BEST AND FINAL OFFERS:** At any time during the evaluation process, the evaluation committee, with the approval of the director or head of the issuing procurement unit, may request best and final offers from responsible and responsive offerors in accordance with Part 7 of the Utah Procurement Code and applicable administrative rules, and evaluate those offers. If an offeror chooses not to participate in discussion or does not make a timely best and final offer, its immediately previous proposal will be treated as the offeror best and final offer.

The State also encourages contractors to offer products that are produced with recycled materials, where appropriate, unless otherwise requested in this RFP.

Protests must be made to the State of Utah Chief Procurement Officer. A notice of protest must be submitted either: (1) before the closing of date of the proposals, as provided on Bidsync; or (2) if the person filing the protest did not know and should not have known of the facts giving rise to the protest before the closing date for proposals, within seven days after the day on which the person knows or should have known of the facts giving rise to the protest. All protests must be submitted in accordance with Part 16 of Utah Procurement Code and applicable administrative rules.

In accordance with the requirements set forth in Section 63G-6a-1602(2)(b), a person filing a protest must include a concise statement of the grounds upon which the protest is made. A concise statement of the grounds for a protest should include the relevant facts leading a protestor to contend that a grievance has occurred, including but not limited to specifically referencing: (i) an alleged violation of Utah Procurement Code 63G-6a; (ii) an alleged violation of Administrative Rule R33 or other applicable rule; (iii) a provision of the request for proposals, invitation for bids, or other solicitation allegedly not being followed; (iv) a provision of the solicitation alleged to be: ambiguous, confusing, contradictory, unduly restrictive, erroneous, anticompetitive, or unlawful; (v) an alleged error made by the evaluation committee or conducting procurement unity; (vi) an allegation of bias by the committee or an individual committee member; or (vii) a scoring criteria allegedly not being correctly applied or calculated.

None of the following qualify as a concise statement of the grounds for a protest:

- (i) claims made after the opening of bids or closing date of proposals that the specifications, terms and conditions, or other elements of a solicitation are ambiguous, confusing, contradictory, unduly restrictive, erroneous, or anticompetitive;
- (ii) vague or unsubstantiated allegations that do not reference relevant or specific facts including, but not limited to, vague or unsubstantiated allegations by a bidder, offeror, or prospective contractor that: (A) a bidder, offeror, or prospective contractor should have received a higher score or that another bidder, offeror, or prospective contractor should have received a lower score, (B) a service or product provided by a bidder, offeror, or prospective contractor is better than another bidder's, offeror or prospective contractor's service or product, (C) another bidder, offeror, or prospective contractor cannot provide the procurement item for the price bid or perform the services described in the solicitation, or (D) any other item that is not relevant or specific; or

In accordance with Section 63G-6a-1603(3)(a), a protest officer may dismiss a protest if the concise statement of the grounds for filing a protest does not provide an adequate basis for the protest.

12. AUDIT: Pursuant to Administrative Rule R33-12-605, the State may, at reasonable times and places, audit or cause to be audited by an independent third party firm, by another procurement unit, or by an agent of the procurement unit, the book, records, and performance of the Offeror, if awarded a contract under this RFP.

13. INSPECTIONS: Pursuant to Utah Administrative Rule R33-12-701, R33-12-702, R33-12-703, and R33-12-704, the State may, at its discretion, perform an inspection of the Offeror's manufacturing/production facility or place of business, or any location where the work is performed.

14. MODIFICATION OR WITHDRAWAL OF PROPOSAL: A proposal may be modified or withdrawn prior to the established closing date and time.

15. REJECTING A PROPOSAL: At any time during this RFP, the State may reject a proposal if the State determines that: (a) the person submitting the proposal is not responsible; or (b) the proposal is not responsive or does not meet the mandatory minimum requirements stated in this RFP.

16. TECHNOLOGY MODIFICATIONS: The awarded contract(s) may be modified as a result from technological upgrades for the procurement item(s). Any modification for upgraded technology must be substantially within the scope of the original procurement or contract, and if both parties agree to the modification, then the contract may be modified, but not extended beyond the term of the original awarded contract except as provided in the Utah Procurement Code. The awarded contract(s) may be modified for new technology related to the procurement item(s). Any modification for new technology shall not be exercised without: (1) the approval required under Section 63F-1-205 of the Utah Code, (2) the new technology modification has been subject to the review as described in Administrative Rule R33-6-114, and (3) the contracting parties agree to the modification.

17. PUBLICIZING AWARDS: The following shall be disclosed after receipt of a proper GRAMA request: (a) the contract(s) entered into as a result of the selection and the successful proposal(s), except for those portions that may not be disclosed under Rule R33-7-105; (b) the unsuccessful proposals, except for those portions that are Protected and the Offeror has submitted a proper Business Confidentiality Claim; (c) the rankings of the proposals; (d) the names of the members of any selection committee (reviewing authority); (e) the final scores used by the selection committee to make the selection, except that the names of the individual scorers shall not be associated with their individual scores or rankings; and (f) the written justification statement supporting the selection, except for those portions that may not be disclosed under Rule R33-7-105.

After due consideration and public input, the following has been determined by the Procurement Policy Board to impair governmental procurement proceedings or give an unfair advantage to any person proposing to enter into a contract or agreement with a governmental entity, and will not be disclosed by the governmental entity at any time to the public, including under any GRAMA request: (a) the names of individual scorers/evaluators in relation to their individual scores or rankings; (b) any individual scorer's/evaluator's notes, drafts, and working documents; (c) non-public financial statements; and (d) past performance and reference information which is not provided by the offeror and which is obtained as a result of the efforts of the governmental entity. To the extent such past performance or reference information is included in the written justification statement, it is subject to public disclosure.

18. PERFORMANCE AND COST ANALYSIS: The State reserves the right to review the awarded contract(s) on a regular basis regarding performance and cost, and may negotiate price and service elements during the term of the contract.

19. AWARDED CONTRACT(S): Contract(s) awarded from this RFP will include the following documents: the scope of work, the appropriate State of Utah Standard Terms and Conditions, and any other documents listed in this RFP.

- (2) NASPO ValuePoint Master Agreement Terms & Conditions;
- (3) A Purchase Order issued against the Master Agreement;
- (4) The Scope of Work;
- (5) The Solicitation; and

b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

2. Definitions

Acceptance means a written notice from a Purchasing Entity to Contractor advising Contractor that the Product has passed its Acceptance Testing. Acceptance of a Product for which acceptance testing is not required shall occur following the completion of delivery, installation, if required, and a reasonable time for inspection of the Product, unless the Purchasing Entity provides a written notice of rejection to Contractor.

Acceptance Testing means the process for ascertaining that the Product meets the standards set forth in the section titled Standard of Performance and Acceptance, prior to Acceptance by the Purchasing Entity.

Contractor means the person or entity delivering Products or performing services under the terms and conditions set forth in this Master Agreement.

Embedded Software means one or more software applications which permanently

reside on a computing device.

Intellectual Property means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.

Lead State means the State centrally administering any resulting Master Agreement(s).

Master Agreement means the underlying agreement executed by and between the Lead State, acting on behalf of the NASPO ValuePoint program, and the Contractor, as now or hereafter amended.

NASPO ValuePoint is the NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, a 501(c)(3) limited liability company that is a subsidiary organization of the National Association of State Procurement Officials (NASPO), the sole member of NASPO ValuePoint. NASPO ValuePoint facilitates administration of the NASPO cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states and the District of Columbia. NASPO ValuePoint is identified in the Master Agreement as the recipient of reports and may perform contract administration functions relating to collecting and receiving reports as well as other contract administration functions as assigned by the Lead State.

Order or Purchase Order means any purchase order, sales order, contract or other document used by a Purchasing Entity to order the Products.

Participating Entity means a state, or other legal entity, properly authorized to enter into a Participating Addendum.

Participating State means a state, the District of Columbia, or one of the territories of the United States that is listed in the Request for Proposal as intending to participate. Upon execution of the Participating Addendum, a Participating State becomes a Participating Entity; however, a Participating State listed in the Request for Proposals is not required to later participate in the Master Agreement

Product means any equipment, software (including embedded software), documentation, service or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Products, supplies and services, and products and services are used interchangeably in these terms and conditions.

Purchasing Entity means a state, city, county, district, other political subdivision of a State, and a nonprofit organization under the laws of some states if authorized by a Participating Addendum, who issues a Purchase Order against the Master Agreement and becomes financially committed to the purchase.

NASPO ValuePoint Program Provisions

3. Term of the Master Agreement

The initial term of this Master Agreement is for 5 years. This Master Agreement may be extended as permitted by the Lead States laws.

4. Amendments

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the Lead State.

5. Participants and Scope

a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

b. Use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

c. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and

institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

e. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint Program requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; NASPO ValuePoint eMarket Center; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

f. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

g. **Resale.** "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Administrative Fees

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one percent (1.0%) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under

the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

b. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 6a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

7. NASPO ValuePoint Summary and Detailed Usage Reports

In addition to other reports that may be required by this solicitation, the Contractor shall provide the following NASPO ValuePoint reports.

a. Summary Sales Data. The Contractor shall submit quarterly sales reports directly to NASPO ValuePoint using the NASPO ValuePoint Quarterly Sales/Administrative Fee Reporting Tool found at <http://www.naspo.org/WNCPO/Calculator.aspx>. Any/all sales made under this Master Agreement shall be reported as cumulative totals by state. Even if Contractor experiences zero sales during a calendar quarter, a report is still required. Reports shall be due no later than thirty (30) days following the end of the calendar quarter (as specified in the reporting tool).

b. Detailed Sales Data. Contractor shall also report detailed sales data by: (1) state; (2) entity/customer type, e.g. local government, higher education, K12, non-profit; (3) Purchasing Entity name; (4) Purchasing Entity bill-to and ship-to locations; (4) Purchasing Entity and Contractor Purchase Order identifier/number(s); (5) Purchase Order Type (e.g. sales order, credit, return, upgrade, determined by industry practices); (6) Purchase Order date; (7) Ship Date; (8) and line item description, including product number if used. The report shall be submitted in any form required by the solicitation. Reports are due on a quarterly basis and must be received by the Lead State and NASPO ValuePoint Cooperative Development Team no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to the Lead State and to the NASPO ValuePoint Cooperative Development Team electronically through a designated portal, email, CD-ROM, flash drive or other method as determined by the Lead State and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under Participating Addenda executed under this Master Agreement. The format for the detailed sales data report is shown in Attachment G.

c. Reportable sales for the summary sales data report and detailed sales data report includes sales to employees for personal use where authorized by the solicitation and

the Participating Addendum. Report data for employees should be limited to ONLY the state and entity they are participating under the authority of (state and agency, city, county, school district, etc.) and the amount of sales. No personal identification numbers, e.g. names, addresses, **social security numbers or any other numerical identifier**, may be submitted with any report.

d. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator with an executive summary each quarter that includes, at a minimum, a list of states with an active Participating Addendum, states that Contractor is in negotiations with and any Participating Addendum roll out or implementation activities and issues. NASPO ValuePoint Cooperative Development Coordinator and Contractor will determine the format and content of the executive summary. The executive summary is due thirty (30) days after the conclusion of each calendar quarter.

e. Timely submission of these reports is a material requirement of the Master Agreement. The recipient of the reports shall have exclusive ownership of the media containing the reports. The Lead State and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy, and otherwise use reports, data and information provided under this section.

8. NASPO ValuePoint Cooperative Program Marketing and Performance Review

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

9. NASPO ValuePoint eMarket Center

a. In July 2011, NASPO ValuePoint entered into a multi-year agreement with SciQuest, Inc. whereby SciQuest will provide certain electronic catalog hosting and management services to enable eligible NASPO ValuePoint's customers to access a central online website to view and/or shop the goods and services available from existing NASPO ValuePoint Cooperative Contracts. The central online website is referred to as the NASPO ValuePoint eMarket Center.

b. The Contractor will have visibility in the eMarket Center through Ordering Instructions. These Ordering Instructions are available at no cost to the Contractor and provide customers information regarding the Contractors website and ordering information. The Contractor is required at a minimum to participate in the eMarket

Center through Ordering Instructions.

c. At a minimum, the Contractor agrees to the following timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin Ordering Instruction process. The Contractor shall have thirty (30) days from receipt of written request to work with NASPO ValuePoint to provide any unique information and ordering instructions that the Contractor would like the customer to have.

d. The eMarketCenter has the capability to host a catalog or integrate with a punchout site. While not required, if Contractor later desires to explore the functionality, contact NASPO ValuePoint for the system requirements and implementation terms and conditions.

10. Right to Publish

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

11. Price and Rate Guarantee Period

All prices and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for price or rate adjustment must be for an equal guarantee period, and must be made at least one year prior to the effective date. Requests for price or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to prices or rates will be allowed.

12. Individual Customers

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

Administration of Orders

13. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all

acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

b. Purchasing Entities may define project-specific requirements and informally compete the requirement among companies having a Master Agreement on an “as needed” basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity’s rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities’ rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.

d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.

e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.

f. All Orders pursuant to this Master Agreement, at a minimum, shall include:

- (1) The services or supplies being delivered;
- (2) The place and requested time of delivery;
- (3) A billing address;
- (4) The name, phone number, and address of the Purchasing Entity representative;
- (5) The price per hour or other pricing elements consistent with this Master Agreement and the contractor’s proposal;
- (6) A ceiling amount of the order for services being ordered; and
- (7) The Master Agreement identifier.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity’s purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then

outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

14. Shipping and Delivery.

a. The prices are the delivered price to any Purchasing Entity. All deliveries shall be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. The minimum shipment amount, if any, will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

b. All deliveries will be "Inside Deliveries" as designated by a representative of the Purchasing Entity placing the Order. Inside Delivery refers to a delivery to other than a loading dock, front lobby, or reception area. Specific delivery instructions will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to immediately notify the Purchasing Entity placing the Order.

c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and/or crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipping carton shall be marked with the commodity, brand, quantity, item code number and the Purchasing Entity's Purchase Order number.

15. Laws and Regulations

Any and all Products offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

16. Inspection and Acceptance.

a. Where the Master Agreement or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.

b. All Products are subject to inspection at reasonable times and places before

Acceptance. Contractor shall provide right of access to the Lead State or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance requirements under this Master Agreement. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.

c. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

d. The warranty period shall begin upon Acceptance.

e. Acceptance Testing may be explicitly set out in a Master Agreement to ensure conformance to an explicit standard of performance. Acceptance Testing means the process set forth in the Master Agreement for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. If Acceptance Testing is prescribed, this subsection applies to applicable Products purchased under this Master Agreement, including any additional, replacement, or substitute Product(s) and any Product(s) which are modified by or with the written approval of Contractor after Acceptance by the Purchasing Entity. The Acceptance Testing period shall be thirty (30) calendar days or other time period identified in this Master Agreement or the Participating Addendum, starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor. Contractor shall pay all costs related to the preparation and shipping of Product returned pursuant to the section. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. The warranty period shall begin upon Acceptance.

17. Payment

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law. Payments will be remitted by mail. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

18. Warranty

Warranty provisions govern where specified elsewhere in the documents that constitute the Master Agreement; otherwise this section governs. The Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Entity has relied on the Contractor's skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects. Upon breach of the warranty, the Contractor will repair or replace (at no charge to the Purchasing Entity) the Product whose nonconformance is discovered and made known to the Contractor. If the repaired and/or replaced Product proves to be inadequate, or fails of its essential purpose, the Contractor will refund the full amount of any payments that have been made. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.

19. Title of Product

Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include an irrevocable and perpetual license to use any Embedded Software in the Product. If Purchasing Entity subsequently transfers title of the Product to another entity, Purchasing Entity shall have the right to transfer the license to use the Embedded Software with the transfer of Product title. A subsequent transfer of this software license shall be at no additional cost or charge to either Purchasing Entity or Purchasing Entity's transferee.

20. License of Pre-Existing Intellectual Property

Contractor grants to the Purchasing Entity a nonexclusive, perpetual, royalty-free, irrevocable, license to use, publish, translate, reproduce, transfer with any sale of tangible media or Product, perform, display, and dispose of the Intellectual Property, and its derivatives, used or delivered under this Master Agreement, but not created

under it ("Pre-existing Intellectual Property"). The Contractor shall be responsible for ensuring that this license is consistent with any third party rights in the Pre-existing Intellectual Property.

e. Contractor shall furnish to the Lead State copies of certificates of all required insurance in a form sufficient to show required coverage within thirty (30) calendar days of the execution of this Master Agreement and prior to performing any work. Copies of renewal certificates of all required insurance shall be furnished within thirty (30) days after any renewal date to the applicable state Participating Entity. Failure to provide evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

22. Records Administration and Audit.

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

23. Confidentiality, Non-Disclosure, and Injunctive Relief

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity

28. Cancellation

Unless otherwise stated, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise limited or stated in the Participating Addendum. Cancellation may be in whole or in part. Cancellation of the Master Agreement due to Contractor default may be

b. Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 15 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

31. Waiver of Breach

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

32. Debarment

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. (c) reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

(d) It would be reasonably expected to use the Product in combination with such product, system or method.

(2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. Unless otherwise agreed in writing, this section is not subject to any limitations of liability in this Master Agreement or in any other document executed in conjunction with this Master Agreement.

34. No Waiver of Sovereign Immunity

In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

13. **NONAPPROPRIATION OF FUNDS, REDUCTION OF FUNDS, OR CHANGES IN LAW:** Upon thirty (30) days written notice delivered to the Contractor, this Contract may be terminated in whole or in part at the sole discretion of the Division, if the Division reasonably determines that: (i) a change in Federal or State legislation or applicable laws materially affects the ability of either party to perform under the terms of this Contract; or (ii) that a change in available funds affects the Divisions or the Eligible User's ability to pay Contractor. * Purchasing will use the following cost formula: The points assigned to each offerors cost proposal will be based on the lowest proposal price. The offeror with the lowest Proposed Price will receive 100% of the price points. All other offerors will receive a portion of the total cost points based on what percentage higher their Proposed Price is than the Lowest Proposed Price. An offeror whose Proposed Price is more than double (200%) the Lowest Proposed Price will receive no points. The formula to compute the points is: $\text{Cost Points} \times (2 - \text{Proposed Price} / \text{Lowest Proposed Price})$.

Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either Party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one Party are not employees or agents of the other Party.
18. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Contract. In no event will the State be liable to the Contractor or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 in the certificate holder section. At any time, the State may require the Contractor to provide a valid COI detailing coverage description; insurance company; policy number; exceptions; exclusions; policy effective date; policy expiration date; limits of liability; and the name and address of insured. The Contractor's failure to maintain or submit evidence of insurance coverage is considered a material breach of this Contract.

If the Contractor desires to self-insure, then a COI will not be required to prove coverage. In place of the COI, the Contractor must provide a certificate of self-insurance or a letter on the Contractor's letterhead detailing its coverage, liability policy amounts, and proof of funds to reasonably cover such expenses. Compliance with Tenn. Code Ann. § 50-6-405 and the rules of the TDCI is required for the Contractor to self-insure workers' compensation.

All insurance companies must be: (a) acceptable to the State; (b) authorized by the TDCI to transact business in the State of Tennessee; and (c) rated A- VII or better by A. M. Best. The Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that the subcontractors are included under the Contractor's policy.

The Contractor agrees to name the State as an additional insured on any insurance policies with the exception of workers' compensation (employer liability) and professional liability (errors and omissions) ("Professional Liability") insurance. Also, all policies shall contain an endorsement for a waiver of subrogation in favor of the State.

The deductible and any premiums are the Contractor's sole responsibility. Any deductible over fifty thousand dollars (\$50,000) must be approved by the State. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim.

State of Tennessee

The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

All coverage required shall be on a primary basis and noncontributory with any other insurance coverage or self-insurance carried by the State. The State reserves the right to amend or require additional endorsements, types of coverage, and higher or lower limits of coverage depending on the nature of the work. Purchases or contracts involving any hazardous activity or equipment, tenant, concessionaire and lease agreements, alcohol sales, cyber-liability risks, environmental risks, special motorized equipment, or property may require customized insurance requirements (e.g. umbrella liability insurance) in addition to the general requirements listed below.

The Contractor shall obtain and maintain, at a minimum, the following insurance coverages and policy limits.

a. Commercial General Liability Insurance

- 1) The Contractor shall maintain commercial general liability insurance, which shall be written on an Insurance Services Office, Inc. (also known as ISO) occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises/operations, independent contractors, contractual liability, completed operations/products, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).
- 2) The Contractor shall maintain bodily injury/property damage with a combined single limit not less than one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate for bodily injury and property damage, including products and completed operations coverage with an aggregate limit of at least two million dollars (\$2,000,000).

b. Workers' Compensation and Employer Liability Insurance

- 1) For Contractors statutorily required to carry workers' compensation and employer liability insurance, the Contractor shall maintain:
 - i. Workers' compensation in an amount not less than one million dollars (\$1,000,000) including employer liability of one million dollars (\$1,000,000) per accident for bodily injury by accident, one million dollars (\$1,000,000) policy limit by disease, and one million dollars (\$1,000,000) per employee for bodily injury by disease.
- 2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:
 - i. The Contractor employs fewer than five (5) employees;
 - ii. The Contractor is a sole proprietor;

State of Tennessee

- iii. The Contractor is in the construction business or trades with no employees;
- iv. The Contractor is in the coal mining industry with no employees;
- v. The Contractor is a state or local government; or
- vi. The Contractor self-insures its workers' compensation and is in compliance with the TDCI rules and Tenn. Code Ann. § 50-6-405.

c. Automobile Liability Insurance

- 3) The Contractor shall maintain automobile liability insurance which shall cover liability arising out of any automobile (including owned, leased, hired, and non-owned automobiles).
- 4) The Contractor shall maintain bodily injury/property damage with a limit not less than one million dollars (\$1,000,000) per occurrence or combined single limit.

27. Contractor Commitment to Diversity. The Contractor shall comply with and make reasonable business efforts to exceed the commitment to diversity represented by the Contractor's Response to this solicitation (Attachment B: Diversity Form) and resulting in this Contract.

The Contractor shall assist the State in monitoring the Contractor's performance of this commitment by providing, as requested, a quarterly report of participation in the performance of this Contract by small business enterprises and businesses owned by minorities, women, and Tennessee service-disabled veterans. Such reports shall be provided to the State of Tennessee Governor's Office of Diversity Business Enterprise in the required form and substance.

28. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State that is regarded as confidential under state or federal law shall be regarded as "Confidential Information." Nothing in this Section shall permit Contractor to disclose any Confidential Information, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties. Confidential Information shall not be disclosed except as required or permitted under state or federal law. Contractor shall take all necessary steps to safeguard the confidentiality of such material or information in conformance with applicable state and federal law.

The obligations set forth in this Section shall survive the termination of this Contract.

the term of the contract or any renewals.

The Lead State/Sourcing Team, with the assistance as deemed advisable of the relevant Participating State (or relevant group of Participating States), may evaluate and select an Offeror for award in more limited geographical areas (e.g. a single state) where judged to be in the best interests of the State or States involved.

Any modification to this procurement will be made by addendum issued by the State Division of Purchasing. Addendums to this RFP may be made for the purpose of making changes to: the scope of work, the schedule, the qualification requirements, the criteria, the weighting, or other requirements of this RFP.

After the due date and time for submitting a proposal to this RFP, at the discretion of the chief procurement officer or head of a procurement unit with independent procurement authority, addenda to this RFP may be limited to the Offerors that have submitted proposals, provided the addenda does not make a substantial change to this RFP that

likely would have impacted the number of Offerors responding to the original publication of this RFP, in the opinion of the chief procurement officer or head of a procurement unit with independent procurement authority.

Authorized and properly issued addenda shall constitute the official and binding position of the State.

Any response to this RFP which has as its basis any communications or information received from sources other than this RFP or related addenda may be considered non-responsive and be rejected at the sole discretion of the State.

2.3. Pre-Proposal Conference.

There will be no pre-proposal conference for this solicitation.

2.4. Proposal Due Date

Proposals must be received by the posted due date and time posted on Bidsync (“deadline”). Proposals received after the deadline will be late and ineligible for consideration.

By submitting a proposal to this RFP, the Offeror acknowledges and agrees that the requirements, scope of work, and the evaluation process outlined in this RFP are understood, fair, equitable, and are not unduly restrictive. Any exceptions to the content of this RFP must be addressed within the Q&A period. The Offeror further acknowledges that it has read this RFP, along with any attached or referenced documents, including the General Provisions.

All costs incurred by an Offeror in the preparation and submission of a proposal, including any costs incurred during interviews, oral presentations, and/or product demonstrations are the responsibility of the Offeror and will not be reimbursed.

The cost proposal will be evaluated independently from the technical proposal, pursuant to Utah Code Annotated (UCA) § 63G-6-707(5), and as such, must be submitted separate from the technical proposal. Failure to submit cost or pricing data separately may result in your proposal being judged as non-responsive and ineligible for contract award.

Reference Section 2.10 for proposal submission instructions.

2.5. Cancellation of Procurement

This RFP may be canceled at any time prior to award of the Master Agreement(s) if the Lead State determines such action to be in the collective best interests of Participating States.

2.6. Governing Laws and Regulations

This Procurement shall be governed by the laws, rules, and regulations of the State of Utah. Any action or proceeding arising from this Procurement shall be brought in a court of competent jurisdiction in the State of Utah. Venue shall be in Salt Lake City, in the Third Judicial District Court for Salt Lake County.

This procurement is conducted by the Lead State, Division of Purchasing and General Services, in accordance with the Lead State Procurement Code. These are available at <http://purchasing.utah.gov>.

This procurement shall be governed by the regulations and laws of the Lead State. Venue for any administrative or judicial action relating to this procurement, evaluation, and award shall be in Utah. The provisions governing choice of law and venue for issues arising after award and during contract performance are specified in section 35 of the NASPO ValuePoint Master Agreement Terms and Conditions in Attachment A.

2.7. Firm Offers

Responses to this RFP, including proposed costs, will be considered firm for 180 days after the proposal due date.

2.8. Right to Accept All or Portion of Proposal

Unless otherwise specified in the solicitation, the Lead State may accept any item or combination of items as specified in the solicitation or of any proposal unless the Offeror expressly restricts an item or combination of items in its Proposal and conditions its response on receiving all items for which it provided a proposal. In the event that the Offeror so restricts its Proposal, the Lead State may consider the Offeror's restriction and evaluate whether the award on such basis will result in the best value to the Lead State and the NASPO ValuePoint program. The Lead State may otherwise determine at its sole discretion that such restriction is non-responsive and renders the Offeror ineligible for further evaluation.

2.9. Proposal Content and Format Requirements

Proposals must be detailed and concise. Each Proposal must be labeled and organized in a manner that is congruent with the requirements and terminology used in this RFP and must include a point by point response, structured in form and reference to the RFP, addressing all requirements and the Scope of Work elements.

2.10. Proposal Submission Instructions

Proposals must be received by the posted due date and time posted on Bidsync ("deadline"). Proposals received after the deadline will be late and ineligible for consideration.

Proposals can be submitted electronically, through Bidsync, or by submitting a hard

copy to the address provided below.

Electronic submission instructions: When submitting a proposal electronically through BidSync, please allow sufficient time to complete the online forms and to upload proposal documents. The RFP will end at the deadline. If an Offeror is in the middle of uploading a proposal when the deadline arrives, the system will stop the upload process and the proposal will not be accepted by BidSync, and the attempted submission will be considered late and ineligible for consideration.

Electronic proposals may require uploading of electronic attachments. BidSync will accept a wide variety of document types as attachments. However, the State is unable to view certain documents. Therefore, **DO NOT submit** documents that are **embedded (zip files), movies, wmp, encrypted, or mp3 files**. All documents must be uploaded in BidSync as separate files.

Hard copy submission instructions: The preferred method of submitting your proposal is electronically through BidSync. However, proposals may be submitted in hard copy form in two distinct parts, technical and cost proposal, and shall be delivered at the same time. One (1) original and (8) copies of the technical proposal must be submitted and one (1) original Cost Proposal form must be received prior to deadline at the following address:

State of Utah Division of Purchasing
3150 State Office Building, Capitol Hill
Salt Lake City, Utah 84114-1061.

The outside cover of the package containing the technical proposal shall be clearly marked "Solicitation # BC16018 – Technical Proposal" and include the deadline. The outside cover of the cost proposal form shall be clearly marked "Solicitation #BC16018 – Cost Proposal", and include the closing time posted on Bidsync.

Please allow sufficient time for delivery of hardcopy proposals. Proposals sent overnight, but not received by the deadline time will not be accepted. When submitting a proposal by physical delivery (U.S. Mail, courier service, hand-delivery, or other physical means), Offerors are solely responsible for meeting the deadline. Delays caused by a delivery service or other physical means will not be considered as an acceptable reason for a proposal being late. All proposals received by physical delivery will be date and time stamped by the State.

If discrepancies are found between the copies, or between the original and copy or copies, the original "MASTER" will provide for the basis for resolving discrepancies. If one document is not clearly marked "MASTER," the Lead State reserves the right to use the original as the Master. If no document can be identified as an original, Offeror's Proposal may be rejected at the discretion of

the Lead State. An Offeror shall also submit on a CD ROM or USB flash drive one electronic copy of its Proposal in MS Word 2003 or higher format.

An Offeror shall submit its Proposal Pricing in a separate, sealed envelope, labeled accordingly and placed in sealed carton(s) or package(s) as described above. Prices must be submitted on a pricing matrix (Attachment D). Offerors shall submit their prices in both hard copy and electronic form using Microsoft Excel on a CD-ROM or USB flash drive. **Do not include Proposal Pricing Page on the same CD-ROM or USB flash drive as the technical proposal.**

Offerors are solely responsible for ensuring that their Proposals are received by the Lead State in accordance with these solicitation requirements, before the Closing Date and Time, and at the place specified on the cover sheet of this RFP. The Lead State shall not be responsible for any delays in mail or by common carriers or by transmission errors or delays or mistaken delivery. Proposal deliveries made to another location other than to the address identified on the cover sheet of this RFP will be considered non-responsive unless re-delivery is made to the address identified on the cover sheet of this RFP before the Closing Date and Time. **Proposals may NOT be submitted by facsimile.**

2.11 Required Format

All Proposals must be submitted in the following format. Detailed information on submitting each of these sections is contained later sections of this RFP.

1. **RFP Form.** The Lead State's Request for Proposal form completed and signed.
2. **Executive Summary.** The one or two page executive summary is to briefly describe the Offeror's Proposal. This summary should highlight the major features of the Proposal. It must indicate any requirements that cannot be met by the Offeror. The Lead State should be able to determine the essence of the Proposal by reading the executive summary.
3. **Confidential, Protected or Proprietary Information.** All protected/proprietary information must be identified in this section of the proposal by completing the Claim of Business Confidentiality referenced in Section 2.13.

If the Offeror's proposal contains protected/proprietary information (refer back to the Protected Information section of this RFP for additional information), then Offeror must submit a redacted copy of the proposal at the same time Offeror submits its proposal. The redacted copy of the Offeror's proposal must be submitted in compliance with other sections of this RFP.

If there is no protected information, write "None" in this section.

Failure to comply with this Section and Section 2.13 of this RFP releases the State from any obligation or liability arising from the inadvertent release of Offeror information.

4. **Potential Conflicts of Interest.** Offeror must identify any conflict, or potential conflict of interest, that might arise during the contract. If no conflicts are identified or expected, write "None" in this section.
5. **Exceptions and/or Additions to the Standard Terms and Conditions.** Proposed exceptions and/or additions to the Standard Terms and Conditions **must** be submitted in this section. Offeror must provide all proposed exceptions and/or additions, including an Offeror's terms and conditions in Microsoft Word format for redline editing. Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in terms and conditions negotiations

If there are no exceptions or additions to the Standard Terms and Conditions, write "None" in this section.

6. **Mandatory Requirements.** As described in Section 4.1, Offeror must provide the required narratives that demonstrate compliance with the stated Mandatory Minimum Requirements/Qualifications. Offeror's failure to meet any one of the mandatory requirements will result in the proposal being classified as non-responsive and will be rejected under the provisions of the Utah Procurement Code.
7. **Technical Response.** As described in Section 4.5, this section should constitute the major portion of the proposal and must be a concise overview of the Offeror's assessment of the work to be performed, the Offeror's ability and approach, and the resources necessary to fulfill the requirements. This section should demonstrate the Offeror's understanding of the desired overall performance expectations, deliverables, if any, and outcomes. Clearly indicate any options or alternatives proposed. In any case wherein the Offeror cannot comply with an evaluation criterion outlined in Section 4.5, such inability must be stated in response to the applicable requirement. Offerors should reference the Scope of Work in Section 4.5 in their response.

For ease of evaluation, the Detailed Technical Proposal Section must be a point-by-point response, addressing in detail each area of the evaluation criteria. Proposals will be evaluated against the proposal evaluation criteria described in Section 4.5 of this evaluation. Section 4.5 provides the relative weight that will be given to each score for the criteria, and the minimum scoring thresholds associated with the technical evaluation criteria.

8. **Cost Proposal.** Cost will be evaluated independently from the technical proposal. Please enumerate all costs on the attached Cost Proposal Form.

Cost will be evaluated independently from the Detailed Technical Proposal and must be submitted separately from the Detailed Technical Proposal. Inclusion of any cost or pricing data within the Detailed Technical Proposal will result in the proposal being judged as non-responsive for violation of UCA § 63G-6a-707(5).

2.12. Ownership or Disposition of Proposals and other Materials submitted

The Lead State will maintain ownership of proposals for the length of seven (7) years after the project is completed and warranties expire per the Lead State's general records retention schedule, and then destroyed.

2.13. Confidential or Proprietary Information

Confidential Information

Offerors should be aware that marking any portion of a Proposal as “confidential”, “proprietary” or “trade secret” may exclude it from evaluation or consideration for award. In the event that a limited amount of confidential and proprietary information is deemed necessary by the Offeror to respond to solicitation, any such information must be included in a separate section of the Offeror's proposal response clearly marked as “CONFIDENTIAL AND PROPRIETARY INFORMATION”. Do not incorporate confidential and proprietary information throughout the proposal response. Rather, provide a reference in the proposal response directing the reader to the CONFIDENTIAL AND PROPRIETARY INFORMATION section. Elements of the proposal that define the contractual requirements, such as approaches to the statement of work, prices, and schedule, may not be marked as confidential and proprietary. Proposals not complying with these instructions for identification and segregation of confidential and proprietary information may be rejected.

Information included in the CONFIDENTIAL AND PROPRIETARY INFORMATION section of an Offeror's proposal is not automatically accepted and protected. All information identified in the CONFIDENTIAL AND PROPRIETARY INFORMATION section will be subject to review by the Lead State in accordance with the procedures prescribed by the Lead State's open records statute, freedom of information act, or similar law.

Process for Requesting Non-Disclosure

Any Offeror requesting that a record be protected shall include with the proposal a Claim of Business Confidentiality. To protect information under a Claim of Business Confidentiality, the Offeror must complete the Claim of Business Confidentiality form with the following information:

1. Provide a written Claim of Business Confidentiality *at the time the information (proposal) is provided to the state*, and
2. Include a concise statement of reasons supporting the claim of business confidentiality (UCA § 63G-2-309(1)).
3. Submit an electronic “redacted” (excluding protected information) copy of the proposal. Copy must clearly be marked “Redacted Version.”

The Claim of Business Confidentiality form may be accessed at:

<http://www.purchasing.utah.gov/contract/documents/confidentialityclaimform.doc>

An entire proposal cannot be identified as “PROTECTED”, “CONFIDENTIAL” or “PROPRIETARY”, and if so identified, shall be considered non-responsive unless the Offeror removes the designation.

Redacted Copy: If an Offeror submits a proposal that contains information claimed to be business confidential or protected information, the Offeror must submit two separate proposals: one redacted version for public release, with all protected business confidential information either blacked-out or removed, clearly marked as "Redacted Version"; and one non-redacted version for evaluation purposes, clearly marked as "Protected Business Confidential."

2.14. Offeror Exceptions to Terms and Conditions

The Lead State discourages exceptions to contract terms and conditions in the RFP, attached Participating Entity terms and conditions (if any), and the NASPO ValuePoint Master Agreement Terms and Conditions. Exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Lead State (and its evaluation team), the proposal appears to be conditioned on the exception or correction of what is deemed to be a deficiency or unacceptable exception would require a substantial proposal rewrite to correct.

Offerors should identify or seek to clarify any problems with contract language or any other document contained within this RFP through their written inquiries about the RFP using the process in Section 2.1.

Offerors requesting exceptions and/or additions to the Standard Terms and Conditions must be submitted with the proposal. Exceptions and/or additions submitted after the date and time for receipt of proposals will not be considered. Offerors may not submit requests for exceptions and/or additions by reference to a vendor's website or URL. URLs provided with a proposal may result in that proposal being rejected as non-responsive.

Moreover, Offerors are cautioned that award may be made on receipt of initial proposals without clarification or an opportunity for discussion, and the nature of exceptions would be evaluated. Further, the nature of exceptions will be considered in the competitive range determination if one is conducted. In the sole discretion of the Lead State, Exceptions may be evaluated to determine the extent to which the alternative language or approach poses unreasonable, additional risk to the state, is judged to inhibit achieving the objectives of the RFP, or whose ambiguity makes evaluation difficult and a fair resolution (available to all offerors) impractical given the timeframe for the RFP. Exceptions may result in a Proposal being rejected as nonresponsive and the Lead State is under no obligation to consider exceptions.

In a multiple award, the Lead State reserves the right to negotiate exceptions and/or

additions to terms and conditions in a manner resulting in expeditious resolutions. This process may include beginning negotiations with the Offeror having the least amount of exceptions and/or additions and concluding with the Offeror submitting the greatest number of exceptions and/or additions. Contracts may be executed and become effective as negotiations are completed.

If negotiations are required, Offeror must provide all documents in Microsoft Word format for redline editing. Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in legal negotiations.

2.15 Certification of Non-Debarment

The Offeror certifies that neither the Offeror nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (Master Agreement) by any governmental department or agency. If the Offeror cannot certify this statement, attach a written explanation for review by the Lead State.

Section 3: Evaluation and Award

3.1. Right to Waive Minor Irregularities

The Lead State in its sole discretion reserves the right to waive minor irregularities in the Proposal, which include but are not limited to corrections of deficiencies or clarification of ambiguities that in the judgment of the Lead State do not require a comprehensive proposal rewrite. The Lead State also reserves the right in its sole discretion to waive certain mandatory requirements provided that all of the otherwise responsive proposals fail to meet the same mandatory requirements and the failure to do so does not materially affect the procurement.

3.2 Discussions with Offerors

In the initial phase of the evaluation process, the Lead State will review all proposals timely received. Unacceptable proposals (non-responsive proposals not conforming to RFP requirements) will be eliminated from further consideration.

The Lead State reserves the right to award on receipt of initial proposals without an opportunity for discussion or proposal revision, so Offerors are encouraged to submit their most favorable proposal at the time established for receipt of proposals. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of proposals. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing Offerors.

3.3. Award of Master Agreement(s)

Award shall be made to the offeror(s) whose proposal is the most advantageous to the State of Utah and NASPO ValuePoint, taking into consideration price and the other evaluation factors set forth in this request for proposals.

Subject to UCA § 63G-6a-1204.5, the Lead State has determined to enter into multiple award contracts. In order to be eligible for a contract award under this RFP a proposal must have a combined total score, of technical points and cost points, of at least 600.

All Offerors whose proposals meet or exceed this combined total threshold are determined to provide the best value for the procurement item for the eligible users using the awarded contracts.

All Offerors should note that UCA § 63G-6a-402(6) requires the issuing procurement unit, for the duration of any contract awarded through this RFP, to make available contact information of the winning contractor to the Department of Workforce Services in accordance with UCA § 35A-2-203 . This requirement does not preclude the winning contractor from advertising job openings in other forums throughout the state.

*Ratio Calculation: Points assigned to each Offerors cost proposal will be based on the lowest proposal cost. The Offeror with the lowest Proposed cost will receive 100% of the cost points. All other Offerors will receive a portion of the total cost points based on what percentage higher their Proposed Cost is than the Lowest Proposed Cost. Offeror's whose Proposed Cost is more than double (200%) the Lowest Proposed Cost will receive no points. The Lead State will address all timely submitted protests that are in accordance with their statutes, regulations and rules within a reasonable time following the Lead State's receipt of the protest and the Lead State will issue a written decision to the Offeror who

submitted the protest. Protests that do not include the information required by the Lead State's statutes, regulations and rules may be rejected by Lead State. Lead State will receive protests in the following forms:

Emailed protests with attached letterhead submitted to the Single Point of Contact identified in Section 1.2 of this RFP.

3.7. Post Award Formalization of the Master Agreement

The Lead State reserves the right during contract negotiation of the Master Agreement to adjust terms and conditions that would not (in the Lead State's judgment) have a material effect on price, schedule, scope of work, or risk to the Lead State and Participating States, with materiality defined in terms of the effect on the evaluation and award. The Lead State reserves the right to accept contract or pricing changes that are more favorable to the Lead State.

If no Master Agreement is reached with the apparent awardee, the Lead State may negotiate with other Offerors or elect to make no award under this RFP.

*Ratio Calculation: Points assigned to each Offerors cost proposal will be based on the lowest proposal cost. The Offeror with the lowest proposed cost will receive 100% of the cost points. All other Offerors will receive a portion of the total cost points based on what percentage higher their Proposed Cost is than the Lowest Proposed Cost. BC16018--01-01 - NASPO Small Package Delivery

Question 1

Hi Brad

Since we are a federal entity, we cannot agree to many of the state terms and conditions, but we would like to bid outside of the process. How can we place our price bid without agreeing to the terms? (Submitted: Apr 26, 2016 8:06:10 AM MDT)

Answer

- Exceptions to the terms and conditions are permitted, however, offerors must follow the instructions set forth in Section 2.14 of the RFP. For convenience Section 2.14 is provided below:

2.14. Offeror Exceptions to Terms and Conditions

The Lead State discourages exceptions to contract terms and conditions in the RFP, attached Participating Entity terms and conditions (if any), and the NASPO ValuePoint Master Agreement Terms and Conditions. Exceptions may cause a proposal to be rejected as nonresponsive when, in the sole judgment of the Lead State (and its evaluation team), the proposal appears to be conditioned on the exception or correction of what is deemed to be a deficiency or unacceptable exception would require a substantial proposal rewrite to correct.

Offerors should identify or seek to clarify any problems with contract language or any other document contained within this RFP through their written inquiries about the RFP using the process in Section 2.1.

Offerors requesting exceptions and/or additions to the Standard Terms and Conditions must be submitted with the proposal. Exceptions and/or additions submitted after the date and time for receipt of proposals will not be considered. Offerors may not submit requests for exceptions and/or additions by reference to a vendor's website or URL. URLs provided with a proposal may result in that proposal being rejected as non-responsive.

Moreover, Offerors are cautioned that award may be made on receipt of initial proposals without clarification or an opportunity for discussion, and the nature of exceptions would be evaluated. Further, the nature of exceptions will be considered in the competitive range determination if one is conducted. In the sole discretion of the Lead State, Exceptions may be evaluated to determine the extent to which the alternative language or approach poses unreasonable, additional risk to the state, is judged to inhibit achieving the objectives of the RFP, or whose ambiguity makes evaluation difficult and a fair resolution (available to all offerors) impractical given the timeframe for the RFP. Exceptions may result in a Proposal being rejected as nonresponsive and the Lead State is under no obligation to consider exceptions.

In a multiple award, the Lead State reserves the right to negotiate exceptions and/or additions to terms and conditions in a manner resulting in expeditious resolutions. This process may include beginning negotiations with the Offeror having the least amount of exceptions and/or additions and concluding with the Offeror submitting the greatest number of exceptions and/or additions. Contracts may be executed and become effective as negotiations are completed.

If negotiations are required, Offeror must provide all documents in Microsoft Word format for redline editing. Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in legal negotiations. (Answered: Apr 27, 2016 5:11:33 PM MDT)
