REF: Title 29, Chapter 6911(d) Delaware Code. Every state department and agency within the Executive Branch and Judicial Branch of the state government shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. A competitive bidding and selection process was conducted by the State of Washington as the Lead State.

2. CONTRACT PERIOD

This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. <http://gss.omb.delaware.gov/divisionwide/forms.shtml>.

How to Use Interactive Voice Response (IVR)

- Step 1:** Call 1-888-338-7394
- Step 2:** Enter Account Number, followed by # sign
- Step 3:** Select 1 to be connected directly to your Spanish interpreter, *or*
Select 2 to be connected directly to your Russian Interpreter, *or*
Select 9 for all other languages
- *If you require a 3rd party call, press 9 to reach a Customer Service Representative

IVR FAQs:

What if I do not know my Account number?

You do need this information in order to reach the interpreter directly. If you are unsure of your account number, wait and the system will direct you to a live operator who will look up your account.

What is IVR?

IVR stands for Interactive Voice Response. CTS LanguageLink's IVR system allows a customer to quickly select the language desired for interpretation and be connected immediately to an interpreter without interaction with a live attendant. The benefit of this is an even faster connect time to your interpreter and better service to your limited English proficient (LEP) client.

What is a third party call?

A third party call is when you need CTS LanguageLink to call the LEP client and then bridge the call together with you and the interpreter.

How do I make a third party call with CTS LanguageLink?

If you need a third party call, press 9 (even for Spanish) to reach a Customer Service Representative (CSR) and let the operator know you need a third party call. We are happy to assist you with this at no additional charge. Our interpreters are not able to make the third party call directly.

I need another language other than the ones listed. How do I get my interpreter on the line?

Press 9 for other languages and let the CSR know which language you require and they will connect you. If the language is unknown, you may reference the "Point to your Language" visual for help with most requested languages or ask a representative for assistance.
