I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals for Kitchen Equipment Preventative Maintenance & Repair Services.

It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract to provide Kitchen Equipment Preventative Maintenance & Repair Services.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

STATE OF DELAWARE

Government Support Services

3. MANDATORY USE CONTRACT

REF: Title 29, Chapter 6911(d) Delaware Code. All Covered Agencies as defined in 29 Del. C. §6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. §6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

4. COOPERATIVE USE OF AWARD

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).

5. MULTIPLE SOURCE AWARD

The Agency reserves the right to award this contract to more than one vendor pursuant to 29 Del.C. §6926. Government Support Services reserves the right to reject any or all bids in whole or in part, to make multiple awards, partial awards, award by types, item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

6. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

7. CONTRACT PERIOD

Each Vendor's contract shall be valid for a one (1) year from December 1, 2018 through November 30, 2019. Each contract may be renewed for three (3) one (1) year periods through negotiation between the Vendor and Government Support Services. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

It is the applicant's responsibility to select the appropriate 1099 Withholding Type and Class. If incorporated, a business is not subject to 1099 reporting unless the business is providing legal or medical services.

Z. CONFIDENTIALITY

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor's proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor's information to a competing vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, [29 Del. C. § 10001, et seq.](#) ("FOIA"). FOIA requires that the State of Delaware's records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected vendor proposals will likely become subject to FOIA's public disclosure obligations.

The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community's desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as "confidential business information"). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor's confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor's confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled "Confidential Business Information" and include the specific RFP number. The envelope must contain a letter from the Vendor's legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not "public record" as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor's allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State's absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

AA. PRICE NOT CONFIDENTIAL

Vendors shall be advised that as a publically bid contract, no Vendor shall retain the right to declare their pricing confidential.

The State of Delaware is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 Del. C. Ch. 100. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

In all cases, the state may require the submission of written specifications and/or product samples for evaluation prior to any approvals being granted.

If a substitution is granted by the state, the Vendor must update its core list and maintain said list in a timely manner.

44. VENDOR BACKGROUND CHECK REQUIREMENTS

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State's on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at:
<https://sexoffender.dsp.delaware.gov/>

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee's service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency's decision to allow or deny access to any individual identified on a registry database is final and at the Agency's sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency's contract.

- a. Termination for Cause:** If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner his obligations, or if the Vendor violates any of the covenants, agreements, or stipulations of this contract, the Agency shall have the right to terminate the P.O. by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor in the performance of the P.O. shall, at the option of the Agency, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the Agency.

Office of Management and Budget
Government Support Services

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor's method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State's termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor's proposed action plan and proceed with the original contract cancellation timeline.

- b. Termination for Convenience:** The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.
- c. Termination for Non-Appropriations:** In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

51. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. A separate purchase order shall be issued for every project or order.

55. ASSIGNMENT OF ANTITRUST CLAIMS

As consideration for the award and execution of this contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this contract. 56. TESTING AND INSPECTION

The State of Delaware reserves the right to conduct any test or inspection it may deem necessary to insure equipment, materials and services conform to contract requirements.

57. COVENANT AGAINST CONTINGENT FEES

The Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. 60. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to preserve and make available to the State, upon request, such records for a period of five (5) years from the date services were rendered by the Vendor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Vendor agrees to make such records available for inspection, audit, or reproduction to any official State representative in the performance of their duties under the Contract. - b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.
- c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.
- d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.
- e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible.

A. SCOPE OF WORK

Provide Preventative Maintenance and additional repair services on all equipment items as listed in Appendix E of this solicitation. Preventative Maintenance plus Repair services shall be defined as:

Providing all necessary labor, materials, supplies, including supervision that will allow for the successful bidder to maintain all covered equipment in prime operating condition, consistent with manufacturer's service recommendations. This includes repairing any failure of any magnitude, using Original Equipment Manufacturer (OEM) procedures and guidelines, OEM parts, and OEM recommended oils, seals, gaskets, supplies, etc. to have a single, responsible bidder capable of providing the services described within this agreement. It is not intended that this Preventative Maintenance plus Repair Service be subcontracted out to another vendor. **No mileage or vehicle charges will be permitted under this contract.**

NOTE: This contract does not cover the replacement and/or rebuild of any equipment. No refrigeration equipment is included in the scope of this contract.

1. PREVENTATIVE MAINTENANCE DEFINED

Providing all necessary labor, parts, materials, supplies, supervision, **and travel** that will allow for the successful bidder to perform regular, scheduled preventative and predictive maintenance tasks, utilizing equipment history, operating hours, and OEM requirements and procedures on a day-to-day basis. Minimum guidelines are provided in this document. **Preventative Maintenance shall be performed on a bi-annual (twice a year) basis. The "Preventative Maintenance required" section on the vendor proposal/price section is not all inclusive; vendor shall perform all preventative/maintenance services as standard preventative/maintenance services dictate.**

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

2. REPAIR SERVICE DEFINED

The successful bidder will not subcontract liabilities for equipment failures. Comprehensive routine maintenance should protect against most mechanical failures. Any failures that are covered within the scope of this agreement must be repaired without any delays. The covered equipment shall be returned to operational duty as quickly as good repair maintenance dictates. If so directed, around the clock service must be provided to return a failed piece of equipment to operating condition if it is of a critical nature. The Facility contact will determine "Critical Nature" of equipment. It is crucial to discuss this information with the Facility contact, Food Service Director or designee. The terms of this specification are for repair service of the listed equipment. Providing all necessary labor, materials, supplies, supervision, and travel. All repair visits will be properly and legibly documented to list all equipment serviced (to include serial number), deficiencies found, work performed, parts installed, number of technicians responding, travel time to the job site, and any other pertinent information. Documentation shall be provided to the Food Service or other designated Director. Compensation shall be limited to payment of the appropriate labor rate for time actually spent on the repairs and parts. Travel time/expenses are the responsibility of the successful bidder(s) and will not be reimbursed.

The successful bidder will be responsible for assigning a Work Order # to all repair requests and provide the requesting site with the Work Order #.

Repairs are to be complete during the initial response or within 5 days after the initial visit. Hours of access and operation at the agencies can be found in the Appendix E document. Vendors shall be available to respond to calls within these hours and will not charge fees in excess of their proposal price to respond after the vendor's normal working hours. Vendors will be required to respond on State Holidays or weekends.

The cost of unscheduled service at other than normal working hours shall be the responsibility of the facility; however, the contractor shall utilize the rate structure as bid on this contract. Expected response time for emergencies will be within 24 hours.

The contractor is to maintain an adequate inventory of necessary and customary parts in their service vehicles to make repairs at the initial visit in order to keep return visits to a minimum. Service vehicles are expected to ensure the vehicle is inventoried and a list is available upon request at all times when entering the prison locations.

3. AGREEMENT EXTRAS

Should inspection(s) indicate that repairs are necessary that are outside the scope of this agreement, the service contractor shall provide the agency in writing a composite price including labor, parts, material, and related expenses for these repairs. However, the agency may elect to solicit quotes from other vendors if deemed necessary. Should alterations, additions, adjustments or repairs be made by others to any part of the system(s) covered by this service agreement, the service contractor has the right to inspect such work as to having been performed in an acceptable manner to the service contractor prior to continuing the service agreement coverage. The service contractor will notify the agency in writing of such conditions which must be corrected prior to the service contractor's acceptance.

Before making any repairs, outside the Preventative Maintenance Scope, the successful bidder(s) must receive prior approval from the ordering agency. All repair service and parts charged against this contract must be verified and approved by the ordering agency. Invoices for repairs must include a breakdown of time (how many hours worked) and parts.

4. PARTS AVAILABILITY

The parts stock for all equipment covered herein shall be based on the equipment manufacturer's recommendations for: routine expendable parts, normal yearly replacement parts and multi-year replacement parts. The service contractor has the option of stocking locally or having access to immediate delivery parts for the purpose of providing unscheduled service parts on an emergency basis. In either case, the service contractor is expected to have emergency parts availability at no additional cost to the customer in a reasonable length of time (24 hours) to minimize equipment down time.

5. EQUIPMENT

A list of all kitchen equipment to be covered under this contract can be found in Appendix E. The successful bidder(s) will be responsible for maintaining the entire piece of equipment. The State reserves the right to add or delete locations and/or equipment and adjust equipment coverage, as needed. Not all covered equipment will require PM coverage. Refer to the equipment list for specifics. Vendor is to designate a single point of contact for handling equipment coverage updates. This is to include, but not limited to: quote requests for PM coverage, adding new locations or Agencies to the contract for PM, Repair, or PM and Repair coverage, removing obsolete equipment from the contract, and changing coverage of equipment (i.e. from PM & repair to repair only).

6. PARTS REPLACEMENT/ REPAIRS

The vendor shall replace worn, failed or doubtful components and parts. Replacements shall be made with original manufacturer controls, or equivalent if original manufacturer parts are unavailable in order to maintain system integrity. Replacement parts in excess of \$400.00 will not be included as part of the agreement. No billable parts will be replaced without authorization from the Facility Contact

STATE OF DELAWARE
Office of Management and Budget
Government Support Services

Vendor shall not make replacements or repairs necessitated by reason of neglect or misuse of equipment by other than the contractor or by reason of any other cause beyond their control except ordinary wear and tear. In the event of suspected negligence, necessary repairs will be made on a time and material basis at prevailing labor rates. The Vendor and the Facility Contact will jointly determine negligence.

Should inspection(s) indicate that repairs are necessary that are outside the scope of this agreement, the service vendor shall provide the facility in writing with a composite price including labor, parts, material, and related expenses for these repairs. However, the facility may elect to procure prices from others if deemed necessary. Should alterations, additions, adjustments or repairs be made by others to any equipment covered by this service agreement, the vendor has the right to inspect such work as to having been performed in an acceptable manner to the vendor prior to continuing the service agreement coverage for that particular equipment. The vendor will notify facility in writing of such conditions, which must be corrected prior to the vendor's acceptance.

Any service of equipment not included on contract will be billed at the Standard Hourly Labor Rate as bid by the vendor for this contract.

G. SPECIAL REPORTS

The vendor shall maintain a record of all maintenance service and repairs relating to the equipment included in this agreement. Written reports are to be turned in to the Facility Contact upon completion of each inspection. If a problem is found that has the potential to be a major problem, or if it may be the cause for shutdown repairs, then this problem must be directly brought to the attention of the Facility Contact person so that a plan of action can be formulated for the timeliest repair to the equipment.

Submit written service reports with invoices to document hours of work and labor and parts.

H. WARRANTY

The vendor guarantees that all service and repairs provided under this agreement shall be performed in a professional manner. Any claim for defective workmanship must be provided to the vendor by written notice prior to the termination date of this agreement upon which vendor agrees to remedy and redo any such service(s) in a timely manner without cost to the facility.

The vendor also warrants against defects in materials, workmanship of all the vendor part(s) or component(s) supplied hereunder for the manufacturer's warranty period. If any parts(s) or component(s) should provide defective during the aforementioned warranty period, the vendor will at its option, repair or replace any such items provided they were not damaged, abused, or affected by chemical properties. This warranty is in lieu of all other warranties, express, implied or statutory, including the implied warranties of merchantability and fitness for a particular purpose. The vendor's obligation to repair, replace, or perform a service, on any defective part(s), component(s) or service shall be facility's exclusive remedy under this agreement.

Part(s), component(s) or services furnished by the vendor carry the same guarantee to the facility as the vendor receives. If the facility requests parts of services not included in this agreement, it is agreed that all requested part(s), component(s) or services supplied by the vendor will be accepted subject to the vendor's conditions of sale issued with each order

The correctional facility has issued regulations to be observed by all contractors, their subcontractors (if any) and employees and other firms providing services for or otherwise assigned to or working on the project in order to minimize disruption to prison operations, maintain security and facilitate the construction process. The contractor shall comply with all such regulations and consider the regulations when preparing his/her bid.

2. WORKING AT A DEPARTMENT OF CORRECTION FACILITY

- a. In order for the Department of Correction (DOC) to ensure security on the job site, the prime contractor shall submit a list of all proposed workers who will be working on the site to the DOC including name, social security number, age, sex, race and date of birth. This list shall include all sub-contractors (if any) and any vendors requiring access to the secure perimeter of the facility.
- b. Workmen will not be permitted on the campus without approval.
- c. All tools, equipment, supplies, etc., shall be removed from the compound building daily.

- i. Contractors are requested to notify the Director of Custody of Operations upon the termination of worker's services in order that the identification card on file can be pulled and rendered inactive.
- j. Completion of Security Clearance Application is required for all employees (see Appendix C attachment).
