OTHER SPECIFICATIONS

- 1) Tractors should not be ordered with mid-mount loader valves as they may interfere with the subframe structure.
- 2) New Holland T4000, T5000 and TL-A models require a smaller replacement battery. We recommend Exide #34R-84N (Alamo #02982767).
- 3) The John Deere 5105/5205 will require a modification to the front bolster for proper driveline clearance.

OTHER SPECIFICATIONS

- 1) Tractors should not be ordered with mid-mount loader valves as they may interfere with the subframe structure.
- 2) New Holland T4000, T5000 and TL-A models require a smaller replacement battery. We recommend Exide #34R-84N (Alamo #02982767).
- 3) The John Deere 5105/5205 will require a modification to the front bolster for proper driveline clearance.
