CONN-SELMER MINIMUM ADVERTISED PRICE POLICY

It is Conn-Selmer's intent to establish policies to ensure that the value of our products and brands are maintained in the marketplace. Conn-Selmer, Inc. also expects all authorized dealers to actually promote and provide service for Conn-Selmer products that support our product and brand values. The company understands that it is costly for dealers to provide such support. It is Conn-Selmer's intent to establish policies which will allow our dealers the ability to provide the support required for Conn-Selmer products both before and after the sale.

Therefore, effective July 1, 2011, Conn-Selmer, Inc. is implementing a Minimum Advertised Price (MAP) policy.

Communication of Policy Violations:

Communication regarding violations to this policy must only occur through a designated official in the Conn-Selmer corporate office. That official can be notified of violations using the e-mail address maptracker@conn-selmer.com.

In order to ensure that all MAP violations are handled with consistent notification(s) and consequence(s) for non-acquiescence, any communication of violations not submitted through maptracker@conn-selmer.com will not be reviewed.

Definition:

- A. As related to this policy, "advertising" is defined as any communication (whether electronic or print) with customers related to Conn-Selmer products, except that which occurs within the dealer's store. Communication that occurs within the dealer's store (e.g. signage, brochures, price tags, or verbal) or that is initiated by the individual customer, school or institution in person-to-person telephone, e-mail or mail contacts are not subject to MAP.
- B. The Conn-Selmer MAP policy applies to all advertising, whether local or national in scope, occurring outside the dealer's store. Included are catalogs, dealer websites and other Internet sites such as eBay stores. *There is no change to Conn-Selmer's policies regarding the prohibition of certain student product on the Internet or any new product on Internet auction sites.*
- C. Any listing of model number, photograph or drawing identifying a specific Conn-Selmer product must be accompanied by the MAP assigned to that product. Conn-Selmer products subject to MAP may not be listed without a price.
- D. Internet features such as "automated responses," "click for price" and "add to cart" all constitute advertising under this policy and are subject to MAP.
- E. The use of any statements that would imply actual pricing below that of the MAP is strictly forbidden, as it violates the intent of this policy. Statements such as "call for price," "e-mail for price," "call for lowest prices," "prices too low to print," etc. would all be in violation of the Conn-Selmer MAP policy.
- F. MAP shall not in any way restrict the actual selling price of Conn-Selmer products. All Dealers are free to advertise and sell at whatever prices they deem necessary. However, Conn-Selmer reserves the right to impose consequences (see below) for those dealers that advertise in violation of this policy.

Products Covered:

- A. All products requiring MAP are clearly identified in the Conn-Selmer Dealer Confidential dated July 1, 2011. Ludwig products requiring MAP are drum outfits, drum components, educational kits and snare drums as listed in the current Ludwig/Musser confidential. MAP policy applies to the sale of NEW product, including factory seconds, demonstrators and samples.
- B. MAP does not apply to used or discontinued product, where the dealer must specifically and conspicuously identify the product as "USED" or "DISCONTINUED."
- C. If two or more Conn-Selmer instruments governed by this policy are advertised together for a single price, the advertised price must not be lower than the sum of the MAP allowable for the individual products.

CONN-SELMER MINIMUM ADVERTISED PRICE POLICY (Cont.)

- D. All products covered by MAP must be advertised as a complete package, including such items as case, mouthpiece, etc.
- E. When advertising consumer rebates (instant or mail-in) or promotional items to be included with any Conn-Selmer products, the included price for the Conn-Selmer product must be clearly identified at or above MAP. This includes rebates sanctioned or sponsored by Conn-Selmer.
- F. The definition or identification of the term MAP is not to be used in any advertising of Conn-Selmer products.

Any product listed on a website not affiliated with a Dealer where the Dealer's name is listed, will be subject to the terms of this MAP policy with the consequences for Non-Acquiescence being imposed on the associated Dealer.

Non-Acquiescence:

Any dealer found in violation of this policy will be subject (at Conn-Selmer's sole discretion) to the following changes in their distribution agreement:

- A. Dealer will not appear under "Buy it Now" on the official Conn-Selmer, Inc. website (www.conn-selmer.com) for a period of one year from the date of the second MAP violation notification.
- B. Conn-Selmer will de-authorize Dealer for the stated product brand for a period of one year from the date of the MAP violation notification.
- C. Conn-Selmer will terminate dealer's participation or potential participation in any current or future consumer rebate or salesperson spiff program for any Conn-Selmer product.
- D. Conn-Selmer will terminate (a) the Pro Shop designation agreement or arrangement with dealer and/or (b) its distribution agreement with the dealer.

Should Conn-Selmer determine that a Dealer has violated (whether intentional or not) this policy, the Dealer will be given written notification of the violation and the consequences for non-acquiescence.

Dealer should provide Conn-Selmer with written documentation within 10 calendar days of the initial warning letter with information Conn-Selmer should consider before any consequence is imposed. If no response is made by the dealer, Dealer should assume that one or more of the consequences in this policy will be imposed. Conn-Selmer will inform Dealer in writing whether based on the information provided a consequence will be imposed.

Policy Modification:

Conn-Selmer reserves the right to modify, suspend, or discontinue this MAP Policy, in whole, or in part, at any time, and to designate promotional periods during which the terms of the MAP policy change or designate periods of time during which the MAP Policy is not applicable. In such cases, or when there are changes to MAP prices listed in any confidential, Conn-Selmer will provide reasonable notice in order to allow dealers sufficient time to amend their advertising and set for the date of the stated minimum advertised price change. Any pricing changes shall go into effect at 12:00 midnight the day the stated price change.

1885-2010

...on the occasion of its Jubilee Anniversary, the brand lays the foundations for a new visual identity.

- New thinner engraving technique decorates the bell and the bow
- The founders signature now adorns the bell-to-bow ring
- A gold lacquer optimizes the athletics of the instrument
- The neck octave key has become lighter and the "S" logo is now a bolder shade of deep blue
