# 2012 Site Furnishings Catalog

 **Landscape  
BRANDS™**

*Adding beauty and comfort in every public space.*

# Introduction

## About Us

Landscape Brands™ is the proud manufacturer of high quality products offering exceptional value. Established by Bill Gilbert in 1970 as Clean City Squares, the first products were created in response to a customer request for receptacles with graphic panels, and soon grew into a complete line of benches, urns, recyclers, tables and other complementary site furnishings.

With Bill Gilbert's role transitioned to Chairman of the Board, the continuity of values endures with Eric Gilbert as Chief Executive Officer. The expertise, skills and stability that have made Landscape Brands great for the last 40 years are the continued focus for the future. We remain committed to providing customers with great service and quality products at a fair price.

Landscape Brands has corporate headquarters in St. Louis, Missouri. Manufacturing facilities are located in Winona, Minnesota and St. Louis.

**Fusion Coatings®** products are constructed with heavy-duty coated steel protected by the exclusive patented Fusion Advantage™ finish. The results are outdoor furnishings that won't rust, fade, peel, chip, crack, mold or mildew.

**Clean City™** products continue to offer iconic design decade after decade with stylish outdoor furnishings crafted from recycled plastic, stainless steel, powder coated steel and natural stone.

## Environmental Consciousness

Landscape Brands has been creating environmentally friendly products since 1970. To meet our customers' expectations for high-design, high-quality products that also help them achieve their sustainable goals, Landscape Brands adheres to the following practices:

- Utilization of recycled materials
- Manufacture of products for LEED certification
- Production of recyclable/long lasting products
- Adoption of environmentally sustainable processes and systems

### RECYCLED MATERIALS

Our recycled plastic lumber has a 95% recycled content by weight with at least 90% of that coming from post consumer content. This recycled plastic lumber does not emit or contain any VOC materials, and is considered to be low or non-toxic. On average, the steel used in our products is made of 70% recycled material and our aluminum extrusions are 85% recycled material.

### LEED CERTIFICATION

Bike racks enable specifiers to obtain LEED certification and credit requirements for their projects that qualify as "Alternative Transportation, Bicycle Friendly Site Planning". Smoking control products provide credits in the "Environmental Tobacco Smoke Control" category by allowing means to locate smoking areas a safe distance from entrances and other non-smoking places. Landscape Brands also contributes to LEED certification credits by manufacturing products out of recycled metals and plastics.

### RECYCLABLE / LONG LASTING PRODUCTS

The metals and plastic used on Landscape Brands products not only contain recycled content, but can be recycled, as well. The natural wood and stone material found on various products in the line can also be recycled. Many of our products break down into components to make recycling easier. Landscape Brands designs products with high quality, low maintenance materials and finishes. For example, products with our exclusive proprietary Fusion Advantage coating clean without chemicals and still maintain a durable, high-gloss look. Most importantly, our products are built to last a very long time. Going well beyond the 5- or 7-year warranty, many customers have had our products in service for more than 20 years. That long life translates into minimized environmental impact.

### ENVIRONMENTALLY SUSTAINABLE PROCESSES AND SYSTEMS

Landscape Brands is constantly working to improve efficiencies in our production processes to reduce both energy consumption and scrap. In 2007, we changed from anodized coating to polyester powder coating in order to reduce pollutants created during the coating process. We also added reclaiming filters to our powder coating lines which reduce the amount of wasted material. Landscape Brands manufacturing locations are centrally located in the Midwest. Nearly all product components come from suppliers less than 200 miles from our facilities. A majority of products ship to job sites within a 500 mile radius of one or both of our locations. Most Landscape Brands products ship in recyclable cardboard and/or recycled skids.

# Warranty

## Structural Warranty

**Landscape Brands** offers a limited **twenty-year warranty** against structural failure of all steel, aluminum and cast iron bench frames and bench assemblies, tables and table frames, trash receptacle frames, planter frames and bike racks.

**Landscape Brands** offers a limited **twenty-year warranty** against structural failure of all recycled plastic products from splitting, fungal decay and insect damage.

**Landscape Brands** offers a limited **five-year warranty** against structural failure of all natural stone products.

## Additional Warranties

### Seven-Year Fusion Coatings Warranty

Landscape Brands offers a standard seven-year warranty on all products including any defects in materials and/or workmanship and warrants the product finish will not fade. Landscape Brands further warrants the components featuring the Fusion Advantage will not rust, peel, chip, crack, fade, mold or mildew.\*

### Five-Year Clean City Warranty

#### FusionGuard® Powder Coating

Landscape Brands offers a standard five-year warranty against defects in materials and/or workmanship and warrants the product finish will not fade.\*

#### Recycled Plastic and Polyethylene

Landscape Brands offers a standard five-year warranty against defects in materials and/or workmanship.\*

#### Natural Stone

Landscape Brands offers a standard five-year warranty against defects in materials and/or workmanship.\*

*\*Unless otherwise noted*

### Warranty Stipulations:

*The above warranties commence on the date of purchase. The structural warranty is only valid if the product has been assembled and installed per the instruction provided with each shipment and item. These warranties do not cover acts of misuse, abuse, accidents, lack of maintenance or vandalism and any alterations to the product after delivery will void these warranties.*

*Should any failure occur within these periods, Landscape Brands will correct the part or parts either by repairing or replacing the defective parts to your satisfaction at no cost to you.*

## Fastest Delivery

We offer the fastest delivery time in the business — most of our products ship in **10 days or less**. Our manufacturing facilities are so streamlined that we are able to produce your order based on your exact option selection and specifications.

# GET THE FUSION ADVANTAGE™

## Patented protection exclusively available on Fusion Advantage coated steel products.

Table tops and seats have a thick **plastisol coating** that is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier. This oven cured plastisol has an average thickness of 1/4" (including top and bottom coatings).

Next, the plastisol is encapsulated with the richly tinted **TopCoat™** powder coating that creates a seal against the elements and provides a high gloss finish that lasts year after year. This patented process ensures Fusion Advantage components are:

- Highly resistant to fading and UV-damage
- Impervious to common acids, salts and seawater
- Resistant to mold, mildew and fungus

NO RUSTING. NO FADING. NO KIDDING.

## Seven-Year Warranty

Landscape Brands™ offers a standard seven-year warranty on all Fusion products including any defects in materials and/or workmanship and further warrants the Fusion Advantage components will not rust, fade, peel, chip, crack, mold or mildew.\*

Unlike other brands, Fusion Advantage products will **NOT** have:

**Rusting**

**Mold & Mildew**

**UV Damage**

**Coating Breakdown**

**Discoloration & Fading**

*\*See complete warranty statement on page 2*

# Rendezvous

Table with Four Flat Fixed Seats

Table with Five Contour Seats  
L1393

All products shown in black.

## Classic design — unmatched durability

Planter  
L1385

Classic details and timeless design combine with extreme durability to make the Rendezvous Collection a best seller in outdoor site furnishings. Plastisol coated steel slats provide an unparalleled combination of strength and comfort. The premium Rendezvous look features the proprietary protection exclusively available from the Fusion Advantage™ for a finish that stays looking new for years to come.

- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, steel table tops, seats, benches, planters, recycler and receptacle bases have a thick plastisol coating permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier
- Oven cured plastisol has an overall thickness of ¼" (including top and bottom coatings)
- Powder coated cast iron bench ends, table frames and steel receptacle tops are shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Available in 14 standard and 5 optional colors (see page 119)
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty

TABLES | BENCHES | RECEPTACLES | RECYCLERS | PLANTERS

## NEW PRODUCTS

- Rendezvous tables with individual ergonomic seats in flat, fixed contour, swivel contour and ADA-compliant styles
- Receptacles in 40-gallon, 55-gallon and custom styles
- Planter
- Lucaya umbrellas

### Get the Fusion Advantage

*Products with the Fusion Advantage will NOT rust*

*OTHERS can rust within a few years*

# Rendezvous

Classic design with unmatched value.

A Fusion Coatings® original, Rendezvous tables provide an open and inviting dining or gathering spot for corporate and public spaces. The attached seating defines personal space, prevents theft and keeps chairs neatly in place. Protected by the exclusive proprietary Fusion Advantage™, the Rendezvous premium look will last for years.

- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an overall thickness of ¼"
- Powder coated bench ends and receptacle tops are shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Available in 14 standard and 5 optional colors (see page 119)
- 20-year limited structural warranty with 7-year Fusion Coatings warranty

# Ultra | Slotted Steel

## Ultimate in style.

This comfortable and versatile slotted steel design works exceptionally well in a variety of environments. Unsurpassed durability and weather resistance are achieved with the Fusion Advantage™ coating.

- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an overall thickness of 1/4"
- Available in 14 standard and 5 optional colors (see page 119)
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty

# Victory

## Victory Benches with Backs

Victory benches are available in lengths up to 20 feet long — big enough for the entire team. The steel is thickly coated with plastisol to make surfaces feel cooler to the touch in summer and warmer in the winter. Every Victory bench is protected by the exclusive proprietary Fusion Advantage™ to ensure exceptional durability.

- 10-gauge expanded or 12-gauge perforated steel
- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an overall thickness of ¼"
- 2¾" O.D. powder coated steel tubing frames shielded by FusionGuard®
- 10¼" wide seat with traditional edge
- Rolled edge with 12" wide seat available on expanded models
- Surface, portable or inground mount

# Fusion Accessories

Umbrellas  
Umbrella Brace

Lucaya umbrellas are perfectly proportioned for Rendezvous and Latitude tables.

With heavy-duty fiberglass umbrella ribs that flex without breaking, these high performance umbrellas are tested to withstand up to 50 mph winds. The marine grade acrylic fabric canopy features a sewn-in vent that resists fading and mildew. The strong one-piece aluminum pole has an easy push and pin lift system.

- Pole available in bright aluminum, or powder coated white or champagne bronze
- Lucaya available in standard sunbrella fabric colors plus premium colors
- Ten-year warranty against fading and manufacturing defects
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty\*

\*Umbrella must be used with a U-brace or umbrella brace.

## Classic Market Umbrellas.

Market-style canopy is made from durable marine grade fabric and features a sewn-in vent. Umbrella opens and closes with heavy-duty crank lift system and has molded nylon joints, hubs and end tips with flexible ½" diameter fiberglass ribs that offer exceptional resilience and strength.

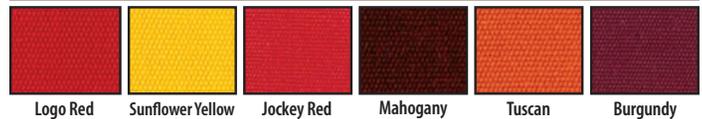

- Available in standard sunbrella fabric colors shown at right
- Powder coated aluminum pole available in white or champagne bronze
- Ten-year warranty against fading and manufacturing defects
- Five-year rib replacement warranty; 1 year umbrella pole warranty\*

\*Umbrella must be used with a U-brace or umbrella brace.

# Clean City™ Innovation

## A history of innovation.

Over 40 years ago, Clean City designed the first stone paneled trash receptacles in the country, creating a classic design still seen today. Dedicated to innovation and providing the ultimate in quality and craftsmanship, Clean City continues this trend with new products in recycled plastic such as the Wainwright Collection.

## FusionGuard® Protection

All Clean City steel components are shielded by FusionGuard to prevent fading and maintain extreme rust-resistance. Heavy-duty steel is primed and then powder coated with TopCoat™, a richly tinted powder coating that provides a high gloss finish that is highly resistant to fading and UV-damage. Independent testing (ASTM B 117) revealed that frames coated with FusionGuard exceed industry standards by 34%.

*Wainwright Table — see page 53*

### **FusionGuard Powder Coating Warranty**

Landscape Brands™ offers a standard five-year warranty against defects in materials and/or workmanship and warrants the product finish will not fade.\*

### **Recycled Plastic Warranty**

Landscape Brands offers a limited twenty-year warranty against structural failure of all recycled plastic products from splitting, fungal decay, and insect damage.\*

### **Natural Stone Warranty**

Landscape Brands offers a standard five-year warranty against defects in materials and/or workmanship.\*

*\*See complete warranty statement on page 2*

# Woodwind

Receptacle with  
Open Hood Top  
TR35DT

Flat Bench  
FB6

## Woodwind delivers standout contemporary styling.

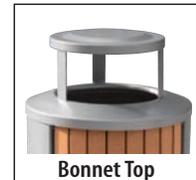

Graceful arched frames set this collection apart from conventional recycled plastic furnishings. Smooth, comfortable and weather resistant, these products never need painting or sanding. Available in contour and flat bench styles, benches feature heavy-duty no-sag planks that are 3½" wide and made of 95% recycled content by weight. Receptacles are available in eight spun steel top styles to suit your needs.

- Benches have sturdy steel frames and cast iron ends that are powder coated and shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Heavy-duty bench planks are 3½"W x 2½"H and made of 95% recycled content by weight
- Receptacles are ADA-compliant
- Receptacles include a reusable plastic liner and rubberized feet
- Galvanized steel receptacle tops are shielded by FusionGuard
- Low dust black beauty sand substitute included with ashtray tops (contains no silica)
- Receptacles ship fully assembled
- Available in cedar color planks with pewter powder coat frame and receptacle tops
- 20-year limited structural warranty with 5-year Clean City™ warranty

# Wainwright

## Environmentally conscious site furnishings.

Clean City™ has designed a uniquely attractive option in recycled furniture. With attached bench seats and a walk-through design, the Wainwright table provides aesthetic appeal, easy access, and all the advantages of recycled plastic. Comfortable and ergonomic benches feature quality 1½" x 3½" recycled plastic planks so you never need to worry about sagging or staining, and the fade-resistant color is uniform throughout the planks. A wide 4" steel band wraps the table and bench ends, joining to the heavy-duty frame. All steel components are shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance.

- Planks are 1½" x 3½" and made of 95% recycled content by weight
- Powder coated bench and table legs and steel receptacle tops are shielded by FusionGuard to prevent fading and maintain extreme rust-resistance
- Available in cedar color planks; frame available in textured black or pewter (see chart on page 119)
- 20-year limited structural warranty with 5-year Clean City warranty

# Boulevard

Patterned steel furnishings lend a contemporary look with incredible durability.

Stylish Boulevard furnishings integrate sleek steel with traditional stone to give a fresh, inviting look. Steel components feature an artistic cutout design that is cushioned with thick plastisol, resulting in a beautifully unique look and comfortable seating surface.

- 12-gauge steel bench seat and panels are protected by the Fusion Advantage™ coating, which gives a high gloss finish that will not rust, fade, peel, chip, crack, mold or mildew
- Plastisol coating has an overall ¼" average thickness, including top and bottom coatings
- Bench ends and receptacle panels are constructed with natural stone that is cast in polymer matrix concrete
- Powder coated receptacle top is shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Receptacles are ADA-compliant
- Top flips open for easy access to reusable plastic liner
- Bench requires assembly
- Stone colors available in: mica, riverrock, golden glo, coffee bean, alpine red or black lustre (see page 120)
- Steel components available in 14 standard and 5 optional colors (see page 119)
- 5-year Clean City™ warranty

# Balance

Slotted Receptacle  
TSS

Contour Bench — Slotted Steel  
TSSCBEN6

Products shown in mica and black.

The Balance Collection offers a unique combination of natural stone paired with steel. Metal components are protected by the proprietary coating exclusively available from the Fusion Advantage.™ These robust benches and receptacles are available in a variety of configurations and colors to suit your site perfectly. Balance furnishings are a great choice for walkways, courtyards and park settings.

- Natural stone is cast in rebar-reinforced polymer matrix concrete for superior strength and durability
- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, steel benches and receptacle panels and bases have a thick plastisol coating permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier
- Contour benches are available in a variety of styles, including custom options
- Available in six stone colors (see page 120)
- 5-year Clean City™ warranty

# Forte

Concrete Bench  
FRTCBCH

Receptacle  
FRTCRT32

Products shown in tan with bronze receptacle top.

## Concrete strength and beauty.

Add beautiful functional furnishings to your public areas that will stand up to heavy use and endure any weather conditions. Forte products provide the exceptional strength of concrete reinforced with double stranded  $\frac{3}{8}$ " thick steel rebar construction. This unique collection features a comfortable smooth concrete surface that requires virtually no maintenance. Two bench styles are available: a fully concrete bench or a bench with a 5' long steel seat and concrete ends. The plastisol coated steel seat features the proprietary protection exclusively available from the Fusion Advantage. The matching planter is generously sized to accommodate a wide range of plants or shrubs.

- Concrete is ACI certified up to 5,000 PSI
- Concrete available in brown, tan or gray (see page 119)
- Two-year Clean City warranty

### Benches:

- Comfortable steel seating surfaces are protected by the Fusion Advantage coating, which gives a high gloss finish that will not rust, fade, peel, chip, crack, mold or mildew
- Assembly required
- Steel bench available in 14 standard and 5 optional colors (see page 119)

### Receptacles:

- ADA-compliant
- Reusable plastic liner
- Contour receptacle top is 18-gauge powder coated galvanized steel shielded by FusionGuard to prevent fading and maintain extreme rust-resistance (see page 119)
- Receptacle top available in 14 standard and 5 optional colors (see page 119)

# Harmony

Harmony gives unique solutions for park and property managers.

This one-of-a-kind collection enables you to harmonize your site with matching products while providing uniquely serviceable furnishings. Harmony trash receptacles are available in standard or dual-function styles that incorporate pet litter stations with bag dispensers. Harmony contoured steel bench seats and backs are supported by natural stone bench ends for superior looks and comfort. Powder coated bench seats and receptacle panels are shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance.

- 12-gauge powder coated steel bench seats and receptacle panels are shielded by FusionGuard
- 30-gallon receptacles feature a side-opening door
- Pooch station includes a roll of 100 pet waste bags
- Receptacles are ADA-compliant
- Receptacle includes reusable plastic liner
- Assembly required on bench
- Stone colors available in: mica, riverrock, golden glo, coffee bean, alpine red or black lustre (see page 120)
- Steel seats and receptacle panels available in textured black, textured brown or pewter (see page 119)
- 5-year Clean City™ warranty

# Symmetry

Enjoy the beauty and strength of stone and steel.

Contemporary Symmetry furnishings have everything you need to give your site a coordinated look. Each steel component has a perforated geometric design that lends an urban upscale look. The steel is powder coated and then shielded by FusionGuard to prevent fading and maintain extreme rust-resistance. Natural stone cast in polymer matrix concrete adds beautiful contrast.

- 14-gauge powder coated steel components are shielded by FusionGuard
- Stone colors available in: mica, riverrock, golden glo, coffee bean, alpine red or black lustre (see page 120)
- Steel components available in textured black or textured brown (see page 119)
- 5-year Clean City warranty

Shown in alpine red and black.

The Structure Collection is designed to complement public spaces with hardworking and attractive natural stone furnishings built to last. Impervious to weather, this robust line of products include receptacles, smoking urns, benches and planters. Structure products are constructed of natural stone cast in polymer matrix concrete for superior strength and durability. Benches pair natural stone with steel components protected by the proprietary coating exclusively available from the Fusion Advantage.™ Receptacles are offered in a wide range of top styles and sizes to meet your needs.

- Natural stone is cast in rebar-reinforced polymer matrix concrete for superior strength and durability
- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, steel benches have a thick plastisol coating permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier
- Available in six stone colors (see page 120)
- 5-year Clean City™ warranty

Fusion Coatings offers spacious traditional steel picnic tables in a wide range of sizes, colors and styles. Protected by the exclusive proprietary Fusion Advantage, these tables deliver superior value, performance and comfort.

# Picnic Tables | Rectangular

Roomy traditional picnic tables offer long-lasting comfort, beauty and durability. Perfect for any weather conditions, these tables will hold up season after season because they are protected by the exclusive proprietary Fusion Advantage.™

- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an overall thickness of 1/4"
- Powder coated table frames are shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Available in 14 standard and 5 optional colors (see page 119)
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty

Indicated tables accommodate a 1½" umbrella pole.

Rectangular Table D2003

Shown in navy with black frame.

## Rectangular Picnic Tables:

- Available in either 10-gauge expanded or 12-gauge perforated steel
- Heavy-duty steel tubing frames; 4" square steel tubing on pedestal style tables
- Traditional edges have 10¼" wide seat and rounded corners
- Rolled edge tables with 12" wide seat available on select expanded models only
- Indicated tables include a center opening that accommodates a 1½" umbrella pole
- Assembly required

## Traditional Edge Heavy-Duty Rectangular Tables — Inground

## Commemorative plaque furnishings.

Choose quality Fusion Coatings® tables or benches to commemorate an event, organization or person. Each features a durable inset 3" x 5" brass plaque engraved with the message of your choice. Plaque is recessed into the plastisol covered steel and held in place with commercial-grade outdoor adhesive. Engraved text is Times New Roman with up to three rows of text. Choose from a variety of table and bench styles to outfit your site.

- Richly tinted TopCoat™ powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an overall thickness of ¼"
- Powder coated bench and table frames are shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Assembly required
- Available in 14 standard and 5 optional colors (see page 119)
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty

## Graphic Panel Receptacles

Create your own style with Clean City™ custom products. Use a receptacle with custom panels to display your logo, advertise your business or brand or promote a special event. Submit your own formatted artwork for full-color digitally printed panels. Add a customized Balance bench with your name cut directly into the bench seat to have a coordinated look.

- Panels consist of UV-resistant ink printed on vinyl, then laminated to 1/8" thick high-impact styrene panels
- Available on Balance, Essence and Signature receptacles
- ADA-compliant
- Includes reusable plastic liner

Balance Receptacle

## Key Bike Rack

This modern bike rack has two points of contact (frame and wheel) with a pedal opening, and fits larger bike styles exceptionally well. The upright coated steel has been encapsulated by the richly tinted TopCoat™ powder coating, sealing it against the elements to provide a high gloss finish that won't fade, peel, chip, crack, mold or mildew. The powder coated mounting flange is shielded from rust by FusionGuard® to prevent fading and maintain extreme rust-resistance.

- Heavy-duty ¼" thick steel, 38" wide
- Can hold two bikes, one on each side
- Available in 14 standard and 5 optional powder coat colors (see page 119)
- 20-year limited structural warranty with 5-year Clean City™ warranty

## Specialty Bike Racks

These specialty bike racks hold up to two bikes, one on each side. Glossy powder coat finish is shielded by FusionGuard to prevent fading and maintain extreme rust-resistance.

- Heavy-duty 2¾" O.D. 10-gauge steel tubing
- Surface or inground mount
- Marquee and U-bike racks have inground legs that are 10" longer for placement
- Medallion bike inground post is 10" longer for placement
- Mounting hardware not included
- Available in 14 standard and 5 optional powder coat colors (see page 119)
- 20-year limited structural warranty with 5-year Clean City warranty

## Metro Bike Racks

This simple yet classic loop design looks great and fits in anywhere — including tight spaces. Bikes can be parked inside each loop and on the ends. Choose from 3-, 5-, 7- or 9-bike capacity with entry from either side. Available in plastisol coated or powder coated steel.

- Heavy-duty 2 $\frac{3}{8}$ " O.D. 10-gauge steel tubing
- Surface or inground mount
- Inground mount legs are 10" longer to allow for placement
- Available in 14 standard and 5 optional colors (see page 119)

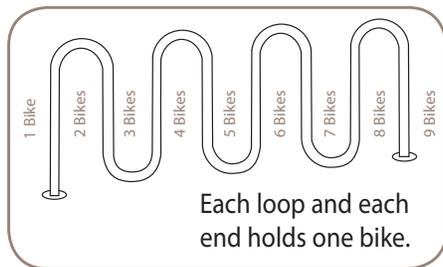

### Metro Bike Rack — Plastisol Coated:

- Richly tinted TopCoat powder coating encapsulates plastisol and steel against the elements and provides a high gloss finish that won't fade, peel, chip, crack, mold or mildew
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an  $\frac{1}{8}$ " average thickness
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty

### Metro Bike Rack — Powder Coated:

Powder coated steel shielded by FusionGuard to prevent fading and maintain extreme rust-resistance

- Weather-resistant, long-lasting and durable
- 20-year limited structural warranty with 5-year Clean City warranty

# ADA Products | Tables

## Plastisol ADA Tables

These stylish, easily accessible furnishings are made in compliance with the Americans with Disabilities Act (ADA). Built to last with the exclusive patented TopCoat® powder coating process, we've tailored our ADA picnic tables to meet your specific needs. Square and round inground designs with two or three seats are ADA compliant when mounted at the appropriate height.

- 10-gauge expanded steel
- 12-gauge perforated steel
- Prior to the application of TopCoat, plastisol is permanently heat fused to primed heavy-duty steel, creating an impervious rustproof barrier; This oven cured plastisol has an overall thickness of 1/4"
- Square table tops are 46" square
- 2 3/8" O.D. steel tubing frames and 4" square steel pedestal are powder coated and shielded by FusionGuard® to prevent fading and maintain extreme rust-resistance
- Rectangular ADA tables feature an extended table top that provides easy wheelchair access at one or both ends
- ADA-compliant
- Assembly required
- Available in 14 standard and 5 optional colors (see page 119)
- 20-year limited structural warranty with 7-year Fusion Coatings® warranty

# Upside

Upside Receptacle  
PT4500

Products shown in black, taupe and two-tone/cheatnut.

## Upside Receptacle

The Upside indoor/outdoor receptacle presents a distinctive profile that provides ergonomic function with attractive design. A removable tilt-out bin is framed by a unique impact-resistant enclosure. This means trash can easily be emptied from the bin without the need for vertical lifting or the hassles caused by moving parts on side-door style receptacles. The large capacity polyethylene receptacle features an integrated rain bonnet, and houses a removable 50-gallon bin. Also included are a galvanized steel trash bag holder and a camlock to safely secure the bin to the outer frame. Impervious to moisture and highly resistant to corrosion, this tough receptacle is still light in weight for easy upkeep.

- Frame enclosure has integrated rain bonnet to keep out rain and snow
- Removable 50-gallon bin slides out for easy trash removal
- Camlock and key included
- Predrilled holes in base for surface mounting
- Ships fully assembled

- ADA-compliant
- Available in two-tone tan/cheatnut combination, or solid black or taupe
- 5-year Clean City warranty

Camlock keeps bin securely in place

# Recycled Plastic | Benches

## Traditional or ADA Wide Plank Benches

These benches can't be beat for exceptional performance in any weather. Solid recycled plastic construction means your furnishings will stay looking new, year after year. Fade-proof planks give you the look of real wood, but without splinters, cracking, warping or the need for twice-yearly maintenance. Available in comfortable wide-plank or traditional benches.

- Planks are made of 95% recycled content by weight
- Bench legs have predrilled holes for easy surface mounting
- Assembly required
- Bench back and seat available in cedar color
- Bench legs available in black
- 20-year limited structural warranty with 5-year Clean City™ warranty

ADA Wide Plank Bench  
RCPTC6

See the **NEW Wainwright** Collection benches on page 54.

### Recycled Plastic Benches

 RCPTC4	4' ADA Wide Plank Bench	30 $\frac{1}{8}$ "H x 28"W x 48"L	86 lbs
RCPTC6	6' ADA Wide Plank Bench	30 $\frac{1}{8}$ "H x 28"W x 72"L	128 lbs

#### ADA Wide Plank Benches:

- Made in compliance with the Americans with Disabilities Act (ADA)
- Constructed with nominal 2" x 6" recycled plastic planks

#### Traditional Benches:

- Constructed with nominal 2" x 4" recycled plastic planks

Traditional Bench  
RCPSC6

## Hexagonal and Rectangular Picnic Tables

Get the comfort and beautiful look of wood without all the maintenance worries that come with it. Carefree performance is guaranteed because the recycled plastic construction won't crack, splinter, peel or rot. There is never a need for sanding, painting or staining, and the fade-resistant color is uniform throughout the planks. Easily withstands the harshest environments — these tables can stay outside year round!

- Planks are made of 95% recycled content by weight
- Assembly required
- Table top and seats available in cedar color
- Table legs available in black; Rectangular table legs also available in galvanized steel
- 20-year limited structural warranty with 5-year Clean City warranty

### Hexagonal Tables:

- Table top is 46" at the widest point
- Seats constructed with nominal 2" x 10" recycled plastic planks; Table top has nominal 2" x 6" planks
- ADA-style table accommodates even large wheelchairs
- Table has a 1½" umbrella hole

# Recycled Plastic

| Benches

## Terrace Benches

Designed with finely detailed cast aluminum ends, this beautiful bench provides comfortable seating that is extremely durable and maintenance-free. Unlike real wood, recycled plastic is unaffected by weather and does not need waterproofing, staining or painting. Recycled plastic construction will not crack, rot, bend or mildew.

- Planks are 1" x 2" and made of 95% recycled content by weight
- Powder coated steel frame and cast aluminum ends are shielded by FusionGuard® for extreme rust-resistance
- Predrilled feet for easy surface mounting
- Assembly required
- Available in cedar color
- Bench frame and ends available in black, evergreen or pewter (see page 119)
- 20-year limited structural warranty with 5-year Clean City™ warranty

L1260	6' Bench	34½"H x 22¾"W x 75"L	106 lbs

## Parkway Collection

The unique styling of gracefully curved cast iron bench legs gives an updated look to this traditional park bench. Recycled plastic planks provide comfortable seating and are virtually impervious to the weather. The matching receptacle with steel top has a generous 40-gallon capacity and includes a reusable plastic liner. Powder coated bench legs and receptacle top are shielded by FusionGuard to prevent fading and maintain extreme rust-resistance.

- Planks are 3" x 4" and made of 95% recycled content by weight
- Receptacle is ADA-compliant
- Receptacle ships fully assembled
- Available in cedar color
- Powder coated bench legs and receptacle tops are available in pewter or black
- 20-year limited structural warranty with 5-year Clean City warranty
