ADDENDUM #1

The purpose of this addendum is to answer questions that were submitted.

1. What is the estimated usage per manufacturer?

This is a new contract; therefore, there is no estimated usage data.

2. Do you have and can you supply the bid awards for this bid type from previous years?

This is a new contract; therefore, no historical data is available.

3. What is the minimum order amount which will be made for a purchase? I ask that to consider freight charges incurred?

There are no minimum order guarantees/commitments. The program provides offenders with training in the field of garment production, embroidering and silk screening. Orders will depend on the programs customer needs, as they arise, and include both State agencies and non-governmental entities.
