ADDENDUM #1

The purpose of this addendum is to answer questions that were submitted.

1. The specification sheets are being requested for “or approved equal” items. Do we still need to send a physical sample of the item also?

No, actual samples are not required for this solicitation.

2. There are several items on the RFP that are discontinued. If we are unable to get a specification sheet for those items, will the available description be ok to use for the comparison?

Yes.

All other terms and conditions remain the same.
