

# LITCHFIELD

## OUTDOOR SHELTERS

— superior shelters since 1963 —

# WELCOME TO LITCHFIELD!

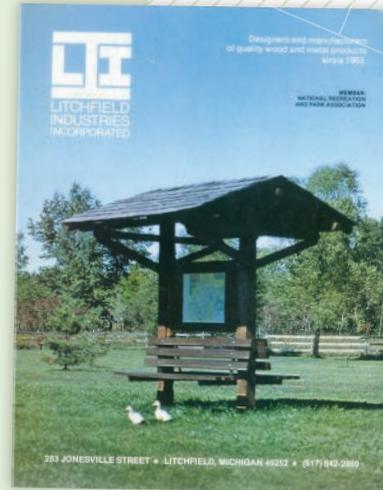

Superior Recreational Products is proud to introduce to you Litchfield, our industry leading shelter line. Litchfield began in Litchfield, Michigan in 1963 as a tiny woodworking company manufacturing wood picnic tables, benches and mini-shelters. Since then, we've been accepting design challenges from landscape architects and freelance designers, which has allowed us to become the preferred shelter company for designers, architects and landscape architects around the world for *50 years!*

## From Michigan to Georgia

We now call the city of Carrollton, Georgia home. Here, we've established a state-of-the-art precision manufacturing facility. With *high definition cutting* abilities, the industry's best *powder coating line* and the industry's only *stage 4 epoxy TGIC powder coating zinc rich primers*, Litchfield is making big things happen!

## An Industry Leader

Today, due to years of hard work, dedicated employees and sales representatives, and our unwavering mission for success, Litchfield has transformed into the park furnishing industry leader you will marvel over in the pages to follow.

## DID YOU KNOW?

We are celebrating our *50 year* anniversary! Thank you for allowing us to be the industry's leader for 50 years. To celebrate, we've added photos from the original Litchfield catalog (above) throughout this catalog. The above seal will denote a 50 year anniversary photo.

# PERFORMANCE STRUCTURES

## MAESTRO

**MAESTRO SERIES:** Litchfield's performance shelters offer unique shade for gathering areas such as arenas or outdoor stages. Offering a wide variety of styles and options, one of Litchfield's Maestro Series Performance Shelters are sure to fit your needs.

PERFA-LITE BY LITCHFIELD

36' All Steel Monterey Structure w/ Perforated Screens

## · DESIGN OPTIONS ·

### CAMBRIA SERIES

This beautifully designed concert shelter is an octagonal steel beam shelter with a gable opening on one side. Standard features include a bolted tubular steel frame, 2" x 6" SYP Tongue & Groove 26 Gauge 16" Wide Meridian Standing Seam Pre-Cut Metal Roofing w/ Optional Standard Lattice & Custom Hand Rails.

### SUMMIT SERIES

With the perfect mix of function and beauty, the Summit Series features an extended 36' half-octagon design, a peaked roof with exposed rafter beams and a 24 gauge r-panel pre-cut metal roof.

### MONTEREY SERIES FEATURING PERFA-LITE

Utilizing the newest metal roofing alternative called Perfa-Lite (created exclusively by Litchfield), the all-steel Monterey Series is perfect for allowing the sun to shine through the shelter while still offering maximum shade and protection from the sun.

25'x30' Steel Frame 6:12 Pitch Cambria Style Performance Structure w/ 2"x6" (Nom) SYP Tongue & Groove 26 Gauge 16" Wide Meridian Standing Seam Pre-Cut Metal Roofing w/ Optional Standard Lattice & Custom Hand Rails

# THEMED STRUCTURES

THEMED

Litchfield is taking custom design to another level with our themed shelter designs. Combine Litchfield's capabilities with your imagination and you can create the perfect structure to complement your amusement park, water park, playground or sports complex (just to name a few!).

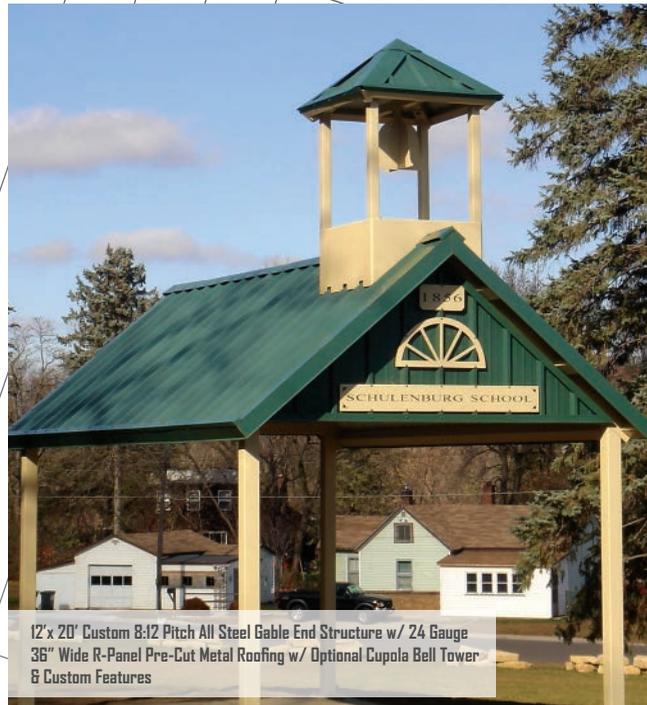

20'x 24' Custom 4:12 Pitch All Steel Hip End Duo-Top Steamboat Style Structure w/ Optional Custom Lattice & Accessories

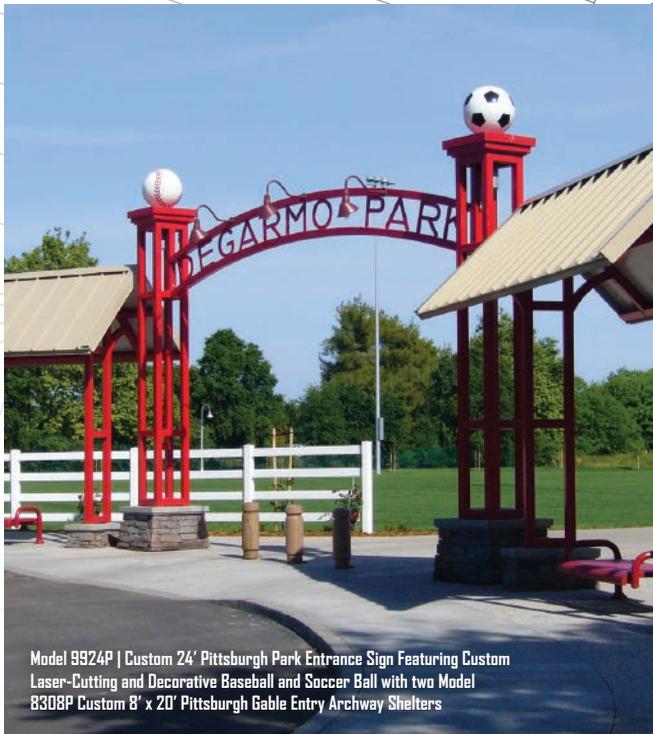

16' x 25' Custom Multi-Pitch Steel Frame Gable End Barn Style Structure w/ 2" x 6" (Nom) SYP Tongue & Groove & 26 Gauge 16" Wide Meridian Standing Seam Pre-Cut Metal Roofing w/ Optional Cupola & Custom Accessories

12' x 20' Custom 8:12 Pitch All Steel Gable End Structure w/ 24 Gauge 36" Wide R-Panel Pre-Cut Metal Roofing w/ Optional Cupola Bell Tower & Custom Features

Model 9924P | Custom 24' Pittsburgh Park Entrance Sign Featuring Custom Laser-Cutting and Decorative Baseball and Soccer Ball with two Model 8308P Custom 8' x 20' Pittsburgh Gable Entry Archway Shelters

## - DESIGN EXAMPLES -

While we can create a custom design for each client, the below options serve as examples of past designs.

### BARN-STYLE SHELTER

Created custom, the 16' x 25' steel-frame, gable end barn-style shelter features a duo-slope roof, gable enclosures with laser-cut barn door accents and a cupola. This design was created to match a barnyard themed playground.

### SCHOOL HOUSE SHELTER

Created custom, the 12' x 20' Pittsburgh all-steel, gable end school house shelter features a steeple, a laser-cut bell, gable enclosures, and ornamental laser-cutting.

### STEAMBOAT SHELTER

Created custom, the 20' x 24' Pittsburgh hip-end, duo-top Steamboat Shelter features ornamental "smoke stacks" and lattice, custom size handrails, laser-cut "life rings", custom paddle wheels, and a custom "smoke stack" entry way with a laser cut sign. Needless to say, this shelter is proof Litchfield is equipped to design and create a shelter for a client with a big imagination!

### CUSTOM PARK ENTRANCE

The Degarmo Park (Model 9924P ) entrance sign is a great example of Litchfield's cutting abilities. The park name is accompanied by a decorative baseball and soccer ball, as well as two custom Entry Archway Bus Shelters (Model 8308P).

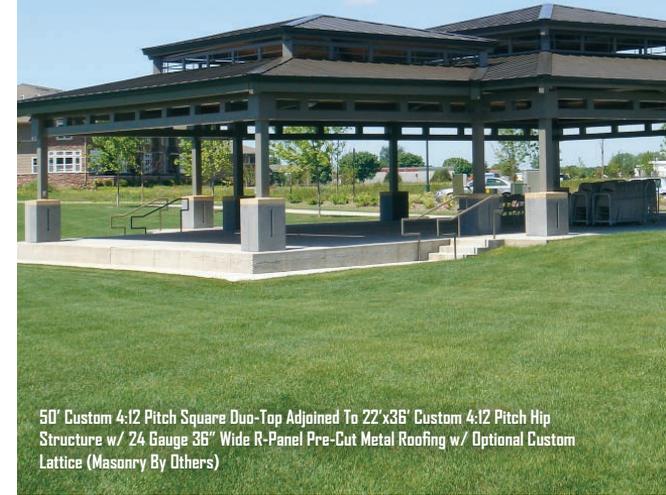

# CUSTOM STRUCTURES

CUSTOM

Litchfield's cutting capabilities allow you to personalize or theme your shelter, ultimately allowing you to create a one-of-a-kind design that is unique just to you! Let's create a custom structure for your park, amusement park, playground, school yard, zoo or early childhood education center!

Model BV2020P | 20' x 20' Custom Pittsburgh Barrel Vaulted Shelter

50' Custom 4:12 Pitch Square Duo-Top Adjoined To 22'x36' Custom 4:12 Pitch Hip Structure w/ 24 Gauge 36" Wide R-Panel Pre-Cut Metal Roofing w/ Optional Custom Lattice (Masonry By Others)

36' x 151' Custom All Steel Gable End Center Post Structure w/ Custom 12" Square Banded Steel Columns w/ 24 Gauge 36" Wide R-Panel Pre-Cut Metal Roofing

## - DESIGN EXAMPLES -

While we can create a custom design for each client, the below options serve as examples of past designs.

### PICNIC PAVILIONS

Custom Litchfield structures make perfect picnic pavilions. Let us create a custom design that will seamlessly fit into your outdoor space. Previous projects include a Steel Beam Picnic Pavilion featuring 31' x 39' custom Square Duo-Top Shelters, ornate laser-cut flags and a Garden Gallery Pergola.

### CENTER POST GABLE SHELTER

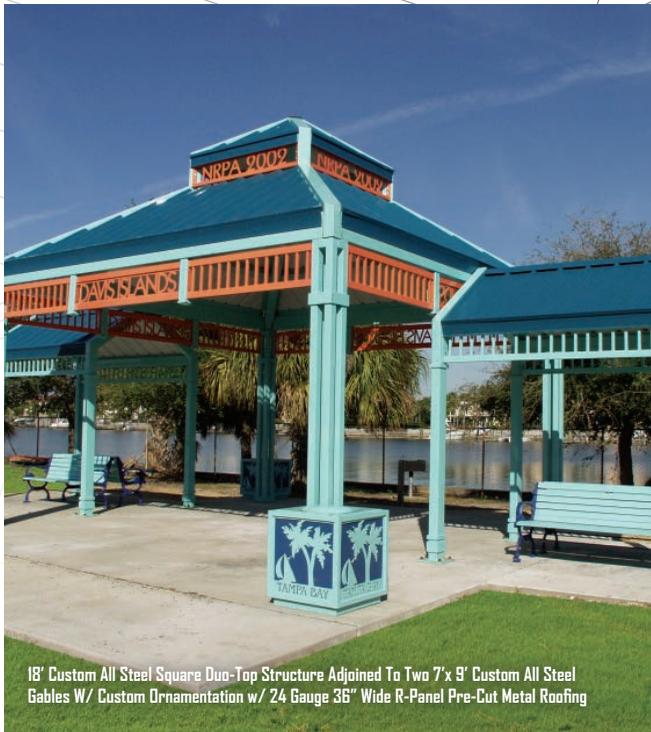

The Center Post Gable Shelter shown here (opposite page) was designed as a parking structure; however, this shelter could easily be integrated into any of the following facilities for numerous purposes: hotels, resorts, marinas, military bases, shopping malls, amusement parks, apartment complexes, farmer's markets, sports complexes, campgrounds and farms.

### MODERN SHELTER

The unique angularity of our Multi-Pitch Peaked Square Structure allows this structure to be modern and stealth in appearance; ultimately allowing this structure to blend into any modern city scape.

32' x 32' Custom Multi-Pitch Peaked Square Structure Integrated With Two 18' x 35' Custom Multi-Pitched Angled Side Wing Structures w/ 24 Gauge 36" Wide R-Panel Pre-Cut Metal Roofing

18' Custom All Steel Square Duo-Top Structure Adjoined To Two 7' x 9' Custom All Steel Gables W/ Custom Ornamentation w/ 24 Gauge 36" Wide R-Panel Pre-Cut Metal Roofing

40' x 48' Custom 6:12 Pitch All Steel Gable End Prow Duo-Top Structure w/ Optional Custom Decorative Bracing w/ 24 Gauge 18" Wide Medallion Lok Standing Seam Pre-Cut Metal Roofing

## PERGOLA

All Litchfield pergolas are sturdy structures that not only make a visual impact but are functional in that they provide shade and relaxation, too.

Custom Raritan Bay Pergola with Optional Round Banded Columns

Model 9750 | Custom 50' x 99' All-Steel Centennial Series Pergola

Model 9710 | 14' x 60' All-Steel Raritan Bay Curved Beam Pergola with Round Banded Steel Columns (column masonry handrails by others)

Custom Trellis (masonry by others)

Model 9760 | Custom 7' 3" x 134" All-Steel Curved Beam Arborview Pergola with 3" Round Beams (paint finish by others)

Model 9720 | 8' x 120" All-Steel Raritan Bay Curved Beam Duo-Top Pergola

## - MODEL OPTIONS -

### ARBORVIEW PERGOLA

With its unique round pickets, the Arborview Pergola adds visual interest to your garden or park. Choose from our standard Powder Coat colors for a more traditional look or create your own custom colors to give your pergola a funky flair.

### BOULEVARD PERGOLA

The standard quad columns and the cantilevered design make the Boulevard Pergola stunningly elegant. Add attached benches and Perfa-Lite Perforated Metal Roof and you've got an attractive, yet functional, bus stop shelter.

### CENTENNIAL PERGOLA

The Centennial Pergola is the perfect choice for those who need partial shade for a large, open area. The Centennial Pergola is a 16' x 50' x 99' all-steel, straight beam pergola with square columns.

### RARITAN BAY PERGOLA

The soft curves and round banded columns of the Raritan Bay pergola create a striking architectural statement. The Raritan Bay pergola is also available as a duo-top and with premium quad-steel columns.

### PERGOLA OPTIONS

All curved beam pergolas are based on 30° increments.

**Roof Pitches:** 4:12, 6:12, 8:12, Flat

**Options:** Square, Rectangular or Round Beams, Square, Rectangular, Round or Quad-Steel Columns, Perfa-Lite Perforated Metal Roofing, Lattice, Handrails, Benches, Fiberglass or Cedar Shingles

### TEN YEAR WARRANTY

# GAZEBO & PERGOLAS

## PERGOLA

All Litchfield pergolas are sturdy structures that not only make a visual impact but are functional in that they provide shade and relaxation, too.

Model 9730 | 8' x 140° All-Steel Senn Park Curved Beam Pergola with Square Columns

Model 9730 | 8' x 140° All-Steel Senn Park Curved Beam Pergola with Square Columns

Model 9730 | 8' x 140° All-Steel Senn Park Curved Beam Pergola with Square Columns

## - MODEL OPTIONS -

### RIVERWALK PERGOLA

Ideal for shading a walkway, the Riverwalk Pergola features a curved steel top, steel beams, and rounded stepped steel columns with rounded finials.

### SENN PARK PERGOLA

The Senn Park pergola's cantilevered design creates an airier outdoor space because of the need for less columns. The standard features include an all-steel design with curved beams, spindles, square columns, and curved wind braces.

### TOWN SQUARE PERGOLA

This craftsman inspired pergola features an all-steel construction, square column supports, and rectangular pickets.

### PERGOLA OPTIONS

All curved beam pergolas are based on 30° increments.

**Roof Pitches:** 4:12, 6:12, 8:12, Flat

**Options:** Square, Rectangular or Round Beams, Square, Rectangular, Round or Quad-Steel Columns, Perfa-Lite Perforated Metal Roofing, Lattice, Handrails, Benches, Fiberglass or Cedar Shingles

## - STYLE OPTIONS -

### SAILS

When you have an oddly shaped space or a project that you want to truly stand out, our sail designs are the solution. Whether it's an amphitheater, playground or an arena, our distinctive sails will not only serve your location they will set it apart!

### HIP SHADES

The square and rectangular shapes of our Hip Shades make them ideal for picnic areas, water parks, pool decks, playgrounds, bleachers, dugouts and concession areas.

### CANTILEVER

Many locations require the use of as few footings as possible. The Cantilever is our most effective design in those areas. It is engineered to provide maximum shade with minimal obstructions.

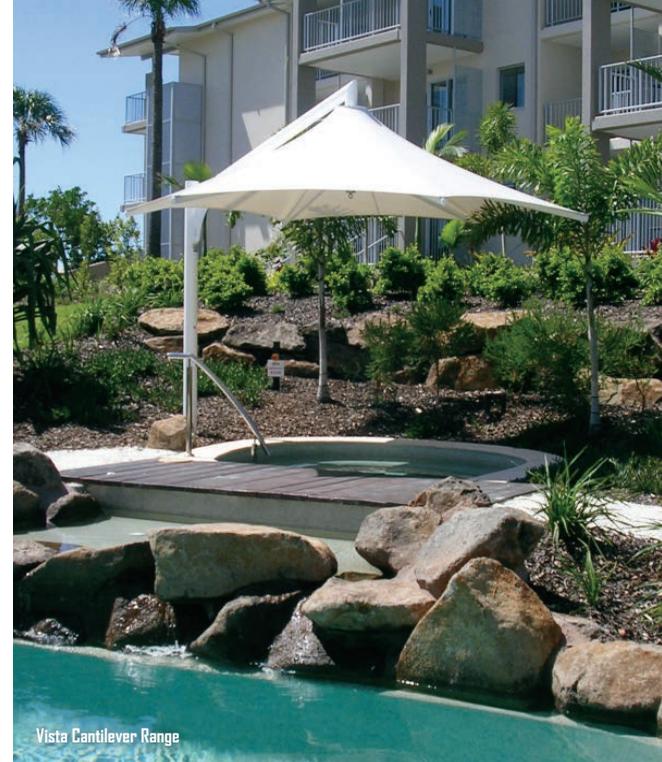

### MODULAR

Planning a playground project? Integrate shade into your structure with our modular shade roofs. Modular shade roofs keep your kids protected from the sun's rays while they play, keep your equipment cool to touch, and make a bold visual statement.

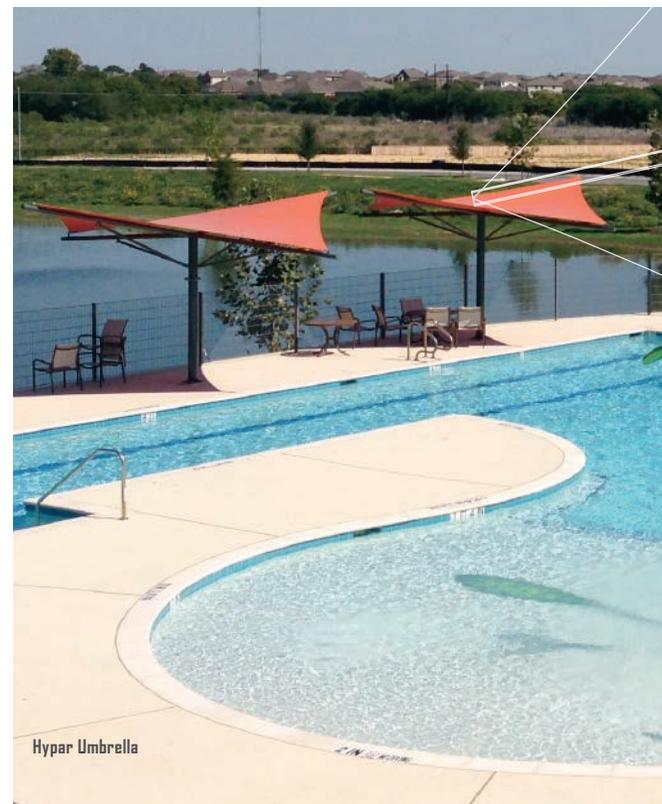

# SHADE & FURNISHINGS

INFO

Below you will find our partial limited warranty and terms and conditions information. For full details, please visit our website or contact us directly at [sales@siibrands.com](mailto:sales@siibrands.com).

## LIMITED WARRANTY & TERMS AND CONDITIONS

SRP warrants that its structure will be free from defects in materials and workmanship, as well as maintain structural integrity for a period of 10 years from the date of invoice with the following terms and conditions. Abnormal conditions are specifically excluded from coverage under this warranty.

The owner shall notify SRP to arrange for an inspection within 30 days after discovery of any defect under this warranty and before any alteration or repair is made or attempted. This limited warranty shall be null and void if the owner makes any alterations in design.

Contingent liability is specifically excluded. SRP has the option to repair or replace any defect in materials. SRP is in no way responsible for damages caused by others including: installer, vandalism, fire, acts of God (lightning, storms, hail, etc.), corrosion, salt spray, pollution and infestation by rodents or other vermin.

SRP shall not be responsible for insurance standards or code compliance changes that may be required in the future.

SRP shall not be responsible for delays due to missing, stolen, or non-conforming parts. Any rework of non-conforming parts must be authorized by SRP prior to the time that the rework is done.

In the unlikely event of failure, SRP reserves the right to alter the design, color, or contributing factors to rectify the condition and help prevent any future reoccurrence(s).

Some fitting and field cutting of parts may be required, and will not be subject to back charges or cause for rejection.

SRP specifically excludes any implied warranty of merchantability, fitness or purpose, and there are no warranties, which extend beyond the description of the face hereof.

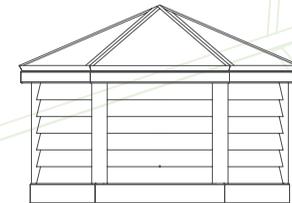

Under no circumstances will SRP be responsible for any consequential or incidental damages due to breach of warranty, and such, damages are specifically excluded from this warranty.

## CUPOLAS

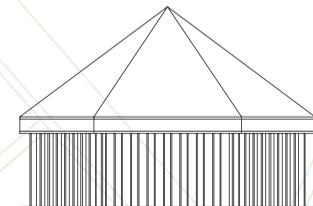

A variety of cupolas are available for most shelters. Our steel cupolas' roofs will match the color of your shelter's metal roof.

Square

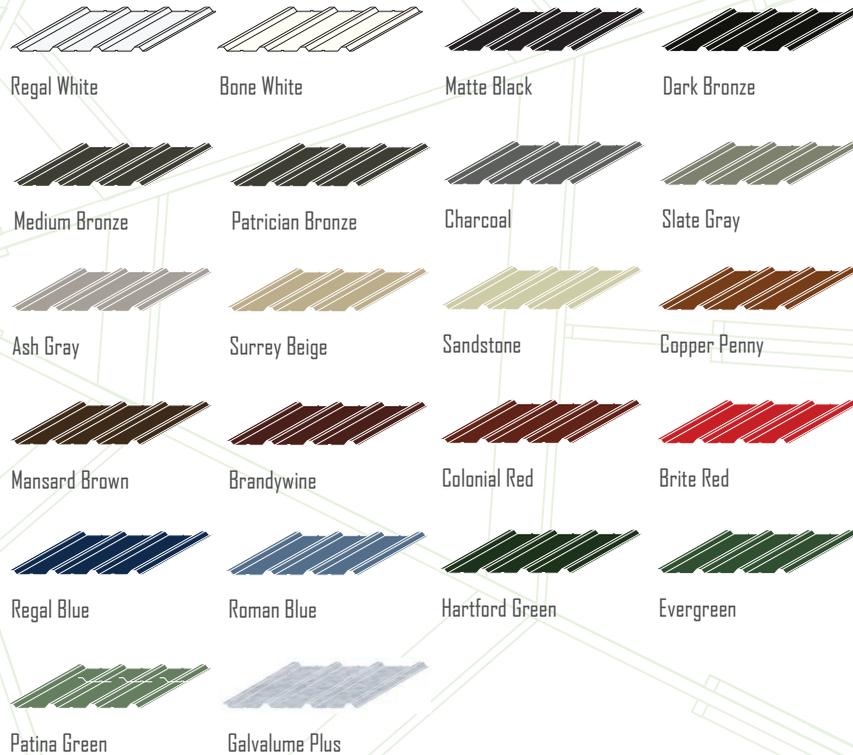

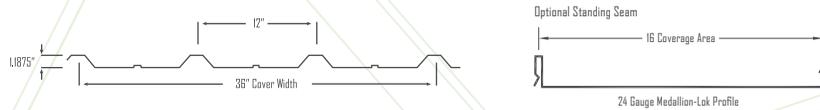

Hexagonal

Octagonal

## PITTSBURGH METAL ROOF COLORS

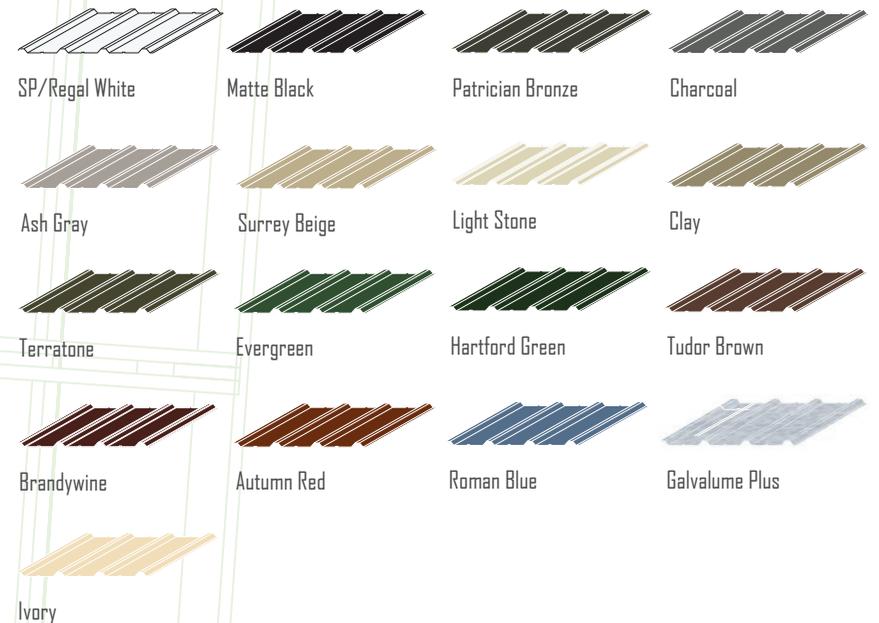

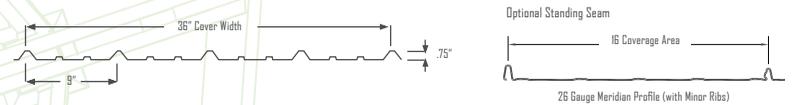

The colors below are for use on 24 Gauge R-Panel Pittsburgh All-Steel shelters. The colors below are available for 24 Gauge Standing Seam at an up-charge.

Litchfield offers over 20 different colors for our steel frame and metal roof structures. If you don't see a specific color here, provide Litchfield with a RAL # or Pantone # to create a custom color!

## LITCHFIELD METAL ROOF COLORS

The colors below are 29 Gauge and for use only as an overlay on shelters with T&G decking substrate max-rib profile standard (available in 26 gauge standing seam at an up-charge).

Inventory and color offerings can change without notice.

Actual steel frame and metal roof colors may vary from images shown.

Before you place an order, please request an actual color sample from SRP.

Superior "Baked-On" Powder Coat standard frame finish features a 10-year warranty.

Multi & Max Rib metal roof panels feature a 30 year warranty except Brite Red (20 years).

Standing Seam metal roof panels feature a 25 year warranty except Brite Red (20 years).

# INFORMATION & OPTIONS

## OPTIONS

Option Four

## WEATHER-SHIELD™

Weather-Shield™ is an extra step in our coating process which offers enhanced corrosion protection to your shelter. This is the standard metal treatment we offer for the sake of producing the highest quality products for our customers. We apply a layer of an environmentally-friendly epoxy powder coating, which is specially formulated to greatly improve corrosion protection, chemical resistance, and edge coverage. We then apply our polyester powder coating finish color, which offers superior protection against UV exposure. Perfect for harsh weather conditions or coastal locations, our Weather-Shield™ application processes will greatly lengthen the life of your shelter investment.

## WEATHERVANES

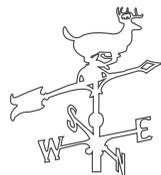

Litchfield offers hand-cast aluminum weathervanes with a satin black, oven-cured enamel finish. Weathervanes are 30" high and are offered in a pewter or gold-bronze finish.

### Weathervane Styles:

- Country
- Duck
- Pheasant
- Sailboat
- Deer
- Eagle
- Retriever
- Rooster
- Doctor
- Horse

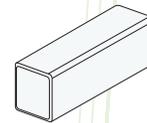

Sailboat

Deer

## ZINC-LOC POWDER COAT FINISH STANDARD STEEL FRAME COLORS

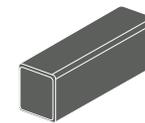

Initially blasted to a 'white' condition to remove all surface rust and oil, our steel frames are coated electrostatically with an Epoxy TGIC Powder Coating Zinc-Rich Primer. Unlike any other shelter manufacturer, Litchfield actually uses a TGIC Zinc Powder Coating-Rich Primer that has had 4,000 hours of salt spray testing. After the primer application, Litchfield applies the TGIC Top Powder Coat electrostatically. After the application of the final coat, a total of 6 mils of finished Powder Coating has been applied, which is backed by 5,000 hours of testing (ASTM Method B117).
