I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals to award vendor(s) to service the vehicle upfitting needs of the requesting agencies.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the Vehicle Upfitting requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

3. MANDATORY USE CONTRACT

REF: Title 29, Chapter 6911(d) Delaware Code. All Covered Agencies as defined in 29 Del. C. §6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. §6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

4. COOPERATIVE USE OF AWARD

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

T. ECONOMY OF PREPARATION

Proposals should be prepared simply and economically, providing a straight-forward, concise description of the Vendor's offer to meet the requirements of the RFP.

U. DISCREPANCIES AND OMISSIONS

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

Exceptions shall be considered only if they are submitted with the bid or before the date and time of the bid opening.

Exceptions must be submitted utilizing Attachment 3 to be considered. Exceptions listed elsewhere in the Vendor's proposal will not be considered. Government Support Services maintains sole discretion to reject any vendor exceptions that are submitted.

W. BUSINESS REFERENCES

Business references are to be provided via Attachment 6.

X. DOCUMENT(S) EXECUTION

All vendors must complete and submit with its proposal the non-collusion statement that is enclosed with this Request for Proposal labeled as Attachment 2. The awarded vendor(s) will be presented with the contract form for signature and seal, if appropriate. Both of these documents shall be executed by a representative who has the legal capacity to enter the organization into a formal contract with Government Support Services.

The State of Delaware requires completion of the [Delaware Substitute Form W-9](#) to make payments to vendors. Successful completion of this form enables the creation of a State of Delaware vendor record. The Taxpayer ID (SSN or EIN) and Applicant (vendor) name are submitted to the Internal Revenue Service for “matching.” If the Taxpayer ID and name do not match, the vendor record cannot be approved.

It is the applicant’s responsibility to select the appropriate 1099 Withholding Type and Class. If incorporated, a business is not subject to 1099 reporting unless the business is providing legal or medical services.

Any questions about completing this form or specific comments about a form that you have submitted, please contact vendor services by phone at 302-672-5000.

Y. SUBCONTRACTS

Subcontracting is permitted under this RFP and contract. However, every subcontractor shall be identified in the Proposal using Attachment 7.

Z. CONFIDENTIALITY

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor’s proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor’s information to a competing vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq. \(“FOIA”\)](#). FOIA requires that the State of Delaware’s records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected vendor proposals will likely become subject to FOIA’s public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community’s desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as “confidential business information”). Proposals must contain sufficient information to be evaluated. If a vendor feels that they

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

- c. None of the equipment and/or services covered by this contract shall be subcontracted without the prior written approval of the State. Only those subcontractors identified in Attachment 7 are considered approved upon award. Changes to those subcontractor(s) listed in Attachment 7 must be approved in writing by the State.

41. FAIR BACKGROUND CHECK PRACTICES

Pursuant to 29 Del. C. [§6909B](#) and effective November 4, 2014, the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 Del. C. [§711\(g\)](#) for applicable established provisions.

42. VENDOR BACKGROUND CHECK REQUIREMENTS

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:
<https://desexoffender.dsp.delaware.gov/SexOffenderPublic/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

43. MINIMUM WAGE RATES

Work performed under this solicitation may fall under the State of Delaware Minimum Wage Rates or the Delaware Prevailing Wage rates. Prior to issuing a purchase order, the ordering agencies must obtain from the Department of Labor a determination if prevailing wage applies to the project and, if appropriate, what the applicable prevailing wage rates would be for the work to be performed. No work shall proceed without a determination by the Department of Labor. Request for prevailing wage certification can be found at: <http://dia.delawareworks.com/labor-law/prevailing-wage.php>.

44. PREVAILING WAGE

The prevailing wage law, 29 Del.C. §6960, is enforced by the Department of Labor and states that the specifications for every contract or aggregate of contracts relating to a public works project in excess of \$100,000 for new construction (including painting and decorating) or \$15,000 for alteration, repair, renovation, rehabilitation, demolition or reconstruction (including painting and decorating of building or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the Delaware Department of Labor, Division of Industrial Affairs, to be prevailing in the county in which the work is to be performed.

45. TERMINATION OF INDIVIDUAL ORDERS OR PURCHASE ORDERS

As a central contract, the contract resulting from this RFP shall include individual orders from state agencies and other entities authorized by law to procure from this contract. The individual orders may be terminated as follows:

- a. **Termination for Cause**: If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner his obligations, or if the Vendor violates any of the covenants, agreements, or stipulations of this contract, the Agency shall have the right to terminate the P.O. by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor in the performance of the P.O. shall, at the option of the Agency, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the Agency.
- b. **Termination for Convenience**: The Agency may terminate the P.O. at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the department, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials which are usable to the Agency.

- c. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

46. TERMINATION OF CONTRACT

As a central contract, the contract resulting from this RFP may be terminated as follows by Government Support Services.

- a. **Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- b. **Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. **Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

47. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. Such changes, including any increase or decrease in the amount of the Vendor's compensation, which are mutually agreed upon by and between the Agency and the Vendor shall be incorporated in written amendments to the Purchase Order or contract.

48. INTEREST OF VENDOR

The Vendor covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree in providing products or performing services required under this contract. The Vendor further covenants, that in the performance of this contract, no person having any such interest shall be employed.

49. PUBLICATION, REPRODUCTION AND USE OF MATERIAL

No material produced in whole or part under this contract shall be subject to copyright in the United States or in any other country. The State shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this contract; provided, however, that the State agrees not to use any design or engineering plans prepared by the Vendor for anything other than their intended purpose under this Contract. The Vendor shall have the right to publish any and all scientific findings. Appropriate acknowledgment and credit for the State's support shall be given in the publication.

50. RIGHTS AND OBLIGATIONS

The rights and obligations of each party to this agreement shall not be effective, and no party shall be bound by the terms of this agreement, unless and until a valid executed purchase order has been approved by the Secretary of Finance, and all procedures of the Department of Finance have been complied with. A separate purchase order shall be issued for every project or order.

51. ASSIGNMENT OF ANTITRUST CLAIMS

As consideration for the award and execution of this contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, relating to the particular goods or services purchased or acquired for the State pursuant to this contract.

52. TESTING AND INSPECTION

The State of Delaware reserves the right to conduct any test or inspection it may deem necessary to insure equipment, materials and services conform to contract requirements.

53. COVENANT AGAINST CONTINGENT FEES

The Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach or violation of this warranty, the State shall have the right to annul this contract without liability or in its discretion to deduct from the contract price

or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fees.

54. GRATUITIES

- a. If it is found, after notice and hearing, by the State that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Vendor or any agent of the State with a view toward securing a contract, or securing favorable treatment with respect to the awarding, amending, or the making of any determinations with respect to the performance of this contract, the State may, by written notice to the Vendor, terminate the right of the Vendor to proceed under this contract and/or may pursue such other rights and remedies provided by law or under this agreement; provided that the existence of the facts upon which the State makes such findings shall be in issue and may be reviewed in proceedings pursuant to the Remedies clause of this contract; and
- b. In the event this contract is terminated pursuant to subparagraph "a", the State shall be entitled (i) to pursue the same remedies against the Vendor, and (ii) to exemplary damages, as a penalty in addition to any other damages to which it may be entitled by law, in an amount which shall be not less than three, nor more than ten, times the costs incurred by the Vendor in providing any such gratuities to any such officer or employee. The amount of such exemplary damages shall be in the sole discretion of the State.

55. AFFIRMATION

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder, partner, principal, or other person substantially involved in the contracting activities of the business is not currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or debarred business.

56. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. The cost of any Contract audit disallowances resulting from the examination of the Vendor's financial records will be borne by the Vendor. Reimbursement to the State for disallowances shall be drawn from the Vendor's own resources and not charged to Contract cost or cost pools indirectly charging Contract costs.

57. REMEDIES

Except as otherwise provided in this contract, all claims, counterclaims, disputes, and other matters in question between the State and the Vendor arising out of, or relating to, this contract, or a breach of it may be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State of Delaware.

58. SUBCONTRACTS

Subcontracting is permitted under this RFP and contract. However, every subcontractor or reseller shall be identified in the Proposal (Attachment 7) and agreed to in writing by the State or as are specifically authorized in writing by the Agency during the performance of the contract. Any substitutions in or additions to such subcontractors, associates, or consultants will be subject to the prior written approval of the State.

The Vendor(s) shall be responsible for compliance by the subcontractor with all terms, conditions and requirements of the RFP and with all local, State and Federal Laws. The Vendor shall be liable for any noncompliance by any subcontractor. Further, nothing contained herein or in any subcontractor agreement shall be construed as creating any contractual relationship between the subcontractor and the State.

59. AGENCY'S RESPONSIBILITIES

The Agency shall:

- a. Examine and review in detail all letters, reports, drawings and other documents presented by the Vendor to the Agency and render to the Vendor in writing, findings and decisions pertaining thereto within a reasonable time so as not to delay the services of Vendor.
- b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. <http://gss.omb.delaware.gov/divisionwide/forms.shtml>.

60. CONTRACT DOCUMENTS

Failure to provide this information could render the proposal as non-responsive.

In the event of a serious emergency, pandemic or disaster outside the control of the State, the State may negotiate, as may be authorized by law, emergency performance from the Contractor to address the immediate needs of the State, even if not contemplated under the original Contract or procurement. Purpose

The contract purpose shall identify and award qualified vendor(s) that are capable to complete partial and full upfit of State of Delaware vehicles that serve and provide service for a variety of agencies. **The contract will be issued for installation only.** Components will be furnished by the requesting agency, unless otherwise noted. The agencies include, but shall not be limited to:

- State Police
- Department of Transportation
- Department of Natural Resources
- Fire School
- Capital Police
- Municipalities

Provision of Vehicles and Equipment

All vehicles and components shall be furnished by the requesting agency unless otherwise noted. The awarded vendor(s) shall supply all incidental consumables including but not limited to incidental components, electrical connections, nuts, bolts and fasteners necessary for the installations.

Condition of Components to be Installed

The Department of Safety and Homeland Security (DSHS), including the Delaware State Police (DSP) and Delaware Emergency Management Agency (DEMA) shall not accept remanufactured equipment.

All other agencies shall reserve the right to utilize or re-utilize remanufactured and/or used equipment at their discretion and with advance notice. If other than new equipment is used, the Vendor(s) shall test, but otherwise not be liable for equipment warranty except as it applies to the agreed to installation. For example: DelDOT may from time to time require the upfit Vendor to install used equipment, i.e. tool boxes and/or arrow boards from their vehicles being turned in and replaced by the new vehicle that components are being installed on. If, in the opinion of the Vendor, such remanufactured and/or used equipment is unsuitable for installation, the vendor shall notify the agency accordingly.

Agency Requests for Quoting/Supplying Core Components

Some installations may require the provision of and installation of component(s) as requested by the agency. For clarification, an agency may request pricing for furnishing and installing specific components. The Agency has the right to accept or reject your pricing. Such requests shall be done in advance unless identified as necessary by the installation vendor. Vendors shall be required to identify a discount off list for components available from the installation supplier.

Receipt and Safeguard of Equipment and Vehicles

The awarded vendor(s) shall be required to receive, acknowledge and safeguard vehicles and equipment to be upfitted for any ordering agency. Vehicles shall be secured in an area protected by fences, security, and any other means necessary to protect the state's vehicle resources. On receipt, state vehicles and equipment shall be insured by the upfitting vendor,

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

against damage from vandalism, theft, accident and/or any other circumstance that may imperil or diminish state assets.

Vehicles picked up and delivered to an awarded vendor facility and/or subcontractor shall be the responsibility of the awarded vendor on receipt, and until returned to the ordering agency. Responsibility shall extend and include retrieval to correct, repair and/or warranty a prior installation or repair.

Received equipment to be used in vehicle upfitting (i.e. lightbars, sirens, electronics, computers, etc.) shall be secured in a locked room, facility or similar, and shall be insured by the awarded vendor up to and until received back and acknowledged by the ordering agency or designated agent.

The Vendor shall inspect all shipments for damage or shortage in delivered quantities. If damage or shortage is noted, the Vendor must immediately contact the vehicle or equipment provider, note the condition of the received materials and request replacement or return necessary to affect the upfit installation requested. Any and all communications to vehicle and equipment manufacturers must copy the ordering agency representative. If the Vendor is unable to correct the received deficiency, the resolution must be immediately elevated the fleet manager and/or ordering agency management.

Vehicles to Be Upfit

State Police and law enforcement agencies primarily operate and have the need to upfit the following:

- Chevrolet Impala
- Chevrolet Caprice
- Chevrolet Tahoe PPV and SSV
- Ford Interceptor and Interceptor SUV
- Ford F150 SSV
- Dodge Charger
- Dodge Durango SSV
- Dodge Ram SSV

In addition to the referenced police vehicles, Agencies shall retain the right to full or partial upfits of a variety of pickup trucks, SUVs, sedans or other medium duty truck equipment as described in any subsequent Purchase Order.

The bidding vendor shall provide standard pricing for a variety of defined packages and component pricing for individual services as requested. The Vendor shall be obligated to provide a list of equipment the Vendor does not consider 'standard' and the prices for said equipment.

Wiring and Installation

The awarded vendor(s) shall install and complete all wiring and equipment installation in compliance with vehicle and equipment manufacturer instructions. A prototype wiring schematic shall be agreed on prior to installation commencement.

Each agency shall receive an accurate and complete set of prototype wiring and equipment schematics for each manufacturer brand and model to be produced. The schematics shall be provided to the agency point of contact and shall become the property of the agency for use and

re-use as serves the agencies best interests. If any schematics have Copyrights, the receiving agency shall have full authority to produce additional copies as necessary.

Prototype Delivery

Each requesting agency shall reserve the right to have the awarded Vendor(s) provide a prototype sample at the awarded upfit cost identified. Once a prototype vehicle is upfit the Vendor shall be required to prearrange a time for Agency personnel to inspect the prototype and all equipment installation to ensure the end result is as requested, compliant with the contract terms and is operational.

Only after inspection AND acceptance shall the requesting agency release the Vendor to complete additional upfits.

Requesting agencies shall not be required to obtain a prototype unless they believe it is in their best interests to do so.

Turnaround Time

The Vendor shall identify an approximate but realistic turnaround time associated with completion of a partial or full upfit as identified in the Appendix B - Pricing Spreadsheet.

On assignment to the awarded vendor, the requesting agency shall review and verify the ability of the upfitter to meet the timeline as represented in their proposal. The Vendor shall confirm ability to meet the proposed upfit installation timeline or is further obligated to notify a requesting agency of any anticipated delays. This will allow the requesting agency to assign or re-assign (internally or to an alternate awarded vendor, if any) to best meet the agency's anticipated needs.

All anticipated completion dates are contingent on receiving all necessary equipment in a timely and operational condition. After work has commenced, any deviation or variances need to be identified to the requesting agency within 72 hours.

Transportation to and from the repair agency or location shall be at the cost and the responsibility of the awarded vendor. Corrective repairs including but not limited to programming, repair, replacement and/or re-installation shall occur at Vendor's expense.

The Vendor shall reserve the right to attempt repair(s) on agency premises, but shall only be granted permission on request, and shall supply all equipment necessary to complete corrective actions.

If a repair is identified as not a fault of the awarded vendor, including defective equipment, the vendor shall promptly notify the requesting agency, and request authorization prior to completing said repairs. The Vendor shall retain the right to back charge the agency the flat rate service charge at the rate identified in their awarded contract and as identified in the requisite repair manual (i.e. Chilton, Mitchell, etc.).

Vehicle Delivery and Inspection

Completed vehicles shall be delivered to the location the Agency specifies. Units will be inspected by an Agency representative upon delivery. If problems are found during acceptance inspection the vendor can correct before leaving or will be required to take the vehicle back to vendors location for repair at no charge to the Agency or agree to send their service truck and personnel to the Agency's site to make corrections.

Any damages (stripped fasteners, soiled interiors, burns, etc.) caused during installations must be repaired before delivery to agency. Broken Trim panels must be replaced with new.

Any cables or wiring found after the inspection to have been damaged during installation (crushed, fasteners piercing insulation, cuts, cross threaded, stripped threads, etc.) will be the responsibility of the awarded vendor to remove and replace at no cost to the Agency.

An initial visit or schedule to correct noted deficiencies will be completed and/or scheduled with the designated agency contact within 48 hours of notification of suspected problem.

If a problem potentially affects the safety or serviceability all repairs must be done immediately.

Shipping / Delivery

If DelDOT, DSP or any other Agency is unable to drop ship or deliver to the up-fitter the delivery cost (each way) shall be as follows:

Manufacturer Warranty

The awarded vendor shall take every reasonable precaution to avoid the invalidation of manufacturer warranty on products and components installed or serviced.

Manufacturer Certification

Vendors shall have and maintain appropriate manufacturer certification to receive direct vehicle shipments. Vendors shall be required to identify said manufacturers they are eligible to receive vehicle shipments from, and if awarded, shall make every reasonable effort to maintain the same certifications through the contract period. Should any individual manufacturer certification lapse during the awarded contract period, the awarded vendor shall immediately notify the state contract procurement officer. Any certifications required by equipment manufacturers for installation of equipment will be the responsibility of the upfitter to obtain.

of equipment they are willing to uninstall or remove. If and when this requirement exists, the ordering agency will obtain pricing from the upfit vendor and the ordering agency has the right to accept or reject the pricing.

At a minimum, the following requirements MUST be met.

- Appropriate care and protection of state owned equipment and vehicles must remain of critical importance.
- Lightbars must be removed with wiring harness intact. If any installation prevents the removal with the wiring harness still connected, the vendor must announce to the requesting agency and obtain approval prior to removal.
- All power leads MUST be 'tied off' or otherwise secured from short circuiting the vehicle and/or the vehicle equipment electrical circuits. Agencies may specify full removal of power leads as deemed appropriate, but shall notify the vendor prior to removal.

Current Upfit Utilization

Currently, the State, its agencies and identified authorized agencies are completing complete or partial upfits to over 150 vehicles in any given fiscal year. This volume, however, may fluxuate depending on fiscal year budgets granted to specific agencies. Quantities are not guaranteed. While anticipated volumes will continue at a similar pace, there is no minimum number of upfits or installations that will be outsourced to the awarded vendor(s). Further, the State will retain the right to utilize other existing contracts to provide services as required. Contracts to be utilized may be, but are not limited to:

- Fleet Maintenance & Repair
