I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals to meet the State of Delaware's need for Fuel Management.

It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract to implement a Fuel Management program for the State of Delaware.

Additional details are described within the Appendix-B Scope of Work attached.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the Fuel Management requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

3. MANDATORY USE CONTRACT

REF: Title 29, Chapter 6911(d) Delaware Code. All Covered Agencies as defined in 29 Del. C. §6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. §6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

4. COOPERATIVE USE OF AWARD

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

5. MULTIPLE SOURCE AWARD

The Agency reserves the right to award this contract to more than one vendor pursuant to 29 Del.C. §6926. Government Support Services reserves the right to reject any or all bids in whole or in part, to make multiple awards, partial awards, award by types, item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

6. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

7. CONTRACT PERIOD

Each Vendor's contract shall be valid for a five (5) year period from January 1, 2017 through December 31, 2021. Each contract may be renewed for three (3) one (1) year periods through negotiation between the Vendor and Government Support Services. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

The State reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.

U. DISCREPANCIES AND OMISSIONS

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

concerning this RFP, vendor shall notify the State of Delaware's Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor's proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

V. EXCEPTIONS

Bidders may elect to take **minor exception** to the terms and conditions of this RFP by completing Attachment 3. Government Support Services shall evaluate each exception according to the intent of the terms and conditions contained herein, but Government Support Services must reject exceptions that do not conform to State bid law and/or create inequality in the treatment of bidders. Exceptions shall be considered only if they are submitted with the bid or before the date and time of the bid opening.

Exceptions must be submitted utilizing Attachment 3 to be considered. Exceptions listed elsewhere in the Vendor's proposal will not be considered. Government Support Services maintains sole discretion to reject any vendor exceptions that are submitted.

W. BUSINESS REFERENCES

Business references are to be provided via Attachment 6.

X. DOCUMENT(S) EXECUTION

All vendors must complete and submit with its proposal the non-collusion statement that is enclosed with this Request for Proposal labeled as Attachment 2. The awarded vendor(s) will be presented with the contract form for signature and seal, if appropriate. Both of these documents shall be executed by a representative who has the legal capacity to enter the organization into a formal contract with Government Support Services.

The State of Delaware requires completion of the [Delaware Substitute Form W-9](#) to make payments to vendors. Successful completion of this form enables the creation of a State of Delaware vendor record. The Taxpayer ID (SSN or EIN) and Applicant (vendor) name are submitted to the Internal Revenue Service for "matching." If the Taxpayer ID and name do not match, the vendor record cannot be approved.

It is the applicant's responsibility to select the appropriate 1099 Withholding Type and Class. If incorporated, a business is not subject to 1099 reporting unless the business is providing legal or medical services.

Any questions about completing this form or specific comments about a form that you have submitted, please contact vendor services by phone at 302-672-5000.

Y. SUBCONTRACTS

Subcontracting is permitted under this RFP and contract. However, every subcontractor shall be identified in the Proposal using Attachment 7.

STATE OF DELAWARE
Office of Management and Budget

Z. CONFIDENTIALITY

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor's proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq.](#) ("FOIA"). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected vendor proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

AA. PRICE NOT CONFIDENTIAL

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

Vendors are encouraged to review the evaluation criteria and to provide a response that addresses each of the scored items. Evaluators will not be able to make assumptions about a vendor's capabilities so the responding vendor should be detailed in their proposal responses.

Procurement Evaluation Committee members will assign up to the maximum number of points listed for each of the criteria listed above. For items having quantitative answers, points will be proportionate to each proposal's response. Items with qualitative answers will receive the average of points assigned by Proposal Evaluation Committee members.

The Agency may increase or decrease the amount of any item as may be deemed necessary or expedient, during the period of the contract. Therefore, the State seeks to utilize the "Common-law Employer Safe Harbor Exception" under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an "Additional Fee" with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor, but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to

39. VENDOR RESPONSIBILITY

The State will enter into a contract with the successful Vendor(s). The successful Vendor(s) shall be responsible for all products and services as required by this RFP whether or not the Vendor or its subcontractor provided final fulfillment of the order. [§6909B](#) and effective November 4, 2014, the State does not consider the criminal record, criminal history, credit history or credit score of an applicant for state employment during the initial application process unless otherwise required by state and/or federal law. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 Del. C. [§711\(g\)](#) for applicable established provisions.

44. VENDOR BACKGROUND CHECK REQUIREMENTS

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:
<https://desexoffender.dsp.delaware.gov/SexOffenderPublic/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

- a. **Termination for Cause**: If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner his obligations, or if the Vendor violates any of the covenants, agreements, or stipulations of this contract, the Agency shall have the right to terminate the P.O. by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor in the performance of the P.O. shall, at the option of the Agency, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the Agency.

Office of Management and Budget
Government Support Services

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- b. **Termination for Convenience**: The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. **Termination for Non-Appropriations**: In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

51. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. A separate purchase order shall be issued for every project or order.

55. ASSIGNMENT OF ANTITRUST CLAIMS

60. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing records or other material relative to this Contract. - b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.

The state is looking for which sites would remain operational and afford us the right to take precedence in obtaining services during a shortage or an emergency.
- List sites, at least one (1) per county, on the evacuation route, that remain operational, even during loss of power, during an emergency and describe in detail what redundant systems are in place to ensure delivery of fuel

DelDOT evacuation routes can be found at:

STATE OF DELAWARE
Office of Management and Budget

B. EMERGENCY/DISASTER CAPABILITIES

At minimum, one site centrally located (with adequate capacity for trucks) in each County must be able to remain operational by means of back-up generators or alternative power supply to provide product in the event of power outages or natural disasters. A description of the sites and/or any mobile emergency systems should be provided.

The successful vendor must notify the State of scheduled outages with a date and time to eliminate conflicts during weather emergencies. Describe your company's contingency plans/backup procedures for computer downtime of two hours or more (i.e. continued service, data preservation/reconstruction, etc.).

Bidders should provide any solutions they have in place for emergency situations for the States consideration, in their proposal.

C. B20 AVAILABILITY

The availability of alternative fuel is important to the State.

List all B20 Biodiesel distribution points.

At a minimum, successful bidders must identify one (1) each centrally located, in New Castle and Kent Counties, and two (2) sites available in Sussex County.

These B20 Biodiesel distribution points can be company owned and operated or independently contracted to provide access to said fuel. These B20 fuel pumps will be part of the overall debit/credit card system.

Should the bidder not be able to provide alternative fuel distribution points, they shall provide an alternative solution for the State's consideration.

3. PRICE

30 POINTS

Fuel costs, as well as overall contract cost and all incremental cost for transition (beginning and end of contract, cost of replacement cards, etc. to include but not limited to:

A. FUEL PRICE:

The State purchases approximately 4.5 million gallons of fuel annually at pricing that excludes all Federal, State and local road use/fuel taxes and is currently based upon the daily O.P.I.S. posted Philadelphia "rack" price. The State will consider other pricing systems or methodology proposing vendors might suggest.

Any proposal must discuss the price to be charged for fuel.

At present, the State is familiar with auditing a daily Philadelphia Harbor Index as posted by Oil Price Information Service (O.P.I.S.) on a daily or weekly basis.

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

1. Vendors may propose alternative indexes but the index must be clearly identified in the proposal and must be auditable. Government Support Services requires that a responsive vendor shall provide pricing benchmarked from the OPIS rack price or other identifiable and auditable benchmark price. All pricing, to be provided, will be considered cost plus; or otherwise, as a benchmark price plus a surcharge (discount) AND shall be exempt of all applicable state and federal taxes. Any prices charged and/or paid by the State and its agencies shall be a single daily price as determined by the benchmark formula. Should a vendor propose alternative indexes, a three (3) year trend history of the index shall be provided with the proposal and include a comparison to the OPIS rack price. Further, the vendor is required to identify the OPIS rack, including location, that it has compared its alternate price structure to.

Alternative pricing structures may be offered whether choosing to use an O.P.I.S. posting or a refinery's rack price. Regardless of the pricing method used, the State cannot accept rebates or discounts based on variables. Any such rebate or discount offering must be incorporated into the unit bid pricing structure. The State requires cost plus pricing that shall remain firm for the contract term. For the purpose of evaluating the pricing proposals, bidders are asked to quote a net price per gallon for all grades using their method as it would apply on August 8, 2016.

Usage of the three (3) grades of gasoline is approximately as follows:

87 Octane - 98% of the total usage
89 Octane - 1% of the total usage
92 Octane - 1% of the total usage

NOTE: VENDOR MUST PROVIDE INFORMATION REGARDING ANY PRICE DIFFERENTIAL (DISCOUNTS) FOR ELECTRONIC PAYMENT.

State reserves the right to award based on the proposed pricing structure that best meets the needs of the State.

B. B20:

Discuss the price to be charged for the B20 fuel. A detailed system of pricing should be provided that allows for auditing as necessary.

C. TRAINING:

Describe the type of training to be provided during the transition from the existing contract to the proposal, as well as the frequency and duration of said training, training materials provided, location of training sessions and all associated costs. Delaware Department of Transportation Fleet Management System Administrator will require training in advance of interface set up. Describe availability, materials provided, location and associated costs for providing advance training.

Describe any other training available during the contract period, material provided or available, location of training sessions, and all associated costs.

D. BILLING:

The State of Delaware currently pays from "hard copy" billing within 30 days of receipt. DeIDOT has the ability to access on-line billing and download as an adobe document that they can save as excel, and desires to continue to have this available in the new contract. The State of Delaware would entertain a proposal from vendors to supply billing in a form of electronic media to further speed the payment process. Offerors shall present proposals offering speed-to-pay discounts and explain how it would be implemented.

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

The State intends to pay by ACH transaction, but reserves the right, at its discretion to pay by credit card or check. The successful vendor shall accept credit card payment without additional processing charges to the State. Offerors should discuss their system and software and how it could be interfaced with the State's IBM mainframe or to a network server. Invoices must include, but not be limited to price, fuel quantity, item name, time, date location of sale, vehicle and/or card I.D., PIN, etc.

4. IMPLEMENTATION PLAN

15 POINTS

Vendors implementation plan for the commencement of the Contract including your plan for handling the initial volume, timeline for when your Vendor would be ready to begin services, potential challenges that may arise if implementing services in an accelerated timeline, etc. to include but not limited to:

A. CONTRACT TRANSITION

The State requires a 60 day transition period. Cards shall be provided to the state at a minimum of 30 days in advance of go-live date. The vendor must be able to distribute pin numbers to individual drivers, by US mail, in time for go-live. The vendor shall accept CSV file from the State and be able to map all new cards and accounts within 30 days in advance of go-live date. Vendor must describe the steps and specific cost required to effect an efficient transition from the current contract to the proposal. Describe steps to be taken, detail the formats acceptable for receiving existing database, identify which party is responsible for completing identified tasks and include a proposed time line for accomplishing identified tasks.

5. INTEGRATION ABILITY

15 POINTS

Vendors ability to integrate with Verizon Network Fleet and Asset Works or comparable GPS and Fleet Management Software. Please describe your ability to interface with our current software.

A. FLEET SERVICES

Fleet Services currently utilizes Verizon Network Fleet for Vehicle Tracking and Asset Works as their vehicle database.

Fleet Services require weekly online and email file of the previous week's transactions.

Fleet Services is interested in the ability to interface with Verizon Network Fleet to report if assigned vehicle was present when Fuel Management card is used.

B. DELAWARE STATE POLICE

Delaware State Police currently utilizes Asset Works (M5) as their vehicle database.

Delaware State Police Asset Works Fuel Interface Report file must be available online and emailed to the DSP Equipment Asset System Administrators daily.

1. Delaware State Police report requirements

Delaware State Police requests the daily reporting include at a minimum the following:

- Fuel type and gallons used, stored for a 1 year period in Excel format

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

- Transactions by the 17 digit care number, also showing by name, fuel type, quantity of fuel and date of transactions
- Transactions by pin number, employee name, tag number and card number in Excel format.
- Transactions by pin number, employee name, tag number and card number in text format.

C. DeIDOT

DeIDOT currently utilizes Asset Works as their vehicle database. DeIDOT owned tanks are set up with DeIDOT owned Fuel Master Hardware and communication equipment in most area yards.

The Fuel Master Hardware is linked to the current fuel management system with communication through State owned landline modem.

DeIDOT requires the ability to track fuel utilization at the DeIDOT tank owned locations (Memo transactions). Memo transactions are not currently part of the weekly vendor fuel interface file, however they need to be included. DeIDOT need the transaction data only for Memo transactions.

The current Fuel Management program allows DeIDOT staff to utilize the Fuel Management cards at the tank owned locations.

DeIDOT requires the Fuel Management vendor to track, record, and report utilization at these tanks.

DeIDOT requires weekly fuel transaction reports for DeIDOT (Memo transactions) and commercial fuel transactions combined. The weekly fuel transaction report for memo and commercial fuel transactions must have the ability to interface with State's Asset Works (M5) software after being pulled from the FuelMaster system. DeIDOT's Asset Works Fuel Interface Report file must be available online and emailed to the DeIDOT Equipment Asset System Administrators weekly.

1. DeIDOT weekly report requirements

DeIDOT requires that the weekly report contain at a minimum the following:

- Fuel type and gallons used, stored for a 1 year period in Excel format
- Transactions by the 17 digit care number, also showing by name, fuel type, quantity of fuel and date of transactions
- Transactions by pin number, employee name, tag number and card number in Excel format.
- Transactions by pin number, employee name, tag number and card number in text format.

Sample Reports can be found on this RFP's solicitation website.

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

6. GPS INTEGRATION

5 POINTS

Fleet Services is interested in the ability of the Fuel Card provider to integrate with the GPS provider to identify if the assigned vehicle is present where the fuel card transaction takes place.

Bidders shall provide a description of experience and/or ability to integrate with GPS providers, including the name of the vendors. The responding vendor shall provide an inventory of all functionality available to the State and its agency by linking fuel card and GPS system information. (By example, using GPS reporting to identify the location of a vehicle compared to the fuel card being used, as a way of preventing fraud and/or theft). The responding fuel card vendor is required to identify any and all costs to implement, establish or otherwise initiate any additional services with a GPS vendor. The fuel card vendor shall not be expected to be responsible for GPS vendor costs for integration.
