1. INTRODUCTION

A. ABOUT NJPA

1.1 The National Joint Powers Alliance®- (NJPA)- is a public agency serving as a national municipal contracting agency established under the Service Cooperative statute by Minnesota Legislative Statute §123A.21 with the authority to develop and offer, among other services, cooperative procurement services to its membership. Eligible membership and participation includes states, cities, counties, all government agencies, both public and non-public educational agencies, colleges, universities and non-profit organizations

1.2 Under the authority of Minnesota state laws and enabling legislation, NJPA facilitates a competitive bidding and contracting process on behalf of the needs of itself and the needs of current and potential member agencies nationally. This process results in national procurement contracts with various Vendors of products/equipment and services which NJPA Member agencies desire to procure. These procurement contracts are created in compliance with applicable Minnesota Municipal Contracting Laws. A complete listing of NJPA cooperative procurement contracts can be found at <http://www.njpacoop.org/contract-purchasing-solutions/contracts>

1.3 NJPA is a public agency governed by publicly elected officials that serve as the NJPA Board of Directors. NJPA's Board of Directors call for all proposals, awards all Contracts, and hosts those resulting Contracts for the benefit of its own and its Members use.

1.3.1 Subject to Approval of the NJPA Board: NJPA contracts are awarded by the action of NJPA Board of Directors. This action is based on the open and competitive bidding process facilitated by NJPA. The evaluation and resulting recommendation is presented to the Board of Directors by the NJPA Proposal Evaluation Committee.

1.4 NJPA currently serves over 40,000 member agencies nationally. Both membership and utilization of NJPA contracts continue to expand, due in part to the increasing acceptance of Cooperative Purchasing throughout the government and education communities nationally.

B. JOINT EXERCISE OF POWERS LAWS

1.5 NJPA cooperatively shares those contracts with its Members nationwide through various "Joint Exercise of Powers Laws" established in Minnesota and most other States. The Minnesota "Joint Exercise of Powers Law" is Minnesota Statute §471.59 which states "Two or more governmental units...may jointly or cooperatively exercise any power common to the contracting parties..." Similar Joint Exercise of Powers Laws exists within the laws of each State of the United States. This Minnesota Statute allows NJPA to serve Member agencies located in all other states. Municipal agencies nationally have the ability to participate in cooperative purchasing activities as a result of specific laws of their own state. These laws can be found on our website at <http://www.njpacoop.org/contract-purchasing-solutions/legal-authority/state-procurement-resources>

C. WHY RESPOND TO A NATIONAL COOPERATIVE PROCUREMENT CONTRACT

1.6 National Cooperative Procurement Contracts create value for Municipal and Public Agencies, as well as for Vendors of products/equipment and services in a variety of ways:

1.6.1 National cooperative contracts potentially **save the time and effort** of Municipal and Public Agencies who would have been otherwise charged with soliciting vendor responses to individual RFP's, resulting in individual contracts, to meet the procurement needs of their respective agencies. Considerable time and effort is also potentially saved by the Vendors who would have had to otherwise respond each of those individual RFPs. A single, nationally advertised RFP, resulting in a single, national cooperative contract can potentially replace

thousands of individual RFPs for the same products/services that might have been otherwise advertised by individual NJPA member agencies.

1.6.2 NJPA contracts offer our Members nationally leveraged **volume purchasing discounts**. Our contract terms and conditions offer the opportunity for Vendors to recognize individual member procurement volume commitment through additional volume based contract discounts.

1.7 State laws that permit or encourage cooperative purchasing contracts do so with the belief that cooperative efficiencies will result in lower prices, better overall value, and considerable time savings.

1.8 The collective purchasing power of thousands of NJPA Member agencies nationwide offers the opportunity for volume pricing discounts. Although no sales or sales volume is guaranteed by a NJPA Contract resulting from this RFP, substantial volume is anticipated and volume pricing is requested and justified.

1.9 NJPA and its Members desire the best value for their procurement dollar as well as a competitive price. Pre-competed procurement contracts offer NJPA and its Member agencies the ability to directly compare non-price factors in their procurement analysis. Vendors have the opportunity to display and highlight value added attributes of their company, equipment/products and services without constraints of a typical individual proposal process.

D. THE INTENT OF THIS RFP

1.10. A national contract awarded by the NJPA Board of Directors: The intent of this RFP is to Award a national contract by the action of the NJPA Board of Directors. This action will be influenced by the recommendation of the NJPA Proposal Evaluation Committee, and as a result of the competitive proposal and evaluation process which has been designed to reflect the best interests of NJPA and its Member agencies. NJPA is seeking the most responsive Vendor relationship(s) to meet this need. The goal and intent of this RFP is to follow through with an award and contract, which will be marketed nationally through a cooperative effort between the awarded vendor(s) and NJPA.

1.11 NJPA's primary intent is to establish and provide a national cooperative procurement contract, offering opportunities for NJPA and our Member agencies to procure quality equipment/products, goods and services as desired and needed. Contracts are expected to offer price levels reflective of the potential and collective volume of NJPA and the nationally established NJPA membership base.

1.11.1 Beyond our primary intent, NJPA further desires to:

- Award a four year term contract with a fifth year contract option resulting from this RFP;
- Offer and apply any applicable technology advances throughout the term of a contract resulting from this RFP;
- Deliver "Value Added" aspects of the company, equipment/products and services as defined in the "Proposer's response";
- Deliver wide spectrums of solutions to meet the needs and requirement of NJPA and NJPA Member agencies.
- Award an exclusive contract to the most responsive vendor when it is deemed to be in the best interest of NJPA and the NJPA Member agencies.

1.12 Non-Manufacturer Awards: NJPA reserves the right to make an award related to this invitation to a non-manufacturer or dealer/distributor if such action is in the best interests of NJPA and its Members.

1.13 Exclusive or Multiple Awards: Although it is NJPA's intent and desire to award a contract to a single exclusive Vendor, NJPA reserves the right to award a Contract to multiple Proposers where the responding Proposers are deemed to be in the best interests of NJPA and its Member agencies.

E. SCOPE OF THIS RFP

1.14 The scope and goal of this RFP is to award a contract to a qualifying vendor defined as a manufacturer, provider, or dealer/distributor, established as a Proposer, and deemed responsive through our open and competitive proposal process. Vendors will be awarded based on demonstrated overall highest value solutions which meet and/or exceed the needs and requirements of NJPA and its Member agencies within the scope of **EMERGENCY RESPONSE VEHICLES TOGETHER WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES**. Qualifying Proposers must be able to anticipate the needs and requirements of NJPA and NJPA member agencies, and demonstrate the knowledge of any and all applicable industry standards, laws and regulations; and the ability to both market to and service NJPA Members in all 50 states. NJPA requests proposers submit their entire product line as it applies and relates to the scope of this RFP. All proposals deemed responsive will be evaluated based on their ability to provide the overall highest value to NJPA and NJPA Member agencies. One of the measures of overall highest value will be the proposed breadth and depth of products and services.

1.15 Best and Most Responsive – Responsible Proposer: It is the intent of NJPA to award a Contract to the best and most responsible and responsive Proposer(s) offering the best overall quality and selection of equipment/products and services meeting the commonly requested specifications of the NJPA and NJPA Members, provided the Proposer's Response has been submitted in accordance with the requirements of this RFP.

1.16 Sealed Proposals: NJPA will receive sealed proposal responses to this RFP in accordance with accepted standards set forth in the Minnesota Procurement Code and Uniform Municipal Contracting Law. Awards may be made to responsible and responsive Proposers whose proposals are determined in writing to be the most advantageous to NJPA and its current or qualifying future NJPA Member agencies.

1.17 Use of Contract: Any Contract resulting from this solicitation shall be awarded with the understanding that it is for the sole convenience of NJPA and its Members. NJPA and/or its members reserve the right to obtain like goods and services solely from this Contract or from another contract source of their choice or from a contract resulting from their own procurement process.

1.18 NJPA's interest in a contract resulting from this RFP: Notwithstanding its own use, to the extent NJPA issues this RFP and any resulting contract for the use of its Members, NJPA's interests and liability for said use shall be limited to the competitive proposal process performed and terms and conditions relating to said contract and shall not extend to the products, services, or warranties of the Awarded Vendor or the intended or unintended effects of the goods and services procured there from.

1.19 Awarded Vendor's interest in a contract resulting from this RFP: Awarded Vendors will be able to offer to NJPA, and current and potential NJPA Members, only those goods and services specifically awarded on their NJPA Awarded Contract(s). Awarded Vendors may not offer as "contract compliant", goods and services which are not specifically identified and priced in their NJPA Awarded Contract.

1.20 Sole Source of Responsibility- NJPA desires a "Sole Source of Responsibility" Vendor meaning the Vendor will take sole responsibility for the performance of delivered products/services. NJPA also desires sole responsibility with regard to:

1.21-0.1 Scope of Products/Services: NJPA desires a provider for the broadest possible scope of the equipment/products, goods and services being proposed over the largest possible geographic

area and to the largest possible cross-section of NJPA current and potential Members.

1.20.2 Vendor use of sub-contractors in sourcing or delivering goods and services: NJPA desires a single source of responsibility for equipment/products and services proposed. Proposer's are assumed to have sub-contractor relationships with all organizations and individuals whom are external to the Proposer and are involved in providing or delivering the goods and services being proposed. Vendor assumes all responsibility for the equipment/products and services and actions of any such Sub-Contractor.

1.21 Additional Definitions for the scope of this solicitation.

1.21.1 In addition to **EMERGENCY RESPONSE VEHICLES TOGETHER WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES**, this solicitation should be read to include, but not limited to:

1.21.1.1 N/A

1.21.2 NJPA reserves the right to limit the scope of this solicitation for NJPA and current and potential NJPA member agencies.

1.22 Suggested Solutions Options

1.22.1 All potential Proposers are assumed to be professionals in their respective fields. As professionals you are deemed to be intimately familiar with the spectrum of NJPA and NJPA Member's needs and requirements with respect to the scope of this RFP.

1.22.2 With this intimate knowledge of NJPA and NJPA Member's needs, Proposers are instructed to provide their proposal response in a format describing their solutions to those current and future needs and requirements. Proposers should take care to be economical in their response to this RFP.

1.22.3 Multiple solutions to the needs of NJPA and NJPA Members are possible. **Examples could include:**

1.22.3.1 Materials Only Solution: A Materials Only Solution may be appropriate for situations where NJPA or NJPA Members possess the ability, either in-house or through local third party contractors, to properly install and bring to operation those materials being proposed.

1.22.3.2 Turn-Key Solutions: A Turn-Key Solution is a combination of materials and services which provides a single price for materials, delivery, and installation to a properly operating status. Generally this is the most desirable solution as NJPA and NJPA Members may not possess, or desire to engage, personnel with the necessary expertise to complete these tasks internally or through other independent contractors

1.22.3.3 Good, Better, Best: Where appropriate and properly identified, Proposers are invited to offer the CHOICE of good – better – best multiple grade solutions to NJPA and NJPA Member's needs.

1.22.3.4 Proven – Accepted – Leading Edge Technology: Where appropriate and properly identified, Proposers are invited to provide the CHOICE of an appropriately identified spectrum of technology solutions to NJPA and NJPA Member's needs both now and into the future.

1.23 Overlap of Scope:

1.23.1 When considering equipment, products, or groups of goods and services submitted as a part of your response, and whether inclusion of such will fall within a “Scope of Proposal”, please consider the validity of an inverse statement.

- For example, pencils and post-it-notes can generally be classified as office supplies and office supplies generally include pencils and post-it-notes.
- In contrast, computers (PC’s and peripherals) can generally be considered office supplies, however the scope of office supplies does not generally include computers (servers and infrastructure).
- In conclusion: With this in mind, individual products and services must be examined individually by NJPA, from time to time and in its sole discretion, to determine their compliance and fall within the original “Scope” as intended by NJPA.

1.24 Geographic Area to be Proposed: This RFP invites proposals to provide **EMERGENCY RESPONSE VEHICLES TOGETHER WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES** to NJPA and NJPA Members throughout the entire United States and possibly internationally. Proposers will be expected to express willingness to explore service to NJPA Members located abroad; however the lack of ability to serve Members outside of the United States will not be cause for non-award. The ability to serve Canada, for instance, will be viewed as a value-added attribute.

1.25 Manufacturer as a Proposer: If the Proposer is a Manufacturer or wholesale distributor, the response received will be evaluated on the basis of a response made in conjunction with that Manufacturer’s Dealer Network. Unless stated otherwise, a Manufacturer or wholesale distributor Proposer is assumed to have a documented relationship with their Dealer Network where that Dealer Network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this RFP on behalf of the Manufacturer or wholesale distributor Proposer. Any such dealer will be considered a sub-contractor of the Proposer/Vendor. The relationship between the Manufacturer and wholesale distributor Proposer and its Dealer Network may be proposed at the time of the proposed submission if that fact is properly identified.

1.26 Dealer/Re-seller as a Proposer: If the Proposer is a dealer or re-seller of the products and/or services being proposed, the response will be evaluated based on the Proposer’s authorization to provide those products and services from their manufacturer. Where appropriate, Proposers must document their authority to offer those products and/or services.

1.27 Contract Term: At NJPA’s option a contract resulting from this RFP will become effective either; 1) The date awarded by the NJPA Board of Directors, or 2) The day following the expiration date of an existing NJPA procurement contract for the same or similar goods and services.

1.27.1 NJPA is seeking a Contract base term of four years subject to annual renewals as allowed by Minnesota Contracting Law. Full term is expected, however will only occur through successful annual renewals. One additional one-year renewal-extension may be offered by NJPA to Vendor beyond the original four year term if NJPA deems such action to be in the best interests of NJPA and its Members.

1.28 Minimum Contract Value: NJPA anticipates considerable activity resulting from this RFP and subsequent award; however no commitment of any kind is made concerning actual quantities to be

acquired. NJPA does not guarantee usage. Usage will depend on the actual needs of the NJPA Members and the value of the awarded contract.

1.29 Estimated Contract Volume: Estimated quantities and sales volume are based on potential usage by NJPA and NJPA Member agencies nationally.

1.30 Largest Possible Solution: If applicable, Contracts will be awarded to Proposer(s) able to deliver a proposal meeting the entire needs of NJPA and its Members within the scope of this RFP. NJPA prefers Proposers submit their complete product line of products and services described in the scope of this RFP. NJPA reserves the right to reject individual, or groupings of specific equipment/products and services proposals as a part of the award.

1.31 Contract Availability: This Contract must be available to all current and potential NJPA Members who choose to utilize this NJPA Contract to include all governmental and public agencies, public and private primary and secondary education agencies, and all non-profit organizations nationally.

1.32 Proposer's Commitment Period: In order to allow NJPA the opportunity to evaluate each proposal thoroughly, NJPA requires any response to this solicitation be valid and irrevocable for ninety (90) days after the date proposals were opened regarding this RFP.

F. EXPECTATIONS FOR EQUIPMENT/PRODUCTS AND SERVICES BEING PROPOSED

1.33 Industry Standards: Except as contained herein, the specifications or solutions for this RFP shall be those accepted guidelines set forth by the **EMERGENCY RESPONSE VEHICLES TOGETHER WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES** industry, as they are generally understood and accepted within that industry across the nation. Submitted products/services, related services, and their warranties and assurances are required to meet and/or exceed all current, traditional and anticipated needs and requirements of NJPA and its Members.

1.33.1 Deviations from industry standards must be identified by the Proposer and explained how, in their opinion, the equipment/products and services they propose will render equivalent functionality, coverage, performance, and/or service. Failure to detail all such deviations may comprise sufficient grounds for rejection of the entire proposal.

1.33.2 Technical Descriptions/Specifications. Proposers must supply **sufficient** information to:

- Demonstrate the Proposer's knowledge of industry standards, and
- identify the products and services being proposed, and
- differentiate those products and services from others.

Excessive technical descriptions and specifications which, in the opinion of NJPA unduly enlarge the proposal response may reduce evaluation points awarded on Form G.

1.34 Important note: NJPA does not typically provide product and service specifications; rather NJPA is requesting an industry standard or accepted specification for the requested products and services. Where specific line items are specified, those line items should be considered the minimum which can be expanded by the Proposer to deliver the Proposer's "Solution" to NJPA and NJPA Member's needs.

1.35 Commonly used Goods and Services: It is important that the equipment/products and services submitted are the equipment/products and services commonly used by public sector entities.

1.36 New Current Model Goods: Proposals submitted shall be for new, current model products and services with the exception of certain close-out products allowed to be offered on the

Proposer's "Hot List" described herein.

1.37 Compliance with laws and standards: All items supplied on this Contract shall comply with any current applicable safety or regulatory standards or codes.

1.38 Delivered and operational; Products offered herein are to be proposed based upon being delivered and operational at the NJPA Member's site. Exceptions to "delivered and operational" must be explicitly disclosed in the "Total Cost of Acquisition" section of your proposal response.

1.39 Warranty: The Proposer/Vendor warrants that all products, equipment, supplies, and services delivered under this Contract shall be covered by the industry standard or better warranty. All products and equipment should carry a minimum industry standard manufacturer's warranty that includes materials and labor. The Proposer has the primary responsibility to submit product specific warranty as required and accepted by industry standards. Dealer/Distributors agree to assist the purchaser in reaching a solution in a dispute over warranty's terms with the manufacturer. Any manufacturer's warranty which is effective past the expiration of the warranty will be passed on to the NJPA member. Failure to submit a minimum warranty may result in non-award.

1.40 Proposer's Warrants: The Proposer warrants all goods and services furnished hereunder will be free from liens and encumbrances; and defects in design, materials, and workmanship; and will conform in all respects to the terms of this RFP including any specifications or standards. In addition, Proposer/Vendor warrants the goods and services are suitable for and will perform in accordance with the purposes for which they were intended.

G. SOLUTIONS BASED SOLICITATION

NJPA solicitations and contract process will typically not offer specifications for proposers to meet or base your response on. This RFP is a "Solutions Based Solicitation". This means the proposers are asked to understand and anticipate the current and future needs of NJPA and the nationally located NJPA membership base, within the scope of this RFP, and including specifications commonly desired or required by law or industry standards. Your proposal will be evaluated in part on your demonstrated ability to meet or exceed the needs and requirements of NJPA and our member agencies.

3.17 If the answer to a question is deemed by NJPA to be a clarification of existing terms and conditions and does not have a material impact on other potential proposers or the RFP itself, no further documentation of that question is required.

3.18 As used in this solicitation, clarification means communication with a Potential Proposer for the sole purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the RFP.

3.19 Addenda are written instruments issued by NJPA that modify or interpret the RFP. All addenda issued by NJPA shall become a part of the RFP. Addenda will be delivered to all Potential Proposers using the same method of delivery of the original RFP material. NJPA accepts no liability in connection with the delivery of said materials. Copies of addenda will also be made available on the NJPA website at www.njpacoop.org by clicking on “Current Proposals” and from the NJPA offices. No questions will be accepted by NJPA later than five (5) days prior to the deadline for receipt of proposals, except an addendum withdrawing the request for proposals or one that includes postponement of the date of receipt of proposals. Each Potential Proposer shall ascertain prior to submitting a Proposal that it has received all addenda issued, and the Proposer shall acknowledge their receipt in its Proposal Response.

3.20 An amendment to a submitted proposal must be in writing and delivered to NJPA no later than the time specified for opening of all proposals.

F. MODIFICATION OR WITHDRAWAL OF A SUBMITTED PROPOSAL

3.21 A submitted proposal may not be modified, withdrawn from or cancelled by the Proposer for a period of ninety (90) days following the date proposals were opened regarding this RFP. **Prior** to the deadline for submission of proposals, any proposal submitted may be modified or withdrawn by notice to the NJPA Manager of Bids and Contracts. Such notice shall be submitted in writing and include the signature of the Proposer and shall be delivered to NJPA prior to the deadline for submission of proposals and it shall be so worded as not to reveal the content of the original proposal. However, the original proposal shall not be physically returned to the Potential Proposer until after the official proposal opening. Withdrawn proposals may be resubmitted up to the time designated for the receipt of the proposals if they are then fully in conformance with the Instructions to Proposer.

G. VALUE ADDED ATTRIBUTES, PRODUCTS/SERVICES

3.22 Examples of Value Added Attributes: Value-Added attributes, products and services are items offered in addition to the products and services being proposed which adds value to those items being proposed. The availability of a contract for maintenance or service after the initial sale, installation, and set-up may, for instance, be “Value Added Services” for products where a typical buyer may not have the

ability to perform these functions.

3.23 Where to document Value Added Attributes: The opportunity to indicate value added dimensions and such advancements will be available in the Proposer's Questionnaire and Proposer's product and service submittal.

3.24 Value added equipment/products and services and expanded services, as they relate to this RFP, will be given positive consideration in the award selection. Consideration will be given to an expanded selection of "EMERGENCY RESPONSE VEHICLES TOGETHER WITH RELATED EQUIPMENT, ACCESSORIES, AND SUPPLIES", and advances to provide products/services, supplies meeting and/or exceeding today's industry standards and expectations. A value add would include a program or service that further serves the members needs above and possibly beyond standard expectation and complements the equipment/products and services and training. Value added could include areas of product and service, sales, ordering, delivery, performance, maintenance, technology, and service that furthers the functionality and effectiveness of the procurement process while remaining within the scope of this RFP.

3.25 Minority, Small Business, and Women Business Enterprise (WMBE) participation: It is the policy of some NJPA Members to involve Minority, Small Business, and WMBE contractors in the purchase of goods and services. Vendors should document WMBE status for their organization AND any such status of their affiliates (i.e. Supplier networks) involved in carrying out the activities invited. The ability of a Proposer to provide "Credits" to NJPA and NJPA Members in these subject areas, either individually or through related entities involved in the transaction, will be evaluated positively by NJPA. NJPA is committed to facilitating the realization of such "Credits" through certain structuring techniques for transactions resulting from this RFP.

3.26 Environmentally Preferred Purchasing Opportunities: There is a growing trend among NJPA Members to consider the environmental impact of the equipment/products and services they purchase. Please identify any "Green" characteristics of the goods and services in your proposal and identify the sanctioning body determining that characteristic. Where appropriate, please indicate which products have been certified as "green" and by which certifying agency.

3.27 On-Line Requisitioning systems: When applicable, on-line requisitioning systems will be viewed as a value-added characteristic. Proposer shall include documentation about user interfaces that make on-line ordering easy for NJPA Members as well as the ability to punch-out from mainstream e-Procurement or Enterprise Resource Planning (ERP) systems that NJPA Members may currently utilize.

3.28 Financing: The ability of the Proposer to provide financing options for the products and services being proposed will be viewed as a Value Added Attribute.

H. CERTIFICATE OF INSURANCE

3.29 Proposer shall provide evidence of liability insurance coverage identified below in the form of an ACCORD binder form with their proposal. Upon Award issued pursuant to this contract, and prior to the execution of any commerce relating to such award, Vendor will be responsible for providing verification, in the form of an ACCORD binder identifying the coverage required below and identifying NJPA as a "Certificate Holder" and an "Additional Insured". Vendor will be responsible to maintain such insurance coverage at their own expense throughout the term of any contract resulting from this solicitation.

3.30 Vendor, upon award, shall be required to maintain the following insurance coverage's during the term of the NJPA Contract:

- (1) Workers Compensation insurance (Occurrence) with the following minimum coverage's:
Bodily

injury by accident--per employee \$100,000; Bodily injury by disease--per employee \$100,000; Policy limits \$500,000. In addition, Proposer shall require all subcontractors occupying the premises or performing work under the contract to obtain an insurance certificate showing proof of Workers Compensation Coverage with the following minimum coverage's: Bodily injury by accident--per employee \$100,000; Bodily injury by disease--per employee \$100,000; Policy limits \$500,000. (2) Commercial General Liability Policy per occurrence \$1,000,000.

(3) Business Auto Policy to include but not be limited to liability coverage on any owned, non-owned and hired vehicle used by Proposer or Proposer's personnel in the performance of this Contract. The Business Automobile Policy shall have a per occurrence limit of \$1,000,000.

3.31 The foregoing policies shall contain a provision that coverage afforded under the policies will not be canceled, or not renewed or allowed to lapse for any reason until at least thirty (30) days prior written notice has been given to NJPA. Certificates of Insurance showing such coverage to be in force shall be filed with NJPA prior to commencement of any work under the contract. The foregoing policies shall be obtained from insurance companies licensed to do business nationally and shall be with companies acceptable to NJPA, which must have a minimum AM Best rating of A-. All such coverage shall remain in full force and effect during the term and any renewal or extension thereof.

I. ORDER PROCESS AND/OR FUNDS FLOW

3.32 Please propose an order process and funds flow. Please choose from one of the following:

3.32.1 B-TO-G: The Business-to-Government order process and/or funds flow model involves NJPA Members issuing Purchase Orders directly to a Vendor and pursuant to a Contract resulting from this RFP.

3.32.3 Other: Please fully identify.

J. ADMINISTRATIVE FEES

3.33 Proposer agrees to authorize and/or allow for an administrative fee payable to NJPA by an Awarded Vendor in exchange for its facilitation and marketing of a Contract resulting from this RFP to current and potential NJPA Members. This Administration Fee shall be:

3.33.1 Calculated as a percentage of the dollar volume of all equipment/products and services provided to and purchased by NJPA Members or calculated as reasonable and acceptable method applicable to the contracted transaction, and

3.33.2 Included in, and not added to, the pricing included in Proposer's Response to this RFP, and

3.33.3 Designed to offset the anticipated costs of NJPA's involvement in facilitating the establishment, Vendor training, and the order/product/funds flow of the Contract resulting from this RFP, and other uses as deemed appropriate by NJPA's Board of Directors from time to time.

3.33.3.1 Typical administrative fees for a B-TO-G order process and funds flow is 2.0%.

3.34 The opportunity to propose these factors and an appropriate administrative fee is available in the Proposer's Questionnaire.

4. PRICING STRATEGIES

4.1 NJPA requests Potential Proposers respond to this RFP only if they are able to offer a wide array of equipment/products and services and at prices lower and better value than what they would ordinarily offer to single government agency, larger school district, or regional cooperative.

4.2 RFP is an "Indefinite Quantity Product/Service Price Request" with potential national sales distribution and service. Proposers are agreeing to fulfill Contract obligations regarding each product/service to which you provide a description and a price. If Proposer's solution requires additional supporting documentation, describe where it can be found in your submission. If Proposer offers the solution in an alternative fashion, describe your solution to be easily understood. All pricing must be copied on a CD along with other requested information as a part of a Proposer's Response.

4.3 Regardless of the payment method selected by NJPA or NJPA Member, a total cost associated with any purchase option of the equipment/products and services and being supplied must always be disclosed at the time of purchase.

4.4 Primary Pricing/Secondary Pricing Strategies- All Proposers will be required to submit “Primary Pricing” in the form of either “Line-Item Pricing,” or “Percentage Discount from Catalog Pricing,” or a combination of these pricing strategies. Proposers are also encouraged to offer OPTIONAL pricing strategies including “Hot List,” “Sourced Goods,” and “Volume Discounts,” as well as financing options such as leasing.

A. LINE-ITEM PRICING

4.5 Line-Item pricing- A pricing format where specific individual products and/or services are offered at specific individual Contract prices. Products and/or services are individually priced and described by characteristics such as manufacture name, stock or part number, size, or functionality. This method of pricing offers the least amount of confusion as products and prices are individually identified, however Proposers with a large number of products to propose may find this method cumbersome. In these situations, a percentage discount from catalog or category pricing model may make more sense.

4.6 All Line-Item Pricing items must be numbered, organized, sectioned, including SKU’s (when applicable) and easily understood by the Proposal Evaluation Committee and members.

4.7 Line-Item Pricing items are to be submitted in an Excel spreadsheet format provided and are to include all appropriate identification information necessary to discern the line item from other line items in each Proposer’s proposal.

4.8 The purpose for the excel spreadsheet format for Line-Item Pricing is to be able to use the “Find” function to quickly find any particular item of interest. For that reason, Proposers are responsible for providing the appropriate product and service identification information along with the pricing information which is typically found on an invoice or price quote for such products and services.

4.9 All products and services typically appearing on an invoice or price quote must be individually priced and identified on the line-item price sheet, including any and all ancillary costs.

4.10 Proposers are asked to provide both a “List” price as well as a “Proposed Contract Price” in their pricing matrix. “List” price will be the standard “quantity of one” price currently available to government and educational customers excluding cooperative and volume discounts

B. PERCENTAGE DISCOUNT FROM CATALOG OR CATEGORY

4.11 Percent Discount From Catalog, list or Category Pricing- A specific percentage discount from a “Catalogue or List Price” defined as a Manufacturer’s Suggested Retail Price (MSRP) for the products or services being proposed.

4.12 Individualized percentage discounts can be applied individually to any number of defined product groupings.

4.13 A Percentage Discount from MSRP may be applied to all elements identified in MSRP including the base vehicle AND all Manufacturer Options.

4.14 Dealer supplied Options will be priced using a “Sourced Goods Multiplier” as defined herein.

4.15 When a Proposer elects to use “Percentage Discount from Catalog or Category,” Proposer will be responsible for providing and maintaining current “MSRP” with NJPA both in their proposal and throughout the term of any Contract resulting from this RFP.

4.16 NJPA reserves the right to review catalogs submitted to determine if the represented products and services reflect the scope of this RFP. Each new catalog received may have the effect of adding new product offerings and deleting products no longer carried by the Vendor. New catalogs shall apply to the Contract only upon approval of the NJPA. Non-approved use of catalogs may result in termination for convenience. New price lists or catalogs found to be offering non-contract items during the Contract may be grounds for terminating the Contract for convenience. New optional accessories for equipment may be added to the Contract at the time they become available.

C. HOT LIST PRICING

4.17 Where applicable, NJPA also invites the Vendor, at their option, to offer a specific selection of products/services, defined as a Hot List Pricing, at greater discounts than those listed in the standard Contract pricing. All product/service pricing, including the Hot List Pricing, must be submitted in hard copy as well as electronically provided in Excel format. Hot List pricing must be submitted in a Line-Item format. Providing a “Hot List” of equipment/products and services is optional. Equipment/products and services may be added or removed from the “Hot List” at any time provided that current “Hot List” prices are provided to NJPA at all times.

4.18 Hot List pricing when applicable may also be used to discount and liquidate close-out and discontinued equipment/products and services as long as those close-out and discontinued items are clearly labeled as such. Current ordering process and administrative fees apply. This option must be published and made available to all NJPA Members.

4.19 Hot List Pricing is allowed to change at the discretion of the Vendor within the definition of Hot List Pricing. The Vendor is responsible to maintain current Hot List product/service descriptions and Pricing with NJPA.

D. CEILING PRICE

4.20 Proposal pricing is to be established as a ceiling price. At no time may the proposed equipment/products and services be offered pursuant to this Contract at prices above this ceiling price without approval by NJPA. **IMPORTANT NOTE:** Contract prices may be reduced to allow for volume considerations and commitments and to meet the specific and unique needs of an NJPA Member.

4.21 Allowable specific needs may include competitive situations, certain purchase volume commitments or the creation of custom programs based on the individual needs of NJPA Members.

E. VOLUME PRICE DISCOUNTS

4.22 Proposers are free to offer volume discounts from the contract pricing documented in a Contract resulting from this RFP. Volume considerations shall be determined between the Vendor and individual NJPA Members on a case-by-case basis.

4.23 Nothing in this Contract establishes a favored member relationship between the NJPA or any NJPA Member and the Vendor. The Vendor will, upon request by NJPA Member, extend this same reduced price offered or delivered to another NJPA Member provided the same or similar volume commitment, specific needs, terms, and conditions, a similar time frame, seasonal considerations, locations, competitively situations and provided the same manufacturer support is available to the Vendor.

4.24 All price adjustments are to be offered equally to all NJPA Members exhibiting the same or substantially similar characteristics such as purchase volume commitments, and timing including the availability of special pricing from the Vendor's suppliers.

F. SOURCED GOODS/OPEN MARKET ITEMS

4.25 NJPA or NJPA Members may from time to time, request goods and/or equipment/products and services within the scope of this RFP, which are not included in an awarded Vendor's line-item product /service listing or "list or catalog". These items are known as Sourced Goods or Open Market Items.

4.26 An awarded Vendor resulting from this RFP may "Source" these equipment, products and services for NJPA or an NJPA Member to the extent they:

4.26.1 Identify all such equipment, products and services as "Sources Goods" or "Open Market Items" on any quotation issued in reference to an NJPA awarded contract, and provided to either NJPA or an NJPA Member, and

4.26.2 All applicable acquisition regulations pertaining to the purchase of such equipment, products and services have been followed, as defined by NJPA or the NJPA Member receiving quotation from Vendor, and

4.26.3 NJPA or the NJPA Member has determined the prices as quoted by Vendor for such equipment, products and services are fair and reasonable.

G. COST PLUS A PERCENTAGE OF COST

4.27 Cost plus a percentage of cost as a primary pricing mechanism is not desirable.

H. TOTAL COST OF ACQUISITION

4.28 The Total Cost of Acquisition for the equipment/products and services being proposed, including those payable by NJPA Members to either the Proposer or a third party, shall be defined as:

- The cost of the proposed goods and services delivered and operational for its intended purpose in the end-user's location.

4.29 For example, if you are proposing a materials only "Warehouse Goods" contract FOB Proposer's dock and physically at the Proposer's dock, your proposal would identify your deviation from the "The Total Cost of Acquisition" is to be "Proposal does not provide for delivery beyond Proposer's dock, nor any set-up activities or costs associated with those delivery or set-up activities." In contrast, proposed terms including all costs for goods and services delivered and operational at to the end-user's location would require a disclosure of "None"

I. REQUESTING PRODUCT AND SERVICE ADDITIONS/DELETIONS

4.30 Requests for product, service, and price additions, deletions, or changes must be made in written form and shall be subject to approval by NJPA.

4.31 New equipment/products and services may be added to a Contract resulting from this RFP at any time during that Contract to the extent those equipment/products and services are within the scope of this RFP. Those requests are subject to review and approval of NJPA. Allowable new equipment/products and services generally include new updated models of equipment/products and services and or enhanced services previously offered which could reflect new technology and improved functionality.

4.32 Proposers representing multiple manufacturers, or carrying multiple related product lines may also request the addition of new manufacturers or product lines to their Contract to the extent they remain within the scope of this RFP.

4.33 NJPA's due diligence in analyzing any request for change is to determine if approval of the request is 1) within the scope of the original RFP, and 2) in the "Best Interests of NJPA and NJPA Members." We are looking for consistent pricing and delivery mechanisms and an understanding of what value the proposal brings to NJPA and NJPA Members.

4.34 Documenting the "Best Interests of NJPA and NJPA Members" when outdated equipment is being deleted is fairly straight forward since the product is no longer available and not relevant to the procurement Contract.

4.35 Requests must be in the form of 1) a cover letter to NJPA a) asking to add the product line, b) making a general statement identifying how the products to be added are within the scope of the original RFP, and c) making a general statement identifying that, if appropriate, the pricing is consistent with the existing Contract pricing and 2) the detail as to what is being added at what price will then be an attachment to that cover letter.

4.36 NJPA's intent here is to encourage Proposers to provide and document NJPA's due diligence in a clear and concise one page format on which we can stamp and sign our acknowledgment and acceptance. This information must ultimately come from Proposers, and NJPA is requiring it in this format.

J. REQUESTING PRICING CHANGES

4.37 Price Decreases: Requests for standard Contract price decrease adjustments (percentage discount increases) are encouraged and will be allowed at any time based on market place efficiencies, market place competitiveness, improved technologies and/or improved methods of delivery or if Vendor engages in innovative procurement practices such as strategic sourcing, aggregate and volume purchasing. NJPA expects Vendors to propose their very best prices and anticipates price reductions due to the advancement of technologies and market place efficiencies. Documenting the "Best Interests of NJPA and NJPA Members" is pretty easy when we are documenting price reductions.

4.38 Price increases: Requests for standard contract price increases (or the inclusion of new generation products/services/services at higher prices) can be made at any time. These requests will again be evaluated by NJPA based on the best interests of NJPA and NJPA Members. As an example, typically acceptable requests for price increases for existing equipment/products and services may cite increases to the Vendor of input costs such as petroleum or other applicable commodities. Typically acceptable requests for price increases for new equipment/products and services enhance or improve on the current solutions currently offered as well as cite increases in utility of the new compared to the old. Vendors are requested to reasonably document the claims cited in their requests. Your written request for a price increase, therefore, is an exercise in describing what you need, and a justification for why you need it in sufficient detail for NJPA to deem such change to be in the best interests of our self and our Members.

4.39 Price Change Request Format: An awarded Proposer will use the format of a cover letter requesting price increases in general terms (a 5% increase in product line X) and stating their justification for that price increase (due to the recent increase in petroleum costs) by product category. Specific details for the requested price change must be attached to the request letter identifying product/services where appropriate, both current and proposed pricing. Attachments such as letters from suppliers announcing price increases are appropriate for documenting your requests here.

K. PRICE AND PRODUCT CHANGES FORMAT

4.40 NJPA's due diligence regarding product and price change requests is to consider the reasonableness of the request and document consideration on behalf of our members. We would appreciate it if you would send the following documentation to request a pricing change:

4.40.1 A cover letter:

- a. Please address the following subjects in your cover letter:
 - i. What product/service prices are changing?
 - ii. How much are the prices changing?
 - iii. Why are the prices changing?
 - iv. Any additions or deletions from the previous product list and the reason for the changes.
- b. The specifics of the product/services and price changes will be listed in the excel spreadsheets identified below. Please take a more general "Disclosure" approach to identifying changes in the cover letter.
 - i. If appropriate, **for example**, state, "All paper equipment/products and services increased 5 % in price due to transportation costs."
 - ii. If appropriate, for instance, state, "The 6400 series floor polisher added to the product list is the new model replacing the 5400 series. The 6400's 3% price increase reflects the rate of inflation over the past year. The 5400 series is now included in the "Hot List" at a 20% discount from previous pricing until remaining inventory is liquidated."

4.40.2 An excel spreadsheet identifying all equipment/products and services being offered and their pricing. Each subsequent pricing update will be saved using the naming convention of "(Vendor Name) pricing effective XX/XX/XXXX."

- a. Include all equipment/products and services regardless of whether their prices have changed. By observing this convention we will:
 - i. Reduce confusion by providing a single, easy to find, current pricing sheet for each Vendor.
 - ii. Create a historical record of pricing.

L. SINGLE STATEMENT OF PRICING/HISTORICAL RECORD OF PRICING

4.41 Initially; and with each request for product addition, deletion, and pricing change; all equipment/products and services and services available, and the prices for those equipment/products and services and services will be stated in an Excel workbook. The request for price changes described above will serve as the documentation for those requested changes. Each complete pricing list will be identified by its "Effective Date." Each successive price listing identified by its "Effective Date" will create a "Product and Price History" for the Contract.

4.42 Proposers may use the multiple tabs available in an Excel workbook to separately list logical product groupings or to separately list product and service pricing as they see fit.

4.43 All equipment/products and services together with their pricing, whether changed within the request or remaining unchanged, will be stated on each "Pricing" sheet created as a result of each request for product, service, or pricing change.

4.44 Each subsequent "Single Statement of Product and Pricing" will be archived by its effective date therefore creating a product and price history for any Contract resulting from this RFP.

M. PAYMENT TERMS

4.45 Payment terms will be defined by the Proposer in the Proposer's Response. Proposers are encouraged to offer payment terms through P Card services.

4.46 Leasing- If available, identify any leasing programs available to NJPA and NJPA Members as part of your proposed. Proposers should submit an example of the lease agreement to be used. Proposers should identify:

- General leasing terms such as:
 - The percentage adjustment over/under an index rate used in calculating the internal rate of return for the lease; and
 - The index rate being adjusted; and
 - The "Purchase Option" at lease maturity (\$1, or fair market value); and
 - The available term in months of lease(s) available.
- Leasing company information such as:
 - The name and address of the leasing company; and
 - Any ownership, common ownership, or control between the Proposer and the Leasing Company

N. SALES TAX

4.47 Sales and other taxes, where applicable, shall not be included in the prices quoted. Vendor will charge state and local sales and other taxes on items for which a valid tax exemption certification has not been provided. Each NJPA Member is responsible for providing verification of tax exempt status to Vendor. When ordering, if applicable, NJPA Members must indicate that they are tax exempt entities. Except as set forth herein, no party shall be responsible for taxes imposed on another party as a result of or arising from the transactions contemplated by a Contract resulting from this RFP.

O. SHIPPING AND SHIPPING PROGRAM

4.48 Shipping program for material only proposals, or sections of proposals, must be defined as a part of the cost of goods. If shipping is charged to NJPA or NJPA Member, only the actual cost of delivery may be added to an invoice. Shipping charges calculated as a percentage of the product price may not be used, unless such charges are lower than actual delivery charges. No COD orders will be accepted. It is desired that delivery be made within ninety-days (90) of receipt of the Purchase Order.

4.49 Any shipping cost charged to NJPA or NJPA Members will be considered to be part of "proposal pricing."

4.50 Additional costs for expedited deliveries will be at the additional shipping or handling expense to the NJPA Member.

4.51 Selection of a carrier for shipment will be the option of the party paying for said shipping. Use of another carrier will be at the expense of the requester.

4.52 Proposers must define their shipping programs for Alaska and Hawaii and any location not served by conventional shipping services. Over-size and over-weight items and shipments may be subject to custom freight programs.

4.53 Proposals containing restocking fees are less advantageous than those not containing re-stocking fees. That being said, certain industries cannot avoid restocking fees. Certain industries providing made to order goods may not allow returns. With regard to returns and restocking fees, Proposers will be evaluated based on the relative flexibility extended to NJPA and NJPA Members relating to those subjects. Where used, restocking fees in excess of 15% will not be considered excessive. Restocking fees

may be waived, at the option of the Proposer/Vendor. Indicate all shipping and re-stocking fees in price program.

4.54 Proposer agrees shipping errors will be at the expense of the Vendor. For example, if a Vendor ships a product that was not ordered by the member, it is the responsibility of the Vendor to pay for return mail or shipment at the convenience of the member.

4.55 Unless specifically stated otherwise in the “Shipping Program” of a Proposer’s Response, all prices quoted must be F.O.B. destination with the freight prepaid by the Vendor. Time is of the essence on this Contract. If completed deliveries are not made at the time agreed, NJPA or NJPA Member reserves the right to cancel and purchase elsewhere and hold Vendor accountable. If delivery dates cannot be met, Vendor agrees to advise NJPA or NJPA Member of the earliest possible shipping date for acceptance by NJPA or NJPA Member.

4.56 Goods and materials must be properly packaged. Damaged goods and materials will not be accepted, or if the damage is not readily apparent at the item of delivery, the goods shall be returned at no cost to NJPA or NJPA Member. NJPA and NJPA Members reserve the right to inspect the goods at a reasonable time subsequent to delivery where circumstances or conditions prevent effective inspection of the goods at the time of delivery.

4.57 Vendor shall deliver Contract conforming products in each shipment and may not substitute products without approval from NJPA Member.

4.58 NJPA reserves the right to declare a breach of Contract if the Vendor intentionally delivers substandard or inferior products which are not under Contract and described in its paper or electronic price lists or sourced upon request to any member under this Contract. In the event of the delivery of a non-conforming product, NJPA Member will immediately notify Vendor and Vendor will replace non-conforming product with conforming product.

4.59 Throughout the term of the Contract, Proposer agrees to pay for return shipment on goods that arrive in a defective or inoperable condition. Proposer must arrange for the return shipment of damaged goods.

4.60 Unless contrary to other parts of this solicitation, if the goods or the tender of delivery fail in any respect to conform to this Contract, the purchasing member may: 1) reject the whole, 2) accept the whole or 3) accept any commercial unit or units and reject the rest.

P. NORMAL WORKING HOURS

4.61 Prices quoted are for equipment/products and services delivered during normal business hours. Normal Business hours will be as specifically defined herein, defined through industry standards OR defined through statement contained in the purchase/work order issued pursuant to a Contract resulting from this RFP.

5. MARKETING PLAN

5.1 Internal Marketing Plan: Our sales force is your sales force. If you are awarded a contract based on this solicitation your sales force will be the primary driver of everyone’s success. Your sales force needs to be aware that:

- The use of the NJPA Contract will save their customer (NJPA’s Member) the time and effort of bringing a new individual Request For Proposal (RFP);
- The use of the NJPA Contract will your sales force the time and effort of responding to individual Request For Proposals (RFPs);
- The use of the NJPA Contract will guaranty that NJPA members have the ability to choose you

An award of Contract resulting from this RFP is an opportunity for the awarded contractor to pursue commerce with, and deliver value to NJPA and NJPA Members nationwide. An award of Contract is not an opportunity to see how much business NJPA can drive to an awarded Vendor's door. Your internal marketing plan should serve to:

5.1.1 Identify the appropriate levels of sales management whom will need to understand the value of, and the internal procedures necessary to deliver this Contract opportunity to NJPA and NJPA Members through your sales force.

5.1.2 Identify, in general, your national foot print and dedicated feet-on-the-street sales force that will be carrying this Contract message and opportunity in the field to NJPA Members. Outline the sale force in terms of numbers and geographic distribution.

5.1.2.1 Identify whether your sales force are employees or independent contractors.

5.1.3 Identify your plan for delivering training to these individuals.

5.1.3.1 Will you have your sales force gathered at national or regional events in the near future? Does your sales force have the ability to participate in webinar or webcast events?

5.1.3.2 NJPA is prepared to provide our personnel in your location for sales training and/or on a webinar or webcast where sufficient efficiencies can be shown in reaching the appropriate groups within your employee base, and sufficient numbers of personnel trained.

5.1.4 Identify your personnel involved in training.

5.1.4.1 NJPA can provide personnel to deliver training regarding the Contract itself, the authority of NJPA to offer the Contract vehicle to its Members, the value the Contract vehicle delivers to NJPA and NJPA Members, the scope of NJPA Membership, and the authority of NJPA Members to utilize our procurement contracts.

5.1.4.2 Your personnel will be needed to provide training regarding employee compensation and internal procedures when delivering the Contract opportunity, and how this Contract purchasing opportunity relates with other such opportunities available.

5.2 Success in marketing is dependent upon 1) the delivery of value as defined in section 1.4, 2) the delivery of knowledge of the program and its proper use and utility, and 3) the delivery of opportunity and reward which creates a personal commitment to the program. NJPA desires a marketing plan that:

5.2.1 identifies the value delivered in a competitively proposed national cooperative procurement contract by relieving both the NJPA Member and the Vendor/Vendor's sales staff of the responsibility for bringing and answering many similar and individual RFP's; and

5.2.2 identifies the appropriate Vendor personnel from both management and sales staff who will be trained on the use and utility of such a contract and a general schedule of when and how those individuals will be trained; and

5.2.3 identifies in general how the reward system for the marketing, delivery, and service chain of the Vendor will be affected by the implementation of the proposed Contract and how that will be proposed to those individuals in terms of the value created for them and their departments in 5.1.1 above.

5.3 External Marketing Plan: NJPA is seeking the ability to serve all our current and potential members nationwide. The Proposer must demonstrate the ability to both market and service their

products/services/services nationwide. Please demonstrate your sales and service force contains sufficient people in sufficient proximities, to receive the knowledge, opportunity, and reward in order to make a personal commitment to serving NJPA and NJPA Members nationwide.

5.4 The Proposer must exhibit the willingness and ability to develop marketing materials and participate in marketing venues such as:

5.4.1 Printed Marketing Materials.
