I. INTRODUCTION

A. PURPOSE

The purpose of this Request for Proposal is to obtain sealed proposals for vehicle upfit services to supplement the State’s internal operation. It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract to provide vehicle upfit services.

1. COMPETITIVE SEALED PROPOSAL

It has been determined by Director, Government Support Services, pursuant to Delaware Code Title 29, Chapter 6924 (a) that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with vendors concerning technical and price aspects of their proposals; or
- Afford vendors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

2. CONTRACT REQUIREMENTS

This contract will be issued to cover the requirements for all State Agencies and shall be accessible to any School District, Political Subdivision, Municipality, Volunteer Fire Company or higher education entity receiving state funds. Furthermore, this contract shall be accessible to all other entities as identified by Del. Code, Chapter 69, Title 29 § 6910.

3. MANDATORY USE CONTRACT

REF: Title 29, Chapter 6911(d) Delaware Code. All Covered Agencies as defined in 29 Del. C. §6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. §6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

4. COOPERATIVE USE OF AWARD

As a publicly competed contract awarded in compliance with 29 DE Code Chapter 69, this contract is available for use by other states and/or governmental entities through a participating addendum. Interested parties should contact the State Contract Procurement Officer identified in the contract for instruction. Final approval for permitting participation in this contract resides with the Director of Government Support Services and in no way places any obligation upon the awarded vendor(s).
5. MULTIPLE SOURCE AWARD

The Agency reserves the right to award this contract to more than one vendor pursuant to 29 Del.C. §6926. Government Support Services reserves the right to reject any or all bids in whole or in part, to make multiple awards, partial awards, award by types, item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

6. POTENTIAL CONTRACT OVERLAP

Vendors shall be advised that the State, at its sole discretion, shall retain the right to solicit for goods and/or services as required by its agencies and as it serves the best interest of the State. As needs are identified, there may exist instances where contract deliverables, and/or goods or services to be solicited and subsequently awarded, overlap previous awards. The State reserves the right to reject any or all bids in whole or in part, to make partial awards, to award to multiple vendors during the same period, to award by types, on a zone-by-zone basis or on an item-by-item or lump sum basis item by item, or lump sum total, whichever may be most advantageous to the State of Delaware.

7. SUPPLEMENTAL SOLICITATION

The State reserves the right to advertise a supplemental solicitation during the term of the Agreement if deemed in the best interest of the State.

8. CONTRACT PERIOD

Each Vendor’s contract shall be valid for a two year period, from October 1, 2020 through September 30, 2022. Each contract may be renewed for three (3) one (1) year periods through negotiation between the Vendor and Government Support Services. Negotiation may be initiated no later than ninety (90) days prior to the termination of the current agreement.

The State reserves the right to extend this contract on a month-to-month basis for a period of up to three months after the term of the full contract has been completed.

Vendors’ proposal must respond to each and every requirement outlined in the RFP criteria in order to be considered responsive. Proposals must be clear and concise.

D. CONCISE PROPOSALS

The State of Delaware discourages overly lengthy and costly proposals. It is the desire that proposals be prepared in a straightforward and concise manner. Unnecessarily elaborate brochures or other promotional materials beyond those sufficient to present a complete and effective proposal are not desired. The State of Delaware’s interest is in the quality and responsiveness of the proposal.

The contents of any proposal shall not be disclosed as to be made available to competing entities during the negotiation process.

Upon receipt of vendor proposals, each vendor shall be presumed to be thoroughly familiar with all specifications and requirements of this RFP. The failure or omission to examine any form, instrument or document shall in no way relieve vendors from any obligation in respect to this RFP.

The State reserves the right to award the proposed contract to multiple Vendors if the Head of the Agency determines that such an award is in the best interest of the State.

N. PROPOSAL EXPIRATION DATE

Prices quoted in the proposal shall remain fixed and binding on the bidder at least through September 30, 2022. Delaware reserves the right to ask for an extension of time if needed.

O. WITHDRAWAL OF PROPOSALS

A Vendor may withdraw its proposal unopened after it has been deposited, if such a request is made prior to the time set for the opening of the proposal.

Q. LATE PROPOSALS

Proposals received after the specified date and time will not be accepted or considered. To guard against premature opening, sealed proposals shall be submitted, plainly marked with the proposal title, vendor name, and time and date of the proposal opening. Evaluation of the proposals is expected to begin shortly after the proposal due date. To document compliance with the deadline, the proposal will be date and time stamped upon receipt.

R. ADDENDA TO THE REQUEST FOR PROPOSAL (RFP)

If it becomes necessary to revise any part of this RFP, revisions will be posted at http://bids.delaware.gov/. By submitting an offer to the State, vendors have acknowledged receipt, understanding and commitment to comply with all materials, revisions, and addenda related to the Request for Proposal.

S. INCURRED EXPENSES

The State will not be responsible for any expenses incurred by the Vendor in preparing and submitting a proposal.

T. ECONOMY OF PREPARATION

Proposals should be prepared simply and economically, providing a straight-forward, concise description of the Vendor’s offer to meet the requirements of the RFP.

U. DISCREPANCIES AND OMISSIONS

Vendor is fully responsible for the completeness and accuracy of their proposal, and for examining this RFP and all addenda. Failure to do so will be at the sole risk of vendor. Should vendor find discrepancies, omissions, unclear or ambiguous intent or meaning, or should any questions arise concerning this RFP, vendor shall notify the State of Delaware’s Designated Contact, in writing, of such findings at least ten (10) days before the proposal opening. This will allow issuance of any necessary addenda. It will also help prevent the opening of a defective proposal and exposure of vendor’s proposal upon which award could not be made. All unresolved issues should be addressed in the proposal.

Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the Designated Contact, in writing, no later than ten (10) calendar days prior to the time set for opening of the proposals.

V. EXCEPTIONS

Bidders may elect to take minor exception to the terms and conditions of this RFP by completing Attachment 3. Government Support Services shall evaluate each exception according to the intent of the terms and conditions contained herein, but Government Support Services must reject exceptions that do not conform to State bid law and/or create inequality in the treatment of bidders. Exceptions shall be considered only if they are submitted with the bid or before the date and time of the bid opening.

Exceptions must be submitted utilizing Attachment 3 to be considered. Exceptions listed elsewhere in the Vendor’s proposal will not be considered. Government Support Services maintains sole discretion to reject any vendor exceptions that are submitted.
W. BUSINESS REFERENCES

Provide at least three (3) business references consisting of current or previous customers of similar scope and value using Attachment 6. Include business name, mailing address, contact name and phone number, email address, number of years doing business with, and type of work performed. Personal references cannot be considered.

X. DOCUMENT(S) EXECUTION

All vendors must complete and submit with its proposal the non-collusion statement that is enclosed with this Request for Proposal labeled as Attachment 2. The awarded vendor(s) will be presented with the contract form for signature and seal, if appropriate. Both of these documents shall be executed by a representative who has the legal capacity to enter the organization into a formal contract with Government Support Services.

The State of Delaware requires a new vendor to complete the registration process through the Delaware Supplier Portal at http://esupplier.erp.delaware.gov. Successful completion of this registration enables the creation of a State of Delaware supplier record. The Taxpayer ID (SSN or EIN) and Applicant (supplier) name are submitted to the Internal Revenue Service for “matching”. If the Taxpayer ID and name do not match, the vendor record cannot be approved.

It is the applicant’s responsibility to select the appropriate 1099 Withholding Type and Class. If incorporated, a business is not subject to 1099 reporting unless the business is providing legal or medical services.

Any questions about completing this registration or specific comments about the registration, please contact supplier maintenance by phone at 302-672-5000.

Y. SUBCONTRACTS

Subcontracting is permitted under this RFP and contract. However, every subcontractor shall be identified in the Proposal using Attachment 7.

Z. CONFIDENTIALITY

Subject to applicable law or the order of a court of competent jurisdiction to the contrary, all documents submitted as part of the vendor’s proposal will be treated as confidential during the evaluation process. As such, vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Team or its designated agents. There shall be no disclosure of any vendor’s information to a competing vendor prior to award of the contract unless such disclosure is required by law or by order of a court of competent jurisdiction.

The State of Delaware and its constituent agencies are required to comply with the State of Delaware Freedom of Information Act, 29 Del. C. § 10001, et seq. (“FOIA”). FOIA requires that the State of Delaware’s records are public records (unless otherwise declared by FOIA or other law to be exempt from disclosure) and are subject to inspection and copying by any person upon a written request. Once a proposal is received by the State of Delaware and a decision on contract award is made, the content of selected and non-selected vendor proposals will likely become subject to FOIA’s public disclosure obligations.
The State of Delaware wishes to create a business-friendly environment and procurement process. As such, the State respects the vendor community’s desire to protect its intellectual property, trade secrets, and confidential business information (collectively referred to herein as “confidential business information”). Proposals must contain sufficient information to be evaluated. If a vendor feels that they cannot submit their proposal without including confidential business information, they must adhere to the following procedure or their proposal may be deemed unresponsive, may not be recommended for selection, and any applicable protection for the vendor’s confidential business information may be lost.

In order to allow the State to assess its ability to protect a vendor’s confidential business information, vendors will be permitted to designate appropriate portions of their proposal as confidential business information.

Vendor(s) may submit portions of a proposal considered to be confidential business information in a separate, sealed envelope labeled “Confidential Business Information” and include the specific RFP number. The envelope must contain a letter from the Vendor’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not “public record” as defined by 29 Del. C. § 10002, and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed. A vendor’s allegation as to its confidential business information shall not be binding on the State. The State shall independently determine the validity of any vendor designation as set forth in this section. Any vendor submitting a proposal or using the procedures discussed herein expressly accepts the State’s absolute right and duty to independently assess the legal and factual validity of any information designated as confidential business information. Accordingly, Vendor(s) assume the risk that confidential business information included within a proposal may enter the public domain.

AA. PRICE NOT CONFIDENTIAL

Vendors shall be advised that as a publicly bid contract, no Vendor shall retain the right to declare their pricing confidential.

   process, for any reason or for no reason. The State of Delaware makes no commitments expressed or
   implied, that this process will result in a business transaction with any vendor.

   This RFP does not constitute an offer by the State of Delaware. Vendor’s participation in this process
   may result in the State of Delaware selecting your organization to engage in further discussions and
   negotiations toward execution of a contract. The commencement of such negotiations does not,
   however, signify a commitment by the State of Delaware to execute a contract nor to continue
   negotiations. The State of Delaware may terminate negotiations at any time and for any reason, or for
   no reason.

3. FORMAL CONTRACT AND/OR PURCHASE ORDER

   No employee of the Contractor(s) is to begin any work prior to receipt of a State of Delaware Purchase

g. Non-attendance of mandatory pre-bid meetings shall be cause of disqualification.

7. AUTHORITY OF AGENCY

On all questions concerning the interpretation of specifications, the acceptability and quality of material furnished and/or work performed, the classification of material, the execution of the work, and the determination of payment due or to become due, the decision of the Agency shall be final and binding.

8. OR EQUAL (PRODUCTS BY NAME)

Specifications of products by name are intended to be descriptive of quality or workmanship, finish and performance. Desirable characteristics are not intended to be restrictive.    f. Any other specific criteria for a particular procurement which an agency may establish.

4. If a vendor is determined to be non-responsible, the vendor shall be informed in writing.

All Vendors will be afforded the same or similar opportunities, as necessary, and will be treated with equal regard before such determinations are finalized.

   a. Unless stated otherwise, the quantities given in the RFP are to be considered to be approximate only and are given as a basis for the comparison of bids. The Agency may increase or decrease the amount of any item as may be deemed necessary or expedient, during the period of the contract. Bidders shall recognize there are no guaranteed minimum contract quantities or values associated with this solicitation.
   b. An increase or decrease in the quantity for any item is not sufficient ground for an increase or decrease in the unit price.

The Vendors are expected to routinely update any changes to the core list with the appropriate discounts listed.

Any adjustments to a core list must receive prior written approval from the State before a core list can be changed by the Vendor. Changes include but are not limited to the migration of items on and off the core list as well as any price adjustments from the original agreed upon pricing.

5. PUBLIC INSPECTION OF PROPOSALS

All documents submitted as part of the vendor’s proposal will be deemed confidential during the evaluation process. Vendor proposals will not be available for review by anyone other than the State of Delaware/Proposal Evaluation Committee or its designated agents. There shall be no disclosure of any vendor’s information to a competing vendor prior to award of the contract.

The State of Delaware is a public agency as defined by state law, and as such, it is subject to the Delaware Freedom of Information Act, 29 Del. C. Ch. 100. Under the law, all the State of Delaware’s records are public records (unless otherwise declared by law to be confidential) and are subject to inspection and copying by any person. Vendor(s) are advised that once a proposal is received by the State of Delaware and a decision on contract award is made, its contents will become public record and nothing contained in the proposal will be deemed to be confidential except proprietary information.

Vendor(s) shall not include any information in their proposal that is proprietary in nature or that they would not want to be released to the public. Proposals must contain sufficient information to be evaluated and a contract written without reference to any proprietary information. If a vendor feels that they cannot submit their proposal without including proprietary information, they must adhere to the following procedure or their proposal may be deemed unresponsive and will not be recommended for selection. Vendor(s) must submit such information in a separate, sealed envelope labeled “Proprietary Information” with the RFP number. The envelope must contain a letter from the Vendor’s legal counsel describing the documents in the envelope, representing in good faith that the information in each document is not “public record” as defined by 29 Del. C. § 10002(d), and briefly stating the reasons that each document meets the said definitions.

Upon receipt of a proposal accompanied by such a separate, sealed envelope, the State of Delaware will open the envelope to determine whether the procedure described above has been followed.

Any and all litigation or other disputes arising out of, in connection with, or relating to this bid, and any resulting contract, shall be brought exclusively in a court in the State of Delaware or the United States District Court of the District of Delaware as applicable.

8. SEVERABILITY

If any term or provision of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or otherwise unenforceable, the same shall not affect the other terms or provisions hereof or the whole of this Agreement, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

b. The Vendor and the surety shall hold and save harmless the State of Delaware, the Agency, the Director, their Officers or Agents from any and all claims because of the use of such patented design, device, material, or process in connection with the work agreed to be performed under this contract.

11. EMERGENCY TERMINATION OF CONTRACT

a. Due to restrictions which may be established by the United States Government on material, or work, a contract may be terminated by the cancellation of all or portions of the contract.
b. In the event the Vendor is unable to obtain the material required to complete the items of work included in the contract because of restrictions established by the United States Government and if, in the opinion of the Agency, it is impractical to substitute other available material, or the work cannot be completed within a reasonable time, the incomplete portions of the work may be cancelled, or the contract may be terminated.

If the shipping papers show clearly that any such material is so consigned, the shipment will be exempt from the tax on the transportation of property under provisions of Section 3475 (b) of the Internal Revenue Code, as amended by Public Law 180 (78th Congress). All transportation charges shall be paid by the Vendor. Each Vendor shall take its exemption into account in calculating its bid for its work.

The contractor will take positive steps to ensure that applicants are employed and that employees are treated during employment without regard to their race, marital status, genetic information, color, age, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be

16. COOPERATIVES

Vendors, who have been awarded similar contracts through a competitive bidding process with a cooperative, are welcome to submit the cooperative pricing for this solicitation.

17. PRICE ADJUSTMENT

The Vendor is not prohibited from offering a price reduction on its services or materiel offered under the contract. The State is not prohibited from requesting a price reduction on those services or materiel during the initial term or any subsequent options that the State may agree to exercise.

If agreement is reached to extend this contract beyond the initial two year period, Government Support Services shall have the option of offering a determined price adjustment that shall not exceed the current Philadelphia All Urban Consumers Price Index (CPI-U), U.S. City Average. If the CPI-U is used, any increase/decrease shall reflect the change during the previous published twelve (12) month period at the time of renegotiation.

18. SHIPPING TERMS

20. INDEPENDENT CONTRACTORS

The parties to any contract from this solicitation shall be independent contractors to one another, and nothing herein shall be deemed to cause the agreement to create an agency, partnership, joint venture or employment relationship between parties. Each party shall be responsible for compliance with all applicable workers compensation, unemployment, disability insurance, social security withholding and all other similar matters. Neither party shall be liable for any debts, accounts, obligations or other liability whatsoever of the other party or any other obligation of the other party to pay on the behalf of its employees or to withhold from any compensation paid to such employees any social benefits, workers compensation insurance premiums or any income or other similar taxes.

21. TEMPORARY PERSONNEL ARE NOT STATE EMPLOYEES UNLESS AND UNTIL THEY ARE DIRECTLY HIRED

Vendor agrees that any individual or group of temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation shall remain the employee(s) of Vendor for all purposes including any required compliance with the Affordable Care Act by the Vendor. Vendor agrees that it shall not allege, argue, or take any position that individual temporary staff person(s) provided to the State pursuant to this Solicitation must be provided any benefits, including any healthcare benefits by the State of Delaware and Vendor agrees to assume the total and complete responsibility for the provision of any healthcare benefits required by the Affordable Care Act to aforesaid individual temporary staff person(s). In the event that the Internal Revenue Service, or any other third party governmental entity determines that the State of Delaware is a dual employer or the sole employer of any individual temporary staff person(s) provided to the State of Delaware pursuant to this Solicitation, Vendor agrees to hold harmless, indemnify, and defend the State to the maximum extent of any liability to the State arising out of such determinations.

Notwithstanding the content of the preceding paragraph, should the State of Delaware subsequently directly hire any individual temporary staff employee(s) provided pursuant to this Solicitation, the aforementioned obligations to hold harmless, indemnify, and defend the State of Delaware shall cease and terminate for the period following the date of hire. Nothing herein shall be deemed to terminate the Vendor’s obligation to hold harmless, indemnify, and defend the State of Delaware for any liability that arises out of compliance with the ACA prior to the date of hire by the State of Delaware. Vendor will waive any separation fee provided an employee works for both the vendor and hiring agency, continuously, for a three (3) month period and is provided thirty (30) days written notice of intent to hire from the agency. Notice can be issued at second month if it is the State’s intention to hire.
22. ACA SAFE HARBOR

The State and its utilizing agencies are not the employer of temporary or contracted staff. However, the State is concerned that it could be determined to be a Common-law Employer as defined by the Affordable Care Act (“ACA”). Therefore, the State seeks to utilize the “Common-law Employer Safe Harbor Exception” under the ACA to transfer health benefit insurance requirements to the staffing company. The Common-law Employer Safe Harbor Exception can be attained when the State and/or its agencies are charged and pay for an “Additional Fee” with respect to the employees electing to obtain health coverage from the Vendor.

The Common-law Employer Safe Harbor Exception under the ACA requires that an Additional Fee must be charged to those employees who obtain health coverage from the Vendor, but does not state the required amount of the fee. The State requires that all Vendors shall identify the Additional Fee to obtain health coverage from the Vendor and delineate the Additional Fee from all other charges and fees. The Vendor shall identify both the Additional Fee to be charged and the basis of how the fee is applied (i.e. per employee, per invoice, etc.). The State will consider the Additional Fee and prior to award reserves the right to negotiate any fees offered by the Vendor. Further, the Additional Fee shall be separately scored in the proposal to ensure that neither prices charged nor the Additional Fee charged will have a detrimental effect when selecting vendor(s) for award.

23. FUNDING OUT or NON-APPROPRIATION

In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds.

In all cases, the state may require the submission of written specifications and/or product samples for evaluation prior to any approvals being granted.

If a substitution is granted by the state, the Vendor must update its core list and maintain said list in a timely manner.
38. SCHEDULE FOR PERFORMANCE OF WORK

All work described in these specifications shall be completed with reasonable promptness. As used in this Section, the State of Delaware shall be the sole judge of the term “reasonable”. If the Vendor does not begin the work in a reasonable amount of time, they will be notified that if they fail to initiate the work promptly, the contract may be terminated and the State will forthwith proceed to collect for nonperformance of work.

39. VENDOR RESPONSIBILITY

The State will enter into a contract with the successful Vendor(s). The successful Vendor(s) shall be responsible for all products and services as required by this RFP whether or not the Vendor or its subcontractor provided final fulfillment of the order. Vendors doing business with the State are encouraged to adopt fair background check practices. Vendors can refer to 19 Del. C. §711(g) for applicable established provisions.

44. VENDOR BACKGROUND CHECK REQUIREMENTS

Vendor(s) selected for an award that access state property or come in contact with vulnerable populations, including children and youth, shall be required to complete background checks on employees serving the State’s on premises contracts. Unless otherwise directed, at a minimum, this shall include a check of the following registry:

- Delaware Sex Offender Central Registry at: https://sexoffender.dsp.delaware.gov/

Individuals that are listed in the registry shall be prevented from direct contact in the service of an awarded state contract, but may provide support or off-site premises service for contract vendors. Should an individual be identified and the Vendor(s) believes their employee’s service does not represent a conflict with this requirement, may apply for a waiver to the primary agency listed in the solicitation. The Agency’s decision to allow or deny access to any individual identified on a registry database is final and at the Agency’s sole discretion.

By Agency request, the Vendor(s) shall provide a list of all employees serving an awarded contract, and certify adherence to the background check requirement. Individual(s) found in the central registry in violation of the terms stated, shall be immediately prevented from a return to state property in service of a contract award. A violation of this condition represents a violation of the contract terms and conditions, and may subject the Vendor to penalty, including contract cancellation for cause.

Individual contracts may require additional background checks and/or security clearance(s), depending on the nature of the services to be provided or locations accessed, but any other requirements shall be stated in the contract scope of work or be a matter of common law. The Vendor(s) shall be responsible for the background check requirements of any authorized Subcontractor providing service to the Agency’s contract.

All offers, promises, conduct and statements, whether oral or written, made in the course of the negotiation by any of the parties, their agents, employees, experts and attorneys are confidential, privileged and inadmissible for any purpose, including impeachment, in arbitration or other proceeding involving the parties, provided evidence that is otherwise admissible or discoverable shall not be rendered inadmissible.

If the matter is not resolved by negotiation, as outlined above, or, alternatively, OMB elects to proceed directly to mediation, then the matter will proceed to mediation as set forth below. Any disputes, claims or controversies arising out of or relating to this Agreement shall be submitted to mediation by a mediator selected by the parties. If the matter is not resolved through mediation, it may be submitted for arbitration or litigation. OMB reserves the right to proceed directly to arbitration or litigation without negotiation or mediation. Any such proceedings held pursuant to this provision shall be governed by Delaware law and venue shall be in Delaware. Each party shall bear its own costs of mediation, arbitration or litigation, including attorneys' fees.

50. TERMINATION OF INDIVIDUAL ORDERS OR PURCHASE ORDERS

As a central contract, the contract resulting from this RFP shall include individual orders from state agencies and other entities authorized by law to procure from this contract. The individual orders may be terminated as follows:

a. **Termination for Cause**: If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner his obligations, or if the Vendor violates any of the covenants, agreements, or stipulations of this contract, the Agency shall have the right to terminate the P.O. by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least five (5) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor in the performance of the P.O. shall, at the option of the Agency, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the Agency.

In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the department, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials which are usable to the Agency.

c. **Termination for Non-Appropriations**: In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

51. TERMINATION OF CONTRACT

As a central contract, the contract resulting from this RFP may be terminated as follows by Government Support Services.

a. **Termination for Cause**: If, for any reasons, or through any cause, the Vendor fails to fulfill in timely and proper manner its obligations under this Contract, or if the Vendor violates any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this contract by giving written notice to the Vendor of such termination and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. In that event, all finished
or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Vendor under this Contract shall, at the option of the State, become its property, and the Vendor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

On receipt of the contract cancellation notice from the State, the Vendor shall have not less than five (5) days to provide a written response and may identify a method(s) to resolve the violation(s). A vendor response shall not effect or prevent the contract cancellation unless the State provides a written acceptance of the vendor response. If the State does accept the Vendor’s method and/or action plan to correct the identified deficiencies, the State will define the time by which the Vendor must fulfill its corrective obligations. Final retraction of the State’s termination for cause will only occur after the Vendor successfully rectifies the original violation(s). At its discretion the State may reject in writing the Vendor’s proposed action plan and proceed with the original contract cancellation timeline.

b. Termination for Convenience: The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination. In that event, all finished or unfinished documents, data, studies, surveys, drawings, models, photographs, reports, supplies, and other materials shall, at the option of the State, become its property and the Vendor shall be entitled to receive compensation for any satisfactory work completed on such documents and other materials, and which is usable to the State.

c. Termination for Non-Appropriations: In the event the General Assembly fails to appropriate the specific funds necessary to enter into or continue the contractual agreement, in whole or part, the agreement shall be terminated as to any obligation of the State requiring the expenditure of money for which no specific appropriation is available at the end of the last fiscal year for which no appropriation is available or upon the exhaustion of funds. This is not a termination for convenience and will not be converted to such.

52. CHANGES

Both parties may, from time to time, require changes in the services to be provided by the Vendor under the Scope of Work. Such changes, including any increase or decrease in the amount of the Vendor's compensation, which are mutually agreed upon by and between the Agency and the Vendor shall be incorporated in written amendments to the Purchase Order or contract.

53. INTEREST OF VENDOR

The Vendor covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree in providing products or performing services required under this contract. The Vendor further covenants, that in the performance of this contract, no person having any such interest shall be employed.

54. PUBLICATION, REPRODUCTION AND USE OF MATERIAL

No material produced in whole or part under this contract shall be subject to copyright in the United States or in any other country. The State shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this contract; provided, however, that the State agrees not to use any design or engineering plans prepared by the
Vendor for anything other than their intended purpose under this Contract. The Vendor shall have the right to publish any and all scientific findings. Appropriate acknowledgment and credit for the State's support shall be given in the publication.

55. RIGHTS AND OBLIGATIONS

The rights and obligations of each party to this agreement shall not be effective, and no party shall be bound by the terms of this agreement, unless and until a valid executed purchase order has been approved by the Secretary of Finance, and all procedures of the Department of Finance have been complied with. A separate purchase order shall be issued for every project or order.

56. ASSIGNMENT OF ANTITRUST CLAIMS

As consideration for the award and execution of this contract by the State, the Vendor hereby grants, conveys, sells, assigns, and transfers to the State of Delaware all of its right, title and interest in and to all known or unknown causes of action it presently has or may now or hereafter acquire under the antitrust laws of the United States and the State of Delaware, regarding the specific goods or services purchased or acquired for the State pursuant to this contract. Upon either the State's or the Vendor notice of the filing of or reasonable likelihood of filing of an action under the antitrust laws of the United States or the State of Delaware, the State and Vendor shall meet and confer about coordination of representation in such action.

57. TESTING AND INSPECTION

The State of Delaware reserves the right to conduct any test or inspection it may deem necessary to insure equipment, materials and services conform to contract requirements.

58. COVENANT AGAINST CONTINGENT FEES

The Vendor warrants that no person or selling agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees. For breach or violation of this warranty, the State shall have the right to annul this contract without liability or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fees.

59. GRATUITIES

a. If it is found, after notice and hearing, by the State that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Vendor or any agent of the State with a view toward securing a contract, or securing favorable treatment with respect to the awarding, amending, or the making of any determinations with respect to the performance of this contract, the State may, by written notice to the Vendor, terminate the right of the Vendor to proceed under this contract and/or may pursue such other rights and remedies provided by law or under this agreement; provided that the existence of the facts upon which the State makes such findings shall be in issue and may be reviewed in proceedings pursuant to the Remedies clause of this contract; and

less than three, nor more than ten, times the costs incurred by the Vendor in providing any such
gratuities to any such officer or employee. The amount of such exemplary damages shall be in the
sole discretion of the State.

60. AFFIRMATION

The Vendor must affirm that within the past five (5) years the firm or any officer, controlling stockholder,
partner, principal, or other person substantially involved in the contracting activities of the business is not
currently suspended or debarred and is not a successor, subsidiary, or affiliate of a suspended or
debarred business.

61. AUDIT ACCESS TO RECORDS

The Vendor shall maintain books, records, documents, and other evidence pertaining to this Contract to
the extent and in such detail as shall adequately reflect performance hereunder. The Vendor agrees to
preserve and make available to the State, upon request, such records for a period of five (5) years from
the date services were rendered by the Vendor. Records involving matters in litigation shall be retained
for one (1) year following the termination of such litigation. The Vendor agrees to make such records
available for inspection, audit, or reproduction to any official State representative in the performance of
their duties under the Contract. Upon notice given to the Vendor, representatives of the State or other
duly authorized State or Federal agency may inspect, monitor, and/or evaluate the cost and billing
records or other material relative to this Contract. The cost of any Contract audit disallowances resulting
from the examination of the Vendor’s financial records will be borne by the Vendor. Reimbursement to
the State for disallowances shall be drawn from the Vendor’s own resources and not charged to Contract
cost or cost pools indirectly charging Contract costs.

Such person shall also notify each such officer and employee that any such unauthorized future disclosure of returns or return information may also result in an award of civil damages against the officer or employee in an amount not less than $1,000 with respect to each instance of unauthorized disclosure. any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000.

Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency’s security policy and procedures for safeguarding IRS information. Contractors must maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors must be advised of the provisions of IRCs 7431, 7213, and 7213A (see Exhibit 4, Sanctions for Unauthorized Disclosure, and Exhibit 5, Civil Damages for Unauthorized Disclosure). b. Give prompt written notice to the Contractor whenever the Agency observes or otherwise becomes aware of any development that affects the scope or timing of the Contractor's services.

c. When an ordering agency first experiences a relatively minor problem or difficulty with a vendor, the agency will contact the vendor directly and attempt to informally resolve the problem. This includes failure to perform by the date specified and any unacceptable difference(s) between the purchase order and the merchandise received. Ordering agencies should stress to vendors that they should expedite correction of the differences because failure to reply may result in an unfavorable rating in the execution of the awarded contract.

d. The state has several remedies available to resolve non-performance issues with the contractor. The Agency should refer to the Contract Terms and Conditions to view these remedies. When a default occurs, the Agency should first review the contract to confirm that the issue is a part of the contract. If the issue is not covered by the contract, the state cannot expect the contractor to perform outside the agreement. If the issue is a part of the contract, the Agency or GSS - Contracting must then contact the contractor, discuss the reasons surrounding the default and establish a date when the contractor will resolve the non-performance issue.

e. If there is a performance deficiency, a Corrective Action Report (CAR) may be used. Complete this form to report concerns with vendors or commodities. Be sure to furnish as much detail as possible. [Corrective Action Report]

The Vendor(s) shall provide all tools, consumables and labor to supplement the State of Delaware’s need for Vehicle Upfitting, as described herein. The contract will require the Vendor(s) to cooperate with the ordering agency to ensure the State receives the most current state-of-the-art material and/or services.

All vehicles and components shall be furnished by the requesting agency unless otherwise noted. The awarded vendor(s) shall supply all incidental consumables including but not limited to incidental components, electrical connections, nuts, bolts and fasteners necessary for the installations.

B. STATEMENT OF NEEDS

The contract purpose shall identify and award qualified vendor(s) that are capable to complete partial and full upfit of State of Delaware vehicles that serve and provide service for a variety of agencies. The contract will be issued for installation only. Components will be furnished by the requesting agency, unless otherwise noted. The agencies include, but shall not be limited to:

- Office of Management and Budget, Fleet Services
- State Police
- Department of Transportation
- Municipalities

C. ANTICIPATED CONTRACT UTILIZATION

The State of Delaware and eligible agencies are currently utilizing either the Department of Safety and Homeland Security Division of Communications or Department of Transportation for all upfitting services and equipment installations, equipment removal, etc. Moving forward, the State and its agencies will continue to utilize these facilities for equipment service and will make determination to utilize awarded vendors as it serves the business or best interest needs of the State, its agencies or any authorized agency.

D. CURRENT UPFIT UTILIZATION

Currently, the State, its agencies and identified authorized agencies are completing complete or partial upfits to over 150 vehicles in any given fiscal year. This volume, however, may fluctuate depending on fiscal year budgets granted to specific agencies. Quantities are not guaranteed. While anticipated volumes will continue at a similar pace, there is no minimum number of upfits or installations that will be outsourced to the awarded vendor(s). Further, the State will retain the right to utilize other existing contracts to provide services as required. Contracts to be utilized may be, but are not limited to:

- Fleet Maintenance & Repair
- Heavy Duty Equipment Repair
- Utility Body Upfit

E. CUSTOMER SERVICE

The Vendor(s) should provide each of the State and the Contract Users a single, local point of contact (and a backup) to handle questions or problems that may arise. At least one Customer Service
Representative must be available during Supplier’s operating hours. Representatives should be available by phone, fax, or email (local or 800 number preferred).

The Vendor(s) shall provide an escalation tree for problem resolution.

**F. APPENDIX B**
Appendix B is a separate pricing spreadsheet to be included with the vendor’s proposal submission. The document can be found at: [http://bids.delaware.gov](http://bids.delaware.gov).

All pricing shall be all inclusive of wiring, fasteners, loom, fuses, clamps, bolts, nuts and any other consumables necessary to allow for complete operation of the component being installed.

For any component not listed in this contract, but necessary and required by ordering agency the pricing shall be the documented catalog price minus discount plus hourly labor cost.

**G. MANUFACTURER CERTIFICATION**
Vendors shall have and maintain appropriate manufacturer certification to receive direct vehicle shipments. Vendors shall be required to identify said manufacturers they are eligible to receive vehicle shipments from, and if awarded, shall make every reasonable effort to maintain the same certifications through the contract period. Should any individual manufacturer certification lapse during the awarded contract period, the awarded vendor shall immediately notify the state contract procurement officer. Any certifications required by equipment manufacturers for installation of equipment will be the responsibility of the upfitter to obtain.

**H. PROTOTYPE DELIVERY**
Each requesting agency shall reserve the right to have the awarded Vendor(s) provide a prototype sample at the awarded upfit cost identified. Once a prototype vehicle is upfit the Vendor shall be required to prearrange a time for Agency personnel to inspect the prototype and all equipment installation to ensure the end result is as requested, compliant with the contract terms and is operational.

Only after inspection AND acceptance shall the requesting agency release the Vendor to complete additional upfits.

Requesting agencies shall not be required to obtain a prototype unless they believe it is in their best interests to do so.

**II. GENERAL UPFIT REQUIREMENTS**

**A. WIRING AND INSTALLATION**
The awarded vendor(s) shall install and complete all wiring and equipment installation in compliance with vehicle and equipment manufacturer instructions. A prototype wiring schematic shall be agreed on prior to installation commencement.

Each agency shall receive an accurate and complete set of prototype wiring and equipment schematics for each manufacturer brand and model to be produced. The schematics shall be provided to the agency point of contact and shall become the property of the agency for use and re-use as serves the agencies best interests. If any schematics have Copyrights, the receiving agency shall have full authority to produce additional copies as necessary.
All component installations shall be fully in accordance with the component manufacturer’s installation instructions as well as any other specific instructions dictated by ordering agency and shall be located on the location of the vehicle as instructed by ordering agency.

When the use of fasteners is required in the course of the installation, all fasteners shall be made of stainless steel.

B. TURNAROUND TIME
The Vendor shall identify an approximate but realistic turnaround time associated with completion of a partial or full upfit as identified in the Appendix B - Pricing Spreadsheet.

On assignment to the awarded vendor, the requesting agency shall review and verify the ability of the upfitter to meet the timeline as represented in their proposal. The Vendor shall confirm ability to meet the proposed upfit installation timeline or is further obligated to notify a requesting agency of any anticipated delays. This will allow the requesting agency to assign or re-assign (internally or to an alternate awarded vendor, if any) to best meet the agency’s anticipated needs.

All anticipated completion dates are contingent on receiving all necessary equipment in a timely and operational condition. Turnaround times identified in Appendix B – Pricing Spreadsheet should take into consideration ordering of parts, not on hand, installation, quality assurance checks, and delivery back to the requesting agency. After work has commenced, any deviation or variances need to be identified to the requesting agency within 72 hours. Should it be determined that a vendor consistently is missing the timelines identified in Appendix B the vendor will be subject to Corrective Action which may impact contract extensions and/or rebid awards.

C. RECEIPT AND SAFEGUARD OF EQUIPMENT AND VEHICLES
The awarded vendor(s) shall be required to receive, acknowledge and safeguard vehicles and equipment to be upfitted for any ordering agency. Vehicles shall be secured in an area protected by fences, security, and any other means necessary to protect the state’s vehicle resources. On receipt, state vehicles and equipment shall be insured by the upfitting vendor, against damage from vandalism, theft, accident and/or any other circumstance that may imperil or diminish state assets.

Vehicles picked up and delivered to an awarded vendor facility and/or subcontractor shall be the responsibility of the awarded vendor on receipt, and until returned to the ordering agency. Responsibility shall extend and include retrieval to correct, repair and/or warranty a prior installation or repair.

Received equipment to be used in vehicle upfitting (i.e. lightbars, sirens, electronics, computers, etc.) shall be secured in a locked room, facility or similar, and shall be insured by the awarded vendor up to and until received back and acknowledged by the ordering agency or designated agent.

The Vendor shall inspect all shipments for damage or shortage in delivered quantities. If damage or shortage is noted, the Vendor must immediately contact the vehicle or equipment provider, note the condition of the received materials and request replacement or return necessary to affect the upfit installation requested. Any and all communications to vehicle and equipment manufacturers must copy the ordering agency representative. If the Vendor is unable to correct the received deficiency, the resolution must be immediately elevated the fleet manager and/or ordering agency management.

D. ACCESS TO STATE PROPERTY
As appropriate and as directed by Agency, Vendors may access State Property for, but not limited to, pick-up, delivery, warranty, and/or service work AS PREVIOUSLY APPROVED BY REQUESTING AGENCY FLEET MANAGER OR DESIGNATED PREREPRESENTATIVE.
Agencies are discouraged from allowing complete upfits on State Property but may elect to allow as business needs determine. Any Agency that makes an allowance shall clearly identify the Vendor obligations and shall also make note to the allowances with the designated GSS Contract Officer.

E. VEHICLE DELIVERY AND INSPECTION
Completed vehicles shall be delivered to the location the Agency specifies. Units will be inspected by an Agency representative upon delivery. If problems are found during acceptance inspection the vendor can correct before leaving or will be required to take the vehicle back to vendors location for repair at no charge to the Agency or agree to send their service truck and personnel to the Agency’s site to make corrections.

Any damages (stripped fasteners, soiled interiors, burns, etc.) caused during installations must be repaired before delivery to agency. Broken Trim panels must be replaced with new.

Any cables or wiring found after the inspection to have been damaged during installation (crushed, fasteners piercing insulation, cuts, cross threaded, stripped threads, etc.) will be the responsibility of the awarded vendor to remove and replace at no cost to the Agency.

An initial visit or schedule to correct noted deficiencies will be completed and/or scheduled with the designated agency contact within 48 hours of notification of suspected problem.

If a problem potentially affects the safety or serviceability all repairs must be done immediately.

F. INSTALLATION WARRANTY
Responding vendors shall clearly identify their warranty and any limitation on the warranty applied to materials and equipment installed on behalf of the ordering agency.

If the requesting agency contacts the Vendor, the Vendor shall be responsible for fixing, correcting, programming or otherwise re-installing defective equipment. Transportation to and from the repair agency or location shall be at the cost and the responsibility of the awarded vendor. Corrective repairs including but not limited to programming, repair, replacement and/or re-installation shall occur at Vendor’s expense.

The Vendor shall reserve the right to attempt repair(s) on agency premises, but shall only be granted permission on request, and shall supply all equipment necessary to complete corrective actions.

If a repair is identified as not a fault of the awarded vendor, including defective equipment, the vendor shall promptly notify the requesting agency, and request authorization prior to completing said repairs. The Vendor shall retain the right to back charge the agency the flat rate service charge at the rate identified in their awarded contract and as identified in the requisite repair manual (i.e. Chilton, Mitchell, etc.).

G. MANUFACTURER WARRANTY
The awarded vendor shall take every reasonable precaution to avoid the invalidation of manufacturer warranty on products and components installed or serviced.

H. REMOVAL OF INSTALLED EQUIPMENT
Agencies may request the awarded vehicle upfitter remove installed equipment from a previously upfit vehicle. These previously upfit vehicles may be equipment upfits from any awarded vendor or state agency. Bidding vendors shall provide an hourly price or price per unit of equipment they are willing to
uninstall or remove. If and when this requirement exists, the ordering agency will obtain pricing from the upfit vendor and the ordering agency has the right to accept or reject the pricing.

At a minimum, the following requirements **MUST** be met:

- Appropriate care and protection of state-owned equipment and vehicles must remain of critical importance.
- Lightbars must be removed with wiring harness intact. If any installation prevents the removal with the wiring harness still connected, the vendor must announce to the requesting agency and obtain approval prior to removal.
- All power leads **MUST** be ‘tied off’ or otherwise secured from short circuiting the vehicle and/or the vehicle equipment electrical circuits. Agencies may specify full removal of power leads as deemed appropriate but shall notify the vendor prior to removal.
- Vendors are discouraged from cutting wires to remove remaining equipment, but may leave wires in place, bundled and tucked in and behind panels as appropriate.
- All removed panels must be replaced.

**NOTE:** Vendors that return previously operational vehicles in an inoperable or in a short circuit status will be required to resolve and correct at their own expense and at the timetable as identified by the Agency.

I. AGENCY REQUESTS FOR QUOTING/SUPPLYING CORE COMPONENTS

Some installations may require the provision of and installation of component(s) as requested by the agency. For clarification, an agency may request pricing for furnishing and installing specific components. The Agency has the right to accept or reject your pricing. Such requests shall be done in advance unless identified as necessary by the installation vendor. Vendors shall be required to identify a discount off list for components available from the installation supplier.

III. FLEET SERVICES

A. CONDITION OF COMPONENTS TO BE INSTALLED

All other agencies shall reserve the right to utilize or re-utilize remanufactured and/or used equipment at their discretion and with advance notice. If other than new equipment is used, the Vendor(s) shall test, but otherwise not be liable for equipment warranty except as it applies to the agreed to installation. For example: DelDOT may from time to time require the upfit Vendor to install used equipment, i.e. toolboxes and/or arrow boards from their vehicles being turned in and replaced by the new vehicle that components are being installed on. If, in the opinion of the Vendor, such remanufactured and/or used equipment is unsuitable for installation, the vendor shall notify the agency accordingly.

B. FLEET SERVICES SPECIFIC BILLING REQUIREMENT

Fleet Services has instituted a department specific billing procedure that all bidders are required to accept. Specifically, invoices for services and supplies provided to Fleet Services are to be sent directly to the Financial Operations unit in the Office of Management and Budget. Fleet Services staff will no longer pay by credit card or collect and list invoices for payment. Vendors will continue to provide a work order or copy of the invoice with the cost that will be charged on the subsequent invoice sent to Financial Operations. Hard copy invoices must be mailed to:

OMB – Financial Operations
Attn: Fleet Services Invoice
122 Martin Luther King Jr. Blvd South
Dover, DE 19901
IV. DELAWARE STATE POLICE

In addition to the referenced police vehicles, Agencies shall retain the right to full or partial upfits of a variety of pickup trucks, SUVs, sedans or other medium duty truck equipment as described in any subsequent Purchase Order.

The bidding vendor shall provide standard pricing for a variety of defined packages and component pricing for individual services as requested. The Vendor shall be obligated to provide a list of equipment the Vendor does not consider ‘standard’ and the prices for said equipment.

B. CONDITION OF COMPONENTS TO BE INSTALLED

The Department of Safety and Homeland Security (DSHS), including the Delaware State Police (DSP) and Delaware Emergency Management Agency (DEMA) shall not accept remanufactured equipment.

- All wiring must be color coded and uniform throughout all vehicles.
- Each wire run must be a continuous length (no splices).
- All connections must use a weather proof (weatherpack type) connector that will allow the component it connects to, to be unplugged and removed without cutting any wires.
- Any wires that are connected with a butt connector will be the heat shrink type. No taps or scotch lock type connectors are allowed.
- Blunt cut ends not used will have a butt connector crimped on.
- All power connectors will originate from its’ own power stud/connection and fused. Using a main power supply cable to a fused distribution buss is preferred.
- All grounds will be on a separate ground for that circuit.
Any harness/wires passing the outer shell of the vehicle will use a grommet and be sealed against water/air intrusion (Lightbar harness, etc).

All power supply wires will be of adequate size to accommodate the maximum amperage draw plus 20%.

Any exposed wire harnesses will be bundled in an appropriate sized loom and secured.

D. SPECIALIZED EQUIPMENT

- Partitions, consoles, gunlocks, Radar, etc., will be installed according to manufacturer’s specifications in coordination with Agency. Some deviation maybe required based on Agency’s needs and as agreed to.
