REMINDER: Government Support Services has a previously awarded contract for Emergency Vehicle Warning Systems and Equipment. To view this contract, please refer to:

http://contracts.delaware.gov/contracts_detail.asp?i=810

Most equipment to be upfitted will be previously ordered, delivered to and/or made available to the installer for the upfit process.

Upfit vendors have an opportunity to provide a discount to existing catalogs to provide upfit accessories and/or incidental equipment that will allow for the timely completion and delivery of upfit vehicles back to the requesting agency. Using agencies are requested to take reasonable care in that the Upfitting Vehicles contract does not take precedence in the provision of equipment being used in the installation process.

All other terms and conditions remain the same.
