Section 1: NASPO ValuePoint Solicitation - General Information

1.1. Purpose

The State of Utah Division of Purchasing and General Services ("Lead State") is requesting proposals for Next Generation Cellular Services in furtherance of the NASPO ValuePoint Cooperative Purchasing Program. The purpose of this Request for Proposal (RFP) is to establish Master Agreements with qualified Offerors to provide Cellular Voice, Data and Accessories for all Participating States. The objective of this RFP is to obtain best value, and in some cases achieve more favorable pricing, than is obtainable by an individual state or local government entity because of the collective volume of potential purchases by numerous state and local government entities. The Master Agreement(s) resulting from this procurement may be used by state governments (including departments, agencies, institutions), institutions of higher education, political subdivisions (i.e., colleges, school districts, counties, cities, etc.), the District of Columbia, territories of the United States, and other eligible entities subject to approval of the individual chief procurement official and compliance with local statutory and regulatory provisions. The initial term of the master agreement shall be 5 (Five) years with renewal provisions for an additional 5 (Five) as outlined in Section 3 of the NASPO ValuePoint Master Terms and conditions (Attachment A).

It is anticipated that this RFP may result in Master Agreement awards to multiple contractors.

This RFP is designed to provide interested Offerors with sufficient information to submit proposals meeting minimum requirements, but is not intended to limit a proposal's content or exclude any relevant or essential data. Offerors are encouraged to expand upon the specifications to add service and value consistent with state requirements.

This will be a replacement for expiring contracts, Master Agreement # 1907 for the State of Nevada and NASPO ValuePoint.

This procurement shall be governed by the regulations and laws of the Lead State. Venue for any administrative or judicial action relating to this procurement, evaluation, and award shall be in Utah. 2.7 Firm Offers

Responses to this RFP, including proposed costs, will be considered firm for (90) days after the proposal due date.

2.8 Right to Accept All or Portion of Proposal

Unless otherwise specified in the solicitation, the Lead State may accept any item or combination of items as specified in the solicitation or of any proposal unless the Offeror expressly restricts an item or combination of items in its Proposal and conditions its response on receiving all items for which it provided a proposal. In the event that the Offeror so restricts its Proposal, the Lead State may consider the Offeror’s restriction and evaluate whether the award on such basis will result in the best value to the Lead State and the NASPO ValuePoint Cooperative Purchasing Program. The Lead State may otherwise determine at its sole discretion that such restriction is non-responsive and renders the Offeror ineligible for further evaluation.
2.9 Proposal Content and Format Requirements

Proposals must be detailed and concise. Each Proposal must be labeled and organized in a manner that is congruent with the requirements and terminology used in this RFP and must include a point by point response, structured in form and reference to the RFP, addressing all requirements and the Scope of Work elements.

2.10 Proposal Submission Instructions

The State of Utah has partnered with SciQuest to distribute and receive bids and proposals. SciQuest is an online bidding service designed to streamline the bidding process for buyers and suppliers. In order to access the State of Utah's bids online, you will need to register as a vendor on the SciQuest Utah Supplier Portal:

Proposals must be received electronically by the posted Closing date and time. Proposals received after the deadline will be late and rejected.

Electronically submitted proposals must be submitted through the Utah Public Procurement Place (SciQuest), at the above web address.

Electronic proposals may require uploading of electronic attachments. SciQuest will accept a wide variety of document types as attachments. However, the State is unable to view certain attachments. Therefore, DO NOT submit attachments that are movies, wmp, encrypted, or mp3 files. All attachments must be uploaded in SciQuest as separate files. All attachments shall be submitted in a format acceptable to the Lead State. Acceptable formats include .doc (Microsoft Word document), .xls (Microsoft Excel spreadsheet), and .pdf (Adobe Acrobat portable document format). There is no requirement for minimum number of files, however please keep each individual file under 25 MB in size.

Offerors are further advised to upload response materials with descriptive file names, organized and consolidated in a manner which allows evaluators to efficiently navigate their response; as the Lead State will print uploaded documents for evaluation in the manner received via SciQuest.

2.11 Required Format

All Proposals must be submitted in the following format. Detailed information on submitting each of these sections is contained in later sections of this RFP.
1. **Executive Summary.** The one or two page executive summary is to briefly describe the Offeror's Proposal. This summary should highlight the major features of the Proposal. It must indicate any requirements that cannot be met by the Offeror. The Lead State should be able to determine the essence of the Proposal by reading the executive summary.

2. **Technical Response.** This section should constitute the Technical response of the proposal and must contain at least the following information:

   A. A complete narrative of the Offeror's assessment of the work to be performed, the Offeror's ability and approach, and the resources necessary to fulfill the requirements. This should demonstrate the Offeror's understanding of the desired overall performance expectations and clearly indicate any options or alternatives proposed.

   B. A specific point-by-point response, in the order listed, to each requirement in the RFP and scope of work.

3. **Confidential, Protected or Proprietary Information.** All confidential, protected or proprietary Information must be included in this section of proposal response. Do not incorporate protected information throughout the Proposal. Rather, provide a reference in the proposal response directing the Lead State to the specific area of this protected Information section.

4. **Cost Proposal.** Cost will be evaluated independently from the technical proposal. Please enumerate all costs on the attached Cost Proposal Form.

   The Cost Proposal is to be submitted as a separate document. Inclusion of any cost or pricing data within the technical proposal may result in the Proposal being deemed non-responsive.

2.12 **Confidential or Proprietary Information**

   The Government Records Access and Management Act (GRAMA), UCA § 63G-2-305, provides in part that:

   the following records are protected if properly classified by a government entity:
   (1) trade secrets as defined in Section 13-24-2, the Utah Uniform Trade Secrets Act, if the person submitting the trade secret has provided the governmental entity with the information specified in UCA § 63G-2-309 (Business Confidentiality Claims);
   (2) commercial information or non-individual financial information obtained from a person if:
   (a) disclosure of the information could reasonably be expected to result in unfair competitive injury to the person submitting the information or would impair the ability of the governmental entity to obtain necessary information in the future;
   (b) the person submitting the information has a greater interest in prohibiting access than the public in obtaining access; and
(c) the person submitting the information has provided the governmental entity with the information specified in UCA § 63G-2-309;

* * * * *

(6) records, the disclosure of which would impair governmental procurement proceeding or give an unfair advantage to any person proposing to enter into a contract or agreement with a governmental entity, except, subject to Subsections (1) and (2), that this Subsection (6) does not restrict the right of a person to have access to, after the contract or grant has been awarded and signed by all parties, ...

Pricing may not be classified as confidential or protected and will be considered public information after award of the contract.

Process for Requesting Non-Disclosure: Any Offeror requesting that a record be protected shall include with the proposal a Claim of Business Confidentiality. To protect information under a Claim of Business Confidentiality, the Offeror must complete the Claim of Business Confidentiality form with the following information:

1. Provide a written Claim of Business Confidentiality at the time the information (proposal) is provided to the state, and

2. Include a concise statement of reasons supporting the claim of business confidentiality (UCA § 63G-2-309(1)).

3. Submit an electronic “redacted” (excluding protected information) copy of the record. The redacted copy must clearly be marked “Redacted Version.”

The Claim of Business Confidentiality Form may be accessed at:

An entire proposal cannot be identified as “PROTECTED”, “CONFIDENTIAL” or “PROPRIETARY”, and if so identified, shall be considered non-responsive unless the Offeror removes the designation.

Redacted Copy: If an Offeror submits a proposal that contains information claimed to be business confidential or protected information, the Offeror must submit two separate proposals: one redacted version for public release, with all protected business confidential information either blacked-out or removed, clearly marked as "Redacted Version"; and one non-redacted version for evaluation purposes, clearly marked as "Protected Business Confidential."

The Lead State and NASPO ValuePoint are not liable or responsible for the disclosure of any confidential or proprietary information if the Offeror fails to follow the instructions of this section.
2.13 Offeror Exceptions to Terms and Conditions

Any contract resulting from this RFP will include the NASPO ValuePoint Master Agreement Terms and Conditions (Master Agreement Terms and Conditions), Attachment A, including Exhibits to Attachment A.

Exceptions and/or additions to the Master Agreement Terms and Conditions and other requirements of this RFP are strongly discouraged. Any exception and/or addition regarding the Master Agreement Terms and Conditions must be made in the Offeror’s proposal. The Lead State will not consider proposed modifications and/or additions to the Master Agreement Terms and Conditions after the deadline for proposals. Exceptions and/or additions regarding the Master Agreement Terms and Conditions or other RFP provisions must contain the following:

1. The rationale for the specific requirement being unacceptable to the Offeror submitting the exception and/or addition;
2. Recommended verbiage for the Lead State’s consideration that is consistent in content, context, and form with the Master Agreement Terms and Conditions;
3. Explanation of how the Lead State’s acceptance of the recommended verbiage is fair and equitable to both the Lead State, the Participating Entities, and to the Offeror submitting the modification and/or exception.

Offerors may not submit requests for exceptions and/or additions by reference to an Offeror's website or URL. URLs provided with a proposal may result in that proposal being rejected as non-responsive. Offerors may submit questions during the Q&A period regarding the Master Agreement Terms and Conditions.

The Lead State may refuse to negotiate exceptions and/or additions that are determined to be excessive; that are inconsistent with similar contracts; and to warranties, insurance, or indemnification provisions that are necessary to protect the procurement unit after consultation with the Attorney General's Office or other applicable legal counsel, including a Participating Entity.

For the RFP, the Lead State reserves the right to negotiate exceptions and/or additions to terms and conditions in a manner resulting in expeditious resolutions. This process may include beginning negotiations with the qualified Offeror having the least amount of exceptions and/or additions and concluding with the Offeror submitting the greatest number of exceptions and/or additions. Contracts may be executed and become effective as negotiations are completed; however, all of the resulting Master Agreement(s) will terminate on the same date.

If negotiations are required, Offeror must provide all documents in Microsoft Word format for redline editing. Offeror must also provide the name, contact information, and access to the person(s) that will be directly involved in legal negotiations.

An award resulting from the RFP is subject to successful contract terms and conditions negotiation (if required). The Lead State, at its sole discretion, will determine when
contract terms and conditions negotiations become unproductive and will result in termination of award to that Offeror.

2.14 Certification of Non-Debarment

The Offeror certifies that neither the Offeror nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (Master Agreement) by any governmental department or agency. If the Offeror cannot certify this statement, attach a written explanation for review by the Lead State.
Section 3: Evaluation and Award

3.1 Right to Waive Minor Irregularities

The State of Utah Chief Procurement Officer reserves the right to waive minor informalities as well as minor deviations. The Lead State also reserves the right to seek clarification on any proposal response.

3.2 Discussions with Offerors – Oral Presentations

In the initial phase of the evaluation process, the Lead State will review all proposals timely received. Unacceptable proposals (non-responsive proposals not conforming to RFP requirements) will be eliminated from further consideration.

The Lead State reserves the right to award on receipt of initial proposals without an opportunity for discussion or proposal revision, so Offerors are encouraged to submit their most favorable proposal at the time established for receipt of proposals. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of proposals. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing Offerors.

3.3 Award of Master Agreement(s)

Award shall be made to the responsive responsible Offeror(s) whose proposal(s) receive the minimum point thresholds and provides a Cost Proposal form (Attachment C). The Lead State anticipates awarding multiple Master Agreements. The award of Master Agreement(s) will be made without regard to any preference for Utah suppliers. Participating Entities, including the State of Utah, may take local preferences into consideration when determining if they will enter into a Participating Addendum with a Contract Vendor to which a Master Agreement has been awarded.

3.4 Evaluation Process

In responding to this Solicitation, Offerors must identify and describe all of the Solutions that are contained in their proposals. There are 4 award categories. Offerors must indicate on Attachment W which categories their proposal covers.

3.4.1 Please see attachment B, Section 3 for all minimum mandatory, technical Scorable criteria and costsheet requirements for this solicitation.
3.5 Notice of Intent to Award

After final selections are made, the Lead State will issue an intent-to-award announcement by letter to all responsive Offerors.

3.6 Protest Process

Offerors are directed to Utah Code Part 16 and Utah Administrative Code Rule R16 available at:

3.7 Post Award Formalization of the Master Agreement

The Lead State reserves the right during contract negotiation of the Master Agreement to adjust terms and conditions that would not (in the Lead State’s judgment) have a material effect on price, schedule, scope of work, or risk to the Lead State and Participating States, with materiality defined in terms of the effect on the evaluation and award. The Lead State reserves the right to accept contract or pricing changes that are more favorable to the Lead State.

If no Master Agreement is reached with the apparent awardee, the Lead State may negotiate with other Offerors or elect to make no award under this RFP.

3.8 Publicizing Award(s)

The Lead State shall, on the next business day after the award of a contract(s) is announced, make available to each Offeror and to the public a written statement that includes:

(a) the name of the offeror to which the contract is awarded and the total score awarded by the evaluation committee to that offeror;
(b) the justification statement under UCA § 63G-6a-708, including any required cost-benefit analysis; and
(c) the total score awarded by the evaluation committee to each offeror to which the contract is not awarded, without identifying which offeror received which score.

Section 4: Mandatory and Technical Requirements
4.1 Minimum Mandatory Requirements

This section contains the minimum requirements that must be met in order to be considered for the evaluation phase. All of the items described in this section are non-negotiable. All Offerors must state willingness and demonstrate ability to satisfy these requirements in the proposal submitted for consideration.

Minimum Mandatory Requirements are found on Attachment D.

4.2 Technical Scoreable Criteria

This section contains the criteria which will be scored in the evaluation phase.

Technical Scoreable Criteria are found on Attachment E.

Administrative Requirements are:

4.3.1 NASPO ValuePoint Master Agreement Statement of Compliance

The NASPO ValuePoint Master Agreement(s) resulting from this RFP will constitute the final agreement except for negotiated terms and conditions specific to a Participating Entity’s Participating Addendum.

The Master Agreement will include, but not be limited to, the NASPO ValuePoint Standard Terms and Conditions in Attachment A and Lead State specific terms and conditions required to execute a master agreement, the scope of work (Attachment B) and selected portions of the Offeror’s Proposal.

The NASPO ValuePoint Master Agreement Terms and Conditions include program provisions governing participation in the cooperative, reporting and payment of administrative fees, and marketing/education relating to the NASPO ValuePoint Cooperative Procurement Program. Technical and management evaluation factors may include evaluation of: the likely effectiveness of the Offeror’s promotion of the Master Agreement; the Offeror’s understanding of and approach to administration of and reporting under the Master Agreement; the risk that Offeror’s contractual obligations to other procurement cooperatives’ may impede achievement of the objectives of the ValuePoint cooperative procurement program, in which case awards could be Lead-State-Only awards. (6) Contractor’s response to the Solicitation, as revised (if permitted) and accepted by the Lead State.

b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

2. Definitions

Acceptance is defined by the applicable commercial code, except Acceptance shall not occur before the completion of delivery in accordance with the Order, installation if required, and a reasonable time for inspection of the Product.

**NASPO ValuePoint Program Provisions**

3. **Term of the Master Agreement**

   a. The initial term of this Master Agreement is for Five (5) years. This Master Agreement may be extended beyond the original contract period for up to Five (5) additional years at the Lead State’s discretion and by mutual agreement and upon review of requirements of Participating Entities, current market conditions, and Contractor performance.

   b. The Master Agreement may be extended for a reasonable period of time in adherence to the Utah Procurement Code, if in the judgment of the Lead State a follow-on, competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

4. **Amendments**

   The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written agreement of the Lead State and Contractor.

5. **Participants and Scope**

   a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

   b. Use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual
state’s statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

c. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

e. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint Program requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; NASPO ValuePoint eMarketCenter; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

f. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the consent to participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

g. Resale. “Resale” means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the solicitation or Contractor’s proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales
of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity’s laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Administrative Fees

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of 0.25% on Corporate/Government Responsible (CRU) accounts and 0.10% on all Individual Responsible (IRU) accounts no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services for both Corporate/Government Responsible (CRU) and Individual Response (IRU) accounts under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

b. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 6a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

7. NASPO ValuePoint Summary and Detailed Usage Reports

In addition to other reports that may be required by this solicitation, the Contractor shall provide the following NASPO ValuePoint reports.

a. Summary Sales Data. The Contractor shall submit quarterly sales reports directly to NASPO ValuePoint using the NASPO ValuePoint Quarterly Sales/Administrative Fee Reporting Tool found at http://calculator.naspovaluepoint.org. Any/all sales made under this Master Agreement shall be reported as cumulative totals by state for Government Responsible accounts. A separate report shall be submitted and reported as cumulative totals by state for Individual Responsible (IRU) accounts. Even if Contractor experiences zero sales during a calendar quarter, a report is still required. Reports shall be due no later than thirty (30) days following the end of the calendar quarter (as specified in the reporting tool).

b. Detailed Sales Data. Contractor shall also report detailed sales data using the format provided in Attachments H, I, J and K. Reports are due on a quarterly basis and must be received by the Lead State and NASPO ValuePoint Cooperative Development Team no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to the
Lead State and to the NASPO ValuePoint Cooperative Development Team electronically through a designated portal, email, CD-ROM, flash drive or other method as determined by the Lead State and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under Participating Addenda executed under this Master Agreement.

c. Reportable sales for the summary sales data report and detailed sales data report includes sales to employees for personal use where authorized by the solicitation and the Participating Addendum. Report data for employees should be limited to ONLY the state and entity they are participating under the authority of (state and agency, city, county, school district, etc.) and the amount of sales. No personal identification numbers, e.g. names, addresses, social security numbers or any other numerical identifier, may be submitted with any report.

d. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator with an executive summary each quarter that includes, at a minimum, a list of states with an active Participating Addendum, states that Contractor is in negotiations with and any Participating Addendum roll out or implementation activities and issues. NASPO ValuePoint Cooperative Development Coordinator and Contractor will determine the format and content of the executive summary. The executive summary is due thirty (30) days after the conclusion of each calendar quarter.

e. Timely submission of these reports is a material requirement of the Master Agreement. The recipient of the reports shall have exclusive ownership of the media containing the reports. The Lead State and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy, and otherwise use reports, data and information provided under this section.

8. NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor’s contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the participating state. Plans will include time frames to launch the agreement and confirmation that the Contractor’s website has been updated to properly reflect the contract offer as available in the participating state.

c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for
possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.

c. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

d. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.

e. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to section 28, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if vendor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than one year after award (or execution if later) of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to section 28 or to terminate for default pursuant to section 30.

f. Contractor agrees, within 30 days of their effective date, to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in third-part contracts or agreements that may affect the promotion of this Master Agreements or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this master agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions.

9. NASPO ValuePoint eMarket Center

a. In July 2011, NASPO ValuePoint entered into a multi-year agreement with SciQuest, Inc. (doing business as JAGGAER) whereby JAGGAER will provide certain electronic catalog hosting and management services to enable eligible NASPO ValuePoint’s customers to access a central online website to view and/or shop the goods and services available from existing NASPO ValuePoint Cooperative Contracts. The central online website is referred to as the NASPO ValuePoint eMarket Center.

b. The Contractor will have visibility in the eMarket Center through Ordering Instructions. These Ordering Instructions are available at no cost to the Contractor and provide customers information regarding the Contractors website and ordering information. The Contractor is required at a minimum to participate in the eMarket Center through Ordering Instructions.

c. At a minimum, the Contractor agrees to the following timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin Ordering
Instruction process. The Contractor shall have thirty (30) days from receipt of written request to work with NASPO ValuePoint to provide any unique information and ordering instructions that the Contractor would like the customer to have.

10. Right to Publish

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint’s opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

11. Price and Rate Guarantee Period

All prices and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for price or rate adjustment must be for an equal guarantee period, and must be made at least (90 Days) days prior to the effective date. Requests for price or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to prices or rates will be allowed.

12. Individual Customers

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

Administration of Orders

13. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

b. Purchasing Entities may define entity or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an “as needed” basis. This procedure may also be used when requirements are aggregated or other firm
commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities’ rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.

d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.

e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.

f. All Orders pursuant to this Master Agreement, at a minimum, shall include:

   (1) The services or supplies being delivered;
   (2) The place and requested time of delivery;
   (3) A billing address;
   (4) The name, phone number, and address of the Purchasing Entity representative;
   (5) The price per hour or other pricing elements consistent with this Master Agreement and the contractor’s proposal;
   (6) A ceiling amount of the order for services being ordered; and
   (7) The Master Agreement identifier.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity’s purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of
indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

14. Shipping and Delivery

a. The prices are the delivered price to any Purchasing Entity. All deliveries shall be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor’s until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor’s warranty obligations. The minimum shipment amount, if any, will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

b. All deliveries will be “Inside Deliveries” as designated by a representative of the Purchasing Entity placing the Order. Inside Delivery refers to a delivery to other than a loading dock, front lobby, or reception area. Specific delivery instructions will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to immediately notify the Purchasing Entity placing the Order.

c. All products must be delivered in the manufacturer’s standard package. Costs shall include all packing and/or crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipping carton shall be marked with the commodity, brand, quantity, item code number and the Purchasing Entity’s Purchase Order number.

15. Laws and Regulations

Any and all Products offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

16. Inspection and Acceptance

a. Where the Master Agreement or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.

b. All Products are subject to inspection at reasonable times and places before Acceptance. Contractor shall provide right of access to the Lead State, or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance requirements under this Master Agreement. Products that do not meet specifications may be
rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantial impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.

c. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

d. The warranty period shall begin upon Acceptance.

e. Acceptance Testing may be explicitly set out in a Master Agreement to ensure conformance to an explicit standard of performance. Acceptance Testing means the process set forth in the Master Agreement for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. If Acceptance Testing is prescribed, this subsection applies to applicable Products purchased under this Master Agreement, including any additional, replacement, or substitute Product(s) and any Product(s) which are modified by or with the written approval of Contractor after Acceptance by the Purchasing Entity. The Acceptance Testing period shall be thirty (30) calendar days or other time period identified in this Master Agreement or the Participating Addendum, starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor. Contractor shall pay all costs related to the preparation and shipping of Product returned pursuant to the section. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. The warranty period shall begin upon Acceptance.

17. Payment

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per
month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law. Payments will be remitted by mail. Payments may be made via a State or political subdivision “Purchasing Card” with no additional charge.

18. Warranty

Warranty provisions govern where specified elsewhere in the documents that constitute the Master Agreement; otherwise this section governs. The Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Entity has relied on the Contractor’s skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects. Upon breach of the warranty, the Contractor will repair or replace (at no charge to the Purchasing Entity) the Product whose nonconformance is discovered and made known to the Contractor. If the repaired and/or replaced Product proves to be inadequate, or fails of its essential purpose, the Contractor will refund the full amount of any payments that have been made. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys’ fees and costs.

19. Title of Product

Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include an irrevocable and perpetual license to use any Embedded Software in the Product. If Purchasing Entity subsequently transfers title of the Product to another entity, Purchasing Entity shall have the right to transfer the license to use the Embedded Software with the transfer of Product title. A subsequent transfer of this software license shall be at no additional cost or charge to either Purchasing Entity or Purchasing Entity’s transferee.

20. License of Pre-Existing Intellectual Property

Contractor grants to the Purchasing Entity a nonexclusive, perpetual, royalty-free, irrevocable, license to use, publish, translate, reproduce, transfer with any sale of tangible media or Product, perform, display, and dispose of the Intellectual Property, and its derivatives, used or delivered under this Master Agreement, but not created under it (“Pre-existing Intellectual Property”). The Contractor shall be responsible for ensuring that this license is consistent with any third party rights in the Pre-existing Intellectual Property.
General Provisions

21. Insurance

a. Unless otherwise agreed in a Participating Addendum, Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in each Participating Entity’s state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best’s Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement’s termination or, at a Participating Entity’s option, result in termination of its Participating Addendum.

b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:

   (1) Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than $1 million per occurrence/$2 million general aggregate;

d. Prior to commencement of performance, Contractor shall provide to the Lead State a written endorsement to the Contractor’s general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating States identified in the Request for Proposal as additional insureds, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor’s liability insurance policy shall be primary, with any liability insurance of any Participating State as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities’ rights and Contractor’s obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.

e. Contractor shall furnish to the Lead State copies of certificates of all required insurance in a form sufficient to show required coverage within thirty (30) calendar days of the execution of this Master Agreement and prior to performing any work. Copies of renewal certificates of all required insurance shall be furnished within thirty (30) days after any renewal date to the applicable state Participating Entity. Failure to provide evidence of coverage may, at the sole
option of the Lead State, or any Participating Entity, result in this Master Agreement’s termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor’s liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

22. Records Administration and Audit

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and/or transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This solicitation will have no requirements related to Net Neutrality for the Master Agreements. It is anticipated, that this issue will be pertinent in the Participating Addendum process. Attachment P contains a description of each state’s net neutrality law, rule and policy available to the Lead State at the time of this posting. States have been given the opportunity to contribute to Attachment P to set expectation regarding net neutrality in the PA process. Potential participating entities will be made aware of this consideration by the Lead State in a reasonable fashion.

The Special Terms and Conditions modify the Uniform Terms and Conditions and its Appendices. It can modify them by replacing, deleting, appending to, or revising the text of an existing provision or by inserting a new paragraph into an existing article. No other document modifies or adds to the Uniform Terms and Conditions, except as may subsequently be otherwise and expressly agreed and incorporated by Contract Amendment.

1.0 Definition of Terms

As used in the Contract, the terms listed below are defined as follows:

1.1 Acceptance

“Acceptance” means the document headed “Offer and Acceptance Form” bearing the State contract number once Procurement Officer has signed it to signify (1) State’s formal acceptance of the Accepted Offer and (2) the formation of the Contract. For clarity of intent, the foregoing is not to be confused with the term “acceptance” used throughout the Contract in the context of delivery, inspection, etc., with respect to Materials or Services.

1.2 Accepted Offer

If State did not request a Revised Offer, then “Accepted Offer” means the Initial Offer.

If State did request a Revised Offer but not a Best and Final Offer, then “Accepted Offer” means the latest Revised Offer.

If State requested a Best and Final Offer, then “Accepted Offer” means the Best and Final Offer.

1.3 Arizona Procurement Code; A.R.S.; A.A.C.

“Arizona Procurement Code, “A.R.S.”, and “A.A.C.” are each defined in the Instructions to Offerors.

1.4 Arizona TPT

“Arizona TPT” means Arizona Transaction Privilege Tax. For information, refer to the Arizona Department of Revenue (DOR) website at: https://www.azdor.gov/business/transactionprivilegetax.aspx

1.5 Attachment

“Attachment” means any item that:

- the Solicitation required Offeror to submit as part of the relevant Offer (e.g., Initial Offer, Revised Offer, or BAFO);
- was attached to an Offer when submitted; and
- was included in the Accepted Offer.

1.6 Contract Amendment

“Contract Amendment” means a document signed by Procurement Officer that has been issued for the purpose of making changes to the Contract after execution. The term “Change Order” in ProcureAZ is to be construed as being synonymous with “Contract Amendment”.

1.7 Contract Terms and Conditions

“Contract Terms and Conditions” means the Special Terms and Conditions and these Uniform Terms and Conditions taken collectively.

1.8 Contractor

“Contractor” means the Person identified on the Accepted Offer who has entered into the Contract with State.

1.9 Contractor Indemnitor

“Contractor Indemnitor” means Contractor or any of its owners, officers, directors, agents, employees, or Subcontractors.

1.10 Co-op Buyer

“Co-Op Buyer” means a member of the State Purchasing Cooperative that has entered into a “Cooperative Purchasing Agreement” with the Arizona Department of Administration State Procurement Office under A.R.S. § 41-2632. Unless there is an applicable Cooperative Purchasing Agreement in effect at the time, a State Purchasing Cooperative member cannot be a Co-Op Buyer. For reference, “Co-Op Buyer” is to be construed as encompassing “eligible procurement unit” under A.A.C. R2-7-101(23).

NOTE: Membership in the State Purchasing Cooperative is open to all Arizona political subdivisions, including cities, counties, school districts, and special districts. Membership is also available to non-profit organizations, other state governments, the federal government and
tribal nations. For reference, “non-profit organizations” are defined in A.R.S. § 41-2631(4) as any nonprofit corporation as designated by the IRS under section 501(c)(3) through 501(c)(6) of the tax code.

1.11 Eligible Agency
If the Special Terms and Conditions indicates that the Contract is a “single-agency” contract, then “Eligible Agency” means the particular State of Arizona agency, university, commission, or board identified therein. If the Special Terms and Conditions indicates that the Contract is a “statewide” contract, then “Eligible Agency” means any State of Arizona department, agency, university, commission, or boards.

1.12 Indemnified Basic Claims
“Indemnified Basic Claims” means any and all claims, actions, liabilities, damages, losses, or expenses, including court costs, attorneys’ fees, and costs of claim processing, investigation and litigation, for bodily injury or personal injury, including death, or loss or damage to any real or tangible or intangible personal property, collectively. See paragraph 6.3.

1.13 Instructions to Offerors
“Instructions to Offerors” is Section 3-A of Part 3 of the Solicitation Documents.

1.14 Order
“Order” means the instrument by which State authorizes Contractor to perform some or all of the Work. Whether the Contract will have one Order or many Orders depends on the scope of the Contract and how State will use it. The Special Terms and Conditions provide that information. Any of the following is to be construed as being an “Order”:
1. “Release” or “Release Purchase Order” in ProcureAZ;
   task order”, “service order,” or “job order” when a Release Purchase Order for Services has already been committed in ProcureAZ

1.15 Pricing Document
“Pricing Document” means Section 2-B of Part 2 of the Solicitation Documents, provided that, if there is no such Section in the Contract, then “Pricing Document” is to be construed as referring to whatever item in the Contract contains the contracted pricing and payment provisions.

1.16 ProcureAZ
“ProcureAZ” means State’s official electronic procurement system, established pursuant to A.A.C. R2-7-201 as set forth in the Arizona Department of Administration State Procurement Office policy document Technical Bulletin No. 020, ProcureAZ – The Official State eProcurement System.

NOTE (1): Technical Bulletin No. 020 is available online at:
https://spo.az.gov/administration-policy/state-procurement-resource/procurement-regulations

NOTE (2): The URL for ProcureAZ itself is:
https://procure.az.gov/

1.17 State
With respect to the Contract generally, “State” means the State of Arizona and its department, agency, university, commission, or board that has executed the Contract. With respect to administration or rights, remedies, obligations and duties under the Contract for a given Order, “State” means each of Eligible Agency who has issued the Order.

1.18 State Indemnites
“State Indemnites” means, collectively, the State of Arizona, its departments, agencies, universities, commissions, and boards and, and their respective officers, agents, and employees.

1.19 Subcontractor
“Subcontractor” has the meaning given in A.R.S. § 41-2503(38), which, for convenience of reference only, is “... a person who contracts to perform work or render service to ... [contractor or to another [subcontractor as a part of a contract with a state governmental unit ...]. The Contract is to be construed as “a contract with a state governmental unit” for purposes of the definition. For clarity of intent, a Person carrying out any element of the Work is a Subcontractor from the moment they first carry out that element of the Work regardless of whether or not a Subcontractor exists then or subsequently.

1.20 Uniform Terms and Conditions
The “Uniform Terms and Conditions” are made up of this document and whichever of the Appendices are indicated in the Special Terms and Conditions as being applicable.

1.21 Work
“Work” means the totality of the Materials and the Services and all the acts of administration, creation, production, and performance necessary to fulfill and incidental to fulfilling all of
Contractor's obligations and duties under the Contract in conformance with the Contract and applicable laws.

2.0 Contract Interpretation

2.1 Usage

2.1.1 assigns obligations to Contractor, any reference to “Contractor” is to be construed to be a reference to “Contractor and all Subcontractors, whether they are first-tier subcontractors, sub-subcontractors, suppliers, sub-suppliers, consultants, or sub-consultants, as well as all of Contractor’s and the Subcontractor’s respective agents, representatives, and employees” in every instance unless the context plainly requires that it is be a reference only to Contractor as apart from Subcontractors;

2.1.2 uses the permissive “may” with respect to a party’s actions, determinations, etc., the term is to be interpreted as in A.A.C. R2-7-101(31) [Definitions]. For clarity of intent, any right given to State using “State may” or a like construction denotes discretion and freedom to act so far as any regulatory or operative constraints permit in the relevant circumstances, provided that: (a) where written “may, at its discretion,” the discretion extends to whatever is most advantageous to State; and (b) where written only as “may,” the discretion is constrained by what is fair, reasonable, and as accommodating of the respective best interests of both parties as practicable under the circumstances;

2.1.3 uses the imperative “shall” with respect to a party’s actions, duties, etc., the term is to be interpreted as in A.A.C. R2-7-101(43) [Definitions]. Conversely, the phrase “shall not” is to be interpreted as an imperative prohibition.

2.1.4 uses the term “must” with respect to a requirement, criterion, etc., the term is to be interpreted as conveying compulsion or strict necessity, and is to be read as though written “must, if [the subject] is to be entitled to have [the object] considered or credited as being compliant with, conforming to, or satisfying [the requirement, criterion, constraint, etc.], otherwise, [the object] will be considered or debited as being non-compliant, non-conforming, or unsatisfactory for its Contract-related purposes” in every instance;

2.1.5 uses the term “might” with respect to an event, outcome, action, etc., the term is to be interpreted as conveying contingency or non-discretionary conditionality; and

2.1.6 uses the term “will” or the phrases “is to be” or “are to be” with respect to an event, outcome, action, etc., the term or phrase is to be interpreted as conveying such certainty or imperativeness that “shall” is either unnecessary or irrelevant in that instance.

2.2 Contract Order of Precedence

COMPLEMENTARY DOCUMENTS. All of the documents forming the Contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the Work as though the relevant work, requirements, obligations, or duties had been fully described in all, consistent with the other documents forming the Contract and as is reasonably inferable from them as being necessary to produce complete results.

CONFLICTS. In case of any inconsistency, conflict, or ambiguity among the documents forming the Contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

Contract Amendments;
the Solicitation Documents, in the order:
   Special Terms and Conditions;
   Uniform Terms and Conditions;
   Scope of Work;
Exhibits to the Scope of Work;
Pricing Document;
Exhibits to the Pricing Document;
Specifications; and
any other documents referenced or included in the Solicitation;
Orders, in reverse chronological order; and
Accepted Offer.

ATTACHMENTS AND EXHIBITS. For clarity of intent, if an item was an Attachment in the
Solicitation Documents or an Offer (either Initial, Revised, Best and Final, or Accepted) and was
subsequently made into an Exhibit, or its content was incorporated into one of the other
Contract documents, then that Attachment no longer exists contractually as an “Attachment”
since it has at that point been made into some other Contract document. In every other case, an
Attachment and the Offeror data therein remain part of the Accepted Offer for purposes of
precedence and contractual effect.

2.3 Independent Contractor

Contractor is an independent contractor and shall act in an independent capacity in
performance under the Contract. Neither party is or is to be construed as being to be the
employee or agent of the other party, and no action, inaction, event, or circumstance will be
grounds for deeming it to be so.

2.4 Complete Integration

The Contract, including any documents incorporated into the Contract by reference, is intended
by the parties as a final and complete expression of their agreement. There are no prior,
contemporaneous, or additional agreements, either oral or in writing, pertaining to the
Contract.

3.0 Contract Administration Operation

3.1 Term of Contract

The term of the Contract will commence on the date indicated on the Acceptance and continue
for one (1) year unless canceled, terminated, or permissibly extended.

3.2 Contract Extensions

State may at its discretion extend the initial Contract term in increments of one or more months
and do so one or more times, provided that, the maximum aggregate term of the Contract
including extensions cannot exceed the maximum aggregate term of 5 (five) years.

3.3 Notices and Correspondence

3.3.1 TO CONTRACTOR. State shall:
(a) address all Contract correspondence other than formal notices to the email
address indicated as “Default for Type” for “General Mailing Address” in
Contractor’s corresponding ProcureAZ Vendor Profile; and
(b) address any required notices to Contractor to the “Contact Name and Title” at the
“Mailing Address” indicated on the Accepted Offer, as that address might have
been amended during the term of the Contract.

3.3.2 TO STATE. Contractor shall:
(a) address all Contract correspondence other than format notices to the email
address indicated in “Contact Instructions” in the ProcureAZ Summary for State;
and
(b) address any required notices to State to Procurement Officer identified as
“Purchaser” in the ProcureAZ Summary at the following mailing address:
Arizona Department of Administration
State Procurement Office
100 N 15th Ave., Suite 402
Phoenix, AZ 85007

3.3.3 CHANGES. State may change the designated Procurement Officer, update contact
information, or change the applicable mailing address by Contract Amendment.

3.4 Signing of Contract Amendments

Contractor’s counter-signature – or “approval” in ProcureAZ, in the case of a Change Order – is
not required to give effect if the Contract Amendment only covers either:
3.4.1 extension of the term of the Contract within the maximum aggregate term;
3.4.2 revision to Procurement Officer appointment or contact information; or
3.4.3 modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the Contract.

In every case other than those listed in (1), (2), and (3) above, both parties' signature – or “approval” in ProcureAZ, in the case of a Change Order – are required to give it effect.

3.5 Click-Through Terms and Conditions

Unless expressly stated otherwise in the Special Terms and Conditions, if either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the Contract (each an “Electronic Ordering System”), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of State do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the Contract. Accordingly, where an authorized State user is required to “click through” or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized State user is required to accept or be made subject to any terms and conditions in accessing or employing any Materials or Services, those terms and conditions will also be void.

3.6 Books and Records

3.6.1 RETAIN RECORDS. By A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating for any cost and pricing data submitted in satisfaction of § 41-2543 for the period specified in the statute.

3.6.2 RIGHT TO AUDIT. The retained books and records are subject to audit by State during that period. By A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to performance under the Contract for the period specified in the statute and those retained books and records are subject to audit by State during that period.

3.6.3 AUDITING. Contractor or Subcontractor shall either make all such books and records under subparagraphs 3.6.1 and 3.6.2 available to State at all reasonable times or produce the records at a designated State office on State’s demand, the choice of which being at State’s discretion. For the purpose of this paragraph, “reasonable times” are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

3.7 Contractor Licenses

Contractor shall maintain current all federal, state and local licenses and permits required for the operation of its business in general, for its operations under the Contract, and for the Work itself.

3.8 Inspection and Testing

By A.R.S. § 41-2547, State may at reasonable times inspect the part of Contractor’s or Subcontractors’ plant or places of business related to performance under the Contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. State may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the Contract or that will be incorporated into something to be supplied under the Contract. If the inspection or testing shows non-conformance or defects, then Contractor will owe State reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by State of those things.

3.9 Ownership of Intellectual Property

3.9.1 RIGHTS IN WORK PRODUCT. All intellectual property originated or prepared by Contractor pursuant to the Contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor’s administrative communications and records relating to the Contract, are considered work product and Contractor’s property, provided that, State has Government Purpose Rights to that work product as and when it was delivered to State.

“Government Purpose Rights” are:
the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide
right to use, modify, reproduce, release, perform, display, sublicense,
 disclose and create derivatives from that work product without restriction
for any activity in which State is a party;
the right to release or disclose that work product to third parties for any State
government purpose; and
the right to authorize those to whom it rightfully releases or discloses that
work product to use, modify, release, create derivative works from the work
product for any State government purpose; such recipients being
understood to include the federal government, the governments of other
states, and various local governments.
“Government Purpose Rights” do not include any right to use, modify, reproduce,
perform, release, display, create derivative works from, or disclose that work
product for any commercial purpose or to authorize others to do so.

3.9.2 JOINT DEVELOPMENTS. The parties may each use equally any ideas, concepts, know-
how, or techniques developed jointly during the course of the Contract, and may do so
at their respective discretion, without obligation of notice or accounting to the other
party.

3.9.3 PRE-EXISTING MATERIAL. All pre-existing software and other materials developed or
otherwise obtained by or for Contractor or its affiliates independently of the Contract
or applicable Purchase Orders are not part of the work product to which rights are
granted State under subparagraph 3.9.1 above, and will remain the exclusive property
of Contractor, provided that:
(a) any derivative works of such pre-existing material or elements thereof that are
created pursuant to the Contract are part of that work product;
any elements of derivative work of such pre-existing material that was not created
pursuant to the Contract are not part of that work product; and
except as expressly stated otherwise, nothing in the Contract is to be construed to
interfere or diminish Contractor’s or its affiliates’ ownership of such pre-existing
materials.

3.9.4 DEVELOPMENTS OUTSIDE OF CONTRACT. Unless expressly stated otherwise in the
Contract does not preclude Contractor from developing competing materials outside
the Contract, irrespective of any similarity to materials delivered or to be delivered to
State hereunder.

3.10 Subcontracts

3.10.1 INITIAL LIST. At the time of Contract execution, Contractor’s candidate Subcontractors
were identified in Attachment 3-C to the Accepted Offer [Proposed Subcontractors].
Agreeing to them being included in the Accepted Offer signified Procurement Officer’s
advance consent for Contractor to enter into a Subcontract with each candidate, which
Contractor shall do as promptly as necessary to ensure its ability to carry out the Work
in a timely manner.

3.10.2 ADDITIONAL NAMES. Contractor shall not enter into a Subcontract without first
obtaining Procurement Officer’s written consent with any prospective Subcontractor
that (a) was not listed on Attachment 3-C at time of Contract execution or (b) is for any
Materials or Services categories other than the ones for which they were previously
consented. For either case (a) or (b), Contractor shall submit a written request
sufficiently in advance of the need date for those materials or services so that
performance under the Contract is not impaired. Procurement Officer may request any
additional information he or she determines is necessary to assess the submittal, and
may withhold consent pending it.

3.10.3 FLOW-DOWN. Contractor shall incorporate the provisions, terms, and conditions of the
Contract into every Subcontract by inclusion or by reference, as appropriate. When
making any post-execution consent requests, Contractor shall include its warrant that it
will do the same for the pending Subcontracts covered by the request. Entering into
Subcontracts will not relieve Contractor of any of its obligations or duties under the
Contract, including, among other things, the duty to supervise and coordinate the work
of Subcontractors. Nothing contained in any Subcontract will create or is to be construed as creating any contractual relationship between State and the Subcontractor.

3.11 Offshore Performance of Certain Work Prohibited

Contractor shall only perform those portions of the Services that directly serve State or its clients and involve access to secure or sensitive data or personal client data within the defined territories of the United States. Unless specifically stated otherwise in the Scope of Work, this paragraph does not apply to indirect or overhead services, redundant back-up services, or services that are incidental to performance under the Contract. This provision applies to work performed by Subcontractors at all tiers.

3.12 Orders

3.12.1 ORDER SUFFICIENCY. The Contract was awarded in accordance with the Arizona Procurement Code; the transactions and procedures required by the code for competitive source selection have been met. An Order issued that cites the correct State contract number will suffice to authorize Contractor to provide the Materials and perform the Services covered by that Order.

3.12.2 ORDER TERMS. All Orders are subject to the Contract Terms and Conditions; an Order cannot modify the Contract Terms and Conditions.

3.12.3 ORDERS ARE OBLIGATORY. Until the expiration or earlier termination of the Contract, State may issue and Contractor shall accept Orders that make proper reference to the Contract and are permissible hereunder, provided that, Contractor is not obliged to accept any Order that is not consistent with the then-current pricing, lead times, specifications, or payment provisions of the Contract. Contractor shall fulfill and complete any Orders that are begun but not yet completed as of expiration or earlier termination of the Contract unless State instructs otherwise at the time.

3.12.4 SPECIAL CASE. In the special case where both the following conditions are true, Procurement Officer’s signature on the Acceptance is Contractor’s authorization to perform and therefore no Order is required: (a) the Contract is identified as being a “single-agency/single-project” contract and (b) the Contract was created in ProcureAZ as something other than a “Master/ Blanket” type.

3.12.5 NO MINIMUMS OR COMMITMENTS. (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on Orders; (b) State makes no commitment of any kind concerning the quantity or monetary value of activity actually initiated or completed during the term of the Contract; (c) Contractor shall only deliver or perform as authorized by Orders; and (d) State is not limited as to the number of Orders it may issue for the Contract.

3.12.6 NON-CONTRACTED MATERIALS OR SERVICES. Any attempt to knowingly represent for sales, marketing, or related purposes that goods or services not specifically awarded are under a State contract is a violation of the Contract and law.

The Contract is a “statewide” contract for multiple purchases, projects, or assignments, and can be purchased against by some or all Eligible Agencies and any Co-Op Buyers that elect to participate. Even if only one Eligible Agency needs or elects to purchase against the Contract, it is to be construed as being a “statewide” contract hereunder.

The Contract is an indefinite delivery, indefinite quantity (ID/IQ) type of contract; it is to be construed as a “delivery order” sub-type of ID/IQ contract to the extent the Work is Materials, and a “task order” sub-type to the extent the Work is Services.

1. Contractor shall verify if an ordering entity is a bona fide Co-Op Buyer before selling Materials to or providing Services for them under the Contract. The current list of Co-Op Buyers is available on the State Procurement Office website:

https://spo.az.gov/procurement-services/cooperative-procurement/state-purchasing-cooperative

Contractor shall sell to Co-Op Buyers at the same price and on the same lead times and other terms and conditions under which it sells to Eligible Agencies, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the Co-Op Buyer is having Materials delivered or installed or Services performed at locations not contemplated in the contracted pricing (e.g. delivery to a location outside Arizona).
Contractor shall pay State an administrative fee against all Contract sales to Co-Op Buyers, as provided for under A.R.S. § 41-2633. The fee rate is one (1%) percent. Failure to remit the administrative fees is a material breach of contract, and will entitle State to its remedies under Article 8 and its right to terminate for default under Article 9. Method of calculation, payment procedures, and other details are provided on the State Procurement Office website:

Contractor shall submit to State a quarterly usage report documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract, and will entitle State to its remedies under Article 8 and its right to terminate for default under Article 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

Contractor shall acknowledge each Order from Eligible Agencies within 1 (one) business day after receipt by either: (a) “approving” the Order electronically in ProcureAZ, which will indicate Contractor’s unqualified acceptance of the Order as-issued; or (b) “rejecting” the Order electronically in ProcureAZ, with a concurrent explanation by email to relevant originator as to the reason for rejecting it. By way of reminder, the only grounds on which Contractor may reject or refuse an Order are those set out in subparagraph 3.14.3 [Orders are Obligatory]. Unless and until Contractor has approved the Order in ProcureAZ, it will have no effect under the Contract and will not oblige either State or Contractor. If the relevant Eligible Agency explicitly instructs at the time that a verbal acceptance is sufficient because of urgency or other unusual circumstances and Contractor duly gives its verbal acceptance, then Contractor will be deemed to have accepted the Order immediately upon commencing performance, provided that, Contractor must follow-up its verbal acceptance by accepting the Purchase Order electronically in ProcureAZ within 3 (three) business days. Contractor shall thereafter be barred from subsequently rejecting the Order in ProcureAZ and if it does so the rejection will be void.

Contractor shall acknowledge each Order from Co-Op Buyers in conformance with each buyer’s instructions given at the time of ordering or in any supplemental participating agreement Contractor might have with them. Orders from Co-Op Buyers create no obligation on State’s part, since they are entirely between the Co-Op Buyer and Contractor. That notwithstanding, Contractor’s obligation under the Contract is to service Co-Op Buyers commercially as though they were with an Eligible Agency, and Contractor’s refusal to do so would be a material breach of the Contract.

3.14 Multiple Use Provisions

Eligible Agencies may issue Orders for Services in several forms, all of which become final and effective by a “Release Purchase Order” in ProcureAZ. Orders issued by Co-Op Buyers will be in whatever form the Co-Op Buyer normally uses. Regardless of origin, Orders must cite the State contract number to be valid. State may, at its discretion in each instance, determine the scope, schedule, and price for each Order in any of the following ways:

1. By choosing some or all of the Materials or Services items covered by the Contract for which a price is established in the Pricing Document, then preparing an Order using those prices (e.g. filling out an order form), and sending it to Contractor.

By instructing Contractor to provide a comprehensive proposal of item quantities, combinations, etc., or services hours, personnel, etc., for a defined scope using those established prices as a basis, then validating and negotiating the proposal with Contractor and issuing an Order if and when reaching agreement.

As described in (2) above but requesting the proposal from both Contractor and other vendors who are contracted within the applicable scope categories and locations, either
sequentially or concurrently, then selecting the proposal or proposals combination that is most advantageous to State.

As described in (3) above but introducing ad-hoc commercial competition by making the selection and ordering conditional on obtaining more favorable prices than the contractually-established ones.

When evaluating the proposals under (3) and (4) above, State may select based on price (for example, a quoted number of hours times the contracted or improved rate plus a fixed amount for incidentals), by experience and qualifications (for example, having an office nearer the required work location), or whatever combination thereof it determines is most appropriate to the work in question.

**3.15 Other Contractors**

State may undertake with its own forces or award other contracts to the same or other vendors for additional or related work. In such cases, Contractor shall cooperate fully with State’s employees and such other vendors and carefully coordinate, fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the Contract requires handing-off Contractor’s work to others, Contractor shall cooperate as State instructs regarding the necessary transfer of its work product, services, or records to State or the other vendors. Contractor shall not commit or permit any act that interferes with the State’s or other vendors’ performance of their work, provided that, State shall enforce the foregoing section equitably among all its vendors so as not impose an unreasonable burden on any one of them.

**3.16 Work on State Premises**

3.16.1 COMPLIANCE WITH RULES. Contractor is responsible for ensuring that its personnel comply with State’s rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing Materials or performing Services on State’s grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the Contract. Contractor is reminded that violation of the prohibition under A.R.S. § 13-1502 against possession of weapons on State’s property by anyone for whom Contractor is responsible is a material breach of contract and grounds for termination for default.

3.16.2 PROTECTION OF GROUNDS AND FACILITIES. Contractor shall deliver or install the Materials and perform the Services without damaging any State grounds or facilities. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions State needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, State will be entitled to exercise its remedies under paragraph 8.5 [Right of Offset] of the Uniform Terms and Conditions.

**4.0 Costs and Payments**

**4.1 Payments**

4.1.1 PAYMENT DEADLINE. State shall make payments in compliance with Arizona Revised Statutes Titles 35 and 41. Unless and then only to the extent expressly stated otherwise in the Pricing Document, State shall make payment in full for Materials that have been delivered and accepted and Services that have been performed and accepted within the time specified in A.R.S. § 35-342 after both of the following become true: (a) all of the Materials being invoiced have been delivered or installed (as applicable) and accepted and all of the Services being invoiced have been performed and accepted; and (b) Contractor has provided a complete and accurate invoice in the form and manner called for in the Pricing Document, provided that, State will not make or be liable for any payments to Contractor until Contractor has registered properly in ProcureAZ and provided a current IRS Form W-9 to State unless excused by law from providing one.

4.1.2 PAYMENTS ONLY TO CONTRACTOR. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, State will only make payment to Contractor under the federal tax identifier indicated on the Accepted Offer.

**4.2 Applicable Taxes**

4.2.1 CONTRACTOR TO PAY ALL TAXES. State is subject to Arizona TPT. Therefore, Arizona TPT applies to all sales under the Contract and Arizona TPT is Contractor’s responsibility
(as seller) to remit. Contractor’s failure to collect Arizona TPT or any other applicable sales or use taxes will not relieve Contractor of any obligation to remit sales or use taxes that are due under the Contract or laws. Unless stated otherwise in the Pricing Document, all prices therein include Arizona TPT as well as every other manner of transaction privilege or sales/use tax that is due to a municipality or another state or its political subdivisions. Contractor shall pay all federal, state, and local taxes applicable to its operations and personnel.

4.2.2 TAX INDEMNITY. Contractor shall hold State harmless from any responsibility for taxes or contributions, including any applicable damages and interest, that are due to federal, state, and local authorities with respect to the Work and the Contract, as well any related costs; the foregoing expressly includes Arizona TPT, unemployment compensation insurance, social security, and workers’ compensation insurance.

4.3 Availability of Funds
By A.R.S. § 35-154, every State payment obligation under the Contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the Contract, State may terminate the Contract at the end of the period for which funds are available, or, at State’s discretion, allow appropriate amendment to the Contract. No liability will accrue to State if it exercises the foregoing right or discretion, and State will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

5.0 Contract Changes

| 5.1 Contract Amendments | The Contract is issued for State under the authority of Procurement Officer. Only a Contract Amendment can modify the Contract, and then only if it does not change the Contract’s general scope. Purported changes to the Contract by a person not expressly authorized by Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the Contract based on any such purported changes. |
| 5.2 Assignment and Delegation | 5.2.1 IN WHOLE. Contractor shall not assign in whole its rights or delegate in whole its duties under the Contract without Procurement Officer’s prior written consent, which consent Procurement Officer may withhold at his or her discretion. If Contractor’s proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving State satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when State first awarded it the Contract. |
| | 5.2.2 IN PART. Subject to paragraph 3.10 [Subcontracts] with respect to subcontracting, Contractor may assign particular rights or delegate particular duties under the Contract, but shall obtain Procurement Officer’s written consent before doing so. Procurement Officer shall not unreasonably withhold consent so long as the proposed assignment or delegation does not attempt to modify the Contract in any way or to alter or impair State’s rights or remedies under the Contract or laws. |

6.0 Risk and Liability

| 6.1 Risk of Loss | Contractor shall bear all risk of loss to Materials while in pre-production, production, storage, transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the scope of the Work, until they have been accepted as conforming by State in the particular location and situation specified in the Order, or as specified generally elsewhere in the Contract if the Order does not provide particulars, provided that, risk of loss for nonconforming Materials will remain with Contractor notwithstanding acceptance to the extent the loss stems from the nonconformance. |
| 6.2 Contractor Insurance | Contractor and subcontractors shall procure and maintain, until all of their obligations have been discharged, including any warranty periods under this Contract, insurance against claims for injury to persons or damage to property arising from, or in connection with, the performance of the work hereunder by the Contractor, its agents, representatives, employees or subcontractors. |
The Insurance Requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The State of Arizona in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that arise out of the performance of the work under this Contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

This should also include breach notification costs, credit remediation and credit monitoring, defense and claims expenses, regulatory defense costs plus fines and penalties, cyber extortion, computer program and electronic data restoration expenses coverage (data asset protection), network business interruption, computer fraud coverage, and funds transfer loss.
   b. In the event that the Network Security and Privacy Liability insurance required by this Contract is written on a claims-made basis, Contractor warrants that any retroactive date under the policy shall precede the effective date of this Contract and, either continuous coverage will be maintained, or an extended discovery period will be exercised for a period of two (2) years beginning at the time work under this Contract is completed.
c. The policy shall be endorsed, as required by this written agreement, to include the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to vicarious liability of the insured arising out of the activities performed by or on behalf of the Contractor.

d. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

**ADDITIONAL INSURANCE REQUIREMENTS:** The policies shall include, or be endorsed to include, as required by this written agreement, the following provisions:

a. The Contractor’s policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the Department, its agents, officials, employees or the State of Arizona shall be excess and not contributory insurance, as provided by A.R.S. § 41-621 (E).

b. Insurance provided by the Contractor shall not limit the Contractor’s liability assumed under the indemnification provisions of this Contract.

**NOTICE OF CANCELLATION:** Applicable to all insurance policies required within the Insurance Requirements of this Contract, Contractor’s insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the State of Arizona. Within two (2) business days of receipt, Contractor must provide notice to the State of Arizona if they receive notice of a policy that has been or will be suspended, canceled, materially changed for any reason, has expired, or will be expiring. Such notice shall be sent directly to the Department and shall be electronically submitted via email to myla.baptiste-lord@azdoa.gov and AZStateContractCOI@azdoa.gov (State of Arizona, State Procurement Office, 100 N 15th Ave, Suite 402, Phoenix AZ 85007).

**ACCEPTABILITY OF INSURERS:** Contractor’s insurance shall be placed with companies licensed in the State of Arizona or hold approved non-admitted status on the Arizona Department of Insurance List of Qualified Unauthorized Insurers. Insurers shall have an “A.M. Best” rating of not less than A- VII. The State of Arizona in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

**VERIFICATION OF COVERAGE:** Contractor shall furnish the State of Arizona with certificates of insurance (valid ACORD form or equivalent approved by the State of Arizona) evidencing that Contractor has the insurance as required by this Contract. An authorized representative of the insurer shall sign the certificates.

a. All such certificates of insurance and policy endorsements must be received by the State before work commences. The State’s receipt of any certificates of insurance or policy endorsements that do not comply with this written agreement shall not waive or otherwise affect the requirements of this agreement.

b. Each insurance policy required by this Contract must be in effect at, or prior to, commencement of work under this Contract. Failure to maintain the insurance policies as required by this Contract, or to provide evidence of renewal, is a material breach of contract.

c. All certificates required by this Contract shall be sent electronically to myla.baptiste-lord@azdoa.gov and AZStateContractCOI@azdoa.gov (Myla Baptiste-Lord 100 N 15th Ave, Suite 402, Phoenix AZ 85007). The State of Arizona project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona reserves the right to require complete copies of all insurance policies required by this Contract at any time. DO NOT SEND CERTIFICATES OF INSURANCE TO THE STATE OF ARIZONA’S RISK MANAGEMENT DIVISION.

**SUBCONTRACTORS:** Contractors’ certificate(s) shall include all subcontractors as insureds under its policies or Contractor shall be responsible for ensuring and/or verifying that all subcontractors have valid and collectable insurance as evidenced by the certificates of insurance and endorsements for each subcontractor. All coverages for subcontractors shall be subject to the minimum insurance requirements identified above. The State reserves the right to require,
at any time throughout the life of the Contract, proof from the Contractor that its subcontractors have the required coverage.

**APPRAOval and MODIFICATIONS:** The Contracting Agency, in consultation with State Risk, reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal Contract amendment but may be made by administrative action.

**EXCEPTIONS:** In the event the Contractor or subcontractor(s) is/are a public entity, then the Insurance Requirements shall not apply. Such public entity shall provide a Certificate of Self-Insurance. If the contractor or sub-contractor(s) is/are a State of Arizona agency, board, commission, or university, none of the above shall apply.

### 6.3 Basic Indemnification

**6.3.1 CONTRACTOR/VENDOR (NOT PUBLIC AGENCY).**

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, and any jurisdiction or agency issuing permits for any work included in the project, and their respective directors, officers, officials, agents and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, costs, losses, or expenses, (including reasonable attorney's fees), (hereinafter collectively referred to as "Claims") arising out of actual or alleged bodily injury or personal injury of any person (including death) or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of Contractor's directors, officers, agents, employees, volunteers or subcontractors. This indemnity includes any claim or amount arising or recovered under the Workers' Compensation Law or arising out of the failure of Contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all Claims. It is agreed that Contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. This indemnification will survive the termination of the above listed contract with the Contractor.

This indemnity shall not apply if the contractor or sub-contractor(s) is/are an agency, board, commission or university of the State of Arizona.

### 6.4 Patent and Copyright Indemnification

**CONTRACTOR/VENDOR (NOT PUBLIC AGENCY).**

With respect to Materials or Services provided or proposed by a Contractor Indemnitor for performance under the Contract, Contractor shall indemnify, defend and hold harmless State Indemnities against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the Materials and the Services. With respect to the defense and payment of claims under this subparagraph:

1. State shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;
2. Contractor, with reasonable consultation from State, shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;
3. State may elect to participate in such action at its own expense; and
4. State may approve or disapprove any settlement or compromise, provided that, (i) State shall not unreasonably withhold or delay such approval or disapproval and (ii) State shall cooperate in the defense and in any related settlement negotiations.

If Contractor is a public agency, this paragraph 6.4 does not apply.

### 6.5 Force Majeure

**6.5.1 DEFINITION.** For this paragraph, “force majeure” means an occurrence that is (a) beyond the control of the affected party, (b) occurred without the party’s fault or negligence, and (c) something the party was unable to prevent by exercising reasonable diligence. Without limiting the generality of the foregoing, force majeure expressly includes acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, lockouts, injunctions-intervention-acts, failures or
refusals to act by government authorities, and, subject to paragraph 7.6 [Performance in Public Health Emergency], declared public health emergencies. Force majeure expressly does not include late delivery caused by congestion at a manufacturer’s plant or elsewhere, an oversold condition of the market, late performance by a Subcontractor unless the delay arises out of an occurrence of force majeure, or inability of either Contractor or any Subcontractor to acquire or maintain any required insurance, bonds, licenses, or permits.

6.5.2 RELIEF FROM PERFORMANCE. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of their respective performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties shall extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

6.5.3 EXCUSABLE DELAY IS NOT DEFAULT. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

6.5.4 DEFAULT DIMINISHES RELIEF. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party’s default unrelated to the occurrence, in which case and to that extent the other party’s normal remedies and the affected party’s obligations would apply undiminished.

6.6 Third Party Antitrust Violations
Contractor assigns to State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to Contractor toward fulfillment of the Contract.

7.0 Warranties

7.1 Conformity to Requirements
Contractor warrants that, unless expressly provided otherwise elsewhere in the Contract, the Materials and Services will for 1 (one) year after acceptance and in each instance: (1) conform to the requirements of the Contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the Contract; (2) be free from defects of material and workmanship; (3) conform to or perform in a manner consistent with current industry standards; and (4) be fit for the intended purpose or use described in the Contract. Mere delivery or performance does not substitute for express acceptance by State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation, the foregoing warranty will not begin until State’s acceptance.

7.2 Contractor Personnel
Contractor warrants that its personnel will perform their duties under the Contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the Contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to State’s authorized representatives upon request.

7.3 Intellectual Property
Contractor warrants that the Materials and Services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the Specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.
7.4 Licenses and Permits
Contractor warrants that it will maintain all licenses required under paragraph 3.7 [Contractor Licenses] and all required permits valid and in force.

7.5 Operational Continuity
Contractor warrants that it will perform without relief notwithstanding being sold or acquired; no such event will operate to mitigate or alter any of Contractor’s duties hereunder absent a consented delegation under paragraph 5.2 [Assignment and Delegation] that expressly recognizes the event.

7.6 Performance in Public Health Emergency
Contractor warrants that it will:
1. have in effect promptly after commencement a plan for continuing performance in the event of a declared public health emergency that addresses, at a minimum: (a) identification of response personnel by name; (b) key succession and performance responses in the event of sudden and significant decrease in workforce; and (c) alternative avenues to keep sufficient product on hand or in the supply chain; and provide a copy of its current plan to State within 3 (three) business days after State’s written request. If Contractor claims relief under paragraph 6.5 [Force Majeure] for an occurrence of force majeure that is a declared public health emergency, then that relief will be conditioned on Contractor having first implemented its plan and exhausted all reasonable opportunity for that plan implementation to overcome the effects of that occurrence, or mitigate those effects to the extent that overcoming entirely is not practicable.

For clarification of intent, being obliged to implement the plan is not of itself an occurrence of force majeure, and Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement it. Furthermore, failure to have or implement an appropriate plan will be a material breach of contract.

7.7 Lobbying
7.7.1 PROHIBITION.
Contractor warrants that:

it will not engage in lobbying activities, as defined in 40 CFR part 34 and A.R.S. § 41-1231, et seq., using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor’s use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and

upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety.

Contractor shall implement and maintain adequate controls to assure compliance with (a) above.

Contractor shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts.

7.7.2 EXCEPTION. This paragraph does not apply to the extent that the Services are defined in the Contract as being lobbying for State’s benefit or on State’s behalf.

7.8 Survival of Warranties
All representations and warranties made by Contractor under the Contract will survive the expiration or earlier termination of the Contract.

manufacturer’s notification. State, at its discretion, will either allow Contractor to provide substitutes for the discontinued products or delete the products from the scope of the Contract, both of which will be accomplished by Contract Amendment. Contractor shall then update all applicable catalogs and price lists and make them available to all affected entities at no additional cost. The parties shall negotiate in good faith a fair price for any substitute product, but State may elect to delete the products from the scope of the Contract if no agreement is reached on substitute pricing in a timely manner. When notifying State of the discontinuance, Contractor shall provide: (a) manufacturer’s announcement or documentation stating that the products have been discontinued, with identification by model/part number; (b) documentation demonstrating that the substitute products meet or exceed the specifications for the discontinued products while remaining in the same product groups as were the discontinued ones; and (c) documentation demonstrating that the proposed price for the substitute products is both fair and reasonable and at the same level of discount relative to market price as were the discontinued ones (with demonstration being as described in subparagraph 11.7).

11.9 Forced Substitutions

Forced substitutions will not be permitted; Contractor shall obtain State’s prior written consent before making any discretionary substitution for any product covered by the Contract.

11.10 Recalls

In the event of a recall notice, technical service bulletin, or other important notification affecting a product offered under the Contract (collectively, “recalls” hereinafter), Contractor shall send timely notice to State for each applicable Order referencing the affected Order and product. Notwithstanding whatever protection Contractor might have under A.R.S. § 12-684 with respect to a manufacturer, Contractor shall handle recalls entirely and without obligation on State’s part, other than to permit removal of installed products, retrieval of stored products, etc., as necessary to implement the recall.

11.11 Delivery

11.11.1 PRICING. Unless stated otherwise in the Pricing Document, all Materials prices set forth therein are FCA (seller’s dock) Incoterms®2010, with “seller’s dock” meaning the last place of manufacturing, assembly, integration, final packing, or warehousing before departure to designated point of delivery to State. For reference, the foregoing is to be construed as equivalent to “F.O.B. Origin, Contractor’s Facility” under FAR 52.247-30.

11.11.2 LIABILITY. Unless stated otherwise in the Pricing Document or an Order, Contractor’s liability for all Materials is DDP (State-designated receiving point per Order) Incoterms®2010, but with unloading at destination included. For reference, the foregoing is to be construed as equivalent to “F.O.B. Destination, Within Consignee’s Premises” under FAR 52.247-35.

11.11.3 PAYMENT. Unless stated otherwise in the Pricing Document or an Order, State shall reimburse Contractor the costs of the difference between DDP (State-designated receiving point per Order) and FCA (seller’s dock) with no mark-up, which Contractor shall itemize and invoice separately.

11.12 Delivery Time

Unless stated otherwise in the Pricing Document generally or in the applicable Order particularly, Contractor shall make delivery within 2 (two) business days after receiving each Order. If Contractor is unable to make delivery within 2 (two) business days after receiving the Order, this needs to be indicated on the Contractor’s price quote and communicated to the Eligible Agency or Co-op Buyer.

11.13 Delivery Locations

Contractor shall offer deliveries to every location served under the scope of the Contract, specifically:

1. if the Contract is for a single State agency in a single area, then Contractor shall deliver to any agency location in that area;
   if the Contract is for a single State agency in all its locations, then Contractor shall deliver to any of that agency’s location in Arizona;
   if the Contract is for statewide use but excludes certain areas, then Contractor shall deliver to any Eligible Agency location that is not in the excluded areas; and
   if the Contract is for unrestricted statewide use, then:
       Contractor shall deliver to any Eligible Agency anywhere in Arizona;
       if the Pricing Document indicates defined delivery areas and prices, those always apply unless the Order expressly states otherwise and Contractor accepts it.

11.14 Conditions at Delivery Location

Contractor shall verify receiving hours and conditions (i.e. height/weight restrictions, access control, etc.) with the relevant purchaser for the receiving site before scheduling or making a
11.15 **Materials Acceptance**

State has the right to make acceptance of Materials subject to a complete inspection on delivery and installation, if installation is Contractor’s responsibility. State may apply as acceptance criteria conformity to the Contract, workmanship and quality, correctness of constituent materials, and any other matter for which the Contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected Materials from the delivery location, or from any immediate environs to which it might have been reasonably necessary to move it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. State will not owe Contractor any payment for rejected Materials, and State may, at its discretion, withhold or make partial payment for any rejected Materials that have been returned to Contractor in those instances where State has agreed to permit repair instead of demanding replacement.

11.16 **Correcting Defects**

Contractor shall, at no additional cost and without entitlement to extension of any delivery deadline or specified time for performance, remove or exchange and replace any defective or non-conforming delivered or installed Materials.

1. Contractor shall be solely responsible for the cost of any associated cutting and patching, temporary protection measures, packing and crating, hoisting and loading, transportation, unpacking, inspection, repacking, reshipping, and reinstallation if installation is within the scope of the Contract.

If Contractor fails to do so in a timely manner, State will be entitled to exercise its remedies under paragraph 8.5 [Right of Offset] of the Uniform Terms and Conditions.

Whether State will permit Contractor to repair in place or demands that Contractor remove and replace is at State’s discretion in each instance, provided that, State shall not apply that discretion punitively if repair in place is practicable and doing so would not create safety hazards, put property at risk, unreasonably interfere with operations, create public nuisance, or give rise to any other reasonable concern on State’s part.

11.17 **Returns**

State may, at its discretion, return for full credit and with no restocking charges any delivered Materials unused in the original packaging, including any instruction manuals or other incidental item that accompanied the original shipment, within 30 (thirty) days after receipt. If State elects to return delivered Materials, then State shall pay all freight, delivery, and transit insurance costs to return the products to the place from which Contractor shipped them, provided that, if State returns delivered Materials because they are defective or non-conforming or for any other reason having to do with Contractor fault or error, then State will not be responsible for paying freight, delivery, or transit insurance costs to return the products and may, at its discretion, either have those billed directly to Contractor or offset them under paragraph 8.5 [Right of Offset] of the Uniform Terms and Conditions.

11.18 **Order Cancellation**

State may cancel Orders within a reasonable period after issuance and at its discretion. The same method as that used for ordering will be used for cancellation. If State cancels an Order, then State shall:

1. pay Contractor for any portion of the Materials and Services from that Order that have been properly delivered or performed as of the cancellation effective date plus 1 (one) additional business day;

   reimburse Contractor for:
its actual, documented costs incurred in fulfilling the Order up to the cancellation effective date plus 1 (one) additional business day; and

the cost of any obligations it incurred as of the cancellation effective date plus 1 (one) additional business day that demonstrably cannot be canceled, or that have pre-established cancelation penalties specified in the relevant Subcontracts, to the extent the penalties are reasonable and customary for the work in question; and contractor shall not charge or be entitled to charge State for any new costs it incurs after receiving the cancelation notice plus 1 (one) business day or for any lost profits or opportunity.

By way of reminder, State is not liable for any products that were produced, shipped, or delivered or any services that were performed before Contractor had acknowledged the corresponding Order.

11.19 Product Safety

Materials as-shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, State is not responsible for making any Materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

11.20 Hazardous Materials

Contractor shall timely provide State with any “Safety Data Sheets” (SDS) and any other hazard communication documentation required under the US Department of Labor’s Occupational Safety and Health Administration (OSHA) “Hazard Communication Standard” (often referred to as the “HazCom 2012 Final Rule”) that is reasonably necessary for State to comply with regulations when it or its other contractors install, handle, operate, repair, maintain or remove any Materials. Note that, in the past, those documents might have been referred to as “Material Safety Data Sheets” or “Product Safety Data Sheets”, but State (and this Contract) use only the more up-to-date “SDS” reference. Contractor shall ensure that all its relevant personnel understand the nature of and hazards associated with, to the extent it they are Contractor’s responsibility under the Contract, the design, shipping, handling, delivery, installation, repair and maintenance of any portion of the Work that is, contains or will become upon use a hazardous material, with “hazardous material” being any material or substance that is: (1) identified now or in the future as being hazardous, toxic or dangerous under applicable laws; or (2) subject to statutory or regulatory requirement governing special handling, disposal or cleanup.

12.0 General Provisions for Services

12.1 Applicability

Article 12 applies to the extent the Work is or includes Services.

12.2 Comprehensive Services Offering

Contractor shall provide the comprehensive range of services for which a price is established in the Pricing Document for ordering by Eligible Agencies, and Co-Op Buyers if co-op buying applies.

12.3 Additional Services

State at its discretion may modify the scope of the Contract by Contract Amendment to include additional services or service categories that are within the general scope of the ones originally covered by the Contract if it determines that doing so is in its best interest. Once the Contract Amendment is fully executed, Contractor shall then update all applicable price lists and make them available to all affected entities at no additional cost. Either party may make the request to add services to the Contract; regardless of who makes the request, the parties shall negotiate in good faith a fair price for any additional services, but State may elect not to add some or all of the services in question if no agreement is reached on pricing in a timely manner. Contractor’s request or proposal in response to State’s request must include documentation demonstrating that the proposed price for the additional services is both fair and reasonable and comparable to the original ones.

12.4 Off-Contract Services

Contractor shall ensure that the design and/or procedures for the Services ordering method prevents Orders for off-contract or excluded services. Notwithstanding that State might have its own internal administrative rules regarding off contract or excluded service ordering, and endeavors to prevent such orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, cancel any such Order without obligation. As used above, “off-contract service” refers to any service not included in the scope of the Contract and
for which no price or compensation has been established contractually, and “excluded service” refers to any service expressly excluded from the scope of the Contract.

12.5 Removal of Personnel

Notwithstanding that Contractor is in every circumstance responsible for hiring, assigning, directing, managing, training, disciplining, and rewarding its personnel, State may at its discretion and without the obligation to demonstrate cause instruct Contractor to remove any of its personnel from State’s facilities or from further assignment under the Contract. In such cases, Contractor shall promptly replace them with other personnel having equivalent qualifications, experience, and capabilities.

12.6 Transitions

During commencement, Contractor shall attend transition meetings with any outgoing vendors to coordinate and ease the transition so that the effect on State’s operations is kept to a minimum. State may elect to have outgoing vendors complete some or all of their work or orders in progress to ease the transition as is safest and most efficient in each instance, even if that scope is covered under the Contract. Conversely, State anticipates having a continued need for the same materials and services upon expiration or earlier termination of the Contract. Accordingly, Contractor shall work closely with any new (incoming) vendor and State to ensure as smooth and complete a transfer as is practicable. State’s representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both Contractor and the incoming vendor. As with the incoming transition, State may permit Contractor (outgoing) to complete work or orders in progress to ease the transition as is safest and most efficient in each instance.

12.7 Accuracy of Work

Contractor is responsible for the accuracy of the Services, and shall promptly make all necessary revisions or corrections resulting from errors and omissions on its part without additional compensation. Acceptance by State will not relieve Contractor of responsibility for correction of any errors discovered subsequently or necessary clarification of any ambiguities.

12.8 Requirements at Services Location

Contractor personnel shall perform their assigned portions of the Services at the specific location indicated in the Order (if applicable). Contractor acknowledges that the location might be inside an industrial building, institutional building, or one of various office types and classes. Additionally, if performing the Services requires Contractor personnel to work inside a secured perimeter at certain institutional facilities such as prisons where prior clearances are required, Contractor shall contact the facility directly to confirm its most-current security clearance procedures, allowable hours for work, visitor dress code, and other applicable rules. State will neither allow extra charges for wait time, callbacks, or the like nor excuse late performance if Contractor has failed to make the confirmation or comply with the applicable conditions.

12.9 Services Acceptance

State has the right to make acceptance of Services subject to acceptance criteria. State may apply as acceptance criteria conformity to the Contract, accuracy, completeness, or other indicators of quality or other matter for which the Contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. State will not owe Contractor any payment for un-accepted Services; and State may, at its discretion, withhold or make partial payment for any rejected Services if Contractor is still in the process of re-performing or otherwise curing the grounds for State’s rejection.

12.10 Corrective Action Required

Notwithstanding any other guarantees, general warranties, or particular warranties Contractor has given under the Contract, if Contractor fails to perform any material portion of the Services, including failing to complete any contractual deliverable, or if its performance fails to meet agreed-upon service levels or service standards set out in or referred to in the Contract, then Contractor shall perform a root-cause analysis to identify the source of the failure and use all commercially reasonable efforts to correct the failure and meet the Contract requirements as promptly as is practical.

2. Contractor shall provide to State a report detailing the identified cause and setting out its detailed corrective action plan promptly after the date the failure occurred (or the date when the failure first became apparent, if it was not apparent immediately after occurrence).

3. State may demand to review and approve Contractor’s analysis and plans, and Contractor shall make any corrections State instructs and adopt State’s
recommendations so far as is commercially practicable, provided that State may insist on any measures it determines within reason to be necessary for safety or protecting property and the environment.

4. Contractor shall take the necessary action to avoid any like failure in the future, if doing so is appropriate and practicable under the circumstances.

### 13.0 Data and Information Handling

#### 13.1 Applicability

Article 12 applies to the extent the Work includes handling of any (1) State’s proprietary and sensitive data or (2) confidential or access-restricted information obtained from State or from others at State’s behest.

#### 13.2 Data Protection and Confidentiality of Information

Contractor warrants that it will establish and maintain procedures and controls acceptable to State for ensuring that State’s proprietary and sensitive data is protected from unauthorized access and information obtained from State or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the Contract, provided to Contractor by State, or prepared by others for State are proprietary to State, and all information by those same avenues is State’s confidential information. To comply with the foregoing warrant:

1. Contractor shall: (a) notify State immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (b) cooperate with State to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (c) notify State promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

Contractor shall not: (a) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person’s individual performance of his or her duties under the Contract, unless State has agreed otherwise in advance and in writing; or (b) respond to any requests it receives from a third party for such data or information, and instead route all such requests to State’s designated representative.

#### 13.3 Personally Identifiable Information

Without limiting the generality of paragraph 13.2, Contractor warrants that it will protect any personally identifiable information ("PII") belonging to State’s employees’ or other contractors or members of the general public that it receives from State or otherwise acquires in its performance under the Contract.

For purposes of this paragraph:

1. PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and

“protect” means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.

#### 13.4 Protected Health Information

Contractor warrants that, to the extent performance under the Contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI")) and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

1. is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (a) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance
Portability and Accountability Act ("HIPAA") of 1996; (b) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (c) State’s current and published PHI/ePHI privacy and security policies and procedures;

will cooperate with State in the course of performing under the Contract so that both State and Contractor stay in compliance with the requirements in (1) above; and

will sign any documents that are reasonably necessary to keep both State and Contractor in compliance with the requirements in (1) above, in particular “Business Associate Agreements” in accordance with the Privacy Rule.

14.0 Information Technology Work

14.1 Applicability  
Article 14 applies to any Invitation for Bids, Request for Proposals, or Request for Quotations for “Information Technology,” as defined in A.R.S. § 41-3501(6): “...computerized and auxiliary automated information processing, telecommunications and related technology, including hardware, software, vendor support and related services, equipment and projects” if and to the extent that the Work is or includes Information Technology.

14.2 Background Checks  
Each of Contractor’s personnel who is an applicant for an information technology position must undergo the security clearance and background check procedure, which includes fingerprinting, as required by A.R.S § 41-710. Contractor shall obtain and pay for the security clearance and background check. 14.4.1 INDEMNITY FROM THIRD PARTY. For computer hardware or software included in the Work as discrete units that were manufactured or developed solely by a third party, Contractor may satisfy its indemnification obligations under the Contract by, to the extent permissible by law, passing through to State such indemnity as it receives from the third-party source (each a "Pass-Through Indemnity") and cooperating with State in enforcing that indemnity. If the third party fails to honor its Pass-Through Indemnity, or if a Pass-Through Indemnity is insufficient to indemnify State Indemnitees to the extent and degree Contractor is required to do by the Uniform Terms and Conditions, then Contractor shall indemnify, defend and hold harmless State Indemnities to the extent the Pass-Through Indemnity does not.
14.4.2 NOTIFY OF CLAIMS. State shall notify Contractor promptly of any claim to which a Pass-Through Indemnity might apply. Contractor, with reasonable consultation from State, shall control the defense of any action on any claim to which a Pass-Through Indemnity applies, including negotiations for settlement or compromise, provided that:

(b) State reserves the right to approve or reject any settlement or compromise on reasonable grounds and if done so timely; and
(c) State shall in any case cooperate in the defense and any related settlement negotiations.

14.5 Systems and Controls

14.6 Redress of Infringement

(b) claim against which Contractor has indemnified State Indemnities under paragraph 6.4; or

(c) provision of the Contract calling for liquidated damages or specifying amounts or percentages as being at-risk or subject to deduction for performance deficiencies.

14.7.3 PURCHASE PRICE DETERMINATION. If the Contract is for a single-agency and a single Order (or if no Order applies), then “purchase price” in Subparagraph 14.7.1 above means the aggregate Contract price current at the time of Contract expiration or earlier termination, including all change orders or other forms of Contract Amendment having an effect on the aggregate price through that date. In all other cases, “purchase price” above means the total price of the Order for the specific equipment, software, or services giving rise to the claim, and therefore a separate limit will apply to each Order.

(b) the COTS software will, to the best of its knowledge, at the time of delivery be free of viruses, backdoors, worms, spyware, malware, and other malicious code that could hamper performance, collect unlawfully any personally identifiable information, or prevent products from performing as required by the Contract; and
(c) it will provide a new or clean install of any COTS software that State has reason to believes contains harmful code.

14.8.3 PAYMENT HAS NO EFFECT. The warranties in this paragraph are not affected by State’s inspection, testing, or payment.

14.9 Specific Remedies

Unless expressly stated otherwise elsewhere in the Contract, State’s remedy for breach of warranty under paragraph 14.8 includes, at State’s discretion, re-performance, repair, replacement, or refund of any amounts paid by State for the nonconforming Work, plus (in every case) Contractor’s payment of State’s additional, documented, and reasonable costs to procure materials or services equivalent in function, capability, and performance at that first called for. For clarification of intent, the foregoing obligations are limited by the limitation of liability in paragraph 14.7. If none of the foregoing options can reasonably be effected, or if the use of the materials by State is made impractical by the nonconformance, then State may seek any remedy available to it under law.

14.10 Section 508 Compliance

demand in writing that the Contractor give a written assurance of intent to perform. Failure by

(4) A claim shall be made in writing and submitted to the procurement officer for decision in consultation with the Office of the Attorney General.

The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first."

.11 Termination for Default.
Mandatory provision for all contracts. One of the following clauses is preferred:

A. Alternate Clause — Termination for Default (short form).

"If the Contractor fails to fulfill its obligation under this contract properly and on time, or otherwise violates any provision of the contract, the State may terminate the contract by written notice to the Contractor. The notice shall specify the acts or
omissions relied upon as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State’s option, become the State’s property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor’s breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.”

B. Alternate Clause — Termination for Default (long form).

"(1) The State may, subject to the provisions of paragraph (3) of this regulation, by written notice of default to the Contractor, terminate the whole or any part of this contract in any one of the following circumstances:(a) If the Contractor fails to perform within the time specified herein or any extension thereof; or (b) If the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the procurement officer may authorize in writing) after receipt of notice from the procurement officer specifying such failure.

"(2) In the event the State terminates this contract in whole or in part as provided in paragraph(1) of this clause, the State may procure substitute performance upon terms and in whatever manner the procurement officer may deem appropriate, and the Contractor shall be liable to the State for any excess costs for substitute performance; provided, that the Contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause.

"(3) Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to, acts of God or of the public enemy, acts of the State in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case the failure to perform shall be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if the default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform unless substitute performance for the subcontractor was obtainable from another source in sufficient time to permit the Contractor to meet the performance schedule.

"(4) If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the notice of termination had been issued pursuant to such clause. If, after notice of termination of this contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, and if this contract does not contain a clause providing for termination for convenience of the State, the contract shall be equitably adjusted to compensate for such termination and the contract modified accordingly; failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes."

"(5) If this contract is terminated as provided in paragraph(1) of this clause, the State, in addition to any other rights provided in this clause, may require the Contractor to transfer title and deliver to the State, in the manner, at the times, and to the extent, if any, directed by the procurement officer, (a) the fabricated or unfabricated parts, work in progress, completed work, supplies, and other material produced as a part of, or acquired in connection with the performance of, the work terminated by the Notice of Termination, and (b) the completed or partially completed plans, drawings, information, and other property which, if the contract had been completed, would have been required to be furnished to the State; and the Contractor shall, upon direction of the procurement officer, protect and preserve property in the possession of the Contractor in which the State has an interest. Payment for completed supplies delivered to and accepted by the State shall be at the contract price. Payment for manufacturing materials delivered to and accepted by the State and for the protection and preservation of property shall be in an amount agreed upon by the Contractor and procurement officer; failure to agree to such amount shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes." The State may withhold from amounts otherwise due the Contractor hereunder such sum as the procurement officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

21.07.01 Page 3
Effective as of January 2, 2017
"(6) The rights and remedies of the State provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(1) Alternate Clause — Termination for Convenience (short form).

"The performance of work under this contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. (a) stop work as specified in the Notice of Termination;

(b) place no further orders or subcontracts for materials, services or facilities, except as may be necessary for completion of the portion of the work under the contract as is not terminated;

(c) terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination;

(d) assign to the State, in the manner, at times, and to the extent directed by the procurement officer, all of the right, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the State shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts;

(e) settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the procurement officer, to the extent he may require, which approval or ratification shall be final for all the purposes of this clause;

(f) transfer title and deliver to the State, in the manner, at the times, and to the extent, if any, directed by the procurement officer, (i) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced as a part of, or acquired in connection with the performance of, the work terminated by the Notice of Termination, and (ii) the completed or partially completed plans, drawings, information, and other property which, if the contract had been completed, would have been required to be furnished to the State;

(g) use its best efforts to sell, in the manner, at the times, to the extent, and at the price or prices directed or authorized by the procurement officer, any property of the types referred to in (f) above; provided, however, that the Contractor(i) may not be required to extend credit to any purchaser, and (ii) may acquire any such property under the conditions prescribed by and at a price or prices approved by the procurement officer; and provided further that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the State to the Contractor under this contract or shall otherwise be credited to the price or cost of the work covered by this contract or paid in such other manner as the procurement officer may direct;

(h) complete performance of such part of the work as shall not have been terminated by the Notice of Termination; and
The Contractor shall submit to the procurement officer a list, certified as to quantity and quality, of any or all items of termination inventory not previously disposed of, exclusive of items the disposition of which has been directed or authorized by the procurement officer, and may request the State to remove them or enter into a storage agreement covering them. Not later than fifteen (15) days thereafter, the State shall accept title to these items and remove them or enter into a storage agreement covering the same; provided, that the list submitted shall be subject to verification by the procurement officer upon removal of the items, or if the items are stored, within forty-five (45) days from the date of submission of the list, and any necessary adjustment to correct the list as submitted shall be made before final settlement.

"(3) After receipt of a Notice of Termination, the Contractor shall submit to the procurement officer his termination claim, in the form and with certification prescribed by the procurement officer. This claim shall be submitted promptly but in no event later than one (1) year from the effective date of termination, unless one or more extensions in writing are granted by the procurement officer, upon request of the Contractor made in writing within the one-year period or authorized extension thereof. However, if the procurement officer determines that the facts justify such action, he may receive and act upon any such termination claim at any time after the one-year period or any extension thereof. Upon failure of the Contractor to submit his termination claim within the time allowed, the procurement officer may determine the claim at any time after the one-year period or any extension thereof. Upon failure of the Contractor to submit his termination claim within the time allowed, the procurement officer may determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined.

"(4) Subject to the provisions of paragraph (3), the Contractor and the procurement officer may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of work pursuant to this clause, which amount or amounts may include a reasonable allowance for profit on work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total contract price as reduced by the amount of payments otherwise made and as further reduced by the contract price of work not terminated. The contract shall be amended accordingly, and the Contractor shall be paid the agreed amount. Nothing in paragraph (5) of this clause, prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the procurement officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this clause, shall be deemed to limit, restrict, or otherwise determine or affect the amount or amounts that may be agreed upon to be paid to the Contractor pursuant to this paragraph.

"(5) In the event of the failure of the Contractor and the procurement officer to agree as provided in paragraph (4) upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this clause, the procurement officer shall pay to the Contractor the amounts determined by the procurement officer as follows, but without duplication of any amounts agreed upon in accordance with paragraph (4):

(a) for completed supplies or services accepted by the State (or sold or acquired as provided in paragraph (2)(g) above) and for which payment has not theretofore been made, a sum equivalent to the aggregate price for the supplies or services computed in accordance with the price or prices specified in the contract, appropriately adjusted for any saving of freight or other charges;

(b) the total of:

(i) the costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but exclusive of any costs attributable to supplies or services paid or to be paid for under paragraph (5)(a) hereof;

(ii) the cost of settling and paying claims arising out of the termination of work under subcontracts or orders, as provided in paragraph (2)(e) above, which are properly chargeable to the terminated portion of the contract (exclusive of amounts paid or payable on account of supplies or materials delivered or services furnished by subcontractors or vendors before the effective date of the Notice of Termination, which amounts shall be included in the costs payable under(i) above); and

(iii) a sum, as profit on(i) above, determined by the procurement officer to be fair and reasonable; provided, however, that if it appears that the contractor would have sustained a loss on the entire contract had it been completed, no profit shall be
included or allowed under this subdivision (iii) and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and

(c) the reasonable cost of settlement accounting, legal, clerical, and other expenses reasonably necessary for the preparation of settlement claims and supporting data with respect to the terminated portion of the contract and for the termination and settlement of subcontractors thereunder, together with reasonable storage, transportation, and other costs incurred in connection with the protection or disposition of property allocable to this contract.

The total sum to be paid to the Contractor under (a) and (b) of this paragraph shall not exceed the total contract price as reduced by the amount of payments otherwise made and as further reduced by the contract price of work not terminated. Except for normal spoilage, and except to the extent that the State shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the Contractor as provided in (5)(a) and (b)(i) above, the fair value, as determined by the procurement officer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the State or to a buyer pursuant to paragraph (2)(g).

"(6) Costs claimed, agreed to, or determined pursuant to (3), (4), (5) and (11) hereof shall be in accordance with COMAR 21.09 (Contract Cost Principles and Procedures) as in effect on the date of this contract.

"(7) The Contractor shall have the right of appeal, under the clause of this contract entitled "Disputes," from any determination made by the procurement officer under paragraph (3), (5), or (9) hereof, except that if the Contractor has failed to submit his claim within the time provided in paragraph (3) or (9) hereof, and has failed to request extension of the time, he shall have no right of appeal. In any case where the procurement officer has made a determination of the amount due under paragraph (3), (5), or (9) hereof, the State shall pay to the Contractor the following: (a) if there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the procurement officer, or (b) if an appeal has been taken, the amount finally determined on such appeal.

"(8) In arriving at the amount due the Contractor under this clause there shall be deducted: (a) all unliquidated advance or other payments on account theretofore made to the Contractor, applicable to the terminated portion of this contract, (b) any claim which the State may have against the Contractor in connection with this contract, and (c) the agreed price for, or the proceeds of sale of, any materials, supplies, or other things acquired by the Contractor or sold, pursuant to the provisions of this clause, and not otherwise recovered by or credited to the State.

"(9) If the termination hereunder be partial, the Contractor may file with the procurement officer a claim for an equitable adjustment of the price or prices specified in the contract relating to the continued portion of the contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made in such price or prices. Any claim by the Contractor for an equitable adjustment under this clause shall be asserted within ninety (90) days from the effective date of the termination notice, unless an extension is granted in writing by the procurement officer.

"(10) The State may from time to time, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the Contractor in connection with the terminated portion of this contract whenever in the opinion of the procurement officer the aggregate of such payments shall be within the amount to which the Contractor shall be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this clause, such excess shall be payable by the Contractor to the State upon demand, together with interest computed at the prime rate established by the State Treasurer for the period from the date such excess payment is received by the Contractor to the date on which such excess is repaid to the State; provided, however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in the Contractor's claim by reason of retention or other disposition of termination inventory until ten days after the date of such retention or disposition, or a later date as determined by the procurement officer by reason of the circumstances.

"(11) Unless otherwise provided for in this contract, or by applicable statute, the Contractor shall—from the effective date of termination until the expiration of three years after final settlement under this contract—preserve and make available to the State at all reasonable times at the office of the Contractor but without direct charge to the State, all his books, records, documents and other evidence bearing on the costs and expenses of the Contractor under this contract and relating to the work terminated hereunder, or, to the extent approved by the procurement officer, reproductions thereof."
B. Leases of Real Property.

(1) Inclusion of a termination for convenience clause in a real property lease is discretionary with the Board of Public Works, upon recommendation of the Secretary of General Services.

(2) In recommending the exclusion of a termination for convenience clause in a real property lease, the Secretary shall consider such factors as:

(a) The practicality of including the termination for convenience clause in a lease of real property located in another state or overseas when the demand for property of a particular type or in some particular geographic location is extremely intense, or when the contents of a lease are established by a foreign government and are effectively non-negotiable, or both;

(b) The perception of some landlords that the termination for convenience clause permits the State to unilaterally convert a fixed term lease to a day-to-day lease; or

(c) The prospects that some lending institutions may reject loan requests from landlords owning property that the State might wish to lease but that must be first upgraded at the owner's expense to meet State User Agency Requirements.

.13 Delays and Extensions of Time.

Mandatory provision for all contracts. It shall be in substantially the same form as follows:

.26 Commercial Nondiscrimination Clause.

A. The following provision is mandatory for all State contracts and subcontracts: "As a condition of entering into this Agreement, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry, national origin, sex, age, marital status, sexual orientation, sexual identity, genetic information or an individual's refusal to submit to a genetic test or make available the results of a genetic test or on the basis of disability, or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Agreement and may result in termination of this Agreement, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

B. The following provision is mandatory for all State contracts: "As a condition of entering into this Agreement, upon the request of the Commission on Civil Rights, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past 4 years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. 6.3 PAYMENT TO VENDORS
 a. The using agency(ies) is (are) authorized to order and the contractor is authorized to ship only those items covered by the contract resulting from the RFP. If a review of orders placed by the using agency(ies) reveals that goods and/or services other than that covered by the
contract have been ordered and delivered, such delivery shall be a violation of the terms of the contract and may be considered by the Director as a basis to terminate the contract and/or not award the contractor a subsequent contract. The Director may take such steps as are necessary to have the items returned by the agency, regardless of the time between the date of delivery and discovery of the violation. In such event, the contractor shall reimburse the State the full purchase price;

b. The contractor must submit invoices to the using agency with supporting documentation evidencing that work or goods for which payment is sought has been satisfactorily completed or delivered. For commodity contracts, the invoice, together with the original Bill of Lading, express receipt and other related papers must be sent to the State Contract Manager or using agency on the date of each delivery. For contracts featuring services, invoices must reference the tasks or subtasks detailed in the Scope of Work section of the RFP and must be in strict accordance with the firm, fixed prices submitted for each task or subtask on the RFP pricing sheets. When applicable, invoices should reference the appropriate RFP price sheet line number from the contractor’s bid proposal. All invoices must be approved by the State Contract Manager or using agency before payment will be authorized;

c. In all time and materials contracts, the State Contract Manager or designee shall monitor and approve the hours of work and the work accomplished by contractor and shall document both the work and the approval. Payment shall not be made without such documentation. A form of timekeeping record that should be adapted as appropriate for the Scope of Work being performed can be found at www.nj.gov/treasury/purchase/forms/Vendor_Timesheet.xls; and

d. The contractor shall provide, on a monthly and cumulative basis, a breakdown in accordance with the budget submitted, of all monies paid to any small business, minority or woman-owned subcontractor(s). This breakdown shall be sent to the Chief of Operations, Division of Revenue, P.O. Box 628, Trenton, NJ 08646.

6.4 OPTIONAL PAYMENT METHOD: P-CARD
The State offers contractors the opportunity to be paid through the MasterCard procurement card (p-card). A contractor’s acceptance and a State agency’s use of the p-card are optional. P-card transactions do not require the submission of a contractor invoice; purchasing transactions using the p-card will usually result in payment to a contractor in three (3) days. A contractor should take note that there will be a transaction-processing fee for each p-card transaction. To participate, a contractor must be capable of accepting the MasterCard. Additional information can be obtained from banks or merchant service companies.

6.5 NEW JERSEY PROMPT PAYMENT ACT
The New Jersey Prompt Payment Act, N.J.S.A. 52:32-32 et seq., requires state agencies to pay for goods and services within 60 days of the agency’s receipt of a properly executed State Payment Voucher or within 60 days of receipt and acceptance of goods and services, whichever is later. Properly executed performance security, when required, must be received by the State prior to processing any payments for goods and services accepted by state agencies. Interest will be paid on delinquent accounts at a rate established by the State Treasurer. Interest shall not be paid until it exceeds $5.00 per properly executed invoice.

Cash discounts and other payment terms included as part of the original agreement are not affected by the Prompt Payment Act.

6.6 AVAILABILITY OF FUNDS
The State’s obligation to make payment under this contract is contingent upon the availability of appropriated funds and receipt of revenues from which payment for contract purposes can be made. No legal liability on the part of the State for payment of any money shall arise unless and until funds
are appropriated each fiscal year to the using agency by the State Legislature and made available through receipt of revenue.

7. TERMS RELATING TO ALL CONTRACTS FUNDED, IN WHOLE OR IN PART, BY FEDERAL FUNDS

Pursuant to 2 CFR 200.322, the contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, 42 U.S.C. § 6962. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

B. As defined in 40 CFR 247.3, “recovered material” means:
   1. waste materials and byproducts which have been recovered or diverted from solid waste, but such term does not include those materials and byproducts generated from, and commonly reused within, an original manufacturing process; and
   2. for purposes of purchasing paper and paper products, means waste material and byproducts that have been recovered or diverted from solid waste, but such term does not include those materials and byproducts generated from, and commonly reused within, an original manufacturing process. In the case of paper and paper products, the term recovered materials includes:
      a. Postconsumer materials such as --
         i. Paper, paperboard, and fibrous wastes from retail stores, office buildings, homes, and so forth, after they have passed through their end-usage as a consumer item, including: used corrugated boxes; old newspapers; old magazines; mixed waste paper; tabulating cards; and used cordage; and
         ii. All paper, paperboard, and fibrous wastes that enter and are collected from municipal solid waste, and
      b. Manufacturing, forest residues, and other wastes such as --
         i. Dry paper and paperboard waste generated after completion of the papermaking process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel in smaller rolls of rough sheets) including: envelope cuttings, bindery

C. For contracts in an amount greater than $100,000, at the beginning of each contract year, contractor shall provide the State estimates of the total percentage of recovered material utilized in the performance of its contract for each of the categories listed in subsection (A). For all contracts subject to this Section 7.1 of the Standard Terms and Conditions, at the conclusion of each contract year, contractor shall certify to the State the minimum recovered material content actually utilized in the prior contract year.

7.2 EQUAL EMPLOYMENT OPPORTUNITY

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or
applicants to individuals who do not otherwise have access to such information, unless such
disclosure is in response to a formal complaint or charge, in furtherance of an investigation,
proceeding, hearing, or action, including an investigation conducted by the employer, or is
consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he/she
has a collective bargaining agreement or other contract or understanding, a notice to be
provided advising the said labor union or workers' representatives of the contractor's
commitments under this section, and shall post copies of the notice in conspicuous places
available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24,
1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of
September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or
pursuant thereto, and will permit access to his/her books, records, and accounts by the
administering agency and the Secretary of Labor for purposes of investigation to ascertain
compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this
contract or with any of the said rules, regulations, or orders, this contract may be canceled,
terminated, or suspended in whole or in part and the contractor may be declared ineligible
for further Government contracts or federally assisted construction contracts in accordance
with procedures authorized in Executive Order 11246 of September 24, 1965, and such
other sanctions may be imposed and remedies invoked as provided in Executive Order
11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or
as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1)
and the provisions of paragraphs (1) through (8) in every subcontract or purchase order
unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant
to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions
will be binding upon each subcontractor or vendor. The contractor will take such action with
respect to any subcontract or purchase order as the administering agency may direct as a
means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened
with, litigation with a subcontractor or vendor as a result of such direction by the
administering agency, the contractor may request the United States to enter into such
litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause
with respect to its own employment practices when it participates in federally assisted
construction work: Provided, That if the applicant so participating is a State or local
government, the above equal opportunity clause is not applicable to any agency,
instrumentality or subdivision of such government which does not participate in work on
or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering
agency and the Secretary of Labor in obtaining the compliance of contractors and
subcontractors with the equal opportunity clause and the rules, regulations, and relevant
orders of the Secretary of Labor, that it will furnish the administering agency and the
Secretary of Labor such information as they may require for the supervision of such
compliance, and that it will otherwise assist the administering agency in the discharge
of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract
modification subject to Executive Order 11246 of September 24, 1965, with a contractor
debarred from, or who has not demonstrated eligibility for, Government contracts and
federally assisted construction contracts pursuant to the Executive Order and will carry
out such sanctions and penalties for violation of the equal opportunity clause as may be 
posed upon contractors and subcontractors by the administering agency or the 
Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the 
applicant agrees that if it fails or refuses to comply with these undertakings, the 
administering agency may take any or all of the following actions: Cancel, terminate, or 
suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from 
extending any further assistance to the applicant under the program with respect to 
which the failure or refund occurred until satisfactory assurance of future compliance 
has been received from such applicant; and refer the case to the Department of Justice 
for appropriate legal proceedings.

7.3  **DAVIS-BACON ACT, 40 U.S.C. 3141-3148, AS AMENDED**
When required by Federal program legislation, all prime construction contracts in excess of $ 2,000 
awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act 
(40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 
CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and 
Assisted Construction"). In accordance with the statute, contractors must be required to pay wages 
to laborers and mechanics at a rate not less than the prevailing wages specified in a wage 
determination made by the Secretary of Labor. In addition, contractors must be required to pay 
wages not less than once a week. The non-Federal entity must place a copy of the current prevailing 
wage determination issued by the Department of Labor in each solicitation. The decision to award 
a contract or subcontract must be conditioned upon the acceptance of the wage determination. The 
non-Federal entity must report all suspected or reported violations to the Federal awarding agency. 
The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act 
(40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, 
"Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by 
Loans or Grants from the United States"). The Act provides that each contractor or subrecipient 
must be prohibited from inducing, by any means, any person employed in the construction, 
completion, or repair of public work, to give up any part of the compensation to which he or she is 
otherwise entitled. The non-Federal entity must report all suspected or reported violations to the 
Federal awarding agency.

7.4  **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT, 40 U.S.C. 3701-3708**
Where applicable, all contracts awarded by the non-Federal entity in excess of $ 100,000 that 
involve the employment of mechanics or laborers must include a provision for compliance with 40 
U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every 
mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the 
standard work week is permissible provided that the worker is compensated at a rate of not less 
than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the 
work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide 
that no laborer or mechanic must be required to work in surroundings or under working conditions 
which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases 
of supplies or materials or articles ordinarily available on the open market, or contracts for 
transportation or transmission of intelligence.

7.5  **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT**
If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the 
recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit 
organization regarding the substitution of parties, assignment or performance of experimental, 
developmental, or research work under that "funding agreement," the recipient or subrecipient must 
comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit 
Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative 
Agreements," and any implementing regulations issued by the awarding agency.
Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affentional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affentional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affentional or sexual orientation, gender identity or expression, disability, nationality or sex. The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affentional or sexual orientation, gender identity or expression, disability, nationality or sex.

N.J.S.A. 10:5-39 et seq. requires contractors, subcontractors, and permitted assignees performing construction, alteration, or repair of any building or public work in excess of $250,000 to guarantee equal employment opportunity to veterans.

The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:
(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et. seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:

(1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;

(2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;

(3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;

(4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;

(5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

   (i) The contractor or subcontractor shall interview the referred minority or women worker.

   (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith
determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.

(iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

(iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

The contractor must demonstrate to the Division of Purchase and Property’s satisfaction that a good faith effort was made to ensure that minorities and women have been afforded equal opportunity to gain employment under the Division of Purchase and Property’s contract with the contractor. Payment may be withheld from a contractor’s contract for failure to comply with these provisions.

Evidence of a “good faith effort” includes, but is not limited to:

2. The Contractor shall keep specific records of its efforts, including records of all individuals interviewed and hired, including the specific numbers of minorities and women;
3. The Contractor shall actively solicit and shall provide the Division of Purchase and Property with proof of solicitations for employment, including but not limited to advertisements in general circulation media, professional service publications and electronic media; and
4. The Contractor shall provide evidence of efforts described at 2 above to the Division of Purchase and Property no less frequently than once every 12 months.
5. The Contractor shall comply with the requirements set forth at N.J.A.C. 17:27.

This language is in addition to and does not replace good faith efforts requirements for construction contracts required by N.J.A.C. 17:27-3.6, 3.7 and 3.8, also known as Exhibit B.
1. **Scope:**
   This Participating Addendum (PA) covers the **Wireless Data, Voice and Accessories** contracts led by the State of Utah for use by state agencies and other entities located in the Participating State authorized by that state’s statues to utilize state contracts with prior approval of the state’s chief procurement official.

2. **Participation:**
   Use of specific NASPO ValuePoint cooperative contracts by agencies, political subdivisions and other entities (including cooperatives) authorized by an individual state’s statues to use state contracts are subject to prior approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the State’s Chief Procurement Official.

3. **Term:** This Participating Addendum shall begin upon signature approval by the State and continue through Term of the Master Price Agreement, or upon termination by the State, whichever occurs first.

   Lead State amendments to extend the Master Price Agreement term date are not automatically incorporated into this Participating Addendum. Extensions to the term of the Participating Addendum will be through a written amendment.

4. **Restrictions/Allowances:**
   A Participating State may set further restrictions or allowances of products and/or services in their Participating Addendum. The Participating State will determine with the Contractor/Vendor how to approve these modifications to the State’s Product and Service Schedule.

   *(Restrictions and/or Allowance may be listed here.)*

5. **Taxes:**
   **NOTE:** NO PROPERTY TAX WILL BE PAID TO THE CONTRACTOR BY THE STATE. The payment of taxes for any money received under this Agreement shall be the Contractor's sole responsibility and should be reported under the Contractor's Federal and State tax identification number(s).

   Contractor and any and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor.    In signing this Agreement, the Contractor certifies the Contractor has not, either directly or indirectly, entered into action in restraint of free competitive bidding in connection with this offer submitted to the State Purchasing Agent or agency or entity.

7. **Applicable Law:**
   The laws of the State of New Mexico shall govern this Agreement, without giving effect to its choice of law provisions. Venue shall be proper only in a New Mexico court of competent jurisdiction in New Mexico.

   Contractor agrees if it has ten (10) or more New Mexico employees OR eight (8) or more employees in the same job classification, at any time during the term of this contract, to complete and submit the PE10-249 form on the annual anniversary of the initial report submittal for contracts up to one (1) year in duration. If contractor has (250) or more employees, contractor must complete and submit the PE250 form on the annual anniversary of the initial report submittal for contracts up to one (1) year in duration. For contracts that extend beyond one (1) calendar year, or are extended beyond one (1) calendar year, contractor also agrees to complete and submit the PE10-249 or PE250 form, whichever is applicable, within thirty (30) days of the annual contract anniversary date of the initial submittal date or, if more than 180 days has elapsed since submittal of the last report, at the completion of the contract, whichever comes first. Should contractor not meet the size requirement for reporting at contract award but subsequently grows such that they meet or exceed the size requirement for reporting, contractor agrees to provide the required report within ninety (90 days) of meeting or exceeding the size requirement. That submittal date shall serve as the basis for submittals required thereafter. Contractor also agrees to levy this requirement on any subcontractor(s) performing more than 10% of the dollar value of this contract if said subcontractor(s) meets, or grows to meet, the stated employee size thresholds during the term of the contract. Contractor further agrees that, should one or more subcontractor not meet the size requirement for reporting at contract award but subsequently grows such that they meet or exceed the size requirement for reporting, contractor will submit the required report, for each such subcontractor, within ninety (90 days) of that subcontractor meeting or exceeding the size requirement. Subsequent report submittals, on behalf of each such subcontractor, shall be due on the annual anniversary of the initial report submittal. Contractor shall submit the required form(s) to the State Purchasing Division of the General Services Department, and other departments as may be determined, on behalf of the applicable subcontractor(s) in accordance with the schedule contained in this paragraph. Contractor acknowledges that this subcontractor requirement applies even though contractor itself may not meet the size requirement for reporting and be required to report itself.

   Notwithstanding the foregoing, if this Contract was procured pursuant to a solicitation, and if Contractor has already submitted the required report accompanying their response to such solicitation, the report does not need to be re-submitted with this Agreement.

9. **New Mexico Employee Health Coverage:**

    A.     B. Contractor agrees to maintain a record of the number of employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.

10. **Indemnification**
   a. The Contractor shall defend, indemnify and hold harmless the State and Participating Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against claims, damages or causes of action including reasonable attorneys’ fees and related costs for any death, injury, or damage to property arising from act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Participating Addendum.

   b. Indemnification – Intellectual Property. The Contractor shall defend, indemnify and hold harmless the State of New Mexico along with their officers, agents, and employees as well as any person or entity for which they may be liable ("Indemnified Party"), from and against claims, damages or causes of action including reasonable attorneys’ fees and related costs arising out of the claim that the Product or its use, infringes Intellectual Property rights ("Intellectual Property Claim").

      (b) specified by the Contractor to work with the Product; or

      (d) It would be reasonably expected to use the Product in combination with such product, system or method.

   (2) The Indemnified Party shall notify the Contractor within a reasonable time after receiving notice of an Intellectual Property Claim. The terms and conditions of this Participating Addendum prevail over any additional or conflicting terms on the Purchase Order, or other correspondence from either the Procuring Agency or the Contractor (e.g. SLAs) and any additional or conflicting terms may be rejected by either the Procuring Agency or the Contractor.

14. **New Mexico Administration Reporting and Fees**

2. Contracts or Purchase Orders.

2.1 Contracts or Purchase Orders. Authorized Purchasers who are state agencies shall use a State-approved form referencing the Master Agreement Number, substantially in the form attached hereto as Exhibit No. 5. Other Authorized Purchasers may use their own forms for Purchase Orders, as agreed upon with Contractor. To the extent that the terms of any form differ from the terms of this Addendum, the terms of this Addendum supersede such contrary terms.

Each Purchase Order must contain, on the front page, the following language:
2.2 **Effect of Contract or Purchase Orders.** Participating State is only liable for purchases made by State of Oregon agencies, boards, commissions, departments or subdivisions that issue Contracts or Purchase Orders. Other Authorized Purchasers are responsible for any purchases under Contracts or Purchase Orders they issue. Participating State expressly disclaims any liability for purchases made by non-State agency Authorized Purchasers or any other entity.

2.3 **Verification of Authorized Purchasers.** Contractor shall verify that it provides goods and services under this Addendum only to Authorized Purchasers and their end users. Contractor may verify that a particular entity is an ORCPP member on-line at [http://www.oregon.gov/das/Procurement/Pages/Orcppmember.aspx](http://www.oregon.gov/das/Procurement/Pages/Orcppmember.aspx) or by using the Oregon Procurement Information Network (ORPIN) at [http://orpin.oregon.gov/open.dll/welcome](http://orpin.oregon.gov/open.dll/welcome)

2.4 **Limitation of Liability.** Contractor acknowledges and agrees that the State shall bear no liability on Contracts or Purchase Orders entered into for purchases by non-State Agencies, which liability the State expressly disclaims. With regard to non-State Agencies, Contractor agrees to look solely to the respective contracting party for any rights and remedies Contractor may have at law or in equity arising out of the sale and purchase of Contractor's Goods or Services and the resulting contractual relationship, if any, with each such contracting party.

2.5 **Exclusivity.** This Addendum is not exclusive, Authorized Purchasers may acquire the Goods from other providers. If this is a multiple award of Master Agreements under RFP #__________, the State of Oregon may enter into a Participating Addendum with one or more or all of the Awardees, or, the State of Oregon may elect not to enter into a Participating Addendum with each of the Awardees. In the event the State of Oregon elects not to enter into a Participating Addendum with each of the Awardees, the State of Oregon may enter into Participating Addendum with the three highest ranked Proposers who provide Goods or Services on a national level or the three highest ranked Proposers who provide Products or Services on a regional/local level.

3. **Goods and Services.**

3.1 **Goods.** All Goods delivered under this Addendum will be new and unused, unless otherwise agreed in the Contract or Purchase Order. Contractor shall warrant the Goods as set forth in the Master Agreement and deliver copies of all warranties to Authorized Purchaser. Title to all Goods delivered is subject to the provisions of ORS chapter 72.

From time to time, Contractor may offer to provide Additional Goods or Services. If Contractor wishes to provide Additional Products and prior to providing any Additional Goods or Services to any Authorized Purchaser or end user pursuant to the terms and conditions of this Addendum, Contractor shall submit to the State the applicable Attachments, Sales Information and/or Product Briefs, any additional terms and conditions, and all other relevant information for Additional Products. All Additional Goods or Services are subject to review and approval of the State. The State will review the information. If acceptable, the State, in its sole discretion, may approve the Additional Goods or Services and terms and conditions. Upon approval, the State will post a list of the approved Additional Goods and Services available under the Addendum, on the Oregon Procurement Information Network (OPRIN). The State also will post to ORPIN the applicable Goods and Services information, including: Attachments, Sales Information and/or Product Briefs, and any approved terms and conditions, for all approved Additional Goods or Services. The State will update the list, as necessary.
3.2 Services. Except as set forth in a Contract or Purchase Order, Contractor, at its cost, shall provide, install, maintain, repair, operate and control the communications equipment necessary to provide the Services. Contractor shall provide Services to Authorized Purchasers and their end users in accordance with its service coverage maps as described in Master Agreement. If Contractor did not include a service coverage map, Contractor is required to provide Service to Authorized Purchasers to the entire State, subject to federal, state and local limitations.

Contractor’s Services shall be available in accordance with the service level guarantees set out in the Master Agreement and as set forth in Exhibit No. 2 attached hereto. Contractor shall respond to and shall maintain a trouble ticket reporting system as agreed upon by DAS PS and Authorized Purchaser. Contractor shall also accept trouble ticket reports by telephone via an 800 telephone number which shall be available on a 24 hour by 365 day basis and may also be required to accept trouble tickets by other means including fax and e-mail upon request by Authorized Purchaser. 4.1 Authorized Purchaser shall pay Contractor the rates and charges set forth in Master Agreement for the Goods or Services.

4.2 Invoices. Authorized Purchaser shall pay Contractor not more than once each month all undisputed amounts due upon Contractor’s submission of detailed invoices that set forth the Goods and Services accepted by Authorized Purchaser. Such invoices will describe the Goods or Services delivered and accepted by Authorized Purchaser for which Contractor seeks compensation. Contractor shall request payment only for Goods or Services accepted by Authorized Purchaser. Contractor shall submit invoices electronically to Authorized Purchaser’s Authorized Representative or as otherwise designated by Authorized Purchaser. Authorized Purchaser has the right to review all invoices for compliance with the requirements of this Addendum, and in the event of a discrepancy may dispute the invoice as set forth below. Invoices will include the following information:
Fields Required

Contractor Name, Bill Number, Invoice Number, Account Number, Sub-Account Number (if applicable), Bill Date, Amount of Last Bill, Payments Applied, Adjustments Applied, Balance Due, Total Charges, Total Per Sub-Account (if applicable)

For each line item: State Authorized Purchaser name, Service Description (including Type or Plan, User, Location, Monthly Recurring Charge, Use Charges, Minutes) or Equipment Description (including Type, Quantity, User, Accessories, Equipment Charges) and applicable Taxes/Surcharges

4.3 Upon review of an invoice, if Authorized Purchaser discovers a discrepancy, Authorized Purchaser may dispute that portion of the invoice. Authorized Purchaser will not pay disputed claims until the dispute is resolved. Authorized Purchaser will pay undisputed portions of disputed or incorrect invoices where the undisputed portion can be easily identified by Authorized Purchaser. Payment of an amount less than the total amount due on all unpaid invoices shall be credited as directed by Authorized Purchaser. In no event shall Contractor apply any payment or portion thereof to any particular amount or item that is subject to any claim of error or dispute between the parties. Contractor shall have 3 months from the date of any disputed billing item to give notice and initiate a dispute against Authorized Purchaser. Once Contractor has given notice of Contractor's intention to initiate a dispute against Authorized Purchaser, the dispute shall be resolved within 6 months. Authorized Purchasers shall have 2 years from the date of any disputed billing item to give notice and initiate a dispute against Contractor. Once Authorized Purchaser has given notice of Authorized Purchaser's intention to initiate a dispute with Contractor, the dispute shall be resolved within 6 months.

4.5 Taxes, Fees and Surcharges. Contractor may pass on to Authorized Purchaser the taxes, fees or surcharges related to the Services as set forth in Exhibit No. 3, provided:

- Contractor is permitted by law to pass on the tax, fee or surcharge on to all customers and from which Authorized Purchaser is not otherwise exempt; or
- The tax, fee, or surcharge is passed on to all customers in an equitable manner; and
- No mark up or other additional charge is added to the surcharge.

Contractor shall be responsible for all federal or state taxes applicable to compensation or payments paid to Contractor under the Addendum and, unless Contractor is subject to backup withholding, Authorized Purchaser will not withhold from such compensation or payments any amount(s) to cover Contractor's federal or state tax obligations. Contractor is not eligible for any social security, unemployment insurance, or workers’ compensation benefits from compensation or payments paid to Contractor under a Contract or Purchase Order, except as a self-employed individual.

5. Funds available and authorized/non-appropriation. Authorized Purchaser’s or Participating State’s payment obligations under this Addendum or any Contract or Purchase Order are conditioned upon Authorized Purchaser receiving funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow Authorized Purchaser, in the exercise of its reasonable administrative discretion, to meet its payment obligations under any Contract or Purchase Order issued under this
Addendum. Nothing in this Addendum or Contract or Purchaser Order is to be construed as permitting
any violation of Article XI, section 7 of the Oregon Constitution or any other law regulating liabilities or
monetary obligations of the State of Oregon. Authorized Purchaser represents that it has sufficient
appropriations and limitation for the current biennium to make payments under any Contract or Purchaser
Order issued under this Addendum.

6. Volume Sales Reports (VSRs) and Vendor Collected Administrative Fee (VCAF).

6.1 Volume Sales Reports (VSRs).
6.1.1 Contractor shall submit a Volume Sales Report (VSR), in the form attached hereto as
Exhibit No. 6, no later than thirty (30) calendar days from the end of each calendar quarter, which
contains complete and accurate details of all receipts (sales and refunds) for the reported period,
including:

- The information as identified in the DAS PS document titled Volume Sales Report
  Template - Data Requirement, Format and Layout (Exhibit 5); and
- Such other information as DAS PS may reasonably request.

Contractor shall send a VSR to DAS PS each quarter, whether or not there are sales. When no
sales have been recorded for the quarter a report must be submitted stating “No Sales for the
Quarter.”

6.1.2 Data Medium and Delivery Medium: Contractor shall provide VSRs in MS Excel (.xls)
format. VSRs must be submitted by e-mail. Delivered print outs of VSRs are not acceptable. Hard
copies of VSRs on CDs are only acceptable if the size of the file precludes transmission by email.
Approval from the Contract Administrator must be obtained for deviations from these
requirements.

6.1.3 Receipt/Acceptance: The first VSR submitted by the Contractor must be submitted to the
DAS PS Contract Administrator for review and approval. Approved first VSRs and subsequent
VSRs must be submitted to vcaf.reporting@state.or.us. A separate section follows describing the
administrative charge if it is applicable. The Contract Administrator's receipt or acceptance of any
of the VSRs furnished pursuant to this Price Agreement shall not preclude DAS PS from
challenging the validity thereof at any time.

6.2 Vendor Collected Administrative Fee (VCAF).

6.2.1 Vendor Collected Administrative Fee (VCAF) percentage: The VCAF is a charge equal to
One Percent (1.0 %) of Contractor's Gross total sales, less any credits, made to Authorized
Purchasers during the calendar quarter. For the purposes of this Price Agreement, quarters end
March 31, June 30, September 30, and December 31. DAS PS will invoice the Contractor for the
VCAF on a State generated invoice from the information submitted on the VSR. Contractor is
responsible for timely reporting and payment, regardless of entity that actually reports or makes
VCAF payment to DAS PS.

6.2.2 VCAF Amount / Payment Due Date: During the term of this Participating Addendum and for
the sales during the last calendar quarter of the term of this Participating Addendum, the
Contractor shall remit VCAF payment to DAS PS within forty-five (45) calendar days after the end
of each calendar quarter.

6.2.3 Contractor may not reflect the VCAF fee as a separate line item charge to Authorized
Purchasers. Contractor's prices will reflect all Contractor's charges to Authorized Purchasers,
including the VCAF. DAS PS will invoice Contractor for the VCAF on a State generated invoice
from the information submitted on the VSR. Contractor is responsible for timely reporting and
payment, regardless of the entity that actually reports or makes VCAF payment to DAS PS.
6.2.3.1 Payment Format: The fee shall be in the form of a check remitted to:

State of Oregon
Department of Administrative Services
Attn: Shared Financial Services/PS
155 Cottage Street NE
Salem, Oregon 97301

or to such other address as designated by the Contract Administrator. Any other form of payment must be specifically approved by the Contract Administrator.

6.2.3.2 Interest: Any payments Contractor makes or causes to be made to DAS PS after the due date as indicated on the invoice shall accrue interest at a rate of 18% per annum or the maximum rate permitted by law, whichever is less, until such overdue amount shall have been paid in full. DAS PS’ right to interest on late payments shall not preclude DAS PS from exercising any of its other rights or remedies pursuant to this Participating Addendum or otherwise with regards to Contractor's failure to make timely remittances.

6.3 Audit. DAS PS shall have the right during regular business hours, at Contractor's premises, and upon reasonable notice, by itself or by a person authorized by it, to audit Contractor's records and other pertinent data, to determine and verify the figures reported in any VSRs furnished by Contractor. In the event that any such audit reveals underpayment of administrative fees, Contractor shall immediately pay the amount of deficiency, together with interest thereon at the rate provided in Section 6.2.3.2. At DAS PS’S request, Contractor shall pay the reasonable cost of an audit, but only if such audit reveals that an underpayment may exist as determined by DAS PS.

7. Warranties. Authorized Purchasers are entitled to the warranties, rights, remedies, and benefits under the Master Agreement and this Addendum for any purchases made by such Authorized Purchasers pursuant to Contracts or Purchase Orders. Without limiting the generality of the warranty provisions of the Master Agreement, Contractor represents and warrants to Authorized Purchaser that:

- Contractor has the power and authority to enter into and perform this Addendum and that this Addendum, when executed and delivered, will be a valid and binding obligation of Contractor enforceable in accordance with its terms;
- Contractor will, at all times during the term of this Addendum, be qualified to do business in the State of Oregon, professionally competent and duly licenses to perform the Services under this Addendum;
- Goods or Service will be new, unused, current production models, where applicable, and will be free from defects in materials, design and manufacture for manufacturer’s standard warranty period, and through the expiration of the warranty period, all Goods or Services delivered by Contractor to Authorized Purchaser will materially conform to the acceptance criteria set forth in the Master Agreement, and any documentation provided by Contractor;
- All Services to be provided under this Addendum will be performed in accordance with the highest applicable professional or industry standards, and that only workmanship of the first quality shall be employed in the performance of this Addendum and Contractor’s performance under this Addendum creates no potential or actual conflict of interest, as defined by ORS 244, for either Contractor or any Contractor personnel that will perform the Services under this Addendum;
- In the provision of the Services, Contractor will not engage in paid prioritization; block lawful content/applications/services or the use of nonharmful devices; impair or degrade internet traffic for the purpose of discriminating against or favoring certain content, applications or services or devices; or unreasonably interfere or disadvantage an end user’s ability to select, access and use broadband internet services or devices;
- Contractor shall transfer to Authorized Purchaser all manufacturer warranties covering Goods or Products, if any at time of delivery at no charge;
- All Goods or Services, if any, are free and clear of any liens or encumbrances, and that Contractor has full legal title to such Goods or Services, and that no other person has any right, title or
interest in the Goods or Services which is superior to or infringe upon the rights granted to Authorized Purchaser hereunder;

- Except as otherwise permitted or provided in this Addendum, Contractor shall transfer all Goods or Services to Authorized Purchaser free and clear of any and all restrictions on or conditions of transfer, modification, licensing, sublicensing, direct or indirect distribution, or assignment, and free and clear of any and all liens, claims, mortgages, security interests, liabilities, and encumbrances of any kind;

- When used as authorized by this Addendum, no Good or Service delivered by Contractor to Authorized Purchaser infringes, nor will Authorized Purchaser’s use, duplication, or transfer of such Goods or Services infringe, any copyright, patent, trade secret, or other proprietary right of any third party;

- Contractor has no undisclosed liquidated and delinquent debt owed to the State of Oregon or any department or agency of the State or Oregon; and

- Except as otherwise set forth in this Addendum, any subcontractors performing work for Contractor under this Addendum have assigned all of their rights in the Goods or Services to Contractor or Authorized Purchaser and no third party has any right, title or interest in any Goods or Services supplied to Authorized Purchaser.

The warranties set forth in this section are in addition to, and not in lieu of, any other warranties provided in the Master Agreement. All warranties provided in this Addendum are cumulative and will be interpreted expansively so as to afford Authorized Purchaser the broadest warranty protection available.

8. Indemnities.

8.1 General Indemnity. Contractor will defend, save, hold harmless and indemnify Authorized Purchaser and the State of Oregon and their agencies, subdivisions, officers, employees and agents from and against all claims, suits, actions, losses, damages, liabilities, costs and expenses of any nature whatsoever resulting from, arising out of or relating to the activities of Contractor or its officers, employees, subcontractors or agents under the Addendum.

8.2 Infringement Indemnity. Contractor will defend, save, hold harmless and indemnify Authorized Purchaser and the State of Oregon and their agencies, subdivisions, officers, employees and agents from and against any and all claims, suits, actions, losses, damages, liabilities, costs and expenses resulting from, arising out of, or relating to a claim that any aspect of the Goods or Services furnished under a Contract or Purchase Order infringes a patent, utility model, industrial design, copyright, mask work, trademark, trade dress, or any other legally cognizable intellectual property right of any third party (“Infringement Claim”).

8.3 Participation. Authorized Purchaser may retain its own counsel and participate in the defense of any Infringement Claim. If the Authorized Purchaser reasonably concludes that its interests are not being properly protected, it may enter any action. Contractor may not settle any Infringement Claim on the State of Oregon’s behalf without the prior written consent of the Oregon Attorney General. Further, if principles of governmental or public law are involved, the State of Oregon may participate in the defense of any Infringement Claim. Any participation of the State of Oregon pursuant to this subsection will not relieve Contractor of its obligation to defend, save, hold harmless and indemnify the State of Oregon under this section, provided that the State of Oregon may not settle any Infringement Claim or action without Contractor’s prior written consent, which will not be unreasonably withheld.

8.4 Remedies for Infringement Claims. If any Goods or Services furnished by Contractor are, in Contractor’s opinion, likely to become the subject of an Infringement Claim, or if an Authorized Purchaser is prevented from exercising its rights under this Addendum based on any Infringement Claim or court order arising from any Infringement Claim, then Contractor may, at its option and expense, procure for the Authorized Purchaser the right to continue using the allegedly infringing Goods or Services, or replace or modify the Goods or Services.
so that they become non-infringing; provided that the replacement or modified Good or Service meets the specifications set forth in the applicable Contract or Purchase Order to the satisfaction of Authorized Purchaser. If the foregoing remedies are not available, then Authorized Purchaser will return the allegedly infringing Goods or terminate the allegedly infringing Services, and Contractor will refund Authorized Purchaser's payments, in full, for the allegedly infringing Goods or Services.

8.5 LIMITATION OF LIABILITY. EXCEPT FOR LIABILITY ARISING OUT OF OR RELATED TO SECTIONS 8.1 AND 8.2, CONFIDENTIALITY OR CLAIMS FOR PERSONAL INJURY, INCLUDING DEATH, OR DAMAGE TO REAL PROPERTY OR TANGIBLE PERSONAL PROPERTY ARISING FROM THE NEGLIGENCE, RECKLESS CONDUCT OR INTENTIONAL ACTS OF CONTRACTOR, ITS OFFICERS, EMPLOYEES OR AGENTS, CONTRACTOR'S LIABILITY FOR DAMAGES TO THE STATE FOR ANY CAUSE WHATSOEVER WILL BE LIMITED TO ONE AND A HALF TIMES THE MAXIMUM-NOT-TO-EXCEED AMOUNT OF THE CONTRACT OR PURCHASE ORDER.

NEITHER PARTY IS LIABLE TO THE OTHER PARTY FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

9. Term and Termination of Participating Addendum.

9.1 Term. This Addendum remains in effect until the earlier of (a) the expiration or termination of the Master Agreement, or (b) termination of this Addendum in accordance with its terms.

9.2 Termination. In addition to the termination rights set forth in the Master Agreement, DAS PS may terminate this Addendum, in whole or in part, upon notice to Contractor, or at such later date as DAS PS may establish in such notice, for no reason or for any reason, or immediately upon notice and the occurrence of any of the following events:

- Participating State fails to receive funding, or appropriations, limitations or other expenditure authority at levels sufficient to pay for the Goods or Services to be acquired under the Addendum; or
- Federal, state or local laws, regulations or guidelines are modified or interpreted in such a way that either the purchase of Goods or delivery of the Services under this Addendum is prohibited or Participating State is prohibited from paying for such Goods or Services from the planned funding source.

Upon receipt of written notice of termination, Contractor shall stop performance under all Contracts or Purchase Orders as directed by State.

9.3 Termination under any provision of this Addendum does not extinguish or prejudice State's or an Authorized Purchaser's right to enforce this Addendum or a Contract or Purchase Order with respect to Contractor's breach of any warranty or any defect in or default of Contractor's performance that has not been cured, including any right of the State or an Authorized Purchaser to indemnification by Contractor. If this Addendum or a Contract or Purchase Order is so terminated, the State or an Authorized Purchaser will pay Contractor in accordance with the terms of this Addendum for Goods delivered or Services performed and duly accepted by Authorized Purchaser.

10. Termination of Individual Purchase Orders.

10.1 Authorized Purchaser may, at its sole discretion, terminate individual Contracts or Purchase Orders, in whole or in part, upon 30 days written notice to Contractor.

10.2 Authorized Purchaser may terminate individual Contracts or Purchase Orders, in whole or in part, immediately upon notice to Contractor, or at such later date as Authorized Purchaser may establish in such notice, upon the occurrence of any of the following events:
• Authorized Purchaser fails to receive funding, or appropriations, limitations or other expenditure authority at levels sufficient to pay for the Goods or Service to be acquired under the Contract or Purchase Order;
• Federal, state or local laws, regulations or guidelines are modified or interpreted in such a way that either the purchase of Goods or Services under the Contract or Purchase Order is prohibited or Authorized Purchaser is prohibited from paying for such Goods or Services from the planned funding source; or
• Contractor commits any material breach of this Addendum or a Contract or a Purchase Order

10.3 Upon receipt of written notice of termination, Contractor will stop performance under the Contract or Purchase Order as directed by Authorized Purchaser.

10.4 Termination of a Contract or Purchase Order does not extinguish or prejudice Authorized Purchaser’s right to enforce the Contract or Purchase Order with respect to Contractor’s breach of any warranty or any defect in or default of Contractor’s performance that has not been cured, including any right of Authorized Purchaser to indemnification by Contractor. In addition, termination of a Contract or Purchase Order does not extinguish or prejudice Authorized Purchaser’s right to enforce the warranty, indemnification, governing law, venue and consent to jurisdiction provisions of this Addendum. If a Contract or Purchase Order is so terminated, Authorized Purchaser will pay Contractor in accordance with the terms of this Addendum for Goods delivered or Services performed and accepted by Authorized Purchaser.

11. Compliance with Applicable Law. Contractor will comply with all federal, state and local laws, rules, regulations, executive orders and ordinances applicable to the Goods and Services under this Addendum, and an Authorized Purchaser’s performance under a Contract or Purchase Order is conditioned on Contractor’s compliance with the provisions of ORS 279B.220, 279B.235, 279B.230. and 279B.270. In addition, Contractor warrants the Goods and Services provided under this Addendum will comply with all federal Occupational Safety and Health Administration (OSHA) requirements and with all Oregon safety and health requirements, including those of the State Workers’ Compensation Division. Contractor also agrees to comply with (a) Title VI of the Civil Rights Act of 1964, (b) Section v of the Rehabilitation Act of 1973, (c) the Americans with Disabilities Act of 1990 and ORS 659.425, (d) all regulations and administrative rules established pursuant to the foregoing laws and (e) all other applicable requirements of federal and state civil rights and rehabilitation statutes, rules and regulations.

12. Application of Public Records Law. The non-disclosure of documents or of any portion of a document submitted by Contractor to Authorized Purchaser may depend upon official or judicial determinations made pursuant to the foregoing laws. Contractor will be notified prior to Authorized Purchaser’s release of documents to entities other than participating agencies or other State agencies. Contractor shall be exclusively responsible for defending Contractor’s position concerning the confidentiality of the requested documents, at its own expense.

13. Recycled Products. Contractor will use, to the maximum extent economically feasible in the performance of this Contract, recycled paper (as defined in ORS 279A.010(1)(gg)), recycled PETE products (as defined in ORS 279A.010(1)(hh), and other recycled plastic resin products and recycled products (as “recycled product” is defined in ORS 279A.010(1)(ii).

Any communication or notice so addressed and mailed is effective five business days after mailing. Any communication or notice delivered by facsimile is effective on the day the transmitting
machine generates a receipt of the successful transmission, if transmission was during normal business hours, or on the next business day, if transmission was outside normal business hours of the recipient. To be effective against DAS PS or Authorized Purchaser, any notice transmitted by facsimile must be confirmed by telephone notice to DAS PS’ or Authorized Purchaser’s Contract Administrator. Any communication or notice given by personal delivery is effective when actually delivered. Any notice given by email is effective when the sender receives confirmation of delivery, either by return email, or by demonstrating through other technological means that the email has been delivered to the intended email address.

15. Dispute Resolution. Except as provided below and otherwise in the Master Agreement, in the event that there is any disagreement, dispute, breach or claim of breach, non-performance, or repudiation arising from, related to or in connection with the Addendum or any of the terms or conditions hereof, or any transaction hereunder including but not limited to any party’s failure or alleged failure to comply with any of the provisions of the Addendum (hereinafter collectively the “Dispute”), other than one related to the release of Confidential Information, DAS PS and Contractor shall first conduct the following procedure in an attempt to resolve the Dispute:

- DAS PS and Contractor shall make every effort to settle any dispute through their respective managers, within five (5) calendar days of one party notifying the other party of a dispute.
- If the dispute is not resolved between the managers, then either party may initiate formal dispute resolution discussions by advising the other party in writing. The contact point for these discussions shall be DAS PS’s and Contractor’s Authorized Representatives. DAS PS and Contractor shall attempt to resolve the dispute within 5 calendar days of the notice from the other party that they are initiating this second level of dispute resolution discussions. If DAS PS and Contractor mutually agree in writing that there has been substantial progress toward resolution of the dispute, this second level may be extended for an additional 5 business day period which shall commence at the conclusion of the first 5 day period.

Nothing in this Section 15: (a) shall in any way limit a party’s rights to seek injunctive relief of any kind, at any time, with respect to any matter; or (b) in any way limit a party’s right to suspend or terminate the Addendum or pursue other remedies available under the Master Agreement and Addendum, by law or otherwise; or (c) remove the requirement to provide notices or filings to meet deadlines otherwise required by law; or (d) constitute a waiver of the sovereign immunity of the State of Oregon.

Authorized Purchasers and Contractor also shall attempt to resolve all Disputes related to Contracts or Purchase Orders under the above described Dispute Resolution process.

16. Governing Law. This Addendum and resulting Contracts are governed by and construed in accordance with the laws of the State of Oregon, without regard to principles of conflicts of laws.

This section is not a waiver by the State of Oregon of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States nor consent to the jurisdiction of any court.

Any Claims between Contractor and an Authorized Purchaser other than the State of Oregon or one of its agencies, boards, commissions, department or subdivisions that arise from or are related to individual Contracts or Purchase Orders or this Addendum will be brought and conducted solely and exclusively within the Circuit Court of the county in the State of Oregon in which such Authorized Purchaser resides...
or has its principal office, or at Authorized Purchaser’s option, within such other county as Authorized Purchaser will be entitled to proceed under the venue laws of Oregon to bring or defend Claims. If any such Claim must be brought in a federal forum, then it will be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. This section is not a waiver by Authorized Purchaser of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States nor consent to the jurisdiction of any court.

18. Foreign Contractor. If Contractor is not domiciled in or registered to do business in the State of Oregon as of the effective date of this Addendum, Contractor will promptly provide to the Oregon Department of Revenue all information required by that department relative to the Addendum. A Authorized Purchaser may withhold final payment under a Contract or Purchase Order until Contractor has provided the Oregon Department of Revenue with the required information.

19. Independent Contractor. Contractor shall act at all times as an independent contractor and not as an agent or employee of Authorized Purchaser. Contractor has no right or authority to incur or create any obligation for or legally bind the State or Authorized Purchaser in any way. Contractor is not an "officer", "employee", or "agent" of Authorized Purchaser (or any other agency, office, or department of the State of Oregon), as those terms are used in ORS 30.265, and shall not make representations to third parties to the contrary. Neither party shall make any statements, representations, or commitments of any kind or to take any action binding on the other except as provided for herein or authorized in writing by the party to be bound.

20. Access to Records.
