## What's Inside

**Product Listings** - Looking for a particular product? This year we have grouped our Benches (backed followed by backless), Receptacles, Planters, Ash Urns, etc. first by material (all-steel, wood/steel, recycled plastic/steel) and then numerically.

**Coordinates** - In this section we have grouped product families together, making it easier than ever to coordinate benches with receptacles, planters, and ash urns. Each page in this section contains coordinating pieces to create the perfect setting for your next project.

As always you will find our New and Custom sections highlighting our latest designs in this year's catalog. If you can't find what you are looking for, visit [www.dumor.com](http://www.dumor.com) or contact your DuMor representative. We look forward to partnering with you in 2014 to create your perfect space!

### TERMS AND CONDITIONS

**Prices are F.O.B. Mifflintown, PA, and are subject to change without notice.**

Terms are net 30 days from date of invoice to those customers with approved credit. All others, check with order. Freight charges are as determined and collected by the carrier unless DuMor is instructed to prepay and add to the invoice for the merchandise. All products manufactured by DuMor are warranted against defect in materials and/or workmanship and in accordance with our published specifications. In addition to a standard one-year warranty on all products, DuMor also offers a limited 20-year warranty against structural failure of all steel bench frames, steel bench assemblies, table frames, litter receptacle frames, and all cast iron bench supports; limited 5-year warranty against structural failure of Douglas Fir, Redwood, and lpe wood slats; a limited 10-year warranty against structural failure of recycled plastic; and a limited 3-year warranty on bike racks. These warranties cover only those items which have been installed according to our detailed instructions and do not cover abnormal use or vandalism. Contact your local DuMor representative for details of the extended warranty program. DuMor is not responsible for loss or damage of products in transit. Any shortages or damage should be noted on the freight bill before signing. In the interest of product improvement, DuMor reserves the right to alter product design, material selection, or construction without notice.

**COATING METHODS**

DuMor recognizes the importance of a high quality finish on our site furnishings. That's why we offer a state-of-the-art polyester powder finish on all metal components. Three key elements are essential to achieving an attractive, durable finish: proper surface preparation, proper application of the powder, and proper curing.

All metal components offered by DuMor are: 1) Blasted to white metal, 2) Processed through an 8-stage wash system, 3) Coated with zinc-rich primer, 4) Finished with a top coat of TGIC-polyester powder, and 5) Cured for approximately 20 minutes.

BLASTED TO WHITE METAL

ZINC-RICH PRIMER

POLYESTER P.C.

*Please note that due to variations in photographic reproductions, natural wood grains and colors shown throughout may not be exact. Please contact your local DuMor representative for color and wood grain samples.*

**WOOD SPECIES**

DuMor has selected the highest grade woods available for use on our products "C" & Better Douglas Fir and IPE wood are offered as standard wood options. Requirements for other wood species not offered are available upon special request and quoted on a per-job basis.

DOUGLAS FIR

IPE

As a natural product of our environment, wood will weather when placed outdoors. Signs of weathering include splitting, checking, and changing color. These are not covered by DuMor's warranty.

**RECYCLED PLASTIC**

The high-density polyethylene raw material utilized in our recycled plastic furnishings is derived from post-consumer bottle waste resulting in a product that is over 90% recycled.

WALNUT

CEDAR

GREY

REDWOOD

**COLOR OPTIONS**

Most DuMor products are available in your choice of several color options in a super durable baked-on polyester powder finish. Additional colors are available at an extra cost—consult your local DuMor representative.

\* This is not a super durable powder finish.

**SUPPORT OPTIONS**

Certain site conditions may dictate the use of different supports. Throughout this catalog we have listed the support options available for each item. The configuration desired must be identified when ordering.

## 200/300 SERIES RECEPTACLES

### CUSTOMIZE IT!

The flexibility of the DuMor 200/300 Series Receptacles allows you the option of including the name of your city or town, corporate logo, school name/logo, or your own unique design with custom lettering. Simply provide a detailed drawing of your idea and we would be happy to create your one-of-a-kind receptacle for you. (All custom designs are subject to DuMor's review and approval.)

HIGH SCHOOL NAME & LOGO

CITY PARK & LOGO

CITY NAME & LOGO

### COVER OPTIONS

200/300 Series Receptacles are provided with a flat spun steel cover. Various other cover options are available for use on the 200/300 Series Receptacles.

#### COVERS

The following receptacle covers are designed for use on DuMor receptacles in lieu of the standard flat spun-steel covers provided. Substitutions can easily be made on 17, 84, 87, 89, 102, 107, 148, 157, 158, 170, 183, 428, 429, 432, 438, 465 and the 200/300 Series Receptacles. Simply specify the model number for the desired cover and add the cost of the cover to the price of the receptacle. (example: 84-32-DMA - 32-gallon receptacle with dome cover and ash urn/\$765.00 + \$145.00 = \$910.00)

To use any of these options on other DuMor receptacle designs not specified above or if ordering replacement covers for those designs indicated above, please consult your local DuMor representative for price quote.

\* Vinyl lettering not available on any textured powder coat finishes.

## SELF-WATERING PLANTER SYSTEM

DuMor Site Furnishings now offers EarthPlanter Premium Self-Watering Inserts as an option or retrofit for a large selection of our planters. The EarthPlanter system is the perfect solution for any commercial application that desires the beauty of real plants without daily maintenance.

Available for the following DuMor planters:  
114, 122, 149, 159, 184, 430, 431

- 49 - TUBSWI Kit **\$265.00**
- 49 - SWI Insert **\$165.00**
- 49 - TUB Plastic Liner **\$100.00**

49- SWI Insert

49- TUB Plastic Liner

Planting Tray for soil-less mixture. Design promotes excellent water retention, aeration and drainage.

RapidWick™ Watering System delivers the nutrients your plants need, automatically!

Large water reservoir allows you to go up to 2 weeks between watering.

Side overflow outlet ensures planter can't be overfilled.

Note: DuMor picnic tables are available for access by wheelchair users.

\* Select color of plastic: Cedar, Redwood, Grey, or Walnut.

\*\*When purchasing 77 Series Frames, please indicate 6' or 8' lumber.

**Table Brace**

All DuMor Recycled Plastic picnic tables are supplied with welded seat and table braces for additional support.

### DUMOR OFFERS THREE UNIQUE PICNIC TABLE SERIES WITH FOUR PLANKING OPTIONS.

DuMor's 71, 77, and 72 Picnic Table Series are an easy way to order picnic tables that best meet your specific needs. Table planks in these unique series are available in Yellow Pine, Douglas Fir, Aluminum, and Recycled Plastic, and Steel table frames are available in a variety of finishes. Please note that all DuMor picnic tables are available with wheelchair access.

71

- 2" x 10" nom. top and seats (see chart for sizes and material)
- 1-5/8" O.D. steel pipe frames
- 1/4" x 1" steel braces
- See page 5 for choice of polyester powder finish or hot galvanized after fabrication
- Special frames for Recycled Plastic
- Available for wheelchair use

72

- 2" x 10" nom. top and seats (see chart for sizes and material)
- 2-3/8" O.D. galvanized steel pipe frames
- 1-5/16" O.D. galvanized steel pipe braces
- Special frames for Recycled Plastic
- Available for wheelchair use

Refer to page 49 for aluminum picnic table frame w/Recycled Plastic planks.

77

- 2" x 10" nom. top and seats (see chart for sizes and material)
- 2-3/8" O.D. steel pipe frames
- 2" x 1" x 1/8" center channel
- 1-5/16" O.D. steel pipe braces
- Special frames for Recycled Plastic
- See page 5 for choice of polyester powder finish or hot galvanized after fabrication
- Available for wheelchair use

\* For options S-2 and S-4, add \$170.00 for two seats; \$210.00 for three seats; and \$250.00 for four seats.

# Say It With A Plaque

Our attractive and durable zinc plaques come in a wide variety of sizes and shapes. They can be personalized using text or images as provided by the customer.

**DUMOR OFFERS SPECIALIZED OPTIONS WITH THEIR PLAQUES:**

- Send us a photo of your loved one or associate and we will do an artist's rendering to be replicated onto your plaque. There is an artist's fee for this service. Please contact your local DuMor rep for details and a quote.
- Provide us with a high resolution photo and we will have it replicated onto your plaque. There is an additional fee for this service. Please contact your local DuMor rep for details and a quote.

## SPONSOR A BENCH

The DuMor Sponsor a Bench program is a cost effective way for communities to enhance their public spaces while allowing individuals, groups, and organizations to honor and memorialize their loved ones, friends, and associates.

Those who choose to sponsor a bench or companion piece will pay the cost of the product and the accompanying zinc plaque which can be customized according to the sponsor's specifications.

### Five Steps To Launch A Local Sponsor A Bench Program

1. Determine the location and placement of benches and companion products.
2. Determine the total number of units that will be made available for sponsorship.
3. **Contact your local DuMor representative** for assistance in selecting the product that will best fit the area as well as sponsorship goals.
4. Establish a point of contact/ coordinator for your program.
5. Determine and implement the best method of marketing the Sponsor a Bench program to the community.
  - Local newspapers and publications
  - Direct mail
  - Radio/ TV

Black and white camera-ready artwork is required for logos or special graphics.

(Note: All requests are subject to our review and approval.)

*Honor a Friend, Loved One, or Associate.*

**CUSTOM CHOICES**

In addition to our comprehensive selection of standard products, DuMor provides custom design and fabrication options to meet the needs of designers and architects whose requirements aren't always met by off-the-shelf site furnishings. Choose from a variety of high-quality raw materials including wood, steel, and recycled plastic, or customize with plaques and lettering options. DuMor's design flexibility makes creating a custom indoor or outdoor site easy and affordable. You'll see that DuMor's reputation for style and durability is reflected in every custom product. For more information on custom fabrication, please contact your local authorized DuMor representative or call 800-598-4018.

## MAINTENANCE & CLEANING

Although we have no formal maintenance brochure for our products, the following general guidelines will apply and should be followed:

**As with any product used in a commercial application, an annual or semi-annual inspection of the product should be conducted.** Any loose or missing hardware should be tightened or replaced immediately. If any part of the item is found to show excessive wear or is cracked or broken, the product should be taken out of service until all repairs are made.

**All wood components should be inspected for excessive cracks or splits and repaired or replaced as needed.** The surface of wood components should be checked for splinters and sanded as required. Discoloration of wood can be treated using a 50/50 mixture of household bleach and water. Mix the solution in a plastic bucket only. Using rubber gloves and a mild bristle brush, apply the mixture and lightly scrub, leaving the mixture on the wood for 3 to 4 minutes. Rinse with clean water. Allow the wood to dry, and then recoat with a clear non-toxic, oil-based or water-based preservative.

**All recycled plastic components offered by DuMor are extruded 100% polyethylene.** If the surface requires cleaning only, any household cleaner such as Fantastik®, Formula 409®, or Armor All® may be sprayed on and wiped off. If the surface has been marked with graffiti, a high-pressure washer may be used to remove the graffiti. Severe scratches and carvings into the surface may be hand sanded with a fine grade of sandpaper.

**All steel components have been finished with a baked-on polyester powder coating which offers long-lasting protection against acids, salts, and corrosive moisture.** Because of its smooth texture, it will stay cleaner than wet-applied paint or a galvanized surface. Our powder coating forms a finish 4-6 mils thick when cured and becomes a sacrificial coating giving superior chipping resistance. If the surface requires cleaning only, any household cleaner such as Fantastik®, Formula 409®, or Armor All® may be sprayed on and wiped off. If, however, the finish is abraded to the point of exposing the steel or similarly rusted, lightly sand the surface being careful to remove all rust as well as any loose finish materials. Once this sanding is complete, clean the surface with a solvent such as paint thinner to remove any remaining contaminants which might hinder proper paint adhesion. A good grade of exterior metal primer and top coat of matching color enamel should then be applied over the prepared surface.

# Product Design with the Environment in Mind

## ► Our Commitment to Sustainability

DuMor recognizes the importance of using recycled material in our entire product line. This reduces solid waste volumes in landfills, helps conserve natural resources and limits the environmental impacts resulting from the extraction of virgin materials.

## ► Pre- and Post-consumer Recycled Content

We utilize pre- and post-consumer recycled material in all of our products. Pre-consumer material is material diverted from the waste stream during the manufacturing process. Post-consumer material contains waste material generated by households or by commercial, industrial and institutional facilities in their role as end-users of the product, which can no longer be used for its intended purpose. Used milk jugs and old railroad tracks are examples of post-consumer materials used in our products.

Please contact your local DuMor representative for details on the pre- and post-consumer recycled content of our products.

## ► Eco-friendly Material Composition

Our product line is composed of three primary materials: steel, recycled plastic and sustainably-harvested wood, all of which possess eco-friendly attributes.

### Steel

The majority of steel in our products contains over 80 percent recycled material, most of which is post-consumer. Our primary supplier of steel utilizes the Electric Arc Furnace (EAF) technology, which takes advantage of post-consumer scrap material for major feedstock, unlike blast furnace operations which use mined iron ore as major feedstock.

### Recycled Plastic

Many of our products feature the PolyTuf Plastic Lumber product. PolyTuf is manufactured using 100% recycled milk jugs (post-consumer high density polyethylene). We also donate our scrap plastic to the manufacturing of new PolyTuf product, further reducing waste stream volumes.

### Sustainably-Harvested Wood

We make it a priority to purchase only sustainably-harvested wood derived from stringently-regulated timber source locations, including: California, Oregon, Washington and British Columbia.

Please contact your local DuMor representative for more details on the eco-friendly attributes of our product line.

## ► Compatibility with LEED® Rating System

Leadership for Energy and Environmental Design (LEED) is the world's most well-recognized and sought-after green building rating system, created and administered by the United States Green Building Council (USGBC).

Achieving LEED certification is contingent upon earning credits, which provide guidelines for the design and construction of high performance, durable, healthful, affordable and environmentally-sound buildings.

Many of our products could help design teams earn LEED credits. Please contact your local representative to learn more about how DuMor's products can help your project achieve LEED certification.

2014 marks the 30th anniversary of DuMor, Inc., a family owned company which takes great pride in manufacturing quality site furnishings. As we look forward to the future, we will continue to strive to provide the highest quality products and outstanding customer service upon which DuMor's reputation has been built over the last 30 years. Thank you to all our customers for their support both past and future.
