) Terms that increase ordering activity prices;
- (3) Terms that decrease overall level of service; or
- (4) Terms that limit any other ordering activity right addressed elsewhere in this contract.

(B) For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the ordering activity, and the ordering activity shall not be deemed to have consented to them.

(vii) *No automatic renewals.* If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized ordering activity representative.

(viii) *Indemnification.* Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(ix) *Audits.* Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the ordering activity. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying ordering activity contract or order.

(B) This charge, if disputed by the ordering activity, will be resolved in

accordance with subparagraph (d) (Disputes); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process.

(C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the ordering activity.

(x) *Taxes or surcharges.* Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the ordering activity as end user will be governed by the terms of the underlying contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the ordering activity contract.

(xi) *Non-assignment.* This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the ordering activity's prior approval, except as expressly permitted under subparagraph (b) of this clause.

(xii) *Confidential information.* If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the ordering activity may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

Note: Regulation 552.212-4

COMMERCIAL ITEMS (JAN 2017) (DEVIATION - FEB 2018)
(ALTERNATE I - JAN 2017) (DEVIATION - FEB 2007)**

(a) *Inspection/Acceptance.*

(1) The ordering activity has the right to inspect and test all materials furnished and services performed under this contract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. The ordering activity may also inspect the plant or plants of the Contractor or any subcontractor engaged in contract performance. The ordering activity will perform inspections and tests in a manner that will not unduly delay the work.

(2) If the ordering activity performs inspection or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

(3) Unless otherwise specified in the contract, the ordering activity will accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they will be

presumed accepted 60 days after the date of delivery, unless accepted earlier.

(4) At any time during contract performance, but not later than 6 months (or such other time as may be specified in the contract) after acceptance of the services or materials last delivered under this contract, the ordering activity may require the Contractor to replace or correct services or materials that at time of delivery failed to meet contract requirements. Except as otherwise specified in paragraph (a)(6) of this clause, the cost of replacement or correction shall be determined under paragraph (i) of this clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. Unless otherwise specified below, the portion of the "hourly rate" attributable to profit shall be 10 percent. The Contractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken. *[Insert portion of labor rate attributable to profit.]*

(5) (i) If the Contractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by the ordering activity), the ordering activity may —

(A) By contract or otherwise, perform the replacement or correction, charge to the Contractor any increased cost, or deduct such increased cost from any amounts paid or due under this contract; or

(B) Terminate this contract for cause.

(ii) Failure to agree to the amount of increased cost to be charged to the Contractor shall be a dispute under the Disputes clause of the contract.

(6) Notwithstanding paragraphs (a)(4) and (5) above, the ordering activity may at any time require the Contractor to remedy by correction or replacement, without cost to the ordering activity, any failure by the Contractor to comply with the requirements of this contract, if the failure is due to —

(i) Fraud, lack of good faith, or willful misconduct on the part of the Contractor's managerial personnel; or

(ii) The conduct of one or more of the Contractor's employees selected or retained by the Contractor after any of the Contractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.

(7) This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this contract.

(8) The Contractor has no obligation or liability under this contract to correct or replace materials and services that at time of delivery do not meet contract requirements, except as provided in this clause or as may be otherwise specified in the contract.

(9) Unless otherwise specified in the contract, the Contractor's obligation to correct or replace ordering activity-furnished property shall be governed by the clause pertaining to ordering activity property.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.*

(1) The clause at FAR 52.202-1, Definitions, is incorporated herein by reference. As used in this clause —

(i) Direct materials means those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product or service.

(ii) Hourly rate means the rate(s) prescribed in the contract for payment for labor that meets the labor category qualifications of a labor category specified in the contract that are —

(A) Performed by the contractor;

(B) Performed by the subcontractors; or

(C) Transferred between divisions, subsidiaries, or affiliates of the contractor under a common control.

(iii) *Materials* means —

(A) Direct materials, including supplies transferred between divisions, subsidiaries, or affiliates of the contractor under a common control;

(B) Subcontracts for supplies and incidental services for which there is not a labor category specified in the contract;

(C) Other direct costs (e.g., incidental services for which there is not a labor category specified in the contract, travel, computer usage charges, etc.);

(D) The following subcontracts for services which are specifically excluded from the hourly rate: Each order must list separately subcontracts for services excluded from the FSS Hourly Rates; and

(E) Indirect costs specifically provided for in this clause.

(iv) *Subcontract* means any contract, as defined in FAR subpart 2.1, entered into with a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract including transfers between divisions, subsidiaries, or affiliates of a contractor or subcontractor. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the ordering activity in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays

of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include—

- (i) Name and address of the Contractor;
- (ii) Invoice date and number;
- (iii) Contract number, line item number and, if applicable, the order number;
- (iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on ordering activity bill of lading;
- (vi) Terms of any discount for prompt payment offered;
- (vii) Name and address of official to whom payment is to be sent;
- (viii) Name, title, and phone number of person to notify in event of defective invoice; and
- (ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.
- (x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, *Payment by Electronic Funds Transfer—System for Award Management*, or 52.232-34, *Payment by Electronic Funds Transfer—Other Than System for Award Management*), or applicable agency procedures.

(C) EFT banking information is not required if the ordering activity waived the requirement to pay by EFT.

(2) The due date for making invoice payments by the designated payment office is the later of the following two events:

- (i) The 10th day after the designated billing office receives a proper invoice from the Contractor. If the designated billing office fails to annotate the invoice with the date of receipt at the time of receipt, the invoice payment due date shall be the 10th day after the date of the Contractor's invoice; provided the Contractor submitted a proper invoice and no disagreement exists over quantity, quality, or Contractor compliance with contract requirements.

(ii) The 10th day after ordering activity acceptance of supplies delivered or services performed by the Contractor.

(h) *Patent indemnity.* The Contractor shall indemnify the ordering activity and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) *Payments.*

(1) Work performed. The ordering activity will pay the Contractor as follows upon the submission of commercial invoices approved by the Contracting Officer:

(i) Hourly rate.

(A) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

(B) The rates shall be paid for all labor performed on the contract that meets the labor qualifications specified in the contract. Labor hours incurred to perform tasks for which labor qualifications were specified in the contract will not be paid to the extent the work is performed by individuals that do not meet the qualifications specified in the contract, unless specifically authorized by the Contracting Officer.

(C) Invoices may be submitted once each month (or at more frequent intervals, if approved by the Contracting Officer) to the Contracting Officer or the authorized representative.

(D) When requested by the Contracting Officer or the authorized representative, the Contractor shall substantiate invoices (including any subcontractor hours reimbursed at the hourly rate in the schedule) by evidence of actual payment, individual daily job timecards, records that verify the employees meet the qualifications for the labor categories specified in the contract, or other substantiation specified in the contract.

(E) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Contractor having performed work on an overtime basis.

(1) If no overtime rates are provided in the Schedule and the Contracting Officer approves overtime work in advance, overtime rates shall be negotiated.

(2) Failure to agree upon these overtime rates shall be treated as a dispute under the Disputes clause of this contract.

(3) If the Schedule provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by the Contracting Officer.

(ii) Materials.

(A) If the Contractor furnishes materials that meet the definition of a commercial item at 2.101, the price to be paid for such materials shall not exceed the Contractor's established catalog or market price, adjusted to reflect the —

(1) Quantities being acquired; and

(2) Any modifications necessary because of contract requirements.

(B) Except as provided for in paragraph (i)(1)(ii)(A) and (D)(2) of this clause, the ordering activity will reimburse the Contractor the actual cost of materials (less any rebates, refunds, or discounts received by the contractor that are identifiable to the contract) provided the Contractor —

(1) Has made payments for materials in accordance with the terms and conditions of the agreement or invoice; or

(2) Makes these payments within 30 days of the submission of the Contractor's payment request to the ordering activity and such payment is in accordance with the terms and conditions of the agreement or invoice.

(C) To the extent able, the Contractor shall —

(1) Obtain materials at the most advantageous prices available with due regard to securing prompt delivery of satisfactory materials; and

(2) Give credit to the ordering activity for cash and trade discounts, rebates, scrap, commissions, and other amounts that are identifiable to the contract.

(D) Other Costs. Unless listed below, other direct and indirect costs will not be reimbursed.

(1) Other Direct Costs. The ordering activity will reimburse the Contractor on the basis of actual cost for the following, provided such costs comply with the requirements in paragraph (i)(1)(ii)(B) of this clause: **Each order must list separately the elements of other direct costs for that order.**

(2) Indirect Costs (Material Handling, Subcontract Administration, etc.). The ordering activity will reimburse the Contractor for indirect costs on a pro-rata basis over the period of contract performance at the following fixed price: **Each order must list separately the fixed amount for the indirect costs and payment schedule; if no indirect costs are approved, insert "None."**

(2) *Total cost.* It is estimated that the total cost to the ordering activity for the performance of this contract shall not exceed the ceiling price set forth in the Schedule and the Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this contract within such ceiling price. If at any time the Contractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this contract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed 85 percent of the ceiling price in the Schedule, the Contractor shall notify the Contracting Officer giving a revised estimate of the total price to the ordering activity for performing this contract with supporting reasons and documentation. If at any time during the performance of this contract, the Contractor has reason to believe that the total price to the ordering activity for performing this contract will be substantially greater or less than the then stated ceiling price, the Contractor shall so notify the Contracting Officer, giving a revised estimate of the total price for performing this contract, with supporting reasons and documentation. If at any time during performance of this contract, the ordering activity has reason to believe that the work to be required in performing this contract will be substantially greater or less than the stated ceiling price, the Contracting Officer will so advise the Contractor, giving the then revised estimate of the total amount of effort to be required under the contract.

(3) *Ceiling price.* The ordering activity will not be obligated to pay the Contractor any amount in excess of the ceiling price in the Schedule, and the Contractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule, unless and until the Contracting Officer notifies the Contractor in writing that the ceiling price has been increased and specifies in the notice a revised ceiling that shall constitute the ceiling price for performance under this contract. When and to the extent that the ceiling price set forth in the Schedule has

been increased, any hours expended and material costs incurred by the Contractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the ceiling price.

(4) *Access to records.* At any time before final payment under this contract, the Contracting Officer (or authorized representative) will have access to the following (access shall be limited to the listing below unless otherwise agreed to by the Contractor and the Contracting Officer):

(i) Records that verify that the employees whose time has been included in any invoice meet the qualifications for the labor categories specified in the contract;

(ii) For labor hours (including any subcontractor hours reimbursed at the hourly rate in the schedule), when timecards are required as substantiation for payment —

(A) The original timecards (paper-based or electronic);

(B) The Contractor's timekeeping procedures;

(C) Contractor records that show the distribution of labor between jobs or contracts; and

(D) Employees whose time has been included in any invoice for the purpose of verifying that these employees have worked the hours shown on the invoices.

(iii) For material and subcontract costs that are reimbursed on the basis of actual cost —

(A) Any invoices or subcontract agreements substantiating material costs; and

(B) Any documents supporting payment of those invoices.

(5) *Overpayments/Underpayments.* Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices, that are found by the Contracting Officer not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. The Contractor shall promptly pay any such reduction within 30 days unless the parties agree otherwise. The ordering activity within 30 days will pay any such increases, unless the parties agree otherwise. The Contractor's payment will be made by check. If the Contractor becomes aware of a duplicate invoice payment or that the ordering activity has otherwise overpaid on an invoice payment, the Contractor shall —

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the —

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) (i) All amounts that become payable by the Contractor to the ordering activity under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the

Secretary of the Treasury, as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six month period as established by the Secretary until the amount is paid.

(ii) The ordering activity may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final Decisions. The Contracting Officer will issue a final decision as required by 33.211 if —

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt in a timely manner;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see FAR 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on —

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a ordering activity check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(viii) Upon receipt and approval of the invoice designated by the Contractor as the “completion invoice” and supporting documentation, and upon compliance by the Contractor with all terms of this contract, any outstanding balances will be paid within 30 days unless the parties agree otherwise. The completion invoice, and supporting documentation, shall be submitted by the Contractor as promptly as practicable following completion of the work under this contract, but in no event later than 1 year (or such longer period as the Contracting Officer may approve in writing) from the date of completion.

(7) *Release of claims.* The Contractor, and each assignee under an assignment entered into under this contract and in effect at the time of final payment under this contract, shall execute and deliver, at the time of and as a condition precedent to final payment under this contract, a release discharging the ordering activity, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions.

(i) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible to exact statement by the Contractor.

(ii) Claims, together with reasonable incidental expenses, based upon the liabilities of the Contractor to third parties arising out of performing this contract, that are not known to the Contractor on the date of the execution of the release, and of which the Contractor gives notice in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the ordering activity is prepared to make final payment, whichever is earlier.

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the ordering activity against patent liability), including reasonable incidental expenses, incurred by the Contractor under the terms of this contract relating to patents.

(8) *Prompt payment.* The ordering activity will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(9) *Electronic Funds Transfer (EFT).* If the ordering activity makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(10) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the ordering activity upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the ordering activity at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the ordering activity's convenience.* The ordering activity reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid an amount for direct labor hours (as defined in the Schedule of the contract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the contract, less any hourly rate payments already made to the Contractor plus reasonable charges the Contractor can demonstrate to the satisfaction of the ordering activity using its standard record keeping system that have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the ordering activity any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(m) *Termination for cause.* The ordering activity may terminate this contract, or any part hereof, for

cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the ordering activity, upon request, with adequate assurances of future performance. In the event of termination for cause, the ordering activity shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the ordering activity for any and all rights and remedies provided by law. If it is determined that the ordering activity improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title*. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the ordering activity upon acceptance, regardless of when or where the ordering activity takes physical possession.

(o) *Warranty*. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability*. Except as otherwise provided by an express warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other compliances*. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with laws unique to Government contracts*. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 41 U.S.C. 4712 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

(s) *Order of precedence*. Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (1) The schedule of supplies/services.
- (2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, Unauthorized Obligations, and Commercial Supplier Agreements - Unenforceable Clauses paragraphs of this clause.
- (3) The clause at 52.212-5.
- (4) Addenda to this solicitation or contract, including any commercial supplier agreements as amended by the Commercial Supplier Agreements - Unenforceable Clauses provision.
- (5) Solicitation provisions if this is a solicitation.
- (6) Other paragraphs of this clause.
- (7) The Standard Form 1449.
- (8) Other documents, exhibits, and attachments.
- (9) The specification.

(t) *System for Award Management (SAM)*.

- (1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the

data within the SAM database, and for any liability resulting from the ordering activity's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2) (i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any commercial supplier agreement (as defined in 502.101) that includes any language, provision, or clause requiring the ordering activity to pay any future fees, penalties, interest, legal costs or to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such language, provision, or clause is unenforceable against the ordering activity.

(ii) Neither the ordering activity nor any ordering activity authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the commercial supplier agreement. If the commercial supplier agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the ordering activity or any ordering activity authorized end user to such clause.

(iii) Any such language, provision, or clause is deemed to be stricken from the commercial supplier agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification or any other payment by the

ordering activity that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(w) *Commercial supplier agreements—unenforceable clauses.* When any supply or service acquired under this contract is subject to a commercial supplier agreement (as defined in 502.101), the following language shall be deemed incorporated into the commercial supplier agreement. As used herein, "this agreement" means the commercial supplier agreement:

(1) Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the ordering activity, the following shall apply:

(i) *Applicability.* This agreement is a part of a contract between the commercial supplier and the ordering activity for the acquisition of the supply or service that necessitates a license or other similar legal instrument (*including all contracts, task orders, and delivery orders under FAR Part 12*).

(ii) *End user.* This agreement shall bind the ordering activity as end user but shall not operate to bind an ordering activity employee or person acting on behalf of the ordering activity in his or her personal capacity.

(iii) *Law and disputes.* This agreement is governed by Federal law.

(A) Any language purporting to subject the ordering activity to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

(B) Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

(C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) *Continued performance.* The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the ordering activity except as allowed by this contract. If the supplier or licensor believes the ordering activity to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

(v) *Arbitration; equitable or injunctive relief.* In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the ordering activity only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) *Updating terms.*

(A) After award, the contractor may unilaterally revise commercial supplier agreement terms if they are not material. A material change is defined as:

- (1) Terms that change ordering activity rights or obligations;
- (2) Terms that increase ordering activity prices;
- (3) Terms that decrease overall level of service; or

(4) Terms that limit any other ordering activity right addressed elsewhere in this contract.

(B) For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

(C) Any agreement terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the ordering activity, and the ordering activity shall not be deemed to have consented to them.

(vii) No automatic renewals. If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized ordering activity representative.

(viii) Indemnification. Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

(ix) Audits. Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the ordering activity. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying ordering activity contract or order.

(B) This charge, if disputed by the ordering activity, will be resolved in accordance with subparagraph (d) (Disputes); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process.

(C) Any audit requested by the contractor will be performed at the contractor's expense, without reimbursement by the ordering activity.

(x) Taxes or surcharges. Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the ordering activity as end user will be governed by the terms of the underlying ordering activity contract or order and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the ordering activity contract.

(xi) Non-assignment. This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the ordering activity's prior approval, except as expressly permitted under subparagraph (b) of this clause.

(xii) Confidential information. If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price list, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the ordering activity may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the

preceding paragraph (w)(1), the language, provisions, or clause of paragraph (w)(1) shall prevail to the extent of such inconsistency.

Note: Regulation 552.212-4

This clause only applies to time-and-materials/labor hours orders.

Begin Regulation

552.212-70 PREPARATION OF OFFER (MULTIPLE AWARD SCHEDULE) (AUG 1997)

(a) Definitions. *Concession*, as used in this solicitation, means a benefit, enhancement or privilege (other than a discount), which either reduces the overall cost of a customer's acquisition or encourages a customer to consummate a purchase. Concessions include, but are not limited to freight allowance, extended warranty, extended price guarantees, free installation and bonus goods.

Discount, as used in this solicitation, means a reduction to catalog prices (published or unpublished). Discounts include, but are not limited to, rebates, quantity discounts, purchase option credits, and any other terms or conditions other than concessions) which reduce the amount of money a customer ultimately pays for goods or services ordered or received. Any net price lower than the list price is considered a "discount" by the percentage difference from the list price to the net price.

(b) For each Special Item Number (SIN) included in an offer, the Offeror shall provide the information outlined in paragraph (c). Offerors may provide a single response covering more than one SIN, if the information disclosed is the same for all products under each SIN. If discounts and concessions vary by model or product line, offerors shall ensure that information is clearly annotated as to item or items referenced.

(c) Provide information described below for each SIN:

(1) Two copies of the offeror's current published (dated or otherwise identified) commercial descriptive catalogs and/or price list(s) from which discounts are offered. If special catalogs or price lists are printed for the purpose of this offer, such descriptive catalogs or price lists shall include a statement indicating the special catalog or price list represent a verbatim extract from the Offeror's commercial catalog and/or price list and identify the descriptive catalog and/or price list from which the information has been extracted.

(2) Next to each offered item in the commercial catalog and/or price list, the Offeror shall write the special item number (SIN) under which the item is being offered. Unless a special catalog or price list is submitted, all other items shall be marked "excluded," lined out, and initialed by the offeror.

(3) The discount(s) offered under this solicitation. The description of discounts offered shall include all discounts, such as prompt payment discounts, quantity/dollar volume discounts (indicate whether models/products can be combined within the SIN or whether SINs can be combined to earn discounts), blanket purchase agreement discounts, or purchase option credits. If the terms of sale appearing in the commercial catalogs or price list on which an offer is based are in conflict with the terms of this solicitation, the latter shall govern.

(4) A description of concessions offered under this solicitation which are not granted to other customers. Such concessions may include, but are not limited to, an extended warranty, a return/exchange goods policy, or enhanced or additional services.

(5) If the Offeror is a dealer/reseller or the Offeror will use dealers to perform any aspect of

contract awarded under this solicitation, describe the functions, if any, that the dealer/reseller will perform.

Note: Regulation 552.212-70

This clause DOES NOT apply to offerors elect to participate in the TDR Pilot.

ACCURATE INFORMATION (AUG 1997)**

(a) The Government, at its election, may reduce the price of this contract or contract modification if the Contracting Officer determines after award of this contract or contract modification that the price negotiated was increased by a significant amount because the Contractor failed to:

(1) provide information required by this solicitation/contract or otherwise requested by the Government; or

(c) If any reduction in the contract price under this clause reduces the price for items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States—

(1) The amount of the overpayment; and

(2) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective each quarter prescribed by the Secretary of Treasury under 26 U.S.C. 6621(a)(2).

552.232-83 CONTRACTOR'S BILLING RESPONSIBILITIES (MAY 2003)

The Contractor is required to perform all billings made pursuant to this contract. However, if the Contractor has dealers that participate on the contract and the billing/payment process by the Contractor for sales made by the dealer is a significant administrative burden, the following alternative procedures may be used. Where dealers are allowed by the Contractor to bill ordering activities and accept payment in the Contractor's name, the Contractor agrees to obtain from all dealers participating in the performance of the contract a written agreement, which will require dealers to—

(1) Comply with the same terms and conditions regarding prices as the Contractor for sales made under the contract;

(2) Maintain a system of reporting sales under the contract to the manufacturer, which includes—

(i) The date of sale;

(ii) The ordering activity to which the sale was made;

(iii) The service or product/model sold;

(iv) The quantity of each service or product/model sold;

(v) The price at which it was sold, including discounts; and

(vi) All other significant sales data.

(3) Be subject to audit by the Government, with respect to sales made under the contract; and

(4) Place orders and accept payments in the name of the Contractor in care of the dealer.

An agreement between a Contractor and its dealers pursuant to this procedure will not establish privity of contract between dealers and the Government.

(b) During the period of the contract, the Contractor shall provide its Authorized Federal Supply Schedule Price List to eligible ordering activities upon request.

**552.238-72 IDENTIFICATION OF PRODUCTS THAT HAVE
ENVIRONMENTAL ATTRIBUTES (SEP 2003)**

(a) Several laws, Executive orders and Agency directives require Federal buyers to purchase products that are less harmful to the environment, when they are life cycle cost-effective (see FAR Subpart 23.7). The U.S. General Services Administration (GSA) requires contractors to highlight environmental products under Federal Supply Service schedule contracts in various communications media (e.g., publications and electronic formats).

(b) Definitions. As used in this clause —

Energy-efficient product means a product that—

(1) Meets Department of Energy and Environmental Protection Agency criteria for use of the ENERGY STAR [reg] trademark label; or

(2) Is in the upper 25 percent of efficiency for all similar products as designated by the Department of Energy's Federal Energy Management Program.

GSA Advantage![®] is an on-line shopping mall and ordering system that provides customers with access to products and services under GSA contracts.

Other environmental attributes refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

Post-consumer material means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post-consumer material is part of the broader category of “recovered material.” The Environmental Protection Agency (EPA) has developed a list of EPA-designated products in their Comprehensive Procurement Guidelines (CPGs) to provide Federal agencies with purchasing recommendations on specific products in a Recovered Materials Advisory Notice (RMAN). The RMAN contains recommended recovered and post-consumer material content levels for the specific products designated by EPA (40 CFR part 247 and <http://www.epa.gov/cpg/>).

Recovered materials means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process (Executive Order 13101 and 42 U.S.C. 6903 (19) and <http://www.epa.gov/cpg/>). For paper and paper products, see the definition at FAR 11.301 (42 U.S.C. 6962 (h)).

Remanufactured means factory rebuilt to original specifications.

Renewable energy means energy produced by solar, wind, geothermal, and biomass power.

Renewable energy technology means—

- (1) Technologies that use renewable energy to provide light, heat, cooling, or mechanical or electrical energy for use in facilities or other activities; or
 - (2) The use of integrated whole-building designs that rely upon renewable energy resources, including passive solar design.
- (c) (1) The offeror must identify products that—
- (i) Are compliant with the recovered and post-consumer material content levels recommended in the Recovered Materials Advisory Notices (RMANs) for EPA-designated products in the CPG program (<http://www.epa.gov/cpg/>);
 - (ii) Contain recovered materials that either do not meet the recommended levels in the RMANs or are not EPA-designated products in the CPG program (see FAR 23.401 and <http://www.epa.gov/cpg/>);
 - (iii) Are energy-efficient, as defined by either ENERGY STAR [reg] and/or FEMP’s designated top 25th percentile levels (see ENERGY STAR [reg] at <http://www.energystar.gov/> and FEMP at <http://www.eere.energy.gov/>);
 - (iv) Are water-efficient;
 - (v) Use renewable energy technology;
 - (vi) Are remanufactured; and
 - (vii) Have other environmental attributes.
- (2) These identifications must be made in each of the offeror’s following mediums:
- (i) The offer itself.
 - (ii) Printed commercial catalogs, brochures, and pricelists.
 - (iii) Online product website.

(iv) Electronic data submission for GSA *Advantage!*[®] submitted via GSA's Schedules Input Program (SIP) software or the Electronic Data Inter-change (EDI). Offerors can use the SIP or EDI methods to indicate environmental and other attributes for each product that is translated into respective icons in GSA *Advantage!*[®].

(d) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR part 260, Guides for the Use of Environmental Marketing Claims). The Government will accept an offeror's claim of an item's environmental attribute on the basis of—

- (1) Participation in a Federal agency-sponsored program (e.g., the EPA and DOE ENERGY STAR [reg] product labeling program);
- (2) Verification by an independent organization that specializes in certifying such claims; or
- (3) Possession of competent and reliable evidence. For any test, analysis, research, study, or other evidence to be "competent and reliable," it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

552.238-74 INDUSTRIAL FUNDING FEE AND SALES REPORTING (MAY 2014)

(a) Reporting of Federal Supply Schedule Sales. The Contractor shall report all contract sales under this contract as follows:

(1) The Contractor shall accurately report the dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this contract by calendar quarter (January 1-March 31, April 1-June 30, July 1-September 30, and October 1-December 31). The dollar value of a sale is the price paid by the Schedule user for products and services on a Schedule task or delivery order. The reported contract sales value shall include the Industrial Funding Fee (IFF). The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor's established commercial accounting practice. The acceptable points at which sales may be reported include —

- (i) Receipt of order;
- (ii) Shipment or delivery, as applicable;
- (iii) Issuance of an invoice; or
- (iv) Payment.

(2) Contract sales shall be reported to Federal Acquisition Services (FAS) within 30 calendar days following the completion of each reporting quarter. The Contractor shall continue to furnish quarterly reports, including "zero" sales, through physical completion of the last outstanding task order or delivery order of the contract.

(3) Reportable sales under the contract are those resulting from sales of contract items to authorized users unless the purchase was conducted pursuant to a separate contracting authority such as a Governmentwide Acquisition Contract (GWAC); a separately awarded FAR Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract. Sales made to state and local governments under Cooperative Purchasing authority shall be counted as reportable sales for IFF purposes.

(4) The Contractor shall electronically report the quarterly dollar value of sales, including “zero” sales, by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA)’s Federal Acquisition Service (FAS). Prior to using this automated system, the Contractor shall complete contract registration with the FAS Vendor Support Center (VSC). The website address, as well as registration instructions and reporting procedures, will be provided at the time of award. The Contractor shall report sales separately for each National Stock Number (NSN), Special Item Number (SIN), or sub-item.

(5) The Contractor shall convert the total value of sales made in foreign currency to U.S. dollars using the “Treasury Reporting Rates of Exchange” issued by the U.S. Department of Treasury, Financial Management Service. The Contractor shall use the issue of the Treasury report in effect on the last day of the calendar quarter. The report is available from Financial Management Service, International Funds Branch, Telephone: (202) 874-7994, Internet: http://www.fiscal.treasury.gov/fsreports/rpt/treasRptRateExch/treasRptRateExch_home.htm

(b) The Contractor shall remit the IFF at the rate set by GSA’s FAS.

(1) The Contractor shall remit the IFF to FAS in U.S. dollars within 30 calendar days after the end of the reporting quarter; final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.

(2) The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of GSA’s FAS. GSA’s FAS has the unilateral right to change the percentage at any time, but not more than once per year. FAS will provide reasonable notice prior to the effective date of the change. The IFF reimburses FAS for the costs of operating the Federal Supply Schedules Program. FAS recoups its operating costs from ordering activities as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized FAS programs, in accordance with 40 U.S.C. 321. Offerors must include the IFF in their prices. The fee is included in the award price(s) and reflected in the total amount charged to ordering activities. FAS will post notice of the current IFF at <https://72a.gsa.gov/> or successor website as appropriate.

(c) Within 60 days of award, an FAS representative will provide the Contractor with specific written procedural instructions on remitting the IFF. FAS reserves the unilateral right to change such instructions from time to time, following notification to the Contractor.

(d) Failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.232-17, Interest). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the IFF, this is sufficient cause for the Government to terminate the contract for cause.

Note: Regulation 552.238-74

This clause DOES NOT apply to offerors that elect to participate in the TDR Pilot.

(a) Definition. *Transactional data* encompasses the historical details of the products or services delivered by the Contractor during the performance of task or delivery orders issued against this contract.

(b) Reporting of Transactional Data. The Contractor must report all transactional data under this contract as follows:

(1) The Contractor must electronically report transactional data by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA) or by uploading the data according to GSA instructions. GSA will post registration instructions and reporting procedures on the Vendor Support Center website, <https://vsc.gsa.gov>. The reporting system website address, as well as registration instructions and reporting procedures, will be provided at the time of award or inclusion of this clause in the contract.

(2) The Contractor must provide, at no additional cost to the Government, the following transactional data elements, as applicable:

- (i) Contract or Blanket Purchase Agreement (BPA) Number.
- (ii) Delivery/Task Order Number/Procurement Instrument Identifier (PIID).
- (iii) Non-Federal Entity.
- (iv) Description of Deliverable.
- (v) Manufacturer Name.
- (vi) Manufacturer Part Number.
- (vii) Unit Measure (each, hour, case, lot).
- (viii) Quantity of Item Sold.
- (ix) Universal Product Code.
- (x) Price Paid per Unit.
- (xi) Total Price.

Note to paragraph (b)(2): The Contracting Officer may add data elements to the standard elements listed in paragraph (b)(2) of this section with the approvals listed in GSAM 507.105(c)(3).

(3) The contractor must report transactional data within 30 calendar days from the last calendar day of the month. If there was no contract activity during the month, the Contractor must submit a confirmation of no reportable transactional data within 30 calendar days of the last calendar day of the month.

(4) The Contractor must report the price paid per unit, total price, or any other data elements with an associated monetary value listed in (b)(2) of this section, in U.S. dollars.

(5) The reported price paid per unit and total price must include the Industrial Funding Fee (IFF).

(6) The Contractor must maintain a consistent accounting method of transactional data reporting, based on the Contractor's established commercial accounting practice.

(7) Reporting Points.

- (i) The acceptable points at which transactional data may be reported include —
 - (A) Issuance of an invoice; or

(B) Receipt of payment.

(ii) The Contractor must determine whether to report transactional data on the basis of invoices issued or payments received.

(8) The Contractor must continue to furnish reports, including confirmation of no transactional data, through physical completion of the last outstanding task or delivery order of the contract.

(9) Unless otherwise expressly stated by the ordering activity, orders that contain classified information or other information that would compromise national security are exempt from this reporting requirement.

(10) This clause does not exempt the Contractor from fulfilling existing reporting requirements contained elsewhere in the contract.

(11) GSA reserves the unilateral right to change reporting instructions following 60 calendar days' advance notification to the Contractor.

(c) Industrial Funding Fee (IFF).

(1) This contract includes an IFF charged on orders placed against this contract. The IFF is paid by the authorized ordering activity but remitted to GSA by the Contractor. The IFF reimburses GSA for the costs of operating the Federal Supply Schedule program, as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized GSA programs, in accordance with 40 U.S.C. 321.

(2) GSA has the unilateral right to change the fee amount at any time, but not more than once per year; GSA will provide reasonable notice prior to the effective date of any change. GSA will post notice of the current IFF on the Vendor Support Center website at <https://vsc.gsa.gov>.

(3) Offerors must include the IFF in their prices. The fee is included in the awarded price(s) and reflected in the total amount charged to ordering activities. The fee will not be included in the price of non-contract items purchased pursuant to a separate contracting authority, such as a Governmentwide Acquisition Contract (GWAC); a separately awarded Federal Acquisition Regulation (FAR) Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract.

(4) The Contractor must remit the IFF to GSA in U.S. dollars within 30 calendar days after the last calendar day of the reporting quarter; final payment must be remitted within 30 calendar days after physical completion of the last outstanding task order or delivery order issued against the contract.

(5) GSA reserves the unilateral right to change remittance instructions following 60 calendar days' advance notification to the Contractor.

(d) The Contractor's failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or offsetting payments and interest on the debt (see FAR clause 52.232-17, Interest). If the Contractor fails to submit the required transactional data reports, falsifies them, or fails to timely pay the IFF, these reasons constitute sufficient cause for the Government to terminate the contract for cause.

This relationship shall be maintained throughout the contract period. Any change in the Contractor's commercial pricing or discount arrangement applicable to the identified customer (or category of customers) which disturbs this relationship shall constitute a price reduction.
- (b) During the contract period, the Contractor shall report to the Contracting Officer all price reductions to the customer (or category of customers) that was the basis of award. The Contractor's report shall include an explanation of the conditions under which the reductions were made.
- (c) (1) A price reduction shall apply to purchases under this contract if, after the date negotiations conclude, the Contractor —
- (i) Revises the commercial catalog, pricelist, schedule or other document upon which contract award was predicated to reduce prices;
 - (ii) Grants more favorable discounts or terms and conditions than those contained in the commercial catalog, pricelist, schedule or other documents upon which contract award was predicated; or
 - (iii) Grants special discounts to the customer (or category of customers) that formed the basis of award, and the change disturbs the price/discount relationship of the Government to the customer (or category of customers) that was the basis of award.
- (2) The Contractor shall offer the price reduction to the Government with the same effective date, and for the same time period, as extended to the commercial customer (or category of customers).
- (d) There shall be no price reduction for sales —
- (1) To commercial customers under firm, fixed-price definite quantity contracts with specified delivery in excess of the maximum order threshold specified in this contract;
 - (2) To Federal agencies;
 - (3) Made to Eligible Ordering Activities identified in GSAR Clause 552.238-78 when the order is placed under this contract (and the Eligible Ordering Activities identified in GSAR Clause 552.238-78 is the agreed upon customer or category of customer that is the basis of award); or
 - (4) Caused by an error in quotation or billing, provided adequate documentation is furnished by the Contractor to the Contracting Officer.
- (e) The Contractor may offer the Contracting Officer a voluntary Governmentwide price reduction at any time during the contract period.
- (f) The Contractor shall notify the Contracting Officer of any price reduction subject to this clause as soon as possible, but not later than 15 calendar days after its effective date.

(g) The contract will be modified to reflect any price reduction which becomes applicable in accordance with this clause.

- (2) The American National Red Cross may place orders against Federal Supply Schedules for products and services in furtherance of the purposes set forth in its Federal charter (36 U.S.C. § 300102); PROVIDED, the Contractor accepts order(s) from the American National Red Cross; and
- (3) Other qualified organizations, as defined in section 309 of the Robert T. If the Contractor is unwilling to accept such orders, and the proposed method of payment is not through the Credit Card, the Contractor shall return the order by mail or other means of delivery within 5 workdays from receipt. If the Contractor is unwilling to accept such orders, and the proposed method of payment is through the Credit Card, the Contractor must so advise the ordering activity within 24 hours of receipt of order. (Reference clause 552.232-79, Payment by Credit Card.) Failure to return an order or advise the ordering activity within the time frames of this paragraph shall constitute acceptance whereupon all provisions of the contract shall apply.

(g) The Government is obligated to purchase under each resultant contract a guaranteed minimum of \$2,500 (two thousand, five hundred dollars) during the contract term.

(h) All users of GSA's Federal Supply Schedules, including non-Federal users, shall use the schedules in accordance with the ordering guidance provided by the Administrator of General Services. GSA encourages non-Federal users to follow the Schedule Ordering Procedures set forth in the Federal Acquisition Regulation (FAR) 8.4, but they may use different established competitive ordering procedures if such procedures are needed to satisfy their state and local acquisition regulations and/or organizational policies.

552.238-79 USE OF FEDERAL SUPPLY SCHEDULE CONTRACTS BY NON-FEDERAL ENTITIES (JUL 2016)

(a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities), elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law,

parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., FAR 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B.)

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities), the Contractor agrees to the following conditions:

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause 552.238-74, Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number:

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities), and

(2) The dollar value for sales to entities identified in paragraph (d) of clause 552.238-78.

**552.238-82 SPECIAL ORDERING PROCEDURES FOR THE
ACQUISITION OF ORDER-LEVEL MATERIALS (JAN 2018)***(a) Definitions.*

Order-level materials means supplies and/ or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA), when the supplies and/or services are not known at the time of Schedule contract or FSS BPA award. The prices of order-level materials are not established in the FSS contract or FSS BPA. Order-level materials acquired following the procedures in paragraph (d) are done so under the authority of the FSS program, pursuant to 41 U.S.C. 152(3), and are not open market items, which are discussed in FAR 8.402(f).

(b) FAR 8.403(b) provides that GSA may establish special ordering procedures for a particular FSS.

(c) The procedures in FAR subpart 8.4 apply to this contract, with the exceptions listed in this clause. If a requirement in this clause is inconsistent with FAR subpart 8.4, this clause takes precedence pursuant to FAR 8.403(b).

(d) Procedures for including order-level materials when placing an individual task or delivery order against an FSS contract or FSS BPA.

(1) The procedures discussed in FAR 8.402(f) do not apply when placing task and delivery orders that include order-level materials.

(2) Order-level materials are included in the definition of the term “materials” in [FAR] clause 52.212-4 Alternate I, and therefore all provisions of FAR clause 52.212-4 Alternate I that apply to “materials” also apply to order-level materials.

(3) Order-level materials shall only be acquired in direct support of an individual task or delivery order and not as the primary basis or purpose of the order.

(4) The value of order-level materials in a task or delivery order, or the cumulative value of order-level materials in orders against an FSS BPA awarded under a FSS contract shall not exceed 33.33 percent.

(5) All order-level materials shall be placed under the Order-Level Materials SIN.

(6) Prior to the placement of an order that includes order-level materials, the Ordering Activity shall follow procedures in FAR 8.404(h).

(7) To support the price reasonableness of order-level materials,

(i) The contractor proposing order-level materials as part of a solution shall obtain a minimum of three quotes for each order-level material above the simplified acquisition threshold.

(A) One of these three quotes may include materials furnished by the contractor under FAR 52.212-4 Alt I (i)(1)(ii)(A).

(B) If the contractor cannot obtain three quotes, the contractor shall maintain its documentation of why three quotes could not be obtained to support their determination.

(C) A contractor with an approved purchasing system per FAR 44.3 shall instead

follow its purchasing system requirement and is exempt from the requirements in 552.238-82(d)(7)(i)(A)-(B).

(ii) The Ordering Activity Contracting Officer must make a determination that prices for all order-level materials are fair and reasonable. The Ordering Activity Contracting Officer may base this determination on a comparison of the quotes received in response to the task or delivery order solicitation or other relevant pricing information available.

(iii) If indirect costs are approved per [FAR 52.212-4(i)(1)(ii)(D)(2) Alternate I], the Ordering Activity Contracting Officer must make a determination that all indirect costs approved for payment are fair and reasonable. Supporting data shall be submitted in a form acceptable to the Ordering Activity Contracting Officer.

(8) Prior to an increase in the ceiling price of order-level materials, the Ordering Activity Contracting Officer shall follow the procedures at FAR 8.404(h)(3)(iv).

(9) In accordance with GSAR clause 552.215-71 Examination of Records by GSA, GSA has the authority to examine the Contractor's records for compliance with the pricing provisions in FAR clause 52.212-4 Alternate I, to include examination of any books, documents, papers, and records involving transactions related to the contract for overbillings, billing errors, and compliance with the IFF and the Sales Reporting clauses of the contract.

(10) OLMs are exempt from the following clauses:

(i) 552.216-70 *Economic Price Adjustment-FSS Multiple Award Schedule Contracts*.

(ii) 552.238-71 *Submission and Distribution of Authorized FSS Schedule Pricelists*.

(iii) 552.238-75 *Price Reductions*.

(11) Exceptions for travel.

(i) Travel costs are governed by FAR 31.205-46 and therefore the requirements in paragraph (d)(7) do not apply to travel costs.

(ii) Travel costs do not count towards the 33.33% limitation described in paragraph (d)(4).

(iii) Travel costs are exempt from clause 552.238-74 *Industrial Funding Fee and Sales Reporting*.

CI-FSS-052 AUTHENTICATION PRODUCTS AND SERVICES (JAN 2010)

(a) General Background.

(1) The General Services Administration (GSA) originally established the Access Certificates for Electronic Services (ACES) Program to provide digital certificates and PKI services for enabling e-Government applications that require logical access control, digital signature and/or electronic authentication. The ACES Program provided for the issuance of electronic credentials to individuals and entities external to the Federal Government. The Federal PKI Policy Authority approved the policies and requirements of the ACES Program to satisfy the Federal requirements for cross-certification with the Federal Bridge Certification Authority (FBCA) and participation

in the Federal e-Authentication initiative. The term “Identity and Access Management” (IAM) is now being used to clearly define the kinds of services that meet the requirements for service providers and products that support FISMA-compliant IAM systems deployed by federal agencies. In addition, many states have adopted corresponding standards for IAM.

(2) Homeland Security Presidential Directive 12 (HSPD-12), “Policy for a Common Identification Standard for Federal Employees and Contractors” establishes the requirement for a mandatory Government-wide standard for secure and reliable forms of identification issued by the Federal Government to its employees and contractor employees assigned to Government contracts in order to enhance security, increase Government efficiency, reduce identity fraud, and protect personal privacy. Further, the Directive requires the Department of Commerce to promulgate a Federal standard for secure and reliable forms of identification within six months of the date of the Directive. As a result, the National Institute of Standards and Technology (NIST) released Federal Information Processing Standard (FIPS) 201: Personal Identity Verification of Federal Employees and Contractors on February 25, 2005. FIPS 201 requires that the digital certificates incorporated into the Personal Identity Verification (PIV) identity credentials comply with the X.509 Certificate Policy for the U.S. Federal PKI Common Policy Framework. In addition, FIPS 201 requires that Federal identity badges referred to as PIV credentials, issued to Federal employees and contractors comply with the Standard and associated NIST Special Publications 800-73, 800-76, 800-78, and 800-79.

(b) Special Item Numbers.

The General Services Administration has established the e-Authentication Initiative (see URL: <http://www.idmanagement.gov>) to provide common infrastructure for the authentication of the public and internal federal users for logical access to Federal e-Government applications and electronic services. To support the government-wide implementation of HSPD-12 and the Federal e-Authentication Initiative, GSA has established Special Item Numbers (SINs) pertaining to Authentication Products and Services, including Electronic Credentials, Digital Certificates, e-Authentication, Identify and Access Management, PKI Shared Service Providers, and HSPD-12 Product and Service Components.

(c) Qualification Information.

(1) All Authentication Products and Services must be qualified as being compliant with Government-wide requirements before they will be included on a GSA Information Technology (IT) Schedule contract. The Qualification Requirements and associated evaluation procedures against the Qualification Requirements for each SIN and the specific Qualification Requirements for HSPD-12 implementation components are presented at the following URL: <http://www.idmanagement.gov>.

(2) In addition, the National Institute of Standards and Technology (NIST) has established the NIST Personal Identity Verification Program (NPIVP) to evaluate integrated circuit chip cards and products against conformance requirements contained in FIPS 201. GSA has established the FIPS 201 Evaluation Program to evaluate other products needed for agency implementation of HSPD-12 requirements where normative requirements are specified in FIPS 201 and to perform card and reader interface testing for interoperability. Products that are approved as FIPS-201 compliant through these evaluation and testing programs may be offered directly through the HSPD-12 Product and Services Components SIN, under the category “Approved FIPS 201-Compliant Products and services”.

(d) Qualification Requirements.

(1) Offerors proposing Authentication products and services under the established Special Item Numbers (SINs) are required to provide the following:

(i) Proposed items must be determined to be compliant with Federal requirements for that Special Item Number. Qualification Requirements and procedures for the evaluation of

products and services are posted at the URL: <http://www.idmanagement.gov>. GSA will follow these procedures in qualifying offeror's products and services against the Qualification Requirements for applicable to SIN. Offerors must submit all documentation certification letter(s) for Authentication Products and Services offerings at the same time as the submission of proposal. Award will be dependent upon receipt of official documentation from the Acquisition Program Management Office (APMO) listed below verifying satisfactory qualification against the Qualification Requirements of the proposed SIN(s).

(ii) After award, Contractor agrees that certified products and services will not be offered under any other SIN on any GSA Multiple Award Schedule.

(iii) (A) If the Contractor changes the products or services previously qualified, GSA may require the contractor to resubmit the products or services for re-qualification.

(B) If the Federal Government changes the qualification requirements or standards, Contractor must resubmit the products and services for re-qualification.

(2) Immediately prior to making an award, Contracting Officers MUST consult the following website to ensure that the supplies and/or services recommended for award under any Authentication Products and Services SINs are in compliance with the latest APL qualification standards: www.idmanagement.gov. A dated copy of the applicable page should be made and included with award documents.

(e) Demonstrating Conformance.

(1) The Federal Government has established Qualification Requirements for demonstrating conformance with the Standards. The following websites provide additional information regarding the evaluation and qualification processes:

(i) For Access Certificates for Electronic Services (ACES) and PKI Shared Service Provider (SSP) Qualification Requirements and evaluation procedures: <http://www.idmanagement.gov>;

(a) *General Background.*

Special Item Numbers (SINs) have been established for Commercial Satellite Communications (COMSATCOM) services, focused on transponded capacity (SIN 132-54) and fixed and mobile subscription services (SIN 132-55), to make available common COMSATCOM services to all Ordering Activities.

(b) *Information Assurance.*

(1) The Contractor shall demonstrate, to the maximum extent practicable, the ability to meet:

(i) The Committee on National Security Systems Policy (CNSSP) 12, "National Information Assurance Policy for Space Systems used to Support National Security Missions," or

(ii) Department of Defense Directive (DoDI) 8581.1, "Information Assurance (IA) Policy for Space Systems Used by the Department of Defense."

(2) The Contractor shall demonstrate the ability to comply with the Federal Information Security Management Act of 2002 as implemented by Federal Information Processing Standards Publication 200 (FIPS 200), "Minimum Security Requirements for Federal Information and Information Systems." In response to Ordering Activity requirements, at a minimum, all services shall meet the requirements assigned against:

(i) A low-impact information system (per FIPS 200) that is described in the current revision of National Institute of Standards and Technology (NIST) Special Publication (SP) 800-53, "Recommended Security Controls for Federal Information Systems and Organizations,"

(3) The Contractor's information assurance boundary is where the Contractor's services connect to the user terminals/equipment (i.e., includes satellite command encryption (ground and space); systems used in the Satellite Operations Centers (SOCs), Network Operations Centers (NOCs) and teleport; and terrestrial infrastructure required for service delivery).

(c) *Delivery Schedule.*

The Contractor shall deliver COMSATCOM services in accordance with 552.211-78.

(d) *Portability.*

The Contractor shall have the capability to redeploy COMSATCOM services, subject to availability. (e) *Flexibility/Optimization.*

The Contractor shall have the capability to re-groom resources for spectral, operational, or price efficiencies. Flexibility/optimization shall be provided within the COMSATCOM Contractor's resources at any time as requested by the Ordering Activity. When flexibility/optimization is exercised, evidence of equivalent net present value (NPV) shall be provided by the contractor. The Contractor is encouraged to submit re-grooming approaches for Ordering Activity consideration that may increase efficiencies for existing COMSATCOM services.

(f) *Net Ready (Interoperability).*

COMSATCOM services shall be consistent with commercial standards and practices. Services shall have the capability to access and/or interoperate with Government or other Commercial teleports/gateways and provide enterprise service access to or among networks or enclaves. Interfaces may be identified as interoperable on the basis of participation in a sponsored interoperability program.

(g) *Network Monitoring (Net OPS).*

The Contractor shall have the capability to electronically collect and deliver near real-time monitoring, fault/incident/outage reporting, and information access to ensure effective and efficient operations, performance, and availability, consistent with commercial practices. Consistent with the Contractor's standard management practices, the Net Ops information will be provided on a frequency (example: every 6 hours, daily) and format (example: SNMP, XML) as defined in a requirement to a location/entity/electronic interface defined by the Ordering Activity. Specific reporting requirements will be defined by the Ordering Activity.

(h) *EMI/RFI Identification, Characterization, and Geo-location.*

The Contractor shall have the capability to collect and electronically report in near real-time Electro Magnetic Interference (EMI) / Radio Frequency Interference (RFI) identification, characterization, and geo-location, including the ability to identify and characterize sub-carrier EMI/RFI being transmitted underneath an authorized carrier, and the ability to geo-locate the source of any and all EMI/RFI. The Contractor shall establish and use with the Ordering Activity a mutually agreed upon media and voice communications capability capable of protecting "Sensitive, but Unclassified" data.

(i) *Security.*

(1) The contractor may be required to obtain/possess varying levels of personnel and facility security clearances up to U.S. Government TOP SECRET/Sensitive Compartmented Information (TS/SCI) or equivalent clearances assigned by the National Security Authority of a NATO Member State or Major Non-NATO Ally.

The Contractor shall provide a minimum of one operations staff member AND a minimum of one person with the authority to commit the company if resolution requires business impacting decisions (example: Chief Executive Officer, Chief Operations Officer, etc.).

(3) When Communications Security or Transmission Security equipment or keying material is placed in the equipment/terminal shelter, the Contractor shall ensure compliance with applicable physical security directives/guidelines and that all deployed equipment/terminal operations and maintenance personnel shall possess the appropriate clearances, equal to or higher than the classification level of the data being transmitted. Where local regulations require use of foreign personnel for terminal operations and maintenance, then the Contractor shall ensure compliance with applicable security directives/guidelines and document to the U.S. Government's satisfaction that protective measures are in place and such individuals have equivalent clearances granted by the local host nation.

(4) For classified operations security (OPSEC), the Contractor shall ensure that all personnel in direct contact with classified OPSEC indicators (example: the unit, location, and time of operations) have U.S. SECRET or higher personnel security clearances, or, as appropriate, equivalent clearances assigned by the National Security Authority of a NATO Member State or Major Non-NATO Ally, in accordance with applicable security directives and guidelines.

(5) To ensure the capability of communicating classified intelligence information to satellite vendors cleared satellite vendor/staff must have access to secure voice communications for

emergency purposes. Communications security equipment (COMSEC) certified by the National Security Agency (NSA) to secure critical unclassified and up to and including SECRET communication transmissions at their operating locations is required.

**CI-FSS-151-N ADDITIONAL EVALUATION FACTORS FOR
AWARD TO NEW OFFERORS (OCT 2015)**

(a) The Government will consider award to a responsible offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I - Administrative/Contract Data:

Section I - Administrative/Contract Data will be evaluated for successful completion of all requirements outlined in provision SCP-FSS-001-N *Instructions Applicable to New Offerors* and, as applicable, provisions SCP-FSS-002 *Specific Proposal Instructions for Services*, SCP-FSS-003 *Specific Proposal Instructions for Products*, SCP-FSS-004 *Specific Proposal Instructions for Schedule 70*, SCP-FSS-005 *Special Proposal Instructions for Products for Schedule 751*, and SCP-FSS-006 *Special Proposal Instructions for Products and Services for Schedule 23V*.

(2) Section II - Technical Proposal:

(i.) Section II - Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable based on the technical evaluation factors described in provision SCP-FSS-001-N and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006 of the solicitation document. Award will be made on a SIN-by-SIN basis. A rating of “unacceptable” under any evaluation factor will result in an “unacceptable” rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be rejected.

(ii.) Factor One - Corporate Experience: Failure to provide the information as described in provision SCP-FSS-001-N for Factor One will result in an “unacceptable” rating for that SIN. The offeror shall have demonstrated that the firm can successfully perform, administer, and complete ordering activity tasks that may be awarded against a contract awarded under this solicitation. It must also demonstrate that the services proposed for each SIN are within the Scope of Work in Part I of this solicitation.

(iii.) Factor Two - Past Performance: Failure to provide information as described in Factor Two of provision SCP-FSS-001-N may result in an “unacceptable” rating for the Technical Proposal. The results of the Open Ratings Past Performance Evaluation will be considered, along with other information available to the contracting officer in determining the past performance rating of the offeror. The Government reserves the right to consider any other pertinent information that comes to the attention of the Government regarding the offeror’s past performance. The Government will consider the offeror’s performance in the following key areas: Overall Performance, Reliability, Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support, and Responsiveness. Those offerors demonstrating a pattern of consistent acceptable performance will receive an acceptable rating.

(iv.) Factor Three - Quality Control: Failure to provide the required information as described in Factor Three of provision SCP-FSS-001-N may result in an “unacceptable” rating for the Technical Proposal.

(v.) Factor Four - Relevant Project Experience: The offeror must submit the information described in Factor Four of provision SCP-FSS-002 and/or SCP-FSS-003 of the solicitation. For SCP-FSS-002, the offeror must also demonstrate the successful completion of orders that are of a similar or greater complexity to the orders described in the statement of work in Part I of the solicitation.

(vi.) Technical proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III - Price Proposal:

(i.) Section III - Price Proposal will be evaluated for successful completion of all requirements outlined in provision SCP-FSS-001-N and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006 of the Solicitation document. In order for the Section III - Pricing Proposal to be rated acceptable, the contracting officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in provision SCP-FSS-001-N and, as applicable, provisions SCP-FSS-002, 003, 004, 005, and 006.

(ii.) The proposed pricing must be advantageous to the Government. If a price offered to GSA is not equal to or better than the price offered to the offeror's designated Most Favored Customer, the offeror must explain the rationale for proposing such a price in a manner sufficient to enable the contracting officer to determine that the rate is fair and reasonable. If the rates offered are not “equal to or lower than” the MFC, an acceptable justification must be provided.

(b) The Government reserves the right to award or reject without discussions. Therefore, the offeror's initial proposal should contain the best terms from a price and technical standpoint.

Note: Regulation CI-FSS-151-N

This clause DOES NOT apply to offerors that elect to participate in the TDR Pilot.

If elect to participate in the TDR pilot, then clause CI-FSS-151-N ADDITIONAL EVALUATION FACTORS FOR AWARD TO NEW OFFERORS (OCT 2015) (ALTERNATE I - JUL 2016) applies.

ORAL TECHNICAL EVALUATION OVERVIEW: Offeror shall participate in an oral technical evaluation that will be conducted by a Technical Evaluation Board (TEB). The oral technical evaluation will be held at the unclassified level and will be scheduled by the TEB. The oral technical evaluation will be used to assess the offeror's capability to successfully perform the services within the scope of each SIN as set forth in this solicitation.

Offeror/Contractor shall review Factor 5 Oral Technical Evaluation Criteria in SCP-FSS-004 section (d)(II)(5)(iii) to this solicitation for details on the knowledge areas to be assessed in the evaluation and the criteria for a 'Acceptable' or 'Unacceptable' rating under this factor.

(i) ORAL TECHNICAL EVALUATION CONSTRAINTS: The offeror shall identify up to five key personnel, by name and association with the offeror, who will field questions during the oral technical evaluation. After opening remarks by the TEB, the offeror will respond to a series of questions and scenarios in 40 minutes per SIN. The evaluation will be stopped precisely after 40 minutes. The total evaluation session is expected to up to three (3) hours, depending on the number of SINs the offeror is proposing. The TEB Chairperson will be responsible for ensuring the schedule is met and that all offerors are given the same opportunity to present and answer questions.

(ii) ORAL TECHNICAL EVALUATION SCHEDULING: The TEB will contact the offeror's authorized negotiator or the signatory of the SF 1449 via email to schedule the oral technical evaluation. Evaluation time slots will be assigned on a first-come-first-served basis. The Government reserves the right to reschedule any offeror's oral technical evaluation at its sole discretion. The oral technical evaluation will be held at facilities designated by the TEB. The exact location, seating capacity, and any other relevant information will be provided when the evaluations are scheduled. The government may make accommodations for vendors to participate in the oral evaluations virtually, if they are unable to participate in-person.

(iii) PROHIBITION OF ELECTRONIC RECORDING OF THE ORAL TECHNICAL EVALUATION: The offeror may not record or transmit any of the oral evaluation process. All offeror's electronic devices shall be removed from the room during the evaluation. The offeror is permitted to have a timer in the room during the evaluation, provided by the TEB.

(iv) RESUBMISSION RESTRICTIONS FOR UNSUCCESSFUL VENDORS UNDER THIS EVALUATION FACTOR: Offeror, whom the TEB has found to have not met the "acceptable" criteria under this evaluation factor shall be given one (1) opportunity to provide clarifications to the TEB. The offeror will have 24 hours from the time of the

notice from the TEB to provide clarifications. Offerors, who have provided clarifications and still have not met the “acceptable” criteria, shall be rejected and shall be ineligible to re-submit proposals to participate in the SIN for which they were rejected for a period of six (6) months following the date of rejection.

(6) FACTOR 6: Product Qualification Requirements for SIN 132-44. See SCP-FSS-004.

(7) FACTOR 7: Cloud Computing Services Qualification Requirements for SIN 132-40 (Cloud Computing Products i.e., IAAS, SAAS, PAAS). See SCP-FSS-004.

A. FACTOR - Cloud Computing Services Adherence to Essential Cloud Characteristics

Within a two page limitation for each cloud service submitted, provide a description of how the cloud computing service meets each of the five essential cloud computing characteristics as defined in National Institute of Standards and Technology (NIST) Special Publication 800-145 and subsequent versions of this publication. This standard specifies the definition of cloud computing for the use by Federal agencies. The cloud service must be capable of satisfying each of the five NIST essential Characteristics as follows:

- # On-demand self-service
- # Broad network access
- # Resource Pooling
- # Rapid Elasticity
- # Measured Service

Refer to the ‘Guidance for Contractors’ section of the Terms & Conditions for Cloud and Cloud-Related IT Professional Services SIN for guidance on meeting the NIST characteristics. For the purposes of the Cloud Computing Services SIN, meeting the NIST essential characteristics is concerned primarily with whether the underlying capability of the commercial service is available, whether or not an Ordering Activity actually requests or implements the capability

B. FACTOR – Cloud Computing Services Deployment Model

For each cloud service submitted, provide a written description of how the proposed service meets the NIST definition of a particular deployment model (Public, Private, Community, or Hybrid), within a one half (1/2) page limitation for each designated deployment model of each cloud service submitted. Multiple deployment model selection is permitted, but at least one model must be indicated. Refer to the ‘Guidance for Contractors’ section of the Terms & Conditions for the Cloud Computing Services SIN for guidance on identifying the appropriate deployment model according to the NIST service model definitions.

C. FACTOR - Cloud Computing Services Service Model

For each cloud computing service proposed to be categorized under a specific sub-category (IaaS, PaaS or SaaS), provide a written description of how the proposed service meets the NIST definition of that service model, within a half (1/2) page limitation for each cloud service submitted. Refer to the ‘Guidance for Contractors’ section of the Terms & Conditions for the Cloud Computing Services SIN for guidance on categorizing the service into a sub-category according to the NIST service model definitions.

Note that it is not mandatory to select a sub-category, and therefore this factor for evaluation applies ONLY to cloud services proposed to fall under a specific sub-category. If no sub-category is selected, this factor does not need to be addressed. The two other factors ('Adherence to Essential Cloud Characteristics' and 'Cloud Computing Services Deployment Model') apply to all cloud services.

A rating of "unacceptable" under any technical evaluation factor, by SIN, will result in an "unacceptable" rating overall for that SIN, and that SIN will be rejected. Offers determined unacceptable for all proposed SIN(s) will be rejected.

I. TECHNICAL EVALUATION FACTORS:

(1) Quality Control: See SCP-FSS-001-S

(2) Past Performance: See SCP-FSS-001-S

II. PRICE PROPOSAL FACTOR: See SCP-FSS-001-S and SCP-FSS-004.

Note: Regulation I-FSS-597
Universal Product Codes (UPCs)

The current requirement is for vendors to submit at least one UPC per qualifying SIN. A listing of which SINs require mandatory UPC submission by going to the Vendor Support Center at vsc.gsa.gov and following this path: Getting on Advantage >> Lookup Tables

(under Documentation) >> Schedules SIN|MOL|Photo|UPC.

The direct link is: https://vsc.gsa.gov/lookup/sin_mol.cfm. The UPC will be a critical component of the upcoming Formatted Price List (FPL) portion of the EAS project. It will allow for easy product comparisons and validation.

UPCs are the most reliable way to group the same products together to facilitate comparisons of best value. In addition, it will improve the quality of product data and the general system experience for all users. Any calls to the CO/CS, from vendors about UPC issues, should be referred to the Vendor Support Center at (877) 495-4849. The VSC will provide the vendor guidance on issues for submitting UPCs, what to do if you do not have a UPC, exclusions, troubleshooting etc.

I-FSS-599 ELECTRONIC COMMERCE—FACNET (xxx 2018)

(a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's) and there are some instances where direct connections may be offered as an alternative.

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html.

A central repository of all trading partners, called the System of Award Management (SAM), has been developed and is available at SAM.gov. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is

assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.nist.gov>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

Several resources are available to vendors to assist in implementing EC/EDI:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S. Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.
- (2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.
- (3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) *GSA Advantage!*®

(1) *GSA Advantage!*® will use EC/ECI to receive catalogs, and text messages; and to send purchase orders, application advice, and functional acknowledgments and other transactions as needed. *GSA Advantage!*® enables customers to:

- (i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; vendor; and generic product categories.
- (ii) Generate their own EDI delivery orders to contractors, generate EDI delivery orders from the Federal Acquisition Services (FAS) to contractors, or download files to create their own delivery orders.
- (iii) Use the Federal IMPAC VISA.

(2) *GSA Advantage!*® may be accessed via the GSA Home Page. The INTERNET address is: <https://gsaadvantage.gsa.gov>.

- (b) The ordering office must establish a maximum performance incentive price for these services and/or total solutions, on individual orders or Blanket Purchase Agreements.
- (c) Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering offices shall consider establishing incentives where

performance is critical to the agency's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

The Contractor's electronic files must be complete; correct; readable; virus-free; and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known as *GSA Advantage!*[®], a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. The Contractor's electronic files must be received no later than 30 days after award. Contractors should refer to clause I-FSS-597, *GSA Advantage!*[®] for further information.

(4) The Contractor is encouraged to place the GSA identifier (logo) on their web site for those supplies or services covered by this contract. The logo can link to the contractor's Federal Supply Schedule price list. The identifier URL is located at <http://www.gsa.gov/logos>. All resultant "web price lists" shown on the contractor's web site must be in accordance with section (b)(3)(ii) of this clause and nothing other than what was accepted /awarded by the Government) may be included. If the contractor elects to use contract identifiers on its website (either logos or contact number) the website must clearly distinguish between those items awarded on the contract and any other items offered by the contractor on an open market basis.

I-FSS-969 ECONOMIC PRICE ADJUSTMENT – FSS MULTIPLE AWARD SCHEDULE (OCT 2014) (ALTERNATE II – JUL 2016)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

- (a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reductions clause.
- (b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:
 - (1) **Adjustments based on escalation rates negotiated prior to contract award.** Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.

(2) **Adjustments based on an agreed-upon market indicator prior to award.** The market indicator, as used in this clause, means the originally released public index, public survey or other public-based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed 10 percent (10%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) **Effective Date of Increases:** The increased contract prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the electronic file updates pursuant to GSAR 552.238-81, Modifications (Federal Supply Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. **52.209-5 CERTIFICATION REGARDING RESPONSIBILITY
MATTERS (OCT 2015)**

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are _____ are not _____ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have _____ have not _____, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks “have”, the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are _____ are not _____ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1)(i)(B) of this provision; and

(D) Have _____ have not _____, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

(i) The taxpayer has received a statutory notice of deficiency, under

I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ____ has not ____, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal Agency.

(2) "Principal," for the purposes of this certification, means an officer; director; owner; partner; or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

This certification concerns a matter within the jurisdiction of an agency of the United States and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under section 1001, title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsive.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealing.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting

Officer may terminate the contract resulting from this solicitation for default.

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i),

(c)(1)(ii), or (c)(1)(iii) of this provision.

ITEMS (OCT 2018)**

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions, including alternative line items (provided that the alternative line items are consistent with subpart 4.10 of the Federal Acquisition Regulation), or alternative commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2) (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and --

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its

authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award* (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

552.219-72 PREPARATION, SUBMISSION, AND NEGOTIATION OF SUBCONTRACTING PLANS (JAN 2016)

(a) An offeror, other than a small business concern, submitting an offer that exceeds \$700,000 (\$1,500,000 for construction) shall submit a subcontracting plan with its initial offer. The subcontracting plan will be negotiated concurrently with price and any required technical and management proposals, unless the offeror submits a previously-approved commercial products plan.

(b) Maximum practicable utilization of small, HUBZone small, small disadvantaged, and women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. The General Services Administration (GSA) expects that an offeror's subcontracting plan will reflect a commitment to assuring that small, HUBZone small, small disadvantaged, and women-owned, veteran-owned, and service-disabled veteran owned small business concerns are provided the maximum practicable opportunity, consistent with efficient contract performance, to participate as subcontractors in the performance of the resulting contract. An offeror submitting a commercial products plan can reflect this commitment through subcontracting opportunities it provides that relate to the offeror's production generally; i.e., for both its commercial and Government business.

(c) GSA believes that this potential contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, and women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors. Consequently, in addressing the eleven elements described at FAR 52.219-9(d) of the clause in this contract entitled Small Business Subcontracting Plan, the offeror shall:

(1) Demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, and women-owned, veteran-owned, and service-disabled veteran owned small business concerns in performing the contract.

(2) Include a description of the offeror's subcontracting strategies used in any previous contracts, significant achievements, and how this plan will build upon those earlier achievements.

(3) Demonstrate through its plan that it understands the small business subcontracting program's objectives and GSA's expectations, and it is committed to taking those actions necessary to meet these goals or objectives.

(d) In determining the acceptability of any subcontracting plan, the Contracting Officer will take each of the following actions:

(1) Review the plan to verify that the offeror demonstrates an understanding of the small business subcontracting program's objectives and GSA's expectations with respect to the program and has included all the information, goals, and assurances required by FAR 52.219-9.

(2) Consider previous goals and achievements of contractors in the same industry.

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, and women-owned, veteran-owned, and service-disabled veteran owned small business concerns.

(4) Review the offeror's description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, and women-owned small business concerns. The offeror's description can apply to commercial as well as previous Government contracts.

(e) Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

(a) Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned d small business concerns as subcontractors is a matter of national interest with both social and economic benefits.

(1) The General Services Administration's (GSA's) commitment to ensuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns to participate as subcontractors in the performance of this contract, consistent with its efficient performance, must be reflected in the offeror's subcontracting plan submitted pursuant to the clause of this contract at FAR 52.219-9, Small Business Subcontracting Plan.

(2) In addressing the eleven elements described at FAR 52.219-9(d), the offeror shall demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns in performing this contract. An offeror submitting a

commercial plan can demonstrate its commitment in providing maximum practicable opportunities through subcontracting opportunities it provides to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns that relate to the offeror's production generally; i.e., for both its commercial and Government business.

(3) The subcontracting plan shall include a description of the offeror's subcontracting strategies used in previous contracts and significant achievements, with an explanation of how this plan will build upon those earlier achievements. Additionally, the offeror shall demonstrate through its plan that it understands the small business subcontracting program's objectives, GSA's expectations, and is committed to taking those actions necessary to meet these goals or objectives.

(b) In determining the acceptability of any subcontracting plan, the Contracting Officer will—

(1) Review the plan to verify that the offeror has demonstrated an understanding of the small business subcontracting program's objectives and GSA's expectations with respect to the programs and has included all the information, goals, and assurances required by FAR 52.219-9;

(2) Consider previous goals and achievements of contractors in the same industry;

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns; and

(4) Review the offeror's description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns. The offeror's description can apply to commercial as well as previous Government contracts.

(c) Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

(c) All offerors are cautioned that if the remittance (payment) address shown on an actual invoice differs from that shown in paragraph (b) of this provision or on the attachment, the remittance address(es) in paragraph (b) of this provision or attached will govern. Payment to any other address, except as provided for through EFT payment methods, will require an administrative change to the contract.

Note: All orders placed against a Federal Supply Schedule contract are to be paid by the individual ordering activity placing the order. Each order will cite the appropriate ordering activity payment address, and proper invoices should be sent to that address. Proper invoices should be sent to GSA only for orders placed by GSA. Part IV - EVALUATION FACTORS FOR CONTRACT AWARD

INSTRUCTIONS FOR SUBMITTING AN OFFER AFTER YOUR PREVIOUS CONTRACT HAD BEEN CANCELLED OR ALLOWED TO EXPIRE DUE TO LOW OR NO SALES:

If you are a previous GSA Schedule contractor under Schedule 70, and your contract has been cancelled or an option not exercised due to low or no sales (in accordance with Clause I-FSS-639, Contract Sales Criteria), you must wait at least 12 months from the date of cancellation or expiration of your previous Schedule Contract before submitting another offer under this schedule.

You may resubmit another offer under this Schedule prior to the 12 month waiting period; however you must meet additional requirements. Any offer submitted without the additional requirements, prior to the completion of the 12 month waiting period will be automatically rejected.

- (1) include a copy of the cancellation letter or notification of determination not to exercise an option,
- (2) demonstrate current federal sales in excess of \$25,000, as evidenced by copies of contractual documents that identify the federal entity and the date and value of the product or services provided,
- (3) be able to demonstrate that there is a reasonable expectation that any future award will comply with Clause I-FSS-639, Contract Sales Criteria,

Acceptance and satisfactory completion of the additional requirements is at the sole discretion of the Contracting Officer.

INSTRUCTIONS FOR SUBMITTING AN OFFER AFTER ALREADY HAVING ONE OR MORE OFFERS REJECTED IN THE PRECEDING TWO (2) YEARS:

There are additional requirements for a company that has had a previous GSA IT Schedule 70 Offer/Proposal rejected within the preceding two (2) years. GSA cannot evaluate a previously rejected Offer/Proposal, but rather, the company must resubmit the rejected Offer as a new Offer/Proposal, in its entirety, as well as the additional documentation that addresses the deficiencies described in the previously issued rejection notice/letter. Submission of Offers similar to previously rejected Offers must include, in detail, all items identified in the rejection letter/notice as deficiencies and what actions were taken to remedy those deficiencies. The Offeror shall provide a copy of any rejection notice(s)/letter(s) the company has received, within the preceding two (2) years, from any previous GSA IT Schedule 70 offer. (h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals —

(1) _____ Are, _____ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) _____ Have, _____ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) _____ Are, _____ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) _____ Have, _____ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains

unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. § 362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

See specific order (1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror _____ does _____ does not certify that —

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies —

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
