2015
New Product
Supplement

Since 1970, Anova has been a leader and an innovator in site furnishings that enhance the beauty and comfort of public spaces. We were the first to introduce aggregate panels. In the 1990s, we patented coating technologies that yield superior performance and durability. Today, Anova continues to push the boundaries of design and manufacturing to create first-quality products that provide value to our customers and elevate the life of our communities. Anova site furnishings create first and lasting impressions, building places that engage, inspire and will sustain over time.

Bamboo

Durable. Renewable.
Sustainable. Comfortable.

Anova is committed to creating high-design, fine-quality products that also help customers achieve their goals in sustainability and LEED certification.

Anova has developed an exclusive partnership with LAMBOO®, a leader in innovative, high-performance, sustainable materials. With superior structural and mechanical properties over other natural and engineered materials, Lamboo provides laminated engineered planks carefully selected from mature bamboo — the most renewable resource on the planet. Only bamboo chosen for optimal hardness and strength is used.

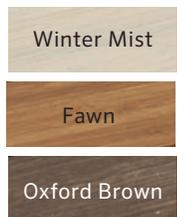

- Four out of 1,600 bamboo species are used and are sourced primarily from Central and South America, China, Vietnam and India
- This superior quality exterior grade bamboo is engineered into planks using low V.O.C. adhesives
- Top-quality engineered bamboo possesses a Janka hardness and structural rating superior to teak
- Bamboo used is 20% more stable in climate and temperature changes than commonly used timber
- Lamboo technology integration inhibits mold and fungi from cultivating within the interior of the plank
- Class A fire rating — ASTM E 84 Surface Burning
- Finished with your choice of three UV-resistant matte stains

Ten-year Warranty

10-year limited structural warranty on bamboo sourced by Lamboo.

Finishes

Available in three unique finishes. As with any natural product, protect the beauty of bamboo with regular staining or refinishing as needed.

The Fusion Advantage™

FA

Patented protection exclusively available with the Fusion Advantage

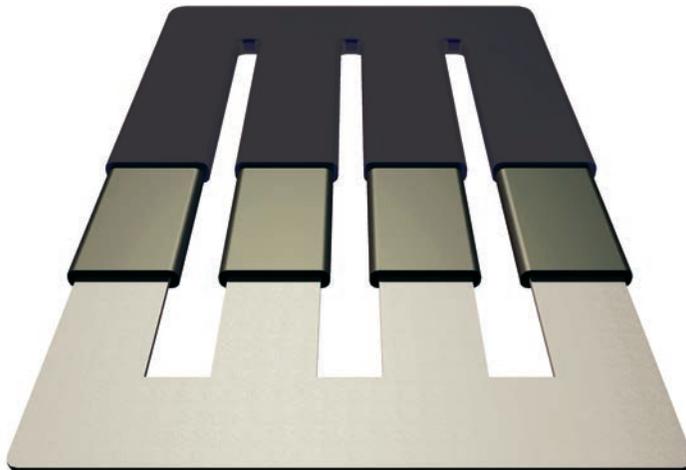

Table tops, seating surfaces and receptacle bases protected by the Fusion Advantage have a thick plastisol coating that is permanently heat fused to heavy-duty steel, creating an impervious rustproof barrier. This oven-cured plastisol has an average thickness of ¼" (including top and bottom coatings). Next, the plastisol is encapsulated with a richly tinted high performance powder coating that creates a seal against the elements and provides a finish unmatched in durability. This patented process ensures Anova components are highly resistant to fading and UV damage; impervious to common acids, salts and seawater; and resistant to mold, mildew and fungus.

Seven-year warranty

Anova offers a standard seven-year warranty on any component featuring the Fusion Advantage, including any defects in materials and/or workmanship and further warrants against rusting, fading, peeling, chipping, cracking, mold and mildew.

Unlike other furnishings, Fusion Advantage products will not have:

- Rusting
- Mold and mildew
- UV damage
- Coating breakdown
- Discoloration and fading

Great Rivers Greenway

Building the River Ring, where 600+ miles of trails will connect communities, bike-friendly streets and transit, rivers and parks in a network of greenways.

Anova Products Specified:

- Latitude Benches
- Latitude Receptacles
- Arch Bike Racks

Chris Moon has extensive experience in landscape architecture with a focus on sustainability and high design. Chris is an active member and former president of the St. Louis Chapter of the American Society of Landscape Architects.

“There’s no regrets when you choose Anova.

I know the Anova products I specify will look just as great years down the road as they do now. That’s the real benefit to architects and site owners.”

Anova Complete Warranty

Finish Warranty

Anova offers a standard seven-year warranty on all metal products against defects in materials, workmanship and fading. Anova further warrants the components featuring the Fusion Advantage will not rust, peel, chip, crack, mold or mildew for a period of seven years.*

Structural Warranty

Anova offers a limited twenty-year warranty against structural failure of all steel, aluminum and cast iron bench frames and bench assemblies, tables and table frames, trash receptacle and recycler frames, planter frames and bike racks. We offer a limited twenty-year warranty against structural failure of all recycled plastic products from splitting, fungal decay, and insect damage. All bamboo** components feature a limited ten-year structural warranty. Natural stone and rotomolded plastic products feature a limited five-year warranty against structural failure .

Other Warranty

Anova banners are covered by a three-year warranty from the date of purchase when installed on Anova banner brackets. Banners otherwise installed have a one-year warranty. Anova styrene signs are covered by a three-year warranty from the date of purchase.

WARRANTY STIPULATIONS

The above warranties commence on the date of purchase. The structural warranty is only valid if the product has been assembled and installed per the instruction provided with each shipment and item. These warranties do not cover acts of misuse, abuse, accidents, lack of maintenance, vandalism or natural disasters. Any alterations to the product after delivery will void these warranties.

Should any failure occur within these periods, Anova will correct the part or parts by repairing or replacing the defective parts to your satisfaction, at no cost to you.

*Unless otherwise noted
