**State of Arizona, Solicitation Number - ADSP011-00000358**

**Release Date:** 28 February 2011

**Closing Date & Time:** 6 April 2011 at 3:00 p.m. (Pacific Time)

The goal of this solicitation is to contract with software value-added resellers who would provide distributed software and related services to eligible users of the resulting contracts. The objectives are to contract with successful offerors who are authorized resellers of distributed Commercial Off-the-Shelf (COTS) software for identified key software publishers as well as being sellers of general distributed software (non-specified publishers). In addition to selling software, and selling maintenance and support agreements for new and previously-purchased software, the Reseller would provide related services to include, but not be limited to, tracking licenses (new and existing), monitoring volume levels and opportunities, training, implementation, and consulting. The Reseller would also work in conjunction with the WSCA/NASPO personal computers, servers/storage, printers, and peripherals contracts, or a participating state's equivalent contracts, as may be required by the individual states, to ensure that software licenses for delivered computing hardware are purchased and tracked through this contract.
