31. **ENERGY STAR PRODUCTS:**

The State may terminate the contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of termination.

33. **TERMINATION FOR CAUSE:**

If, for any reasons, or through any cause, the Contractor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Contractor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Contractor of such termination and specifying the effective date thereof, at least 5 days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Contractor under this Contract shall, at the option of the State, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

Failure to provide this information could render the bid as non-responsive.

35. **ELECTRONIC CATALOG:**

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

The successful vendor(s) may be required to submit their items list in electronic format designated by the State.

Note: The State of Delaware is in the process of implementing a new financials system, which will require the use of:

- Electronic catalogs
- Commodity/classification code: United Nations Standard Products and Services Code (UNSPSC).
- A unique item ID for all items in our system

The state has made the determination to include the requirement in this contract for two reasons:

1. To find out what vendors can offer.
2. To give the agencies and school districts a level of comfort in using electronic catalogs.

36. ZONES:

To better facilitate delivery and pick up, the areas covered by this contract are zoned as follows:

Zone 1: All of New Castle County north of the C & D Canal.

Zone 2: South of the C & D Canal and all of Kent County.

Zone 3: Sussex County.

37. SERVICE CENTERS:

To be eligible for award, bidder must have at least one (1) auto parts service facility doing business in the zone(s) bid. To be eligible for our award on **batteries** the bidder must have a location in each zone or a truck that will call on agencies at least twice a week. **A list of service facilities and addresses must be included with the proposal.**

38. DELIVERY:

All items shall be delivered within twenty-four (24) hours after receipt of order. In the event of an emergency, item(s) shall be delivered within two (2) hours or be available for immediate pick up. Delivery or pick up shall be determined by the ordering agency. Contractor must provide the part number and full description on each packing slip. Each item must be individually labeled with the part number.

NOTE: The agency involved may specify that a 24 hour delivery is not required. This is at the discretion of the ordering agency.

39. MINIMUM ORDERS:

There shall be no minimum requirements for over the counter purchases. If the vendor requires a minimum order for delivery it should be so noted and the penalty for less than minimum orders. Minimum requirements and penalties, depending upon the amount, may impact on determining the award.

STATE OF DELAWARE
Office of Management and Budget

40. CURRENT MANUFACTURER PRICE LISTS:

Vendor(s) must provide the most recently published manufacturer's price lists, if available, to agencies that request them.

41. NET PRICE:

The net price is the Manufacturers' List Price less a quoted part discount. The discount applied to the parts sample pricing should be the same as the quoted catalog discount listed in the Appendix B pricing, and any variance must be explained in the Exceptions tab.

This sample pricing list is only a sample of the items to be purchased on this contract and will be used to aid the evaluation and award process.

42. OTHER STATE CONTRACTS:

Although the State of Delaware will institute a contract for the procurement of Auto Parts and Batteries, the State currently has contracts for the following automotive related items:

Motor Oil, Re-refined Motor Oil, Lubricants and Antifreeze

<http://www.gss.omb.delaware.gov/contracting/contracts/009.shtml>

Tires and Tubes

<http://www.gss.omb.delaware.gov/contracting/contracts/004.shtml>

Hand Tools

<http://www.gss.omb.delaware.gov/contracting/contracts/011.shtml>

The contracts noted above are active and intended for use by State Agencies and other authorized users. Additionally, this list is not intended to be exhaustive, since there may be active agency contracts in use at the time of this solicitation.

43. EXCEPTIONS TO PART CONTRACTS:

As indicated, the State intends to utilize competitively bid contracts to purchase replacement and OEM parts for State and agency vehicles on an "as needed" basis.

There may be occasions that specific OEM only parts will be required for use in vehicles. For example, the State has determined that OEM supplied Chrysler and Dodge oxygen sensors have performed with less frequent malfunctions. Accordingly, the State intends to purchase these parts from licensed manufacturer parts departments.

The State reserves the right to identify other individual parts or categories where OEM parts perform better and with fewer malfunctions over time. All parts designated in this manner shall be identified to the contracting department and must be approved by the contracting department before agencies have permission to purchase outside the central contract.

This requirement is being put in place to protect the best interests of the State and its agencies, and identify to potential bidders that limited exceptions to the mandated contract usage may exist.

GENERAL SPECIFICATIONS

Bidders are required to offer at least one part brand catalog to be considered. However, vendors are encouraged to offer catalog discounts for as many automotive and truck brands as they have access to. The more brands bid, the greater the opportunity for business with the State if a vendor is awarded.

When completing Appendix B – Tab 3, the State will only accept one bid for each of the parts listed in the parts sample. The prices submitted will be used for comparison purposes between vendors.

All parts that are bid must be technically equivalent to OEM parts, and/or the brands that are listed in the table above.

Definitions

Minority and/or Women Business Enterprise

A Minority and Women Business Enterprise is a business that is at least 51 percent owned, controlled and actively managed by minority and/or women group members who are United States citizens or persons lawfully admitted to the United States for permanent residence.

The business must be a for-profit business and currently be performing a useful function.

Definitions

Minorities – United States citizens or permanent residents who are African Americans, Asian/Pacific Americans, Hispanic Americans, Native Americans, Subcontinent Asian Americans, or as defined herein:

African (Black) Americans. All persons having origins from any of the Black groups of Africa and all persons having origins in any of the original peoples of the Cape Verde Islands.

Asian/Pacific Americans. All persons having origins from any of the original peoples of the Far East, Asia, or the Pacific Islands, including China, Japan, Korea, Samoa, Philippine Islands, and Hawaii. Guam, the U.S. Trust Territories of the Pacific or the Northern Marinas.

Hispanic Americans. All persons having origins from Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or others Spanish or Portuguese culture or origin, regardless of race.

Native Americans. All persons having origins from the original peoples of North America and who are recognized as Native Americans by a tribe or tribal organization.

Subcontinent Asian Americans. All persons whose ancestors originated in India, Pakistan or Bangladesh.

Certification - A determination by the OMWBE that a for-profit business entity is a Minority Business Enterprise (MBE) and/or Women Business Enterprise (WBE).

Ownership

The minority or woman ownership interest in the firm must be real, substantial and continuing and shall go beyond the pro forma ownership of the business as reflected in its ownership documents. The minority and women owners shall enjoy the customary incidents of ownership and shall share in the risks and profits commensurate with their ownership interest as demonstrated both by an examination of the substance and form of arrangements.

Control

Control will be exemplified by possession of the requisite knowledge and expertise to run the particular business. Control includes the authority to determine the direction of a business, including but not limited to capital investments and all other financial transactions; property acquisitions; day-to-day decisions; contract negotiations; legal matters; selection and hiring of officers, directors, and employees; operating responsibility; cost-control; income and dividend matters; and the rights of other shareholders or partners.

The minority and/or women owners must hold the highest officer position in their companies, example chief executive officer or president.

The minority and/or women must demonstrate that they possess the experience, expertise and knowledge to operate their particular types of business.

Expertise limited to office management, administration, or bookkeeping functions unrelated to the principal business activities of the company is insufficient to demonstrate control. Women and/or minority owners must also verify that they hold any licenses or certification required by the type of business in which they are engaged.

Definitions

Minority Business Enterprise (MBE) - A for profit business in which at least 51% of the beneficial ownership interest and control are held by a minority or minorities. In the case of a corporation, minorities must hold at least 51% of voting interest.

Minority & Women Business Enterprise (MWBE) - A for-profit business in which at least 51% of beneficial interest and control is held by minority women or by an equal combination of minorities and women. In the case of a corporation, women and minorities must also hold at least 51% of voting interest.

Women Business Enterprise (WBE) - A for-profit business in which at least 51% of beneficial interest and control is held by women. In the case of a corporation, women must also hold at least 51% of the voting interest.

Useful Business Function

A useful business function is one, which results in the provision of materials, supplies, equipment or services to consumers in the State. A business acting as a conduit to transfer funds to a non-minority business does not constitute a useful business function unless doing so is a normal industry practice.

Benefits of Certification
