sure Grip

FLOOR SAFETY SOLUTIONS

SureGrip Daily Cleaner / Degreaser is the first line of defense in the battle against slippery floors. Unlike most cleaner-degreasers, it is alkaline free. Alkaline cleaners leave residue behind and will turn a wet floor into a serious slip hazard. **SureGrip Daily Cleaner / Degreaser** emulsifies and suspends oil, grease and other contaminants, lifting from deep in the microscopic pores of the floor surface. Once the grease is emulsified, it can easily be extracted or rinsed away leaving the floor surface residue-free. When **SureGrip Daily Cleaner / Degreaser** is used daily it will reduce the occurrence of polymerization, greatly improving surface traction.
