Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. <http://gss.omb.delaware.gov/divisionwide/forms.shtml>.

17. GENERAL CONTRACT UTILIZATION GUIDANCE

The Heavy Duty Vehicle Parts and Accessories contract vendors will supply parts and accessories that may be available through the Auto Parts and Batteries contract vendors. Agencies should use both contracts to obtain the products necessary for timely vehicle maintenance and repair.

The Auto Parts contract does have several suppliers which offer OEM compatible parts which will work effectively for some medium and heavy duty vehicles and equipment. Additionally, since OEM replacement parts can be less expensive, agencies are encouraged to determine the most appropriate sourcing vendor for each individual repair. To review products available through Auto Parts and Batteries, please refer to the following site:

http://contracts.delaware.gov/contracts_detail.asp?i=304

Vehicle and equipment that require OEM parts, or do not have suitable part alternatives, should source directly from one the Heavy Duty Vehicles Parts and Accessories contracts. All of these contracts are eligible for utilization by state agencies.

17. CONTRACT SPECIFIC TERMS AND CONDITIONS

Please refer to the Scope of Work, located within the Invitation to Bid on the main contract page for contract specific terms and conditions.
