In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Contractor under this Contract shall, at the option of the State, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

32. **VENDOR EMERGENCY RESPONSE POINT OF CONTACT:**

The awarded vendor(s) shall provide the name(s), telephone, or cell phone number(s) of those individuals who can be contacted twenty four (24) hours a day, seven (7) days a week where there is a critical need for commodities or services when the Governor of the State of Delaware declares a state of emergency under the current Delaware Emergency Operations Plan. Failure to provide this information could render the bid as non-responsive.

STATE OF DELAWARE  
Office of Management and Budget  
Government Support Services

**TECHNICAL SPECIFICATIONS**

**OVERVIEW:**

The Contractor(s) shall provide all materials and labor to satisfy the State of Delaware's need for Towing Services in each of the three (3) State of Delaware counties. The towing services, described within, will provide safe and timely towing services for passenger vehicles and trucks 10,000 lbs GVW and under, and vehicles, including but not limited to medium, large duty trucks, buses and heavy duty equipment, over 10,001 lbs GVW.

The State anticipates this contract will be a multiple award contract, and that at least one vendor will be selected for each State of Delaware county (New Castle, Kent, and Sussex), depending on ability to supply services. The State reserves the right to multiple award individual counties, where the towing service needs are best met by separate vendors. (For example, the under 10,000 lbs towing needs may be awarded to one vendor and over 10,001 lbs awarded to a different qualified vendor).

It is NOT A REQUIREMENT of this ITB that individual tow service providers bid on every county. Vendors should only bid on counties where there is "reasonable" expectation that they can provide service within one hour of a service call. Similarly, vendors should only bid on the weight categories that they are capable of properly servicing.

The services will require the Contractor(s) to partner with and cooperate with the ordering agencies to make sure the State receives the most current state-of-the-art services.

This contract is mainly intended to provide a service to protect the health and safety of the drivers of inoperative vehicles. As a multiple source contract, it is also important that the Using Agency make every effort to utilize the contractor with the best pricing. It is understood that factors such as geographic proximity and response time are to be taken into consideration in situations where towing or roadside service are necessary.

Light Duty Vehicles (under 10,000 lbs GVW) and Medium Duty Vehicles (10,001 lbs to 19,000 lbs GVW) will be the majority of services required by this contract

**VEHICLE TOWING SERVICE REQUIREMENT:**

- The State's contractor must respond and be in transit to the disabled vehicle within one (1) hour of notification by the Using Agency, unless an alternate time frame has been mutually agreed upon.
- The State contractor will not be paid for the travel time it takes to reach the vehicle.
- Vehicle towing service shall be in accordance with the vehicle manufacturer's standards with the use of wrecker body(s) on truck chassis or by flat bed (roll-back) wrecker. No tow bars or towing chains are permitted. (This is a standard requirement for light duty vehicles typically weighing less than 10,000 GVW).
- The State contractor must assume full responsibility for all item(s) damaged prior to F.O.B. destination delivery and agree to hold harmless the State of Delaware of all responsibility for prosecuting damage claims.

- **IMPORTANT:** The Using Agency will have sole discretion as to where a disabled vehicle will be towed and where and by whom repairs shall be made. Bid proposals for towing services that require repairs to be made by the bidder's facility will be rejected.
- The State's contractor will record the mileage from the pick-up point to the location of the designated destination or storage area, which shall also be identified on the invoice. In the case of police vehicles, the contractor agrees to tow the vehicle to the nearest State Police facility or station, unless requested otherwise.
- The service charge requested from each vendor includes hook-up and 10 miles of "burdened" travel to service destination. (Burdened travel refers to vehicle in tow).
- The State's contractor must allow a minimum grace period of 48 hours before a storage charge can be invoiced against the Using Agency.
- The State's contractor is to secure and keep safe from theft or vandalism any vehicle in storage.
- The successful vendor will permit the pickup and delivery of any vehicle by another contracted vendor if need be.
- The Heavy Duty Truck and Heavy Equipment categories may include, but are not limited to, the following:
  - Earth Moving Equipment
  - 90,000 lb GVW rubber tire dozers
  - Tractor/Trailer Rigs
  - Heavy Duty Dump Trucks and plows

**PRICING SPREADSHEET:**

- Vendors are requested to provide flat rates for the following weight categories (flat rates include one hour of on-site service and 10 miles of burdened travel):
  - Light Duty Vehicles (less than 10,000 lbs GVW)
  - Light and Medium Duty Vehicles (10,001 lbs GVW to 19,000 GVW)
  - Medium to Large Duty Vehicles and some Heavy Equipment (19,001 lbs GVW to 26,000 GVW)
  - Large Duty Vehicles and Heavy Equipment (over 26,001 lbs GVW)
- In addition to the flat rate requested for light and heavy duty tows, bidders are also requested to provide rates, which will be in addition to the basic tow service, for the following items:
  - Charge per hour for extra time at a scene
  - Additional charge for winchout or extraction of vehicle
  - Additional charge to utilize a dolly
  - Additional charge per mile for tows beyond 10 miles allowed ("burdened" from scene to lot or garage)
  - Additional charge for time periods which are specified by the State as "weather emergencies"

- The State is also providing bidders with an opportunity to bid other services which are not charged in addition to the basic tow service rates. These charges are:
  - Daily storage charge per day after the 48 hour grace period has elapsed
  - Charge per hour to assist agencies re-organize a vehicle lot (the price quoted will be for a single tow vehicle to move vehicles within the same parking area for re-organization purposes)
  - Roadside assistance – Flat tire change
  - Roadside assistance – Lockout service
- Since the State has requested towing and retrieval services for Medium and Large Duty Vehicles and Heavy Equipment, if there are additional equipment required to transport oversized vehicles and/or equipment, all vendors are requested to provide a list of equipment that is available to serve the State's towing and retrieval needs.
- Medium and Heavy Duty Truck and Heavy Equipment vendors should list specific equipment necessary to tow or retrieve these large GVW units. Additionally, vendors may list additional surcharges that will be imposed if supplemental equipment is utilized.

**SUBCONTRACTORS:**

- If your company or organization plans to utilize subcontractors to perform work for the Towing Services contract, the State requires a complete list of subcontractors. Additionally, all subcontractors are required to meet the same performance requirements that the "main" vendor would. (i.e. A subcontractor would not be obligated to submit monthly reports, but would be required to use the correct equipment, accept responsibility for towed vehicles, etc.)

**WEATHER EMERGENCIES:**

If a state of emergency is declared to a weather event (i.e. snow storm), and a towing or retrieval service is requested. If roads are impassible, DeIDOT will provide an escort (road clearing) so that the contractor may reach the vehicle in need of assistance.

## Definitions

### Ownership

The minority or woman ownership interest in the firm must be real, substantial and continuing and shall go beyond the pro forma ownership of the business as reflected in its ownership documents. The minority and women owners shall enjoy the customary incidents of ownership and shall share in the risks and profits commensurate with their ownership interest as demonstrated both by an examination of the substance and form of arrangements.

### Control

Control will be exemplified by possession of the requisite knowledge and expertise to run the particular business. Control includes the authority to determine the direction of a business, including but not limited to capital investments and all other financial transactions; property acquisitions; day-to-day decisions; contract negotiations; legal matters; selection and hiring of officers, directors, and employees; operating responsibility; cost-control; income and dividend matters; and the rights of other shareholders or partners.

The minority and/or women owners must hold the highest officer position in their companies, example chief executive officer or president.

The minority and/or women must demonstrate that they possess the experience, expertise and knowledge to operate their particular types of business.

Expertise limited to office management, administration, or bookkeeping functions unrelated to the principal business activities of the company is insufficient to demonstrate control. Women and/or minority owners must also verify that they hold any licenses or certification required by the type of business in which they are engaged.

## Definitions

**Minority Business Enterprise (MBE)** - A for profit business in which at least 51% of the beneficial ownership interest and control are held by a minority or minorities. In the case of a corporation, minorities must hold at least 51% of voting interest.

**Minority & Women Business Enterprise (MWBE)** - A for-profit business in which at least 51% of beneficial interest and control is held by minority women or by an equal combination of minorities and women. In the case of a corporation, women and minorities must also hold at least 51% of voting interest.

**Women Business Enterprise (WBE)** - A for-profit business in which at least 51% of beneficial interest and control is held by women. In the case of a corporation, women must also hold at least 51% of the voting interest.

### Useful Business Function

A useful business function is one, which results in the provision of materials, supplies, equipment or services to consumers in the State. A business acting as a conduit to transfer funds to a non-minority business does not constitute a useful business function unless doing so is a normal industry practice.

### Benefits of Certification

Current certified minority and/or women owned firms are eligible to be listed in the State of Delaware Directory of Minority and Women Owned Businesses which is circulated to all state and local government agencies.

### Recertification
