On written agreement with the agency, the agency shall waive rights to future claims to correct the same defect in exchange for a reduction in price.

## **24. INSTALLATION**

If the ordering agency requires installation of the equipment, the agency should negotiate an installation price with the awarded supplier and add it to the purchase order as a separate line item. If installation is required, certain statutory provisions (as outlined in item 26. below) may be required based upon the total cost of the equipment, the type of equipment, and type of installation.

## **25. MINIMUM WAGE RATES**

Contractor and agencies should be aware certain aspects of work performed under this contract may fall under the State of Delaware Minimum Wage Rates or the Delaware Prevailing Wage rates. Prior to issuing a purchase order, the ordering agencies must obtain from the Department of Labor a determination if prevailing wage applies to the project and, if appropriate, what the applicable prevailing wage rates would be for the work to be performed. No work shall proceed without a determination by the Department of Labor.

Request for prevailing wage certification can be found at:

<http://www.delawareworks.com/industrialaffairs/services/LaborLawEnforcementInfo.shtml#pw1>.

The prevailing wage law, 29 Del.C. §6960, is enforced by the Department of Labor and states that the specifications for every contract or aggregate of contracts relating to a public works project in excess of \$100,000 for new construction (including painting and decorating) or \$15,000 for alteration, repair, renovation, rehabilitation, demolition or reconstruction (including painting and decorating of building or works) to which this State or any subdivision thereof is a party and for which the State appropriated any part of the funds and which requires or involves the employment of mechanics and/or laborers shall contain a provision stating the minimum wages to be paid various classes of laborers and mechanics which shall be based upon the wages that will be determined by the Delaware Department of Labor, Division of Industrial Affairs, to be prevailing in the county in which the work is to be performed.
